ISSUED EVERY FRIDAY MORNING.

E. H. WOODWARD, EDITOR & PUBLISHER.

FRIDAY, OCTOBER 23, 1896.

Entered as second-class matter at the postoffice at Newberg, Oregon.

Ten days more of solid campaigning all over Uncle Sam's wide domain, and then—

About the toughest thing the republicans have had to face in these parts is the statement that "Cyclone Davis," the long haired Texan, is out blowing his bazooko for McKinley.

Snow fell to the depth of four inches in northern Michigan last Tuesday. Somebody is going to be covered with a heavier mantle of frost than that on the first Tuesday in November.

Figures can be made to lie for arguments sake sometimes, but the law of supply and demand is hard to down. The price of wheat continues to go up while the price of silver goes down.

The Thanksgiving number of the Do-linicator is strictly up to date and will command the attention of the ladies. It contains many beautifully colored plates which display to perfection the handsomest styles and fabrics of the season, and a general amount of reading matter on interesting subjects.

Never in the history of our country, except in the campaigns of the sixties, has there been such interest manifested in a national campaign, but it is quite noticeable that there is not that bitterness of feeling that has existed in some campaigns. The people seem to be doing a good deal of thinking just now.

A farmer left his team standing in the street all day in Boise, Idaho, recently. When he returned in the evening they were gone, but in the wagon he found this note signed by indignant Boise women: "Two women unhitched your horses and let them go, we know not where, or care not, but we know they will get water and grass."

Abraham Lincoln said: "That some may be rich shows that others may be poor, and hence is just encouragement to industry and enterprise. Let not him who is homeless pull down the house of another, but let him labor diligently and build one for himself; thus, by example, assuring that his own shall be safe from violence when built."

Li Hung Chang, the Chinese of high renown who recently visited this country, told a reporter that the bicycle was invented in general use in China centuries ago, but that the emperor finally forbade its use under penalty of death because the women were so crazy that they would ride the wheel all day long and neglect their house work and families.

The fact that Mr. Sewall's son is working for the sound money ticket has caused considerable comment, but an exchange says: It is not surprising that Mr. Sewall cannot carry his own family. Other young men who have perambulated up and down the chilly midnight oilcloth with about fifteen pounds of their family howling in their arms testify that it is no snap.

Whatever may be said of Mrs. Abigail Scott Duniway's eccentricities, which many people don't admire, it must be admitted that the charge which is laid at the door of woman's suffrage lecturers quite often, of neglecting home duties, don't appear to apply in her case so far as the home training she has given her sons has shown up in fruit bearing, for they are all bright honorable men. The youngest, Claude A. Duniway was recently elected as instructor at Harvard College.

Occasionally you hear a full grown man remark with apparent pride that he don't attend any political meetings, that he don't take any interest in politics. Politics is simply the science of government, and in a country like ours where the ballot is free and the people rule, the man who don't manifest any interest in politics is not very patriotic to say the least. There are always disagreeable features connected with a campaign to be sure but the man who says he has no interest in the present campaign must be very dull. Honest people honestly differ in opinion on the great questions now confronting us, and there should be no quarreling over this fact, but every voter should post himself thoroughly and be persuaded in his own mind as to the probable results, before he casts his ballot.

Salaries paid.

The highest salaried employe paid in the United States is supposed to be the president of the Equitable life insurance company, Henry B. Hyde. He receives annually \$100,000. John A. McCall gets \$75,000 to be president of the New York Life. Samuel Spencer receives \$50,000 a year for telling Pierpont Morgan what he knows about railroads. Mr. Cleveland receives \$50,000 a year and a house for being president. Mr. Depew's salary as president of the New York Central is believed to be \$50,000. Cornelius Vanderbilt's cook receives \$16,000 a year. The sheriff of New York used to make \$100,000 and over every year but his wings have been clipped. Masini receives \$50,000 a year for singing his mighty tenor in Madrid. Jean de Reszke receives \$5,000 for singing one song—the "Salut demerore" for

Faust. Patti's contract called for \$5,000 per night when she was at the height of her fame, but she had to give \$500 of it to her agent. Tarral, the Jockey, has made \$30,000 in a season. President Felix Faure, of the French Republic, receives \$250,000 a year. Admiral Greer's pay is \$6,000. An English general's pay is \$57,500 a day, and of an English admiral is \$19,000 a year. Ambassador Bayard receives \$17,900 a year. Sir Julian Pauncefote, British ambassador to this country, receives \$30,000 per annum. Britain's ambassador to France, the best paid diplomat in the world receives \$30,000 a year.—Ex.

FROM OUR EXCHANGES.

Valley Transcript. "Let's all get drunk, boys, when Bryan's elected," said Tillman.—Did Lincoln ever advise the like? What think you, Mr. Prohibition Bryanite of the advice? Judge T. H. Rogers returned on yesterday afternoon's train from a trip up into Benton county. He came back in bad shape. While out in the mountains about forty miles, in discharging a Marlin shot-gun it exploded in his hands, and painfully injured him about the face, one piece of iron four inches long being removed from his face. For a time it was thought that one of his eyes was gone, but we are glad to report this proved a mistake.

G. W. Willet who has lived on the Alex Reed place, was in town Saturday with his hair standing on end, in quest of somebody; but just who he did not know. Friday evening Mr. Willet and wife went to spend the evening with a neighbor, and during their absence some person or persons cut a pane of glass out of a sash door, and unlocking the door went inside and appropriated to their own use two coats, two pairs of shoes and two pairs of gloves and about \$70 in notes. Several valuable articles and a good supply of edibles were handy, but were not molested.

