OUR TRADE WITH CUBA.

A Decline From One Hundred Millions
to Twenty Millions

Washington, June 21.—A significant report on our trade with Cuba from 1887 to 1897, prepared by Chief Hitchcock, of the foreign markets section of the agricultural department, has been promulgated by Secretary of Agriculture Wilson. The statistics show very clearly the effect of present hostilities in Cuba on the commercial intercourse of the United States with that island. During the last fiscal year, 1896, the total value of our Cuban trade amounted to only \$47,548,610, as compared with \$102,864,304 in 1893, the year preceding the breaking out of the war. This was a falling off of more than 50 per cent in these returns. Returns already available for the current fiscal year indicate a still further decline, the records for the nine months ending March 31, 1897, placing the total value of the trade for that period as low as \$14,926,817. At this rate, the figures for the fiscal year 1898 will hardly reach \$20,000,000, or less than one-fifth the value recorded in 1893.

The report also demonstrated that in past years our imports from Cuba have generally been much in excess of our exports to that island, the balance of trade being decidedly against the United States.

GENERAL WOODFORD'S TASK.

The New Minister Will Bring Spain
to Terms.

Chicago, June 21.—A special to the Times-Herald from Washington says: Spain is to be brought to terms. General Stewart L. Woodford, the new minister to Spain, after dining with President McKinley last night, spent the evening at the White House. He received instructions as to his work in the Spanish capital, for which he will start in a week or two.

General Woodford's task is divided into three parts. His first mission will be to present a demand for reparation and indemnity for the death of Dr. Ruiz. His second task is to prepare the Spanish government for the inevitable, and the inevitable is the loss of Cuba as a colony. The third phase of his work is the presentation of a distinct proposal from the United States as to the disposition of Cuba.

It is as to the first and second chapters that General Woodford is now conferring with the president. He will receive full instructions as to the third either before he sails or as soon as he shall have had an opportunity to report upon the state of mind in which he finds the Spanish ministry and the queen regent.

President McKinley also instructed General Woodford to impress upon the public men at Madrid these vital points: First—The United States is not actuated by an unfriendly feeling toward Spain.

Second—The United States does not desire to take advantage of Spain's troubles with her colony to bring about the annexation of Cuba to this country. Third—Unless Spain will herself make a move toward meeting the inevitable, toward giving Cuba freedom, the United States will be compelled to interfere and in the case of intervention annexation might naturally follow.

The Tornado's Path.

Lincoln, Ill., June 21.—A tornado which passed over the central and southern portions of Logan county this afternoon destroyed thousands of dollars' worth of property and completely demolished the immense corn barn on the farm of the state institution for the feeble minded. Twenty-six persons seeking refuge from the storm were buried in the debris. Four of the refugees, boy pupils from Chicago, were taken out dead. Five others were severely injured, one of whom, the farm superintendent, will probably die.

Italians Fought Frenchmen.

Paris, June 21.—In a fight between Italians and French workmen at Barcine yesterday, two Frenchmen were killed. The district is intensely excited and the police are taking steps to quell further disturbances. Another affray between French and Italian workmen has taken place near Arles. Troops have been sent to the scene.

Cyclones Add to Spain's Misery.

London, June 21.—The Madrid correspondent of the Mail says: A succession of cyclones and fierce hail storms have destroyed the crops and vineyards in the provinces of Valladolid and Guadalajara. In the district of Newcastle, houses have been flooded, hundreds of cattle drowned and a number of lives lost.

Spanish Defeat in Philippines.

New York, June 21.—A dispatch to the Herald from Manila announces a desperate combat in the Philippine islands against the rebel general Aguinaldo. The Spanish losses were over 100 killed and wounded. The news has caused a profoundly painful impression.

Railroad Speed.

Nyack, N. Y., June 21.—The steam yacht Ellipse, built for E. Burgess Warren, of New York, in her trial trip over a measured course, made the mile in one minute and 30 seconds, which is at the rate of 40 miles an hour, the fastest time on record.

Accidentally Shot Hired.

Nevada, Cal., June 21.—While moving a loaded shotgun last night, Mary Avery, aged 17, dropped the weapon accidentally and the hammer striking a step, the contents of one barrel were discharged into her right shoulder, almost severing the arm, which subsequently was amputated. She will probably recover.

