C. K. Spaulding spent most of the day Wednesday on the river righting their log booms and getting them in ship-shape for the rise in the river occasioned by the recent rains. Plenty of water is always a boon both to loggers and steamboat men, so the merry whistle of both will be heard the rest of the winter.
Our Oregon climatic conditions are such that surprises can be furnished on short notice. Wednesday evening at eight o'clock a very distinct rainbow was to be seen in the southwest. This was a great surprise to many people who had never seen a rainbow at night before. It did look to be a little out of season but the writer remembers seeing a rainbow by moonlight last winter.
From the lone star state comes the following letter, written by W. F. Gass, editor of the Mt. Vernon (Tex.) Herald: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for the past year, and find it the best remedy for colic and diarrhoea that I have ever tried. Its effects are instantaneous and satisfactory, and I cheerfully recommend it, especially for cramp colic and diarrhoea. Indeed, we shall try and keep a bottle of it on our medicine shelf as long as we keep house." For sale by C. F. Moore & Co. druggists.

Some of our citizens are raising objections to stock drovers pasturing stock on the vacant lots about town. Sheep men seem to be making it a point lately to stop here and turn their flocks loose to graze on the commons. When sheep run over grass, other stock don't care for it, so those who have cows running at large would like for the marshal to call a halt on the sheep men.
It often happens that the doctor is out of town when most needed. The two year old daughter of J. Y. Schenck, of Caddo Ind. Ter, was threatened with croup, he writes. "My wife insisted that I go for the doctor at once; but as he was out of town, I purchased a bottle of Chamberlain's Cough Remedy which relieved the child immediately." A bottle of that remedy in the house will often save the expense of a doctor's bill, besides the anxiety always occasioned by serious sickness. When it is given as soon as the croupy cough appears, it will prevent the attack. Thousands of mothers always keep it in their homes. The 25 and 50 cent bottles for sale by C. F. Moore & Co. druggists.

COLLEGE NOTES.
Rev. John Henry Douglas had charge of the chapel exercises Wednesday morning.
The lectures given by Pres. Newlin have been excellent. All who are not attending them are missing an opportunity which they can not afford to lose.
The Y. M. and Y. W. C. A. have arranged for missionary meetings to be held every third Sunday in the month. These meetings will be held at the college in joint sessions of the two organizations.
The Rhinehart boys were made happy Friday evening by the rather unexpected arrival of their mother Mrs. Dr. Rhinehart of The Dalles. She visited her sons over Saturday and Sunday, leaving again Monday morning.
The girls of the college are organizing for basket ball. They are under the leadership of our lady professors Mrs. Douglas and Miss White, and two teams will soon do royal battle in the gymnasium. If the ladies play with the vim characteristic of this game there can be no more complaint for want of exercise.
The last Review, the McMinnville college paper, in its write up of the football game between the Mac team and ours, refers to our team by such epithets as, veteran, well trained, well coached, etc. Of course they merely want some excuse for being beaten. But it is rather amusing from the fact that not long since they referred to our college as the swaddling clothes institution. It hurts the pride of an institution of fifty years standing to be beaten by a six year old college.
Our football team went down to defeat before the Multnomah athletic club team of Portland last Saturday to the tune of 32-0. This is not as bad a defeat, however, as it might seem on first thought. It must be remembered that the Multnomah club team is made up of a lot of professional sports who do nothing else but play ball. They also had some eastern crackjacks in the team, two men from Harvard and West Point respectively, playing behind the line. Although our men went into the game discouraged, and did not play as sappy ball as they have done, they showed that the Multnomah line was by no means invincible.

Fred Stilton shipped on Friday last a crate of hounds to Clark Braly. Three fine dogs made the crate and when Mr. Braly receives them the coyotes will suffer.
M. Hendricks, of Amity, and B. F. Dresser of Portland have bought out the firm of Millsap & Son. They assumed control of the business on Monday. Both are experienced business men and their selection of McMinnville as a business point shows their good judgment.
The foot ball game on Saturday was won by the Pacific College team, the score being 15 to 0. The game was warmly contested. We admire the spirit of the Newberg people in supporting their team. The number of Newberg people on the ground was as great as the number of McMinnville people.

Missionary Work Done.
The Women's Foreign Missionary Society of Friends church held its quarterly meeting at the home of Mrs. A. T. Hill last Saturday. Reports show good work done during the quarter. At our business meetings which are held semi-monthly we have been reading from the "Life of Paton" and "Kindarshons wife" which we find very interesting and instructive.
Letters are received frequently from our missionaries. They are in good health and fine spirits and believe the work is prospering nicely. We are endeavoring to do our part of the work at this end of the line in raising money and sending provisions.
At our work meetings we have made articles of clothing for the missionaries, also made fourteen ball suits for the college boys, receiving a remuneration which aided us much in sending supplies. Fifty boxes of apples were sent to Fort Wangle to be sold, from which we hope to receive a nice profit. Six boxes were sent to our missionaries, also dried fruit of all kinds, dried beans and corn, three dozen cans of fruit, clothing and other articles. A nice pair of Plymouth Rock chickens which were donated by Mrs. A. B. Cooper and Mrs. S. S. Terrell were boxed and sent. We have raised \$23.37 during the quarter.

As was previously announced, the reading room was opened on Friday evening by the ladies of the W.C.T.U. Mrs. Evangeline Martin presiding. Mrs. Allen read the state president's address, after which the members who had made 10 cents for the county work, told how the money was earned. An interesting experience meeting was this.
An appeal social was the next feature of the program, several original poems being read during that hour. The reading room will be open to the public every evening except Sunday and Wednesday.
