For councilman in first ward, Allen Smith; second ward, Nate Stanley; third ward, E. D. Elwood. The election will be held on next Monday January 4.
 On last Monday the morning train went into Portland from Sheridan without a mail agent. It seems that the route agent Newell over-slept himself and did not arrive at the station in Sheridan in time to take his usual place in the mail car, and consequently he was left behind. At each station the mail pouches were thrown into the car and taken to Portland all right but it was a little out of the usual order.
 The festive burglar seems to be getting in his work in a number of towns throughout the valley of late. Oregon City seems to have been a splendid field for his nocturnal operations in the past few weeks. Portland is no doubt the headquarters of this element. The introduction of the shotgun policy would no doubt have a very beneficial effect, and business men in Newberg will do well to keep an eye peeled for burglars.
 Not a few who read what Mr. Robert Rowls, of Holland, Va., has to say below will remember their own experience under the same circumstances: "Last winter I had a cough which left me in a low state of health. I tried numerous remedies, none of which did me any good, until I was induced to try a bottle of Chamberlain's Cough Remedy. The first bottle of it so far relieved me that I was enabled to attend to my work, and the second bottle effected a cure." For sale at 25 and 50 cents per bottle by A. T. Hill, druggist.

 Word comes from George Morris of Tillamook county, to his relatives in Newberg, that he is prospering as the custom is among all worthy Oregonians. A new son appeared in the family some days ago, which is reported to be of the "standard weight and fineness" necessary to enable the youngster to pass muster.
 People may howl agains foot ball, but it is a sport that young men and boys enjoy, and they will continue to play the game until it has had the usual run. It seems that the rules might be changed so that accidents would be less liable to occur, although it is not as rough a game as many people think it is.
 For a pain in the chest a piece of flannel dampened with Chamberlain's Pain Balm and bound on over the seat of the pain, and another on the back between the shoulders, will afford prompt relief. This is especially valuable in cases where the pain is caused by a cold and there is a tendency toward pneumonia. For sale by A. T. Hill.

The two teams are to be made up of resident innocents who are not up in foot ball lore and the game of the season may be looked for. An ambulance and the resident physician will be on the grounds to care for the wounded. Admission five cents. Money goes to the college boys.
 The fact that the editor of the Graphic is not "dumb" is what worries "the only" and its satellites, and that is what makes them kick. The "scribe" also pays his bills and "controls" his business so that the plant has not gone to pay old debts as the manner of some has been, and this is another thing that worries the gang. The "scribe" don't sneak under an assumed name like a cowardly cur, either, so "the gentles" always know where to find him six days in the week, and how they do snap and snarl—at long distance.
 If there is any man in town who takes special delight in showing his milk stock to his friends and enlarging on their fine qualities, that man is N. E. Britt; but he has been called down. The other day one of his cows wandered over in town and was being rounded up for the pound by a couple of small boys, when they were accosted by Mr. Britt who inquired why they were taking such liberties with his cow. The boys very innocently remarked that they thought it was a sucking calf they had in tow. That was a stunner for Britt and it may not be best to mention milk stock to him until he has time to recover from the shock.

No foul tackling at the ball game this afternoon.

 Wm. Allen is anticipating a big sale of his patent fruit evaporators the coming season. He has letters from Portland houses that handled fruit dried on his dryers the past season and they speak in very high terms of the fruit. Inquiries are coming in from fruit growers and he is now taking orders for evaporators.
 Charley Moore is arranging to embark in the Belgian hare industry. He received a couple of this breed of animals from Tangent, Linn county this week from the Green yards. Mr. Green is said to be the best breeder of hares in the state. Belgian hares are very prolific and the young which mature at an exceedingly early age, are said to be as good for the table as young chickens. If Charley had a tortoise now he could make a test of the story in the old reader.

As "the only" and its "gentle" friends have seen fit to throw out some insinuations referring to the Bank of Newberg, the announcement is made in advance that the annual statement of the bank will be published in a few days, showing the business of the bank to be in an excellent condition and highly satisfactory to the stockholders. The bank is always willing and anxious to let the public know the condition of its business, hence these annual, published statements.
 Mr. James M. Vestal, twin brother of our J. H. Vestal, arrived here Wednesday from Newberg, Oregon, expecting to spend the winter in Whittier. Mr. Vestal resembles his brother so closely that our people will not be a little confused in distinguishing the two. One man has already twitted the newcomer with being J. H. with his mustache removed; a lady hailed him from her residence with a message as he passed along the street to find that she had stopped the wrong gentleman; and we must confess that we rubbed our eyes as the newcomer from Oregon entered our sanctum with the impression that we had not sufficiently awakened from our dream to recognize our near neighbor. As the new Mr. Vestal is less gray than his brother we infer that he is the younger; a fact that will help us somewhat in the matter of distinguishing them.—Whittier (Cal.) Register.
Horticultural Meeting.
 The State Horticultural Society will hold the annual meeting at Portland, on Jan. 8 and 9. The county meeting will be held at Newberg Tuesday Jan. 12th where every fruit grower should come out and help make this meeting a success. Good papers will be read and discussed, from which every one may learn something.
 J. H. REES, Sec.
Study Short-hand.
 I will organize a class in Phonography January 4, 1897. The course will consist of shorthand and typewriting. Students will be required to recite regularly each school day in the week. The course will continue 30 weeks and will be the same as taught in the leading Business Colleges. It is my aim to prepare students for all kinds of office work. Tuition for both, \$3 per month in advance. CLARENCE BUTT.
Free Reading Room.
 There is a prospect that Newberg will soon have a free reading room in charge of the Women's Christian Temperance Union. The room has been given, rent free by the Newberg Building Association, and the ladies are making arrangements to fit it up in a suitable manner at once. The citizens of the town are to be asked to contribute to this worthy purpose, and we feel sure that they will respond liberally.

