If you want to know anything about the temperature of the water in Chehalis creek ask Worth Sims what he knows about it. One day last week while standing on a log that lays across the creek he fired at a pheasant on the bank near by, when he lost his balance and tumbled into fifteen feet of water. Being unable to swim, his future prospects looked somewhat doubtful until Ray Fox and another companion went out on the log and taking him by the collar hauled him out. The gun, which was a fine one belonging to Edmund Robinson, has since been fished out and after being cleaned up is found to be as good as new.

James P. Moffett, representing station "D" of the board of fire underwriters of the Pacific has been here during the week making a new survey of the town and inspecting our water system with reference to its practical utility in case of fire. The fire company was out with the hose cart on Tuesday evening to show Mr. Moffett what could be done and he expressed himself as being highly pleased with the pressure. It is to be hoped that his report will be such that our insurance rate will be materially lowered.

"I can't see how any family lives without Chamberlain's Colic, Cholera and Diarrhoea Remedy," says J. R. Adams, a well known druggist, of Geneva Ala., in a letter inquiring the price of a dozen bottles, that he might not only have it for use in his own family, but supply it to his neighbors. The reason some people get along without it, is because they do not know its value, and what a vast amount of suffering it will save. Whenever it becomes known and used it is recognized as a necessity, for it is the only remedy that can always be depended upon for bowel complaints, both for children and adults. For sale by C. F. Moore & Co.

On Wednesday morning C. E. Hoskins and family and Harrison Crater left here for Honolulu by the way of San Francisco, the fare for the trip by this route from Portland being the remarkably low rate of \$30. Mr. Hoskins and family have no date set for their return from the islands, but Mr. Crater thinks he will be back next June.

Charley Cavit, of Middleton, was in town last Sunday. Charley returned from a trip to the coast over the Big Nestucca road last week where he went, carrying a gun. He says if he ever makes the trip again he will leave his shooting iron at home, as all the game is scared back from the main traveled road and consequently a gun is only a burden without any corresponding benefit on the trip.

Few men in this country are better or more favorably known to the drug and medicine trade than Mr. E. J. Schall, buyer in the proprietary medicine department of the Meyers Bros. Drug Co., St. Louis. He says: "My boy came home from school with his hand badly lacerated and bleeding, and suffering great pain. I dressed the wound and applied Chamberlain's Pain Balm, freely; all pain ceased, and in a remarkably short time, it healed without leaving a scar. For wounds, sprains, swellings and rheumatism, I know of no medicine or prescription equal to it. I consider it a household necessity." Sold by C. F. Moore & Co.

**Lecture Course.**

The college Y. M. C. A. has arranged with President Newlin to deliver a course of seven lectures on "Social and economic evolution."

The course will run as follows:  
 1. Definitions and explanations.  
 2. Modern economic history.  
 3. Results of industrial progress.  
 4. The discontent of labor.  
 5. Methods of improvement.  
 6. Economic and social outlook.  
 7. Social righteousness.

The first lecture in the course will be delivered in the college chapel on Thursday evening, November 4, beginning at 7:30. The price of admission for a single lecture will be twenty-five cents, or one dollar for a ticket for the whole course. Anyone to get the most out of it ought to arrange to hear the full course. President Newlin's ability to deliver an interesting and highly instructive lecture is well known to the community and the course will no doubt be well patronized.

Here is an opportunity to hear such a course of lectures as but few towns in Oregon will have the advantage of this winter and none can afford to miss it.

**COLLEGE NOTES.**

Miss Rose Hiatt called on her friends at the college Friday afternoon.

Mr. Hall, a new student from near Sherwood, entered school Monday.

Hervey Hoskins was not in school Tuesday, being temporarily indisposed.

For an illustration of strategic maneuvering for position see chemistry class.

Our foot ball team goes to McMinnville tomorrow to play the college team there.

Mrs. Chas. Hodson and Miss Myrtle Votaw attended chapel exercises Thursday morning.

Miss Bertha Cox sang a very pretty solo at the Crescent society meeting last Friday evening.

Clarence Price went down to Portland on the Grey Eagle Saturday and visited over Sunday with his brothers.

Prepare to buy season tickets for the lecture course to be given by President Newlin, under the auspices of the college Y. M. C. A. It will be well worth the money.

President Newlin is expected back from the East Saturday evening. He was very prominently mentioned by the Indianapolis papers in connection with the National Friends Conference.

Mr. Van Leavitt wants it expressly understood that he is in school to study geometry this year. Considering Mr. Leavitt's proneness for burning the midnight oil and remembering his phenomenal concentrative ability we would kindly warn him against undermining his nervous system.

We have many times read of the requisite climax in forensic eloquence but we never before had such a practical illustration as was given us by the lady debater at the literary society Friday night. The gentleman from Deput however was not supposed to figure in the debate even by proxy.

The foot ball game of last Saturday between Portland High School and our college resulted in a complete victory for our boys, the score being 44 to 0. We admit that this was owing partly to difference in weight, but team work and the knowing how to play foot ball had more to do with it. Pacific College made the first touch down in 31 minutes, the college had the ball nine tenths of the time, Portland not having made its gain but three times. Wendling however, Portland's right half back put up a fine game, and would have made good gains with the proper support. The college boys all played a good, safe game though there was no incentive for star plays, yet a few were made. The line did excellent work in opening the way for the backs to go through.

**SNAP SHOTS OF THE GAME.**

The Portland boys were a gentlemanly lot of fellows and took defeat like men.

Cox created a surprise by getting hold of the ball and dragging it across the line for a touch down with two men hold of him.

Nelson got in a few of his long end runs.

The gate receipts amounted to \$20.

Martin put up a fine game. He is low and keeps his feet well when sent through the line.

Larkin captured the ball twice.

Metcalf and Townsend did successful work as first team men.

Prof. Jones is a solid lineman.

Kirk made an excellent center for so light a man. He will not play any more however on account of a weak neck.

Chapman made a good record in his first game as quarter.

Starr is a star of the first magnitude as full back.

Leavitt played in his old time fashion. He has a funny habit of always making his gain.
