Don't forget Uncle Jimmy on next

justice of the peace, he having had some

The Southern Pacific has made a rate
of \$5.20 from Newberg to Yaquina and

this rate in effect the route to Yaquina
will be the easiest and least expensive

this season.

Miss Prudence Miles, assistant matron

Mr. and Mrs. Isaac N. Miles at
Scotts Mills.

Coffin of the Graphic force has been
in a splendid humor all the past week.
A young lady sent in a nice bunch of
flowers by her mother and as the moth-
er insisted that no married man
should receive flowers from her daugh-
ter, of course the flowers had to go to
Coffin, he being the only unmarried man
about the shop. Hence it appears that
that going it alone through this vale of
tears may have its charms.

Mr. P. Ketcham of Pike City, Cal.

Lovers of roses who have almost lost
faith in the beautiful Marechal Niel rose
on account of having poor success in get-
ting it to grow well should see some of

ven's yard north of town. They are very
large and fine and the bush is a healthy
grower.

E. D. Collard is at home from LaFay-

on account of a severe sore on one hand,
the cause of which he is unable to locate.
He was in town the first of the week but
after telling about one hundred and
ninety-nine fellows what was the matter
with his hand in answer to questions he
went home to rest and has not been

Mrs. T. H. Gardner arrived home from
the first of the week from Omaha where
she went to see Mr. Gardner who was in
the hospital. She found him considerably
improved and in a fair way to work
again. Mrs. Gardner says she has had
all the experience with thunder and
lightning she cares to have and she is
heartily glad to get back to a country
where she has no fear of storms.

Thomas Sallee, of West Chehalis,
out of sympathy for Mrs. C. H. Rich,
who is left to care for several small chil-
dren, recently circulated a subscription
paper among his neighbors and secured
money enough to buy a house and four
acres of land for a home for them. The
man who lends a helping hand to those
who are in a poor way to help them-
selves will receive his reward in due
season.

Howard Williams was in Portland last
Sunday and enjoyed a visit with two of
his nephews who belong to the Dakota
troops that passed through the city that
day on their way to San Francisco to join
the forces that are bound for the Philip-
pine Islands. Billy Sweet, formerly of
Newberg, and a brother of his were also
among the men. The way the Dakota
boys were showered with Oregon flowers
was a surprise to them.

A young man adds nothing to his rep-
utation by forming the habit of betting
on every event, great or small that comes
to his notice. This habit which is very
demoralizing, to say the least, is making
a very rapid growth about Newberg late-
ly, much to the disgust of those who
have seen the evil effects that grow out
of this species of gambling. When a
young man goes so far along that he can't
enjoy a contest of any kind without
wanting to put up money on it he should
call a halt and look about him to see
which way his steps are leading him.

Union Bi-metallic Resolutions.

The following is a full and correct copy
of resolutions adopted by the Peoples,
the Democratic, and Silver Republican
parties, and duly signed by the nominees
thereof, at their convention held on
April 28th 1898, at McMinnville, Oregon:

We your committee on resolutions beg
to report the following:
Resolved: That the nominees of this
convention for senator and representa-
tives are hereby pledged to do all in
their power, if elected to reduce the ex-
penses of the state government to the
lowest amount consistent with good gov-
ernment, and to oppose the employment
of more clerks in the legislature than
is absolutely necessary to do the clerical
work of the legislature.

That the salaries now allowed by law
to the sheriff, the clerk, and the county
recorder are sufficient to pay for the work
required to be done by those officers and
their deputies, and that the nominees of
this convention for those offices are here-
by pledged to pay their deputies out of
the salaries now allowed by law to said
officers, and not present to the county
court any bills or claims for salaries or
pay for deputies, and the nominees of this
convention for county judge and county
commissioners are hereby pledged to do
all in their power to carry out the spirit
of this resolution and to reduce the ex-
penses of the county to the lowest
amount consistent with good govern-
ment.

That we denounce recent republican
legislatures for their corruptions and ex-
travagances and for their repudiation of
their pledges of retrenchment and reform
made to the people, and for their em-
ployment of hordes of useless clerks, to
be paid with taxes levied on the people:
We favor the enactment of a carefully
drawn registry law to prevent repeating
and illegal voting.

That we endorse the union platform,
adopted by the conventions of the Peo-
ples, the Democratic, and Silver Republi-
cans in Portland in March last.
That all the candidates nominated
by this convention be required to sign
these resolutions as a personal and
individual pledge to the people that
these resolutions will be faithfully car-
ried out.

That these resolutions with signatures
attached be published.

Bad management keeps more people
in poor circumstances than any other
one cause. To be successful one must
look ahead and plan ahead so that when
a favorable opportunity presents itself
he is ready to take advantage of it. A
little forethought will also save much
expense and valuable time. A prudent
and careful man will always keep a bot-
tle of Chamberlain's Colic, Cholera and
Diarrhoea Remedy in the house, the
shiftest fellow will wait until necessity
compels it and then ruin his best horse
going for a doctor and have a big doctor
bill to pay, besides, one pays 25 cents,
the other is out a hundred dollars and
then wonders why his neighbors is get-
ting richer while he is getting poorer.

