Local Events.

The Graphic and the Oregonian for $2.00.

Rob Rogers of Nestucca has been in town during the week.

S. Hermann, the Portland pioneer wood dealer, was in town last Tuesday.

Presbyterian church services are held every first and third Sunday at eleven o'clock a. m. J. E. DAY, Pastor.

Mrs. Ode Hatfield of Dayton visited at J. L. Hoskins last Tuesday. Ode is seeing the sights about Monterey, California.

Miss Ethel Cutts arrived home from Ashland on Tuesday evening, where she had been spending her vacation with her father.

M. W. Phinney of the Chehalem Center neighborhood thinks he will move back to his farm and stock ranch in Eastern Washington.

N. J. Versteeg of Wheatland was in town Tuesday and Wednesday, visiting with Gord Worden and looking after property interests he has in town.

Mr. and Mrs. J. M. Graves of Springbrook were called to Amity last Monday, on account of the illness of their daughter Mary who works in the Times office.

Mr. and Mrs. Dr. Scofield will make their home in the Webber property on Second and Center streets, instead of in the Moore property as mentioned last week.

Mrs. Ann Lamb and daughter May came up from Portland last Saturday to make arrangements for a home for May during the college year. She will make her home with J. K. Blair's.

Post master J. C. Sawyer departed for Newport on Tuesday, expecting to remain during the week and come home with Mrs. Sawyer and the rest of the Newberg crowd on Saturday.

B. C. Miles' floating dock, has, after several weeks of unlooked for delay in making repairs, been placed in position. It is to be hoped that in the future, passengers can get on and off the steamers dry shod.

The farmer has to sell his stock cheap and it is cheap meat that you want, while it is your money I want. Take advantage of the supposed short life of the Central Meat Market and buy meat at hard time prices. J. S. BAKER.

Mr. and Mrs. O. Cornell who have been visiting relatives in town for the past few weeks, left here on Tuesday for their home at Starbuck, Minnesota. They took one of George Roller's little girls back with them to make her home with relatives there.

Albert O. Yates of Ballston, agent for the Success Automatic Gate, was in town Wednesday. He recently put up one of these gates for Jo and Sam Atkinson north of town, which works like a charm. He will make his headquarters at Newberg a part of the time.

If you have ever seen a little child in the agony of summer complaint, you can realize the danger of the trouble and appreciate the value of instantaneous relief always afforded by DeWitt's Colic & Cholera Cure. For dysentery and diarrhœa it is a reliable remedy. We could not afford to recommend this as a cure unless it were a cure. A. T. Hill.

Jesse Pressnell thinks the Graphic made a mistake, in saying so many people were out of town that he and A. J. Clark could not rustle an audience on the streets to hear a political discussion. He says after an absence from town of three weeks he soon had an audience of fifty people around him, on his arrival last Saturday evening. It is barely possible that the people, because Jess was not here to entertain them, had "that tired feeling," and went away to rest up.

William P. Simms has closed a contract with the Pacific Northwest Immigration Board to go east with a stereoptican and views of scenery of the Northwest and lecture on this country. Indiana has been assigned to him as his territory and he will start east as soon as he can get a new set of "store teeth" made, which will probably be about a month. Mr. Simms is an old Indianian and he will be at home among the "Hoosiers." The board will fit him out with as fine a set of views as were ever thrown on a canvas so that he will be able to show his audiences something attractive and interesting.

Sheriff Henry was in town last Saturday.

For all kind of stove repairs, on short notice, see J. B. Mount.

Enos Hanson and B. S. Cook of Salem were in town last Tuesday.

Nice clean beds and splendid meals at the New Esmond hotel, corner of Front and Morrison.

Mrs. Miles Reece and family left here on Tuesday for Whittier, California. They went by steamer from Portland.

A young man named Strong from near Mission Landing was in town last Friday making arrangements to enter college.

When in the city, if you want to stop at a convenient homelike house, try the Esmond under the new management.

The Graphic and the great New York Tribune one year for $1.50. Copies of the Tribune may be seen at this office.

The steamer Ruth of the O. R. & N. Co's line is still making her regular trips on the upper river in spite of low water.

Frank Elliott left here on Tuesday morning for a tramp into the mountains with N. E. Britt, on a tour of inspection for the Southern Pacific.

Rev. E. F. Jerard and family left Newberg on last Monday for their new location at Moscow, Idaho. The Graphic will give them the Newberg news.

Fred Groff went to Salem the first of the week and brought home with him a fine blooded pug dog which some friends of theirs who were going east gave to Mrs. Groff.

Prof. J. H. Douglas Jr., and family, including Mrs. Douglas' mother, Mrs. Hutchinson, came over from Scotts Mills on Wednesday and are now located in the David Martin property.

