When you meet Tom Kay of Salem just ask him to tell you about the capers of the members of the late lamented legislature during the so called session. Tom is quite an entertaining talker and while in town last Monday evening he related to a number of his friends how the Yamhill members lined up in a general way, and how they gave J. E. Todd, an interested free silver apostle, assurances from day to day that everything would be lovely in another day or two, much to the disgust of Todd, who, to this day refuses to be comforted.

Albert Beland, who was arrested here one day last week on a charge of destroying property, had a trial at Sherwood on Tuesday of last week and was ordered to jail to await the meeting of the grand jury. He was placed in the Sherwood jail for the night but next morning the cage was empty and the bird had flown. He made a hole in the floor during the night through which he escaped and he is now a fugitive from justice. It is generally conceded that if he is never seen in this part of the moral heritage again his escape will be considered a very favorable turn in affairs.

Some thief entered Dr. Littlefield's barn last Saturday night and stole his saddle and bridle. The saddle was an extra good one, as the fellow who took it was no doubt aware. It is quite likely that Beland, who escaped from the Sherwood jail a couple of nights before, was in need of just such a saddle.

Medal Contest.
An interesting Demorest silver medal contest was held in the Chehalis

Center school house last Saturday evening. The large and commodious school room was tastefully decorated, making a very pleasing appearance to the audience which was quite large, many being present from West Chehalis and several from Newberg. The contestants were the Misses Helen Harger, Hattie Atkinson, Minnie Wheeler, and Mr. Alden Chamberlain.

Miss Mildred Wills who very efficiently presided for the evening, first called on F. L. Harford for Bible reading and prayer. A quartette was then well rendered by the Misses Maud and Mildred Wills and Messrs. Rollin and Arthur Kirk, entitled, "A Good Time Coming."

The first speaker of the evening, Miss Helen Harger, was then announced. She showed from the first that she had good control of herself and got entirely into the spirit of her recitation, "The Voice from the Poor House."

She was entirely at ease on the stage, her gestures being nearly perfect. From first to last she never faltered, and finished, having done great credit to herself.

Miss Hattie Atkinson the second contestant spoke in an easy and unimpassioned tone of voice. Her enunciation was very clear and distinct, though she did not put as much expression in her recitation as some of the contestants.

The Misses Bessie Chase and Mildred Wills then sang a duet which was greatly appreciated by the audience. They have sung together quite a good deal, and make excellent music.

Miss Minnie Wheeler was a very graceful speaker, holding well the attention of her audience. The first half of her recitation was especially well rendered. Miss Wheeler no doubt came in a very close second for the honors of the evening.

Alden Chamberlain the only gentleman orator of the evening, was the last speaker of the contestants. He had a pleasing style of delivery and spoke with feeling and earnestness.

The Judges, Nelson Morrison, F. J. Deach and Prof. J. C. Hodson then retired to figure up the results. A male quartette from Pacific College, consisting of Messrs. Kirk, Stanley, Woodward and Glen, then favored the audience with a song. They were encored, and gave another number, which received even heartier applause than the first. They were however not prepared to respond again.

Miss Bessie Chase then rendered a touching recitation, "Borrowing the Baby." Miss Bessie already wears a medal, a trophy of a former victory, and on this occasion clearly showed that she was entitled to the honor, as she is a very pleasing and interesting speaker.

The Judges then came in with their decision, and F. J. Deach came forward to present the medal to the victor, which he said the judges had decided was Miss Helen Harger. This decision called forth hearty applause from Miss Harger's admiring friends who lost no time in extending to her their warm congratulations.

Mr. Will Lawrence sang the farwell song, and the benediction having been offered, the attentive audience was dismissed.

The Best Remedy for Rheumatism.
From the Fairhaven (N. Y.) Register.
Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hours time was able to go to sleep. She now applies it whenever she feels an ache or a pain and she finds that it always gives relief. He says that no medicine which she has used ever did her as much good. The 25 and 50 cent sizes for sale by A. T. Hill.

"What do you think is the matter with her, doctor?" "Appendicitis, I think." "For heavens sake, don't tell her. She would die with joy if she thought she had such a fashionable disease."
