People who have heard about Charley Moore of Dayton being severely poisoned last Saturday by eating canned beef, have been asking our Charley Moore how he is getting along, thinking he was the victim. During Charley's courting days he lived at Dayton and many of the loving epistles that were mailed to him got in the wrong Charley's box.

Mr. Isaac Horner, proprietor of the Burton House, Burton, W. Va, and one of the most widely known men in the state was cured of rheumatism after three years of suffering. He says "I have not sufficient command of language to convey any idea of what I suffered, my physicians told me that nothing could be done for me and my friends were fully convinced that nothing but death would relieve me of my suffering. In June, 1894, Mr Evans, then salesman for the Wheeling Drug Co., recommended Chamberlain's Pain Balm At this time my foot and limb were swollen to more than double their normal size and seemed to me my leg would burst, but soon after I began using the Pain Balm the swelling began to decrease, the pain to leave, and now I consider that I am entirely cured." Strawberries have been very nice this season but the dry weather has cut the crop far short of what it would have been with a good rain at the right time. J. S. Larkin has been the principal strawberry man here this season although Justin Haworth, A. S. Fogg and others have helped to supply the market.

T. B. Haddley, of Tillamook, who is pretty good authority on Indian names, tells in the Headlight of the derivation of the word Yamhill. He says: "Yamhil was a corruption of Che-amil, meaning a ford. J. L. Parrish told me that in the early days a trail crossed the Willamette at a ford just above the mouth of what is now the Yamhill river. From that the river was spoken of as Cheamil or by the ford, and from that the surrounding country took its name. —Transcript.

"For three years we have never been without Chamberlain's Colic, Cholera and Diarrhœa Remedy in the house," says A. H. Patter, with E. C. Atkins & Co, Indianapolis, Ind., "and my wife would as soon think of being without flour as a bottle of this Remedy in the summer season. We have used it with all three of our children and it has never failed to cure—not simply stop pain, but cure absolutely. It is all right, and anyone who tries it will find it so" or sale by A. T. Hill.

The gypsy outfit of which we have been hearing for some time as they came on north from California, arrived here on Monday, consisting of about twenty wagons. It is a mixed lot made up of Mexicans, Dagoes and Yaquia Indian squaws and papooses, seemingly the very scum and scrapings of the earth. Just what they were ever made for is beyond all human comprehension, and where they go no one cares just so they shake the dust of Oregon from their dirty, filthy skins. Along with their filth they are impudent and brazen faced, having no hesitancy about entering people's houses unmasked and carrying off what they want. They were given to understand that they were not wanted about Newberg, so they passed on and camped for a few days at the fish pond out east of town, much to the disgust of the people living in that community.

Lemonade is a fine drink when put up to suit the taste. Several of those who went on last Saturday's excursion to Salem drank of that which was left toward the end of the return trip and they must have been greatly refreshed, judging from the smiles that played around the mouths of some. The Willamette river has never been known to run dry.

W. H. Morris, of Newberg, was awarded the contract for repairing the bridge across the Yamhill at Sheridan. In the competitors for this work there were three bidders with prices as follows: J. B. Long $528; T. W. Perry $640; W. H. Morris $490. And thus Mr. Morris was awarded the contract. He has to give $1000 bonds for the faithful performance of the work —Transcript.

The up river steamers have been having a good deal of trouble scraping over the gravel bar at Lambert's slough lately, and unless there is something done to improve the channel at this point it will not be very long until navigation of the Willamette up that way will be shut off. Unless we have heavy June rains we will certainly have very low water in the river before the fall rains swell the river again.

The college athletic association has been trying for some time to arrange for a field day contest with some other college association. The Monmouth team first talked favorable but later on they declined. On Monday communication was held with the Portland High school team and they have accepted. The meet will take place on the fair grounds Saturday afternoon when a close contest for athletic honors is anticipated.

Obituary.

Mrs. Roxie (Heater) Palmer departed this life at her home near Monmouth, Polk county Oregon, June 5, at 3:18 p.m. after a severe illness of eleven weeks. Funeral services were held at the Christian church, Sunday June 6, at 11 a. m. Rev. Essen conducting services, after which the remains were interred in Monmouth cemetery. Mrs. Palmer, the daughter of Benjamin and Mary J. Heater, was born near Newberg, Yamhill covnty Oregon, June 8, 1865. On Christmas day 1896, she was married to Mr. W. W. Palmer, at her father's residence at Springkrook, at that time accompanying her husband to the new home from which she has been so recently taken. She was an obedient daughter, devoted sister, a true wife and a patient sufferer, ever trusting in "Him who doeth all things well." At the age of eleven years she united with the church and since then has performed faithfully the duties of a faithful and devoted christian. Her life has been one of kindness, duty and devotion to those who knew her and none knew her but to love her. It was beautifully said by the pastor who had known her from life's early springtime that her's was a life that could be summed up in one sentence reading: "A life of pure gold." And truthfully the poet has said "No star ever rose and set without influence somewhere," but who can say where her influence shall end? She was an earnest and devoted teacher, having spent about ten years in the public schools of Washington and Oregon, instilling lessons of truth, honor and love into the hearts and minds of her pupils who shall yet "rise up and call her blessed." The floral offerings both at the church and cemetery by generous and loving hands, were most profuse and beautiful, bespeaking the hearts of those who sought to pay a last tribute of love.

"To her who faithfully labored here
For the blessed Master's sake,
But by the crystal river clear
Now the happy songs awake."

The Discovery Saved His Life.

Mr G. Cailloutte, druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at A. T. Hill's Drug Store.
