Local Events.

The Graphic and the Oregonian for \$2.00. Miss Flora Bell returned to Portland on Thursday. John Crawford of Dayton was in town last Thursday.

Parker has got the heavy shoes for you and the best in the market. E. W. Evans of Dayton was in town Thursday, all smiles over the election.

B. S. Cook and family of Salem visited in town with relatives on Thursday. The election passed off quietly in Newberg with everybody in a good humor.

See those pretty Morning Glories at Hill's Drug Store. Any one can make them. Rev. B. F. Hinshaw of Marion visited here a few days last week with his daughter.

There is mourning in Rev. A. T. Ware's family over the death of the faithful family driving horse. It will pay you to go to Parker's for Blankets. He has the largest stock ever shown in this county.

Jack Stevenson of Champoc was in town on Wednesday, wearing a seven by nine smile, as a result of the election. Al Cornell is busy stringing a wire from Newberg to Dundee for the line to connect that town with the switch-board in Newberg.

Leon Kenworthy of Eastern Washington, who attended school here last year arrived here on Wednesday evening and has entered college again. Rev. A. T. Ware will address the Womens Foreign Missionary Society, on Saturday at 3 o'clock. A full attendance of both men and women is desired.

The foot-ball game between our college team and Northmouth Normal school team on next Saturday at McMinnville, promises to be a game worth seeing. Will Macy and family and Miss Mary Round were down from McMinnville last Sunday visiting with relatives. Their friends are always glad to see them in our midst.

Hon. Rufus Mallory, of Portland, who spoke at Armory hall on Friday night of last week, made a good speech, but the audience was small, owing to the heavy rains. Mrs. Henry Morris, who subjected herself to a surgical operation last week, when an inward tumor was removed, is still at the hospital in Portland but is getting along nicely.

The business meeting of the Christian Endeavor Society will be held at the Friends Church Saturday evening the 7th at 7:30 o'clock. A full attendance of the membership is especially desired. The city of Dundee is now connected with the outside world by telephone. A phone was put in there in time for the citizens to get the election returns. The office is in Sam Parrett's store. Some of the rooms in the public school took a vote on election day to please the children and the shouting for the enthusiastic little admirers of their respective favorites could be heard at recess, ringing out with the true American, patriotic ring. The ladies aid society of the M. E. church furnished excellent meals for the hungry voters on election day at the Matteson building, as the writer can testify after a full meal eaten at the table. The proceeds amounted to more than \$20. Some of the boys who were over at Nestucca last week, went down to the beach one very stormy day to witness the mighty effects of the elements on the waters of the great Pacific. They said it was a grand sight to see the breakers coming in running twenty feet high. The boys who went over to Nestucca last week after salmon, were somewhat delayed on their return journey home and were compelled to vote, on the way. G. W. Mitchell had a break down, one spindle of his wagon giving way, which gave him considerable inconvenience. Have you seen Barrie & Barrie's Ready Made Clothing? If not call and examine it. Note prices below. Men's Gray Clay Worsteds Suits... \$8.50 Men's All Wool Suits... 5.50 Youth's All Wool Suits... 4.50 Boy's All Wool Suits... 2.00 These are all wool, no shoddy.

