It is taking an immense amount of dirt to make the fill at the long trestle near town but when it is completed it will be a permanent job. It will require ten days or two weeks more time to finish the work.

H. F. Ong is here helping in the telegraph office in order to relieve R. V. Jones, the agent, who has been tied to the office so closely since the dirt trains have been running that he was unable to give the outside business proper attention.

Jim Duncan went to the Nestucca beach this week and before leaving sent word in that he would supply the Graphic household with the best sea fish of the Pacific on his return. Jim always remembers the print shop when he comes home from a fishing expedition.

The Rev. W. B. Costly, of Stockbridge Ga., while attending to his pastoral duties at Ellenwood, that state, was attacked by cholera morbus. He says: "By chance I happened to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea remedy, and I think it was the means of saving my life. It relieved me at once. For sale by C. F. Moore & Co. Druggists.

"There is many a slip 'twixt the cup and the lip" and there are other slips well. The other day the car by which clay is drawn up from the bottom of the canyon at the brick factory suddenly took the back track, when near the top, and away it went to the bottom at a "greased lightning" speed. It was all over quick but the boys at the lower end of the track were pale for several minutes at the thought of what might have been.

The Earl Fruit company shipped a car load of fruit from Newberg Wednesday for Chicago, made up of Bartlett pears, Italian and Silver prunes. Fruit growers have had such poor returns in the past for shipments of green prunes that they are slow to take hold this season and consequently there will be but little sent out from Newberg. The Earl Fruit company claims that the poor returns come largely from poor packing and their plan is to bring fifty experienced Chinese packers from California to do their packing for the company in Portland.

J. L. Hoskins made a dusty trip over to Woodburn on Tuesday to receive some fine blooded Shropshire sheep bought of G. G. Bell, of Rowland, Linn county, who has the reputation of being the best Shropshire breeder in the country. If any man in the country has extra well bred Jersey cattle, Shropshire sheep or Minorca chickens he may expect to hear from J. L. Hoskins, of Newberg. He don't buy from every breeder but it is a great source of satisfaction to him to lean on the fence and look at good stock and compare notes with other breeders and then make his selections, and his success as a breeder proves that he knows a good thing when he sees it.

A. Bowman who went to Klondike last season with Lon Hill and Frank Elliott, going up on the first trip of the Elder, arrived home on Tuesday evening pretty well worn out as a result of the year's work and exposures to which he has been subjected. He says Lon Hill has been sick but was better when he left and will come out soon. Frank will remain for some time. Mr. Bowman brought out some very nice gold nuggets to show to his friends.

Charles Waide's team indulged in a very interesting and entertaining runaway on Wednesday afternoon and so far as the Graphic knows they may be running yet. They started from the grain elevator on the railroad and after cutting several exact curves about different streets in the west part of town they went down First street, then crossed the long bridge and went east on the Portland road as far as Milt Gunn's place where they turned north and headed for Springbrook. A number of people ran out and threw up their hands and said "shoo" but without avail. Nobody was hurt nor very much excited and as the escape served to break the monotony of rather a dull day, a vote of thanks ought to be extended to Mr. Waide for furnishing a free open air entertainment without any patent medicine annex.

The man without a country is in about the same fix as the fellow who has lost most of his teeth. What the latter wants and must have to exist is nice juicy steaks and roasts, just such as are sold at Cooper & Clemmens's market.

Mrs. H. L. Christenson spent a day at Milton Hampton's home over beyond Dundee recently and now she thinks Mr. and Mrs. Hampton are about the nicest people in the country and that they have a home that anybody in Yamhill might well be proud of, and she wants as much said in the Graphic.

The Roseburg Plaindealer has the following very complimentary words to say of Rev. Frank L. Moore, son of Alfred Moore of Newberg: The Many friends of Rev. Frank L. Moore pastor of the M. E. church in this city will regret very much that he has decided to sever for a time at least his connection with the Oregon Conference.

Rev. Moore has been a very popular citizen and pastor and his removal will necessitate a change in the pastorate of the church at the end of the present conference year. Rev. Moore goes to New York city where he will take a course at Drew Theological Seminary. He will probably accept the charge of some church in the neighborhood of New York city while pursuing his studies. He will leave in about two weeks, having made arrangements to supply his pulpit until conference meets and supplies his place.

Hon. C. B. Moores of the Oregon City land office accompanied Judge Galloway to McMinnville on Saturday and remained with him over Sunday at the fruit farm northwest of town. He is said to have given the Judge many valuable pointers on fruit evaporation and horticulture. Mr. Moores is among the most thoroughly versed fruit growers in the state, and has a splendidly developed fruit tract at his Salem home.

As Uncle Dick Phillips was starting home Friday evening, his driving horse assumed an uncontrollable gait, due to the loosening of the shafts, causing the buggy to run sideways, and turning into the lane back of Mr. Hodson's residence, threw Mr. Phillips and overturned the buggy. The horse ran into the fence at the other end of the lane and stopped. The fall rendered Mr. Phillips unconscious for a time and made it necessary for him to visit a physician's office and have some stitches taken in a deep gash cut in the fleshy part of the forearm.

A meeting is called to meet in the Old Fellows hall on next Monday afternoon at 3 o'clock to which all the superintendents and all others who have an interest in the success of the fair are invited. A good stock of enthusiasm is needed to insure success and the superintendents ought to be present at this meeting and counsel together and organize for thorough work. The time for work is limited but now is the time to strike. If the superintendents and all others will get in and drill we can have an excellent fair.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way of recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hamrick & Co. of Shelby N. C. Trial bottles free at C. F. Moore & Co.'s drug store. Regular size 50c and \$1. Guaranteed or price refunded.