Senator McBride, of Oregon, has been making an effort to secure the restoration of the house rate of \$8 per 1,000 on lumber, planed, grooved and tongued, instead of \$2.60, as reported by the senate committee on finance. He says that the lumber dressed in this manner is worth at least twice as much in the Portland market as the sawed lumber, which pays a duty of \$2 under the bill, as agreed to. Senator McBride says that the importations of dressed lumber will quite seriously interfere with industries in Oregon and Washington.

The universal postal congress, the fifth convention of the kind in the world, has finished its labors in Washington, D. C. The sixth congress will be held in Rome in 1903. All the countries of the world were represented at the congress just closed, with the exception of Corea and the Orange Free State, and these two sent word that they hoped soon to enter the postal union. The congress, among other things, succeeded in establishing uniform colors for postage stamps, arranged for facilitating intermediary transit rates and diminishing the tariff quite materially on a graduated scale for the ensuing six years.

The Salt Lake Tribune has published a story that a party of desperadoes from the notorious "Robbers' Roost," in Southern Utah, have gone to Wyoming and are located at Wamsutter, a small station east of Rock Springs. CUBANS TAKE A FORT.

Nearly All the Spaniards Killed or Else
Taken Prisoners.

Havana, June 22.—A few days ago a party of soldiers arrived from Fort Mogogio, five leagues from the city of Santa Clara. They say that an attack was made upon the fort by a band of insurgents and that most of the garrison died defending the fort. All the ammunition was captured and all the survivors of the garrison excepting themselves were taken prisoners by the insurgents.

Official advices state that a hot engagement occurred at Mantua, Pinar del Rio. The Spanish marines and infantry forces were largely outnumbered by the insurgents, and after several hours' fierce fighting, the regulars were compelled to seek refuge in a near-by town. They met with large losses in killed and wounded, many of whom were left on the field.

PUT OUT OF THE CHURCH.

A Woman Ejected When She Attempted
to Defend Her Husband.

New York, June 22.—Herman Warsawski, the Christianized Hebrew who has been seeking admission into the Presbyterian church as a minister, and who for a long time had the support of Rev. Dr. John Hall, of the Fifth-avenue Presbyterian church, was today publicly denounced before the congregation of that church as an immoral person and guilty of gambling. He was also suspended from the communion of the church. When the judgment was read to the fashionable congregation, Mrs. Warsawski, who was present, declared in a loud voice that her husband was innocent. She was put out of the church, while the pastor announced a hymn to quiet the congregation. Mrs. Warsawski said: "My husband is innocent. I cannot hear him harshly spoken of before so many people and not defend him."

The ushers, at a signal from Dr. Pritchard, of Alexander chapel, who had taken Dr. Hall's place for the day, led Mrs. Warsawski from the church. The congregation had begun to sing the hymn. The lady at first resisted, but was prevailed upon to leave. Notwithstanding the singing of the hymn, the excitement, though suppressed, was intense. After the incident the services went on as usual.

DRAGOONS IN THE AIR.

Successful Trials of Flying Machines
in Germany.

Berlin, June 22.—Naval experts at Kiel are now testing the practical use of dragon-shaped airships, which may be put on board vessels for use during naval engagements and in reconnoitering. Some of the balloons rose 600 feet, remaining fast to the deck of the torpedo boat steamer, for an hour, enabling the balloonists to make observations of vessels at great distances. The observations made were communicated by telegraph or telephone from the balloons to persons on the decks of the vessels below, enabling them to change the course of the latter accordingly. The whole series of experiments occupied a fortnight, and were eminently successful.

Oakland Bookkeeper Held Up.

Oakland, Cal., June 22.—Edward Eliason, a bookkeeper, was within a few doors of his home last night, when a tall man leaped at him from behind a clump of trees. The young man was grabbed by the throat and thrown down before he could give a cry. Then the footpad searched his victim's clothing, taking all his money and valuables. The robbery was committed about midnight, in a thickly settled portion of the city, which is well lighted by electric lights. As soon as the robber had secured his plunder he released the man and watched him start for his residence, having warned him to make no outcry.

ENTIRE STATE SHAKEN

California Visited by a Se-
vere Earthquake.

OCCURRED SHORTLY AFTER NOON

The Old Mission at Monterey Was Dam-
aged, and the Big Hotel Swayed
—The Loss at Hollister.