Don't forget for a minute that Parker is the Hatter. For all kind of stove repairs, on short notice, see J. B. Mount. J. C. Comic will be found at Baker's old stand with a stock of fresh meats and sausages. We are closing out our ready mixed Paints at a great bargain. Call and see us. A. T. Hill. We have never seen as fine a line of Underwear in this market as Parker is showing this fall. A Fine display of French tissue paper at Hill's Drug Store for making Paper Flowers, Lamp Shades and etc. Miss Gertrude Lamb came up from Portland on Thursday evening, on her way to Scott's Mills where she has secured a position in the public school in that place. Jesse Pressnell has examined that pocket almanac of his again, and says he finds the trouble was, that the republicans got the people scared, during the last two weeks of the campaign. Farmers who have fat stock to sell will find Stanley & Cooper in the market ready to buy, and families who like juicy steaks and tempting roasts will always find the best market affords at their meat market. It is "just as reprehensible" for the clerk of the business meeting of a church when running for office, to furnish money to young men to buy cigars with, as it is for a member to bet on an election. The example in both cases is bad enough. Smith the photographer finds that it always pays to satisfy his customers by doing first class work at prices to suit the times. Photos 3x4 inches for 35 cents per dozen. All other work as cheap as any gallery in town. The vote of South Newberg precinct, indicates that the "imaginary populist and his son" must have concluded that the son was right when he said "Father, I believe we are wrong on this money question," and voted for McKinley. Behold, what "dirty politics"! Chronic constipation is a painful, disagreeable and life shortening difficulty. It deranges the system, causes sick headache, bad breath and poisons the blood. It can be readily overcome by DeWitt's Little Early Risers. These little pills are great regulators. A. T. Hill. The statement made many years ago that "man cannot live by bread alone" is as true as it ever was—he must have a nice juicy steak or a roast of meat to go with it. Stanley & Cooper are always ready to furnish their customers with the best of fresh and smoked meats. With acting as clerk of the election board, and trying to furnish an anxious public with the election news over the telephone line, the time of the writer has been so occupied during the week that but little time has been found to devote to the Graphic. Married. The evening of Nov. 4, 1896, was one long to be remembered by Mr. and Mrs. Eli Seese, it being the occasion of the marriage of their youngest daughter, Miss Alta May to Mr. John Burrough Crabtree. The ceremony was performed by Rev. C. C. Poling of Portland, in the presence of the following guests viz: Mr. and Mrs. E. Seese, Mr. and Mrs. Crabtree, Mr. and Mrs. E. Spaulding, Mr. and Mrs. Chas. Spaulding, Mr. and Mrs. J. H. Grimes, F. M. Crabtree Jr., Misses Bessie, Grace, and Mamie Crabtree, Chas. Crabtree, H. D. Woodward, W. E. Smith, Ray and Nellie Grimes, Walter, Beulah, and Clifford Spaulding. After the congratulations from those present, a sumptuous repast was served, all present doing justice to this part of the program. The following list of valuable presents was presented to the happy pair viz: Clock and Rochester lamp, Mr. and Mrs. Seese; large chromo and frame, F. M. Crabtree Jr.; One set China dishes of 100 pieces, Mr. and Mrs. F. M. Crabtree; set glass dishes, Grace Crabtree; rocking chair, Bessie Crabtree; set silver knives and forks, H. D. Woodward; 1 dozen linen napkins, silver butter knife, Mr. and Mrs. E. Spaulding; 2 large vases, Mr. and Mrs. J. A. Grimes; 2 rings, Mr. and Mrs. Charles Spaulding; silver toothpick holder, Beulah Spaulding; salt and pepper set, Chas. Crabtree; cream pitcher, Ray Grimes; celluloid pin case, Nellie Grimes; 2 lamp mats, Mr. and Mrs. McLaughlin; carving set, Walter Spaulding; photo holder, Clifford Spaulding; 2 picture easels, Mamie Crabtree; set silver spoons, Jack Crabtree. The well wishes of the many friends of the happy pair accompany them on their wedded voyage. Charley Maria was married on last Sunday at Dallas Polk county to Miss Ida Porter, whose home is above Sheridan. The ceremony was performed by Rev. Burrell of Dallas. The newly married couple will make their home for the present on a farm above Sheridan. The bride is a cousin to J. C. Porter of Newberg. The Graphic extends congratulations. Hatched. On Saturday night, the republicans in this end of the county will meet in Newberg, and ratify the election of Hon. Wm. McKinley and Garret A. Hobart. Torch-light procession and a general camp meeting ovation. No further announcement is necessary. Everybody will be on hand. COMMITTEE. Feed Store. When wanting anything in the line of flour and feed, land plaster, oil meal, clover or timothy seed, chest, veticles or other seeds you will do well to call on J. G. Wiley. A Two Thousand Dollar Fire. At about seven o'clock on last Saturday evening the double building belonging to C. E. Hoskins at Springbrook, built and used for a fruit evaporator,

