A fear is being expressed by some that the road supervisors in this part of the county are letting the time slip by when spring road work should be done, and that as a consequence most of the soil put on the roads in grading will go up in dust during the summer. It is a fact apparent to all who have taken the pains to make a note of road grading done late in the spring that it is about the same as time and labor thrown away. When gravel is to be used of course it can be hauled just as well later in the season, but grading must be done early to be of any material advantage.

In Yamhill county a finer prospect for a big wheat crop has never been seen at this time in the season. There is scarcely a poor piece of fall sown wheat in the county and the acreage is unusually large. The weather has been fine for spring sowing and farmers have been improving the time. It looks now like our farmers will be able to make a clean-up of this fall that will put them on their feet and leave them with money to spare.

J. C. Comic arrived home from La Grange, Oregon, on the 23rd of last week pretty well cured of the inclination to want to wander from home. He says the adjoining farms are pretty much all to be planted in beets for the new sugar factory, but the land will be cultivated by Chinese laborers and this knocks out white men.

Our readers will notice the advertisement of the Portland High School-Pacific College athletic meet for May 21. Besides the close and highly exciting track contests, there will be music by the Chemawa Indian band. This band is second to none in the state. It is particularly favored this year in having the finest Indian cornet among its enrollment. While the band will play at intervals during the games the grand concert will be given at 8 in the evening at Armory hall. Together with the fine athletic work of the afternoon this will complete a day of the rarest entertainment Newberg has ever seen. Those who miss either of the occasions will have much to regret. They will be entirely of a high order. The date of the High School meet was to have been the 14th but it has been postponed until the 21st.

Republican Convention.

The republican county convention was called to order in the court house at McMinnville at 10 o'clock a. m. on last Saturday, when John Crawford of Dayton was elected chairman, E. H. Woodward secretary and N. D. Elliott assistant secretary.

Convention then took a recess to 1 p. m.

In the afternoon the committee on credentials made their report and the convention immediately got down to business.

The committee on platform reported the following which was adopted with rousing cheer:

"We the republican voters of Yamhill county, Oregon, in convention assembled, adopt the following portions of the state platform as applicable to the county of Yamhill:

"We congratulate the people of the county and state and the whole Nation on the unmistakable fact that the dark cloud of adversity, which has hung like a pall over our fair land has been dissipated. We recognize that the return of prosperity and the restoration of the Republican party to power.

"We are in favor of the maintenance of the present gold standard; we are unqualifiedly opposed to the coinage of free silver and to all other schemes looking to the debasement of our currency and the repudiation of debt. We believe that the best money in the world is none too good to be assured by the government to the farmer as the price of his crop. We condemn the continued agitation of free silver as calculated to jeopardize the prosperity of the country and to shake the confidence of the people in the maintenance of a wise financial policy; we particularly condemn as unpatriotic the efforts of the free silver agitators to array class against class and section against section; we declare that the interests of all classes and of all sections of our country alike demand a sound and stable financial system.

"While we deplore war, we have the utmost confidence in our president and his advisers to prosecute the war with honor and humanity in a just and equitable manner, and to deal with the traitors and the traitors to the Nation's honor and humanity in a just and equitable manner, and to deal with the traitors and the traitors to the Nation's honor and humanity in a just and equitable manner.

"We are firmly attached to the principles of the federal constitution; we recognize that representative government is one of these principles, and we are opposed to any change in law or constitution which will abrogate this time-honored principle.

"We are in favor of retrenchment and reform in state and county matters.

"We demand strict economy in public affairs and the abolition of all needless offices and commissions.

"We instruct our representatives to use all honorable means to reduce the salaries of state and county officers when the salary is excessive of labor performed.

"We affirm our allegiance to the principles of the republican party of the United States, as enunciated by the republican convention in St. Louis in 1896.

"We denounce the fusion party of Oregon as an aggregation of spoilsmen, who are ready to subordinate principles to office. Each of the parties to this compact is willing to stultify itself and form alliances with elements which it has heretofore denounced as dangerous and unfit to be entrusted with power; we declare that good government cannot come from such an alliance."

The ticket nominated was as follows: Senator—W. A. Howe, Carlton.
Representatives—E. F. Lamson, Williamette; Clarence Butt, Newberg.
Sheriff—W. G. Henderson, McMinn.
Clerk—J. H. Nelson, McMinn.
Judge—R. P. Bird, Lafayette.
Recorder—N. Phelps, Dayton.
Treasurer—O. R. Rando, Sheridan.
Assessor—J. M. Yocum, Sheridan.
Commissioner—N. Branson, Bellevue.
School Superintendent—E. W. Littlefield, McMinnville.
Sarcophagus—E. Branson, McMinn.
Coroner—T. B. Cummings, Newberg.

The Newberg candidates who were nominated at the convention last Saturday were Clarence Butt for representative and T. B. Cummings for coroner. Both of these gentlemen are well qualified to fill the offices for which they have been nominated and it is safe to predict that they will be elected by good majorities.

Billy Hendershott has been selected as campaign manager by the three-party in Yamhill. Billy is and old campaigner from Marion county and if the candidates will put up the money he will no doubt wage a vigorous fight for the boys.

AT THE NEWBERG CHURCHES.

What the Pastors said—Announcements for Next Sunday.

CHURCH ANNOUNCEMENTS.
At the Methodist church Sunday morning at eleven o'clock the pastor will speak on the theme, "Why will we do on earth," and in the evening at 8 o'clock on the subject, "Why we observe Sunday."

BAPTIST CHURCH.
At Baptist church the pastor spoke from the text, "God is love," 1 John 4: 8. He said:

"To my mind this is the one text of the Bible, the central thought of the entire word of God. This text is appropriate for all occasions and for all classes of people. The Bible is full of sparkling gems, but here is one that outshines all the rest. 'God is love.' If we could only get the world to believe this text I think it would soon be saved."

One great question of the day is this, "Who is God, what is love?" From the lips of the curious child, the profound philosopher, the infidel, the skeptic and the scientist, alike, comes the query, "Who is God, what is love?" There is just one person in this world who can answer this question. It is the Christian. He opens his Bible at 1 John 4: 8 and reads, "God is love," the question is answered and no one has nor can successfully contradict it.

When I first began to study this text I said "If God is love, then what is love?" and immediately this picture came to my mind. A mother, sitting by the fire, with a darling infant in her arms. She touches its dimpled cheek with her finger, and at once the face of the little one is brightened up with a heavenly smile—such as you can see only on the face of an innocent babe. The mother huddled with sympathy of love traces the child closely to her bosom and kisses it again and again. I saw this and said "this is love." Then these words came to my mind "eye hath not seen nor ear heard," surely, as far as the heavens are above the earth, as far as God's ways are above our ways and his thoughts above our thoughts, so far is God's love for his children above that of any other person. If that mother will die for that child what will God do for us his children? "Can a woman forget her sucking child that she should not have compassion over the son of her womb? Yea they may forget; yet I will not forget thee. Behold I have engraven thee upon the palms of my hands; thy walls are continually before me."

God loved us before we loved him. Even as the mother loves the child before it is conscious of it so God loves us before we know him. If we know people loves us it becomes easy for us to love them. But when we know people hate us, we find it very difficult to love them. God loved us when we were enemies to him. We love people whom we think worthy of our love. God loved us when we were unworthy.

The sinner naturally thinks that God hates him. God does not hate the sinner, he loves him; but he hates sin, and he hates it because he loves the sinner. Do you ask why God loves us—it is his nature to love; he can't help but love us for "God is love."