W. H. Mears arrived home from his
trip to Kansas and Missouri last week
and reports that he had a thundering
time of it while he was gone. He took
quarters in a cyclone cellar near Atch-
ison, Kansas, at one time while a storm
was raging and eat in darkness while the
clouds rolled by. An apple tree near
the cave was torn to pieces and the wood
house was turned about, then a little
farther on a big barn was completely de-
molished and several head of stock kil-
led, while across the river several lives
were lost. Mr. Mears is glad that he
succeeded in getting back to Oregon with
his scalp.

Aside from the candidates who have
been rustling to head off a trip up salt
river there has been little interest man-
ifested outwardly in the county campaign
in Yamhill county which closes this
week. People are a good deal busier
with their work than they were two
years ago and then all are interested in
the war news; consequently they don't
get excited easily over politics. This is
no indication though that there is no
thinking being done and a big change
from the vote of two years ago may be
looked for.

FROM THE COUNTY PRESS.

Transcript.
Yamhill county is pretty well rep-
resented in the army and navy. In the
navy Fred Ramsey is on the battle-ship
Oregon, Duncan Harris is on the gun-
boat Petrel, Guy Ballinger is on the tor-
pedo boat destroyer Hamilton, and
George Matney is on the cruiser
Charleston. And if Uncle Sam gets in a
pinch there can be spared up a few more
mighty good men ready to take a hand.

The Chautauqua Assembly.
The managers of the Willamette Val-
ley Chautauqua Association, located at
Oregon City, have this year been re-
markably successful in securing for the
coming assembly, to be held in the as-
sociation's admirable park situated on
the north bank of the Clackamas river,
talent of the first class for all the de-
partments. Among the lecturers is
John Temple Graves, of Atlanta, Ga.,
of whom President McKinley says: "One
of the most brilliant and beautiful
speakers I ever listened to." Ex-
President Cleveland says "He is the
most brilliant and statesman-like orator
heard in New York in years." Another
is Dr. P. S. Henson, of Chicago, who
has no superior as a pulpit orator and
lecturer according to eminent men who
themselves have enviable reputations
as public speakers. Of a special feature
of all his lectures the Nashville Banner
says "His humor was irrepressible
and his personation magnificent, while
the St. Louis Globe-Democrat assures
us that "he is a second edition of Abra-
ham Lincoln, more polished and grace-
ful, but with essentially the same sort
of presence and intellect."

Under "Entertainments" are the
names of two popular impersonators
who will be representatives of the fu-
ture appreciated at the extremes of the
continent. Hoyt L. Conary is Boston's
great favorite entertainer and will give
his popular entertainment, "Around
the Stove." Then San Francisco's fa-
vorite, Prof. Cyrus B. Newton, will
present his "On the Wheel," which has
been long applauded wherever given.
And these two are samples of what the
entire list of entertainments will be as
to excellence.

The management was certainly for-
tunate in securing the services of Miss
Maud May Babcock to take charge of
the department of education, as she has
no superior and few equals in America.
All the other departments will be
presided over by Oregon talent of the
highest character in their several lines,
thus making this assembly a distinctly
Oregonian one.

Parson's cel-brated orchestra, so well
known throughout the state is engaged
to be present every day, and Prof. R.
A. Heritage again has charge as music-
al instructor and director, which guar-
antees the highest excellence in music,
both vocal and instrumental.

Oil of Gladness
Is a pleasant, palatable preparation, en-
tirely free from all oily taste, and may
be administered internally or applied
externally. It will remove all pain
that "human flesh is heir to," if prop-
erly applied, and might be rightly
termed "a panacea for all ills." Price
50 cents. For sale by all Druggists.

THE
AMERICAN MONTHLY
REVIEW OF REVIEWS

It is impossible to promise particular features that will appear in the
"AMERICAN MONTHLY" during the coming year, for it is, as the
Bookman says, "a great monthly newspaper." As such, it prints for
its readers an illustrated account of the notable things which make the history of
the month, of the political, the economic, and literary happenings
which are of value to intelligent men and women. The Editor's
"Progress of the World" tells suc-
cinctly an illustrated story of the
month. The "Leading Articles"
give the best thought and information of the current magazines in five con-
tinents; the contributed articles furnish the character sketches of the man of the
month, and give timely discussions by authorities on any question of immediate
serious import.

The result of this comprehensive effort to edit in one monthly volume the
information needed by intelligent people of "live" instincts is best gauged in
the opinions which the readers of the
AMERICAN MONTHLY
have seen fit to express. These
are thinking business men, clergy-
men, editors, lawyers, professors,
engineers, the wide-awake "women
of America." They write that the
AMERICAN MONTHLY "is
indispensable"; "is simply invaluable"; "is a generous library in itself"; "is
a historical cyclopedia of the world"; "the best means of aid for a busy man";
"the best periodical of the kind we have ever had"; "a triumph of editorial
genius"; "the world under a field-glass," etc., etc.