caught fire and burned to the ground. Mr. Hoskins was at Newberg when the fire was first discovered and the building was pretty well burned down before he reached home. The fire is supposed to have started from the fire in the furnace, as the dryer was running on light work. By hard work on the part of the neighbors who came at the first alarm, the residence was saved from the destructive work of the flames. Beside the loss of the dryer, Mr. Hoskins lost something like two tons of dried fruit, as well as fruit boxes, machinery and other things in the building, which all told amounts to a loss of something like \$2,000. No insurance. This comes pretty heavy just now the way business is. Disgraceful Actions. Oregon colleges have been free, to a very great extent, from disgraceful athletic conduct. It has remained for Pacific University, of Forest Grove to merit disgrace by their dishonest and discourteous treatment of a visiting team. The manager of the P. U. football team, challenged the Pacific College team for a game on Oct. 31. This was accepted on the offer of the P. U. manager to bear the expenses of the visiting team. Oct. 31 found the Pacific College team in Forest Grove ready for the game. Soon however it leaked out that three of the men composing what was termed the University team were in no way connected with the institution. When the fraud was discovered and the manager, Bills, of the P. U. team was asked to make the team, such was indicated in the challenge, it was found that the University had no men which it was willing to place against the visiting team. Mr. Bills insisted that he be allowed to play his outside men under their false name, but as such a request could not honorably be granted the visitors were compelled to refuse. At this the P. U. manager refused to bear any expenses as agreed, consequently the time for the game to be called found the Pacific College team on its way home, more tired and some twenty dollars poorer than in the morning. It is to be hoped other Oregon athletic managers will be free from such disgraceful actions as manager Bills and captain Lewelling of P. U. are tainted with. Contributed. Monday Night's Campaign Closing. In spite of the rain and mud, the big torch-light procession and speaking of last Monday night was the most elaborate and successful political demonstration ever made in this part of the county. The ranks of the torch-light procession were filled with old veteran republicans and enthusiastic young voters three hundred strong, who vied with each other in an attempt to show as never before the enthusiasm of the party in this part of the county. The night was dark and the torches made a fine appearance. The speakers and the members of the quartet said the demonstrations were the best they had seen during the campaign in any town of the size of Newberg. At the close of the marching, Army hall could only accommodate about two thirds of the people and standing room in the hall was at a premium. The speakers of the evening were Hon. B. F. Mulkey of Dallas, Polk county and A. S. Dresser of Oregon City. Both speakers made excellent appeals to the voters and held the attention of the big audience well. They were heartily applauded. But it was the Portland quartet that took the audience off its feet. This quartet, which is known as the Union Republican Quartet, is composed of R. H. McMonies, C. W. Kimball, W. C. Irish and E. H. Bennett. They are all Portland business men but they took an active part in the campaign, and did most excellent service. With their first appearance the audience was wild with applause and would not be satisfied until they had been called back again and again. Should they ever be announced for such an occasion again in Newberg it is safe to say the house will be well filled. The work of the evening was entirely satisfactory to the republicans. W. C. T. U. Excerpts from a paper written by Mrs. Doshia Macy, read before Newberg W. C. T. U. The work of purity is now being pushed as never before perhaps. It is a work which has been sadly neglected in the past, even by christian people. While they attack the evil of intemperance and other evils, the social evil has been ignored to a great extent, they seemingly forgetting that the same Divine authority that said: "No drunkard shall inherit the kingdom of Heaven," said also, "No unclean person hath any inheritance in the kingdom of God." Impurity has so increased as to become a national question and it has been said that "Intemperance is slaying its thousands, and impurity is tens of thousands." Everywhere throughout the land those who love God and humanity are awakening to their duty on this line. Men and women of experience, reputation and distinguish ability are uniting their efforts to uproot this great evil which is "spreading itself like a green bay tree," blighting the lives and ruining the souls of the high and the low, the rich and the poor, and are seeking to plant in its stead a beautiful tree whose life giving fruits are purity of thought, purity of word and purity of action. One poor working girl said, "There is no hand reached out to help us till we are lost, then they try to rescue us." But the W. C. T. U. is trying to do its part by forming working girls' clubs, placing police matrons in railroad stations &c We have both of these in Portland, and innocent girls have this summer narrowly escaped decoy through our police matron. Too long has society maintained a double standard of morality. The eternal laws of God that change not are alike binding upon man and woman. For the sake of the children and young people we should be very faithful in the "moral education" phase of this

