A Klondike stake is all right if you can reach one, but it is much easier and more palatable if it is to step into Cooper & Clemmens' meat market and get a nice juicy beef steak or a leg-of-mutton for a Sunday roast.

A new son is reported to have appeared in the family of Samuel Moffitt a few days ago. This being the first son to appear among a family of several children, Sam's neighbors will be of course bear with him if he gets a little hilarious over the happy event.

When you cannot sleep for coughing take Chamberlain's Cough Remedy. It always gives prompt relief. It is most excellent for colds, too, as it aids expectoration, relieves the lungs and prevents any tendency toward pneumonia. For sale by C. F. Moore & Co., druggists.

Miss Hattie George seems to be quite fortunate in competing for prizes in essay writing. Last week she received a letter from the superintendent of the Oregon Humane Society saying that she had been awarded a prize of \$12 for a paper she furnished the society on the subject of "Our Native Birds."

Luther Charles' cow was driven away with a big drove of cattle that passed through town a couple of weeks ago. The parties who had charge of the cattle and who live in the upper part of the county have admitted that they got the cow and the matter will probably be settled without further trouble.

The C. E. Society has the stand privilege at the fair grounds for May 21st. Those wishing lunches, ice cream, candy, nuts and etc., will find their needs amply supplied from noon until evening. It will be an especial accommodation for those coming from a distance to be able to secure their lunches on the ground.

Mrs. T. H. Gardner left here last week for Omaha, Nebraska, where Mr. Gardner has been in the railroad hospital for several weeks without much indication of immediate improvement. He has been railroading in the capacity of engineer for about twenty years and he seems to be pretty well broken down. He will probably come home with Mrs. Gardner as soon as he is in a condition to travel.

On May 21 Portland High School track team will contest with our college team. This is the second such event between these schools. The first, held last year, resulted in a victory for Newberg. It is hard to even guess at the result this year, but those who are informed, as they think, say it will be very close. At any rate seeing the races and hearing the Indian band play will not be "hard to take" we are sure.

Mr. R. V. Jones, who for the past six years has been the accommodating gentlemanly agent of the S. P. Co. at this place, has left us for good. Having been promoted to the position of agent at Newberg. During the six years of his residence in Sheridan, he has proved himself to be the right man for the position, fully in touch with all the interests of the company and at the same time courteous and polite to all its patrons. He goes from here leaving none but friends behind, and we do most cheerfully recommend him to the good graces of the citizens of Newberg, as a business man and a citizen, competent, upright and capable in all the walks of life.—Sheridan Sun.

He was bothered greatly with shooting pains from hip to knee until he used this liniment, which afforded him prompt relief.—E. F. Baker, druggist, St. Paris, Ohio. For sale by C. F. Moore & Co.

The word given out at McMinnville last Saturday that the Portland High School track team had failed to keep its appointment with McMinnville College, caused a little uneasiness lest a similar disappointment should be again our own college in the meet advertised for May 21. All fears were groundless however. Captain Murphy of the P. H. S. team writes that McMinnville was the party to withdraw and that the meet with us is a surety.

The coming of the justly famous "Chenawaw Band" to our city is eagerly awaited by all lovers of good music. The Indian boys are always in attendance at the State Field meet at Salem, but not until now has any single college been able to secure them. An addition in the way of an excellent cornetist to the band renders it even more attractive than ever this year. He is rightly entitled to the place of first Indian cornetist in the world for which his extended education and splendid ability so well fit him. The band will be a great source of entertainment during the afternoon but at night they will render what will doubtless be the finest concert our city has ever heard.

A business men's carnival was held at Heppner, Morrow county, recently in which N. C. Maris, formerly of Newberg, who is in the dairy business took a prominent part as the following from a Heppner paper will show: Mr. N. C. Maris, the popular dairyman, was represented at the carnival last Tuesday night by a young lady who milked a real, genuine, live cow on the stage, and Mr. Maris took hand in the poem which had been prepared for the occasion with a request to publish the same. It is as follows: "This is the maiden, never before, that milked the cow (a short-horn) from Mr. Maris' dairy. His cows are all as fine as silk, and give the very best of milk. They take the premiums at the fair, and he always deals just on the square. The measure's full, the milk is pure, so had the wagon at your door; then you with us will all agree the place to buy is of Maris N. C."