The statement made many years ago that "man cannot live by bread alone" is as true as it ever was—he must have a nice juicy steak or a roast of meat to go with it. Stanley & Cooper are always ready to furnish their customers with the best of fresh and smoked meats.

A number of enthusiastic republicans met in the Hoskins building last Friday night and re-organized the McKinley club. Attorney Clarence Butt was elected president and J. L. Myers secretary. The roll of membership foots up 100 and names are being added rapidly. The club meets again tonight.

Prof. Edwin Morrison, who has charge of the weather service fixtures at the college, has been deputizing O. M. Coffin of the Graphic office for the work in his absence during vacation. B. S. Pague of the Portland office compliments him very highly on the report made for last month, saying it was as accurate as those of old weather observers.

Again the reaper death has entered the home of Drew Hagey who lives out in the Springbrook neighborhood. Mrs. Hagey died on Monday evening and was buried on the following evening in the Dundee cemetery. The sympathy of the community is with Mr. Hagey in his sore affliction. The daughter who has been down with fever for two months, seems to be slowly recovering.

The ladies of the M. E. church will give an ice cream social at the parsonage Saturday evening, the 29th. inst., commencing at 7 o'clock. The patronage of the public is solicited. A pleasant time is expected. The proceeds will be for the benefit of the pastor who finishes his work here next Sunday and will leave for Conference the following Monday. Ice cream and cake 10c.

Horace Stanley, who has had the Andrew Pickett farm rented for the past year, is arranging to start for Kendrick, Idaho where a brother-in-law of his who lives at that place has rented a big farm for him. They will probably leave here next week with team, expecting to make the entire trip overland. Sorry to see them leave this community as they are first class citizens. The Graphic will follow them up.

Dr. Will Clark of Ontario, California, who represents the company that puts up Horlick's Malted Milk, traveling annually over the country from Denver, Colorado, to the coast, spent last Sunday with the Graphic family. Dr. Clark is a veritable walking cyclopedia on points of interest all over the coast states, as he has in his ten years of wandering, always had an eye out for seeing everything of interest.

While coasting at Nestucca, doctors Barnard and Whitcomb and the Misses Lillie Bales and Etna Heston, climbed Haystack Rock and caught some young sea gulls which they brought home for pets. Just what kind of pets they will make remains to be seen. The ladies say that it required about all the nerve they possessed to enable them to scale the heights of the lone sentinel, which towers up some 330 feet above the water.

Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhœa Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangeoous as Asiatic cholera. Heretofore the best efforts of the most skilled physicians, have failed to check its rages, this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaints. For sale by A. T. Hill, druggist.

Capt. Smith, the jolly old captain who has been running on the Albany until recently, since she has been tied up on account of low water, was in town Monday on business. He has been on the river for nearly twenty years, and says he can't be satisfied off the water. At one time he was off on other business for a while, but he dreamed about floating logs and whistling steamboats so continuously that he returned to his old vocation. Capt. is something of a heavy weight, tipping the beam at nearly three hundred pounds, which indicates that river life is agreeable to his well being.

Jesse Hobson of Portland was in town Thursday.

Simon Stevens of Dayton was in town last Monday.

Rev. J. H. Douglas of Scotts Mills was in town Wednesday and Thursday.

Allen Craven and daughter Gertie were up from Middleton last Tuesday.

Mrs. E. W. Weesner left for Nestucca on Wednesday with Bert, who went over after his wife.

C. A. Wallace of McMinnville was in town last Tuesday attending a stock holders meeting.

Harlon Ong brought a load of household goods over from Scott Mills for Prof. Douglas on Wednesday.

Jo Heston left for the Wilhoit springs Thursday morning, to bring Mrs. S. A. Deskins and daughter Emma home.

President Newlin, and Professors C. E. Lewis and Edwin Morrison are seeing the sights in the Cascades above Scotts Mills this week.

Franklin T. Griffith, an Oregon City attorney, came up on the steamer Ruth last Tuesday and stopped over until Wednesday morning on legal business.

F. E. Hobson is at home from Seattle with his family this week. He has secured employment in Portland and consequently will be nearer home in the future.

The school directors have fixed on Sep. 7 as the date for the opening of the public school. This is a little earlier than our schools have usually opened but there will be less fruit and hop picking done this fall than usual, so it is thought best to begin early.

Andy Johnson dropped in at this office for a few minutes Wednesday evening. He says fall grain is about all threshed and the yield is light. He had one piece that made 27 bushels while his crop averaged 20 bushels. This is above the average in the valley.

Don't trifle away time when you have cholera morbus or diarrhœa. Fight them in the beginning with DeWitt's Colic & Cholera Cure. You don't have to wait for results, they are instantaneous, and it leaves the bowels in healthy condition. A. T. Hill.