Senator Tillman of South Carolina, was at McMinnville yesterday and spoke from a platform erected in front of the Hotel Yamhill. People were here from Yamhill, Washington and Polk counties, but not as many as it was presumed would turn out to hear the gentleman of such wide repute. The crowd was orderly and attentive, but learned no new points. The only points brought out was that money secured the nomination of McKinley and the gold of Mark Hanna is running the campaign; there are enough "anarchists" in this country to take these gold bugs by the throat and hurl them out of power, etc. That was about all there was to it—the same old cry to array labor against capital in the interest of Bryan. Tillman is a much younger man than many had expected to see and is a very smooth speaker, though a little hoarse.

LAFAYETTE.

Dr. Courtney has moved to Dayton. Prof. LaFollette will open his business school here on Nov. 9th. Mr. Wheeler has moved into the Morris property near the depot.

Two of the Thornton brothers of Portland are attending the seminary here.

Mrs. Billington has some sons and daughters visiting her from Tacoma and Yakima.

Fred Becher of Portland is visiting his grandfather in this city. Fred is in very poor health.

M. J. Ramsey is quite poorly again, his stay at the beach having done him but little permanent good.

Mrs. Della Griner, daughter of Mr. and Mrs. Geo Bryan, died at her father's and was buried here last Wednesday.

Quite a number of our A. O. U. W. boys attended the Exposition last Friday evening, that being Workman night at the fair.

Flour is worth one dollar per sack and wheat 71c per bushel in LaFayette, while silver is on the decline. Will our populist friends explain this?

The city authorities and the supervisor are hauling considerable gravel on our streets and roads around town. Gravel is the stuff to make a permanent road.

Hon. B. F. Mulkey, senator-elect of Polk county made an excellent speech in favor of protection, to a large audience in Littlefield's hall on Monday evening. Posvy.

A Chance to Make Money.

I have berries, grapes and peaches, a year old, fresh as when picked. I use the California Cold process, do not heat or seal the fruit, just put it up cold, keeps perfectly fresh, and costs almost nothing; can put up a bushel in ten minutes. Last week I sold directions to over 120 families; anyone will pay a dollar for directions, when they see the beautiful samples of fruit. As there are many people poor like myself, I consider it my duty to give my experience in such, and feel confident any one can make one or two hundred dollars round home in a few days. I will mail sample of fruit and complete directions, to any of your readers, for eighteen two-cent stamps, which is only the actual cost of the samples, postage, etc., to me. 7-2413 Frances Casey, St. Louis, Mo.

If your children are subject to croup watch for the first symptom of the disease—hoarseness. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse it will prevent the attack. Even after the croupy cough has appeared the attack can always be prevented by giving this remedy. It is also invaluable for colds and whooping cough. For sale by A. T. Hill, druggist.

A hacking cough is not only annoying to others, but is dangerous to the person who has it. One Minute Cough Cure will quickly put an end to it. A. T. Hill.

Mrs. Walter Wilkinson, who is said to be the only woman commercial traveler in Great Britain, is visiting in Chicago.

Miss Younger of Perry Okla., says that if Bryan is elected she will marry T. J. Stanton. If McKinley is elected she will not. If Mr. Stanton really desires to get married he might as well be looking for another girl.

For the Kidneys.

"I am 66 years old; have had kidney disease and constipation for 25 years. Am now well—used your S. B. Headache and Liver Cure one year. Used 6 bottles at 50 cents each. J. H. Knight, Rutledge, Or." For sale by all druggists.

"You can't tell me any thing about it," interrupted the man who had his feet on the table. "I'm an alma mater of that college myself!"—Chicago Tribune.

Blood Will Tell.

The many different skin diseases such as ring worm, tetter, salt rheum, erysipelas, eczema, itching or an eruption of pimples, postules, blotches, chaps or cracking open of the skin, scrofula, are directly the cause of impure blood. Weary Walker—Say, what makes you breathe so kind o' jerkin? Born Tired—Ain't you onto that? Weary Walker—Naw, I ain't. Not is it? Born Tired—It's 'cause I'm so humane, Thets what it is. I don't want to work both me lungs at once.—Cleveland Plain Dealer.

A Lie Told.

Consumption and bronchitis are not by any means the same, although it is hard to distinguish one from the other. Bronchitis is an inflammation of the lining of the wind tubes or air vessels of the lungs, causing soreness of the same, cough, sore throat, hoarseness, difficulty of breathing, spitting of matter and sometimes blood. Thousands die annually with this dread disease. Wilbur's Cough Cure will cure. Price 50 cents. For sale by all Druggists.

A One Way Rule.—(Chollie—I have just figured out, don't you know, that these Populist fellows have so much hair on their chins because of the active circulation of the blood induced by the violent exercise of their jaws, don't you know.

Miss Flyppe—Then the hardest brain workers of the college must be the young men with those awful crops of hair.—Indianapolis Journal.

Cures Croup.

"My three children are all subject to croup; I telegraphed to San Francisco, got a half dozen bottles of S. B. Cough Cure. It is a perfect remedy. God bless you for it. Yours, etc., J. H. Crozier, Grants Pass, Or. 50 cents per bottle. For sale by all druggists.