On Tuesday in Justice Wright's court there was a trial at law between J. T. Osborn and A. C. Churchill. Mr. Osborn contracted to cultivate some orchard land for Mr. Churchill for three years. The contract was out January 1, 1898, but Osborn has not received his pay for the last year's work and consequently he is trying to hold and cultivate the land this season with a view of getting his pay out of the fruit crop, while Churchill is trying to oust Osborn and get possession of the land. Churchill admits that he owes Osborn the money but says that owing to reverse he has not been able to pay it. Attorney Palmer, of Portland, handled Osborn's interests while Mr. Spencer of the firm of Calk & Calk, of Portland, appeared for Churchill. The jury in the case were J. C. Nelson, J. D. Carter, F. E. Hobson, John McCleery W. W. Nelson, J. C. Porter. Their verdict was in favor of Mr. Osborn. There seems to be a good many complications in the case which it will probably take some time to adjust.

FROM THE COUNTY PRESS.

Not every populist can give as good reason for the faith that is in him as did a prominent resident of Carlton recently. Speaking to a republican neighbor he remarked that he'd like to see some of the prosperity the other fellows were talking about. "You get more for your wheat don't you?" the neighbor queried. "And more for your wool, sheep, hogs, cattle, hay, oats,"—"Yes, but hold on!" remonstrated the pop. "I've got a thousand dollars that I want to let out on farm security, and am having hard work to get it out at 8 per cent. I used to get ten and sometimes more. Do you call that prosperity?"

The reinstatement of Hon. J. E. Magers to the chairmanship of the republican central committee is a good sized compliment to that gentleman. He was chairman of the committee sixteen years prior to 1898, and the party flourished under his direction.

The building committee of the Christian church have decided upon plans furnished by Architect Burgraf of Salem, who is now at work completing the specifications in detail. The main auditorium will have an estimated seating capacity of 400, which can be increased to probably 700 by opening the lecture and class rooms, which communicate by folding partitions.

The Baptists have drawings of their new \$5000 church. It is going to be a fine structure. The seating capacity of the main auditorium is stated at 400, and the whole building, if they decide upon a gallery, is estimated at 1000.

The Riverside Band, made up principally of the Skunk Hollow boys, drove into town on last Saturday evening and favored our citizens with a free band concert that was highly appreciated.

The boys played so well that it has been hinted that if they let their coming be known next time some appreciation may be shown them in the way of preparation for refreshments to be served.

Billy Hendershott went to McMinnville the first of the week to open up headquarters for the campaign for the three-year ticket in this county. Just what a cork screw has to do with influencing voters remains to be seen but Billy was showing one to his friends before leaving town that came with an invoice of cigars received from Chicago. It is supposed that the cork screw was just put in for good count.

By an oversight the entertainment given by the home company was not mentioned in the Graphic last week. The program was well arranged and the entertainment was first class in every respect. The boys contemplate holding another one at no distant day and the reputation they have made assures them a good audience.

A public meeting of the missionary society will be held at Friends church, this Friday, evening at 8 o'clock. A good program, including an address by Rev. J. H. Hadley of Salem, will music by the college quartet and solos has been arranged. A cordial invitation is extended to the public to attend.

Hon. R. P. Boise, candidate for district judge on the three-year ticket spoke to a moderate sized audience at Army hall on Tuesday evening. Mose Johnson, candidate for state senator on the same ticket also occupied a few minutes time.

The birthday party given by Mr. and Mrs. Bishop Seely of their oldest son Charles 21st birthday, was a grand success in every detail, there being about 70 guests present and all enjoyed games and music until invited to a fine warm supper, prepared by the hands of Mrs. Seely. All did justice to as fine spread as they had sit to for many a day and wished more of the young men might have been present.

Mr. and Mrs. Oscar Larson rendered some fine instrumental music on the violin and organ, as also did Mrs. Winnie Bissell, Mr. Larson Mrs. C. T. Toose, and Mr. Peery Sharp. Miss Maul and Mr. Charles Seely sang several songs and then the Wilsonville choir sang, assisted by Miss Mabel Seely and the organ. Mr. Chas. Seely is one of Wilsonville's most prominent young men and well worthy of all the honors such an occasion.

A Lie Nailed.
Consumption and bronchitis are not by any means the same, although it is hard to distinguish one from the other. Bronchitis is an inflammation of the lining of the wind tubes or air vessels of the lungs, causing soreness of the same, cough, sore throat, hoarseness, difficulty of breathing, spitting of mucus and sometimes blood. Thousands die annually with this dread disease. Wilbur's Cough Cure will cure. Price 50 cents. For sale by all Druggists.

W. C. U.
There were several visitors present at the union Wednesday who came expecting to hear the lecturer announced to be here at that time. Through some misapprehension as to the time of their coming to the state, the dates have been changed to May 22nd, at which time we hope not to be disappointed.
