This talk about the Southern Pacific railroad company requiring their employees to vote as they wish is all bosh. The station agent here at Newberg is an ardent free silver man and he is holding his job all right.

Hon. S. M. Yoran of Eugene, candidate for presidential elector, spoke for McKinleyism at Armory hall on last Monday night to a good audience. His speech was no harangue of bluff, but he struck right out from the shoulder, dealing out convincing argument. He held the closest attention of the audience.

They said before leaving here that they were highly pleased with Oregon and would return as soon as they could arrange business affairs to suit. Mr. C. will cast a vote for McKinley and he thinks the majority of the voters of Nebraska will do likewise.

The Darlington, Wis., Journal says editorially of a popular patent medicine: "We know from experience that Chamberlain's Colic, Cholera and Diarrhoea Remedy is all that is claimed for it, as on two occasions it stopped excruciating pains and possibly saved us from an untimely grave. We would not rest easy over night without it in the house." This remedy undoubtedly saves more pain and suffering than any other medicine in the world. Every family should keep it in the house, for it is sure to be needed sooner or later. For sale by A. T. Hill, druggist.

The college foot-ball team has been putting in the evenings practicing pretty faithfully during the week, and an interesting game is looked for on next Saturday.

The complete election returns will be received at Newberg over the telephone line, the necessary amount having been raised to meet the expenses. Four years ago the result was pretty well known by midnight following the closing of the polls. In the extreme east counting will begin nearly three hours before the polls are closed on the Pacific coast.

Young Nash, son of J. D. Nash of Dundee, who is pitcher for the Portland base ball team which has recently won the championship of the Northwest, is making a great record. Mr. Nash was in town the first of the week and telephoned his consent for his son, who is under age, to go to San Francisco with the team.

Report comes from Scotts Mills that Dr. White, formerly of Newberg, who is a loud silver man, has recently given the very latest version of the 16 to 1 proposition. The doctor was talking free silver to a crowd in Scott Mills in a very earnest manner, when some one in the crowd asked the meaning of "16 to 1," when the doctor said "I'll tell you what it means! It means that with free coinage of silver there will be sixteen silver dollars coined to every dollar of gold coined." Let the "campaign of education" go on.

On Friday of last week Mrs. Ella Pickett received a letter from Andrew at Pacific Grove, California, stating that their son Otto had been so unfortunate as to get a leg broken. When on the way home from some other point where he, with a company of young men, had been to witness a ball game, the stage was overturned and thrown down an embankment with the four horses on top of all. One young man was killed, while Otto got off with a broken leg and some pretty bad bruises. The horses were so badly crippled they had to be killed.

Jo Bowman went over to Nestucca a short time ago with Charley Smith, apparently for the purpose of converting the Tillamooks to sound money views, as Charley says he talked McKinley and sound money to every body while out on the trip, but judging from the following squib taken from the Wave it appears that he had other fish to fry: Mr. Joe Bowman came over from Newberg the latter part of the week; he stayed over Sunday and on Monday left again for Newberg. When Mr. Bowman got here, he found his girl had married and left, and all he could do was to leave without marrying. We hate to see Joe get left but he must not be so slow when he finds another girl.

The statement made many years ago that "man cannot live by bread alone" is as true as it ever was—he must have a nice juicy steak or a roast of meat to go with it. Stanley & Cooper are always ready to furnish their customers with the best of fresh and smoked meats.

On Wednesday night as a prominent populist and free silver man and his son were walking home, after hearing Mr. Ivey's speech, the son was heard to remark, "father I believe we are wrong on this money question. If this thing which we propose has been tried two or three times in the past and proved a failure, what is the use of trying it again?" But the father urged that laws would be passed to make it go. The campaign of education still goes on.

At the political speaking held in Newberg so far good order has prevailed and the speakers have been accorded a respectful hearing. This is as it should be everywhere, but in some parts of the county reports come of speakers being seriously interrupted. A man who can't listen to argument opposing his political views without getting hot under the collar and disturbing the speaker, ought to remain at home and go to bed.

Elder Barkley, the free silver candidate for the United States Senate in place of Hon. J. H. Mitchell, spoke to a full house at Armory hall on Tuesday night. His speech was a great surprise to at least a very large number of those who heard him, for he had been advertised as the best in the shop and his speech, when taken for the argument produced was weak. On a line of argument, little Jack Spencer of McMinnville, can lay the Elder in the shade any day, if he gave Newberg the best he has. Of course many who heard the speech will not agree with the above statement and they have a right to their opinion. Elder Barkley makes a fine appearance, has a good address and is a good story teller. He made an enthusiastic speech from his standpoint and he was heartily applauded.

Football tomorrow.

Mallory Coming.

Hon. Rufus Mallory of Portland will speak for the republicans at Armory hall on Friday night Nov. 30. Mr. Mallory is one of the best speakers of the campaign and he will make a telling speech.

The Last Gun!

Hon. B. F. Mulkey, senator elect of Polk county, will fire the last gun of the campaign for McKinley, sound money and protection, at Armory hall on Monday night, November 2. Mr. Mulkey is a fine speaker and well worth hearing.

A Disgraceful Affair.

Word comes from Dundee that a very disgraceful scene was enacted at a speaking there on Monday night, when Hon. B. F. Mulkey, of Dallas, Polk county, addressed the meeting. It seems that a lot of toughs were brought over the river from Marion county and the idea was to break up the speaking, but Mr. Mulkey held his ground and fired his arguments into their ranks. James Barrie, Sr., who was present, remarked that he was seventy years old and he had never before heard such a howling mob at a political speaking. Such conduct is a disgrace to any community, and it never fails to react against the political party that gives countenance to it.

Mr. Ivey's Speech.

J. W. Ivey, of Portland who spoke for McKinley and sound money at the hall on Wednesday night was greeted by a full house. The usual order on the stage was reversed and instead of the old wheel horses filling the chairs, the following young first voters faced the audience, viz: Clarence Butt, Van Leavitt, Charley Wilson, Luther Charles, Dr. I. L. Scofield, Grant Heatter, Walter Stratton, Hugh and Orin Renne, O. K. Edwards, James Hammett, Al Cornell and Louis Tibodo. The speaker addressed the audience from the floor instead of from the stage, this being his preference. He spoke for about two hours, and the rounds of applause he received as he made his many strong points, indicated that his speech was most highly appreciated. Many who were present say it was the finest political speech they ever heard.

Avoid Consumption.

By stopping that cough. We know of no better remedy for coughs and colds than the S. B. Cough Cure. 50 cents per bottle. For sale by all druggists.

Judge Ramsey, of McMinnville, spoke at Armory hall on Thursday evening of last week in the interest of Bryan, and free silver. The Judge is a very nice man and one who has the respect of the people, and had he had a good subject to talk on he would doubtless have made a better speech.

To most people, it would seem that the fellow who started for McMinnville last Monday morning yelling for Tillman and the Southern Confederacy, was some thirty years behind the times. The Southern Confederacy went out of business along in the spring of 1895.

Many political speakers, clergymen, singers and others who use the voice excessively, rely upon One Minute Cough Cure to prevent hoarseness and laryngitis. Its value as a preventive is only equaled by its power to afford instantaneous relief. A. T. Hill.

Mrs. Mary Judd, who was formerly a resident of Newberg and a dressmaker visited with Jay Heath's last Sunday. She is now living in McMinnville.

Casey & Co., 141 St. Charles St., St. Louis, Mo., will mail you full particulars free, so you can go to work and make lots of money anywhere, as with one freezer, you can make a hundred gallons of cream a day, or if you wish they will hire you on a salary.