work, as the influences that push our young people down are intensified beyond those our fathers and mothers confronted. To this end the "White Cross" branch has been adopted by the national W. C. T. U. under the leadership of Rev. J. B. Weltz. The distinguishing feature of this is that it seeks to push purity work among men, and to enlist the co-operation of good men. Sacred and beautiful is the mission of the "White Cross," and in all lands where it has spread it is finding a kind reception. The general secretary says: "It seems of the utmost importance that christian men, pastors and officers should introduce this "White Cross" work into the churches. That it be one of the societies of the church, and that Sabbath schools, christian endeavors, Y. M. C. A.'s &c. should take it up. Corresponding to the "White Cross" for young men is the "White Shield" for young women. Its primary aim is to rouse young women to a recognition of their own value in the world's struggle for better things; to a demand on their part for equal purity, and to educate them into a scientific knowledge of themselves and of the vital responsibilities that rest upon them. Avoid Consumption. By stopping that cough. We know of no better remedy for coughs and colds than the S. B. Cough Cure. 50 cents per bottle. For sale by all druggists. FROM OUR EXCHANGES. Valley Transcript. Some time last Friday night one of the large plate glass in the front of Flisia Wright's brick was badly broken and shattered by a rock thrown by some unknown party. Whether it was done through carelessness, maliciously, or accidentally, it was too bad to see so fine a front spoiled and property so ruthlessly destroyed. If the person who did it or his representative had to pay for such work, there would be less of it. The window cannot be replaced short of \$200. Yamhill County Reporter. After the ballot war is over the board of trade of this city has some very important matters to engage its attention. Like everything else they have been swallowed up in the melstrom of political contention and anxiety. No less important an item than the establishing of a woolen mill is to be considered. It will be McMinnville's golden opportunity to take a big step forward. Mr. Cooper, president of the board, has been east, and is filled with information that the board of trade should possess. Watch for the call of a meeting after election, and be sure you are there. Many political speakers, clergymen, singers and others who use the voice excessively, rely upon One Minute Cough Cure to prevent huskiness and laryngitis. Its value as a preventive is only equaled by its power to afford instantaneous relief. A. T. Hill. Serve Guests Well, But Simply. One may be never so well prepared to receive her visitor, and yet make life a burden to herself and her household during the visit by trying to do too much to entertain the guest. A little extra work, of course, is inevitable, but it is a great mistake to change the whole routine of family life because a friend has come to share it. Almost any one would feel extremely uncomfortable if she felt that her visit was causing too much trouble. The ordinary way of life with but little change ought to be good enough for any one but the most formal of visitors. If it is not, one really ought not to ask people to come; but should devote the time and money she would expend in entertaining, to the improvement of her way of living. Of course one has no right to invite persons to her house and serve them with scant and ill-cooked food or at an untidy table; but then one has no right to treat her own family in that way. What is proper for the family is proper for the informal guest, and the wise housekeeper will serve to her visitors such meals as she is accustomed to have every day, and save herself the expenditure of thought and labor which more elaborate meals would entail.—From "A Model Hostess," in Demorest's Magazine for November. How to Prevent Croup. Some reading that will prove interesting to young mothers. How to guard against the disease. Croup is a terror to young mothers and to post them concerning the cause, first symptoms and treatment is the object of this item. The origin of croup is a common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy for it contains nothing injurious. For sale by A. T. Hill Drug-gist.