San Francisco, June 22.—Two sharp and severe shocks of earthquake were felt here today, the official time of the first as taken by the United States weather bureau, being 12:14:04. It was followed almost immediately by a second shock. The vibrations were from west to east. Clocks were stopped, and suspended lamps and decorations were broken in some places, but no real damage is reported. The shocks were the most severe experienced here for many years. The earthquake was general throughout the state.

Monterey Mission—Hotel Del Monte. Monterey, Cal., June 22.—An earthquake shock was felt at noon today. It caused a panic among the congregation of the San Carlos mission church. A portion of the adobe wall was thrown down among the frightened worshippers, and several fainting. Other damage was done to the historic adobe building.

At Del Monte, three distinct shocks preceded the rumbling noise. The hotel creaked and swayed, and the guests rushed from their rooms. Pictures and glassware were thrown down.

At Pacific Grove, a decided earthquake shock was felt at 12:15 P. M. It continued for several seconds, and was preceded by a deep, prolonged rumbling noise. A panic was threatened among the congregation of the Methodist church, but was averted by the minister's presence of mind. Persons in all parts of town were terrified.

Much Damage in Hollister. Hollister, Cal., June 22.—Shortly after noon today, the most severe earthquake shock since 1868 did many thousands of dollars damage to buildings and their contents. No casualties occurred, though several narrow escapes are reported. Every brick building in town has suffered, and in the courthouse the walls and ceilings have lost most of their plaster. Immediately after the earthquake, a fireball of the McMahon house fell upon the adjoining buildings. Hundreds of window panes were cracked or broken, and in some instances entire window sashes were thrown into the street from the second-story of the buildings.

Every House in Gilroy Felt It.

Gilroy, Cal., June 22.—The heaviest earthquake ever felt here lasted only a few seconds, but did much damage. Numerous chimneys were toppled over, house walls cracked, heavy plate-glass windows shattered, and a general wreckage of bottle and shelfware in houses and stores caused. People rushed out of their homes, thinking the last trumpet had sounded in earnest. In some houses blinds were wrenched from their hangings, and an unusual scene of petty destruction is presented in nearly every house and store in town.

Barns Fell at Decoto.

Decoto, Cal., June 22.—There were two heavy shocks of earthquake at 12:13 today. The vibrations seemed to be from north to south. One or two old barns in the neighborhood fell to the ground. There was another shock at 12:55 P. M. lighter than the first.

Some Villains Frightened.

Visalia, Cal., June 22.—Two severe earthquake shocks were felt at 12 o'clock. The vibrations were from west to east. Suspended lamps vibrated for 15 minutes, houses were shaken and some people ran out of doors. The shock was the most severe felt here in years.

Cracked a Newman Brick Building.

Modesto, Cal., June 22.—A shock of earthquake was felt about noon. Many people in the upper stories of brick buildings ran into the streets in alarm. At Newman, this county, a brick building of one story was cracked slightly.

Defended His Home.

San Francisco, June 22.—John Shink, who the police say is an ex-convict, lies in the receiving hospital with a fractured skull, the result of a blow from a hatchet wielded by Paul Jenkins, a peddler. This afternoon, Shink called on Mrs. Jenkins, during the absence of her husband. According to her story, he insulted her and knocked her down. At this juncture Jenkins appeared, and seeing his wife covered with blood, demanded an explanation. For a reply, Shink seized Jenkins by the throat and proceeded to strangle him. After a desperate struggle, Jenkins managed to free himself from Shink's grasp, and picking up a hatchet, struck his assailant over the head, fracturing the skull. Shink renewed the attack and vainly endeavored to get possession of the weapon. During the struggle Jenkins again struck him with the hatchet, inflicting an ugly scalp wound. Jenkins was arrested and charged with assault to murder.

Five Children Frightfully Burned.

Buffalo, N. Y., June 22.—Fire last night partly destroyed the home of Joseph Metanski, in South Buffalo, and five children were frightfully burned. Sophie, aged 10, died in a hospital this morning. Roy, aged 12; Brown, aged 7; Verona, aged 3, and Cecilia, aged 8, are lying on cots at the hospital, and the attending physicians say there is little chance for their recovery. Metanski is also in the hospital. His arms and face were burned in the attempt to save his children.

DISCRIMINATION MUST CEASE.