Too Much Confidence.
 Landlord Hendershot is inclined to say "dog-on-it," and there is a tail (with a dog on the other end of it) in connection with this state of mind in his part. From his youth up, Mr. Hendershot has been of a loving, tender hearted disposition, so the story goes, and consequently on going to bed the other night he kindly consented to let a guest's dog, of a kind cared hood, make his bed in front of the old time, open fire place.
 The faithful old dog wagged his romance and gave William a knowing look, as much as to say, "I will do the same for you if you ever come my way on a cold, rainy, sizzle sozly, Oregon winter night, where rolls the Wil-ham-bette."

The guests slumbered and slept without a snore, until an early morning hour, when one of the boys arose and came in the room to light a parlor match, and there the trouble commenced. Snap, snap, snap went the match, when the old hound with thoughts of tin cans and dynamite bombs before his "minds eye," sprang to his feet with a "how wow" and at one bound went crashing through a 24x36 window pane and made his escape.
 A Portland drummer who was sleeping overhead and quietly dreaming of heavy sales of merchandise being made to the unsophisticated Newberg merchants, heard the crash, jumped from his bed and as he landed on the floor yelled, "earthquake! Mount Hood is on us with a full head of steam!"
 Hendershot has replaced the glass at a cost of a hundred cent dollar, but he says that until his confidence is restored in the canine race in general, the old hound may snooze under the drip at the cow stable.
Too Sweet To Live.
 The Star bakery has just received a big shipment of fine candies direct from the east, which will be sold at prices never before heard of in Newberg.

 Our boys went over Christmas day to play the McMinnville boys a game of football. Our boys came home covered with more mud than glory. The game stood 8 to 16 in favor of McMinnville.
 The three rooms of the public school gave an exhibition in Littlefield's hall on Thursday evening, and the way the children performed is good evidence that Prof. Bough and his assistants are doing fine work in our public school.
 Melvin Chase who was sick here died on Friday evening. The remains were escorted to the train by the A. O. U. W. Lodge of this place and then shipped to Middleton and buried by Sherwood Lodge of A. O. U. W. of which he was a member.
 Some young hoodlums went into the wash house to abuse the Chinaman the other day and the Chinaman fired them out. Then Mr. Woodworth went up to lick the Chinaman. The Chinaman cleaned him out and then had Woodworth arrested and fined \$5.00. Woodworth then had the Chinaman arrested for assault. The Chinaman beat him in the second suit. All same Melican man.

 The Newberg Union is very busy in mission work this holiday season. Comfort-bags are being made to send to the sailors, and not only articles necessary for a sailor's physical comfort will be placed in these bags but the spiritual will be looked after as well.
 Leaflets, a small Bible or a text of scripture, and perhaps a letter for somebody's boy to read when he is far from home, will be added.
 Literature is being collected to send to the hospitals, the railroad companies kindly offering to convey the same free of charge until the New Year.
 A Christmas box was sent to the Refuge Home in Portland. Among other things it contained was a comfort for the blocks of which were pieced by different members of the union. Mrs. Groff was the originator of this, furnishing the cotton at her own expense, as well as doing much of the work.
 The Board of Newberg Building Association generously offers the W. C. T. U. a room in the Chehalis Valley Bank building to be used for a public reading room. This has been a long felt need in our city and it is hoped that sufficient funds may be raised to justify us in the undertaking. A committee has been appointed to investigate the matter, and wait upon the business men for donations. The reporters read at the meeting held Dec. 23rd, show that the superintendents have been busy the past quarter about their various duties.
REPORTER.
 Absolutely pure, perfectly harmless, and invariably reliable are the qualities of One Minute Cough Cure. It never fails in colds, croup and lung troubles. Children like it because it is pleasant to take and it helps them. A. T. Hill.

 The boys over toward Wheatland are having a little "fun" and the county must now pay for it. Wednesday Riley Ridgeway was brought before Justice McPhillips and charged with assaulting James Martin with a dangerous weapon. He waived examination and was placed under \$200 bonds which was furnished.
 Tuesday evening "Jack" Linn, the painter left his room at the corner of B and 4th street to go across the creek, where he had a little business to attend to leaving the door to his room slightly ajar. When he returned in about twenty minutes he found that some one had entered his room and relieved him of a fine gold watch and chain and a revolver. He has a clue to the perpetrator.
 It is understood that Arthur Branson will remove from Sheridan to this city and become Assessor Woods' best man. It is further understood that Mr. Branson, in order to get the position, furnished most of the principal bonds.
 The bondsmen are: E. T. Branson, Jas M. Wooden, B. B. Branson, G. W. Neely, G. W. Bradley, John Schaller, of Sheridan and Williamina, G. W. Olds of Bellevue, Alf Smith, of McMinnville, and N. H. Perkins, of North Yamhill.
 There was a good attendance at the entertainment given by the Y.W.C.A. at the College, Wednesday evening, and the program was successfully carried out. The solo singing by Miss Katherine Glenn, instructor in music in Pacific College Newberg, and sister of Prof. Glenn, of McMinnville College, was particularly entertaining. The lady has a rich contralto voice of wonderful compass, ranging from high C to low E-flat, and knows how to use it. She was repeatedly recalled on her selections.
The Discovery Saved His Life.
 Mr. G. Caillotte, druggist, Beaversville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at A. T. Hill's Drug Store.
