The Graphic will always esteem it a favor if those who have friends visiting them from a distance will leave such information at the office. Such bits of news are always wanted but on account of the slowness of some to give the desired information it is not obtained at the office until often it is too stale to be considered as news.

Chehalis Valley Bank.
The Stockholders of Chehalis Valley Bank held their annual meeting last Monday and transacted the usual routine of business. One alteration was made in the personnel of the Board of Directors by electing Mr. N. C. Christensen, this change being necessary on account of Dr. G. W. McConnell having removed from the city. The annual reports of the officers of the Bank made at this time were carefully considered and much gratification was expressed at the splendid showing made during the year of 1897, the business of the bank having increased slightly more than 50 per cent over any previous year of its existence. The increase applies not only to amount of business transacted but also to its list of patrons as well.
The management feel a pardonable sense of pride in the substantial advances made and are sure the friends of this institution will share the feeling with us.

During the past two years, Mrs. J. W. Alexander, wife of the editor of the Waynesboro, (Miss.) Times, has, in a great many instances, relieved her baby when in the first stages of croup, by giving it Chamberlain's Cough Remedy. She looks upon this remedy as a household necessity and believes that no better medicine has ever been put in bottles. There are many thousands of mothers in this broad land, who are of the same opinion. It is the only remedy that can always be depended upon as a preventative and cure for croup. The