American Cattle Are All Right and the
Government Will Prove It.

Washington, June 21.—The action outlined in the interview with Bellamy Storer before his sailing for Europe, looking to making vigorous representations to Great Britain, Germany and Belgium and doubtless to France, for a modification of the discriminating measures against American cattle, is the result of the indefatigable efforts of Secretary of Agriculture Wilson to combat the prejudices of the Old World against our farm products and to secure to our exporters at least the same rights as are enjoyed by those of other countries. Ever since the new administration began, Secretary Wilson has been pushing this matter. He has had frequent interviews with the president and Secretary Sherman on the subject. Several new diplomatic appointments have had conferences with the agricultural department officials, at which questions of this kind were discussed and the situation explained.

The state department is now co-operating in the movement and in various ways has instructed its representatives going to the countries named to state their cause to the respective governments, setting out the discriminations imposed on our products, together with data showing them to be unjustifiable. These statements will also show that the restrictions placed on American cattle preclude any material danger of loss by disease or otherwise.

Official reports of experts in the field will be cited to demonstrate that American cattle products show a greater exemption from disease than those of practically all other countries. These representations will be accompanied by the significant warning that if the unjust discriminating measures are continued, proper action will have to be taken by this government. Discriminating nations will be given to understand that the rights of American exporters must be recognized, or else privileges accorded foreign producers will be withdrawn.

SHE SHOT TO KILL.

A Texas Contractor Killed by a Young
Woman.

St. Louis, Mo., June 21.—A special to the Republic from Paris, Texas, says: Ed Kilgore, a contractor and builder, met his death at the hands of Miss Fanny Jackson and her three brothers today. Kilgore was sitting in the waiting room at Ladonia station when Miss Jackson, accompanied by a sister and three brothers, entered, the men taking positions at the doors. The girl drew a revolver and fired at Kilgore. The bullet went wide, and struck her brother, Brode Jackson, in the forehead. Kilgore dashed down the railroad track behind some freight cars. Bud Jackson, another brother, intercepted him and shot him in the back. After Bud Jackson had emptied his revolver, Miss Jackson walked up and fired two more shots at Kilgore, exclaiming: "You coward, you have slandered me long enough."

Fell Into a Trap.

Havana, June 21.—A large force under General Quintin Bandera succeeded in destroying a body of Spanish near Sabana. Bandera placed his men in ambush and then instructed five scouts to approach a fort where the Spanish were barricaded. The Spaniards sallied from the fort in pursuit of the scouts, who fell back, leading their pursuers into the heart of the Bandera ambush.

A hot fight ensued, first with musketry, but finally hand to hand. All of Bandera's men were armed with machetes. Ten of the insurgents were killed, and the entire pursuing party of the Spaniards.

At Alguisa, a town of 3,000, 178 persons died last month from hunger and destitution.

No Polygamy Among Indians.

Perry, O. T., June 21.—The Cheyenne and Arapahoe Indians were wrought up over the new law which goes into effect July 1, relating to polygamy. After that time each of the 40 Cheyenne Indians who have more than one wife will have to choose one of the two, three or more wives that he has, and the cast-off wives must leave him.

To the squaws who have become enlightened as to their situation, the matter has become tragic. Every squaw who wants to remain with her husband is doing her best to please him, so that she will be the lucky wife. There are 40 of these polygamists, and in all they have over 100 squaws.

Drowned While Bathing.

Greenville, Tex., June 21.—Last night, while bathing in a pool six miles from this city, Cashier King, of the First National bank; Miss Austin, of this city, and Ida Schenck, of Sherman, Tex., were drowned. Mr. King and Miss Austin were together, and got beyond their depth. King called for help, and Fred Norsworth, who was with Miss Schenck, went to the rescue, but both were drowned before help reached them. Miss Schenck, becoming frightened, followed Mr. Norsworth, and, jumping on his back, nearly drowned him also. All parties were prominent.

Lake Steamers in Collision.

Milwaukee, June 19.—The steamer Virginia, of the Goodrich line, with 200 passengers on board, ran down the schooner Eveline, bound from Menominee, Mich., to Chicago, near this port last evening. The Eveline's cabin was shifted forward and her yawl was demolished. A panic prevailed among the Virginia's passengers, but the steamer continued on her course to Chicago and the Eveline was towed to the Milwaukee drydock.