Newberg has been largely depopulated for several weeks on account of the departure of many of our citizens for the coast, and the scattered condition seems likely to rule for some time to come as a number of people are arranging to leave town for the various hop fields soon.

The steamer Toledo, when on the down trip Wednesday morning with a heavy load of wheat, stuck on a sand bar at Ash island above town. During the day the Elmore tried to pull her off but failed in the attempt. At an early hour on Thursday morning she succeeded in getting off and proceeded on her way.

The wife of John Frank, who lives out in the gap of the mountain east of town, was adjudged insane last week and committed to the asylum. She has been in poor health for several months and for the past few weeks has been taking treatment in a Portland hospital without permanent relief. With such treatment as she will receive at the asylum it is thought she will recover.

Crop Bulletin.

WESTERN OREGON.

Harvesting of fall-sown wheat is about over and threshing is in progress. The yields reported are slightly more than expected, but yet not up to the average, as our correspondents report, "This is the poorest wheat harvest in 44 years." The hot, dry period in July caused the grain to shrink. There are yields of from 20 to 35 bushels an acre reported. Some spring grain has been cut, but general spring-grain harvesting will not begin until this week, and the general opinion of the correspondents is that the yield will be better than was expected. Some farmers have commenced to work their summer fallow. Hops are growing finely. Those yards which have been given proper attention are generally better than usual. There is not so much complaint about the hop louse as yet.

Corn is doing unusually well, and will make a better crop than usual. There is never a very large corn production in Oregon, seldom more than enough for home consumption. The warm weather has been very beneficial to corn.

EASTERN OREGON.

The grain and fruit crops are causing great activity among the farmers. Scarcely any wheat remains standing in the lowlands and harvesting in the mountainous districts has a good start. Progress in threshing has been made, so that most grain is in the sack. The yield varies considerably, according to the locality; where the early east winds had the greatest scope the yield has been material lessened. The general impression is that the grain is yielding much more satisfactorily than the appearance of the grain warranted; this is especially so in Wasco and Sherman counties. In appearance the grain is small and bright, showing rather a failure to attain its normal size than of having shriveled, The grain is weighing heavy, the weight per two-bushel sack ranging from 128 to 132 pounds. Compared with the product of the season of 1895, the berry is noticeably smaller in the counties of Wasco and Sherman; also in the Walla Walla valley country. In Umatilla county the size of the grain grown during the present season compared with that grown during the season of 1895 does not show a great difference. Owing to the warm west winds of July, there will be much more than the average amount of No. 2 grade.

Avoid Consumption.

By stopping that cough. We know of no better remedy for coughs and colds than the S. B. Cough Cure. 50 cents per bottle. For sale by all druggists.

LAFAYETTE.

Mrs. Gates has returned from her trip to Tillamook.

Henry Baivin and family of Buena Vista are visiting in town.

Miss Violet Holston of Portland is visiting with her sister Mrs. J. L. Vickrey.

W. R. Derby and family started for Ocean Park this morning for a three weeks outing.

The Misses Rhoda and Lizzie Gardiner of Portland are visiting their sister Mrs. W. J. Westerfield.

Prof. Blough has returned from Columbia county where he has been teaching during the summer.

Mrs. Towne, a sister to the Close boys who was brought here from Salem about a month ago, is very low.

The fall grain is nearly all threshed in this vicinity. It only made an average of about 18 bushels to the acre.

Mrs. Swift, a sister of Sylvester Grazier, who came here from east of the mountains on a visit, is very sick at Graziers.

The LaFayette Seminary will open on September 29, and the public schools on September the 21st. Prof. Blough has been employed as principal again, in the public schools.

Hull Johnson is preparing to build a bath house at the mineral spring northwest of town. It is thought he has as fine a mineral spring as there is in the state. In fact the analysis shows this to be true.

The engineers Fisk and Habersham of Portland were here a few days ago taking in the situation. The prospect for the locks being built at the falls instead of below the railroad bridge is pretty good and that work will soon commence. POSEY.

Theories of cure may be discussed at length by physicians, but the sufferers want quick relief; and One Minute Cough Cure will give it to them. A sure cure for children. It is the only harmless remedy that produces immediate results. A. T. Hill.

Ice Cream Made in a Minute.

I have an Ice Cream Freezer that will freeze cream perfectly in one minute; as it is such a wonder a crowd will always be around, so any one can make from five to six dollars a day selling Freezers, as people will always buy an article when it is demonstrated that they can make money by so doing. The cream is frozen instantly and is free from lumps. I have done so well myself and have friends succeeding so well that I feit it my duty to let others know of this opportunity, as I feel confident that any person in any locality can make money, as any person can sell cream and the Freezer sells itself. J. F. Casey & Co., 1145 St. Charles St., St. Louis, Mo., will mail you complete instructions and will employ you on salary if you can give them your whole time.
