New York. The O. R. & N. C.'s steamship Columbia on her last trip made the run from San Francisco to Portland in 47 hours and 55 minutes.

The American National bank, of Lima, O., was robbed of \$18,162. The money was taken from the big vault. The robbery was perpetrated in a skilful manner, no damage being done to the vault.

An express train and freight train met on the same track near Vincennes, Ind., and three trainmen were seriously hurt and a score or more passengers bruised and scratched.

Cantain R. D. Evans' name is prominently mentioned as Rear-Admiral Bunce's successor in the Brooklyn navy-yard, now that it seems to be decided that Rear-Admiral Sampson will remain commander in-chief of the North Atlantic station, and Rear-Admiral Schley will be assigned to sea duty in compliance with his request.

The conference based upon the disarmament proposal of Emperor Nicholas has been fixed for St. Petersburg about the beginning of May next, prior to which the Russian government will submit officially to the powers a definite plan of disarmament in order to enable them to formulate modifications or counter-suggestions.

A special from Dawson dated November 19 says: Reports from all creeks in the vicinity of Dawson indicate that the winter's product of gold will exceed that of last year by more than 100 per cent. Several persons are reported to have been frozen to death. One of these was found in a knjeling posture beside his sled and dogs, between Hunker and Dominion, at the summit.

The navy department is going to be prepared for any emergency that may hereafter arise in the Atlantic and Pacific oceans by carrying on hand the enormous stock of nearly half a million tons of the best steaming coal for warships that can be procured. This supply of the most important of all sinews of modern war is to be systematically distributed in American ports most conveniently located for the coaling of ships for any operations the navy may conceivably be called upon to under- £40,000. take.

Minor News Items.

Prof. Kitridge, of Harvard, is said to Eliot's Indian Bible.

The French vintage of 1898 is officially estimated at 32,282,000 hectoliters, which is 68,000 hectoliters below the vintage of last year.

This feeling has asumed such proportions that the Russian auceived official instructions to this effect thorities have already strengthened their garrisons. They have, moreover, occupied the larger villages in force, and superseded the civil by a military administration. Not more than 200 or 300 fanatics were engaged in the attack on the Rusians, yet more than 1,200 men were arrested on suspicion and flogged in order to extort information. Not only were the actual malefactors punished, but their relatives of all de-Ishpeming, Mich., Jan. 3 .- A cage grees were also imprisoned. In addi-

tionto this, a fine of 300,000 roubles has been inflicted on the district.

A Prosperous Year.

Washington, Jan. 3 .- The published tatement of the government receipts and expenditures shows that during the half year ending December 31, the receipts aggregated \$245,961,890, against \$207,760,574, for the same perod last year. According to the treasary these receipts are the largest since 1866, when they reached \$558,032,620, for the entire fiscal year, and 1897, when they amounted to \$490,634,010.

Disastrous San Francisco Fire. San Francisco, Jan. 3 .- Fire which

started early tonight in the business uilding at 917 Stevenson street caused loss of \$50,000 before it was extinguished. Of this amount about \$40,000 falls on the Krough Manufacuring Company, makers of pumps and

draulic machinery. The San Fransco artistic metal works, which occupied part of the structure, were totally destroyed, the loss being placed loves most and the girl she hates most at \$10,000. The origin of the fire is unknown.

shown of 13 per cent in number, and Senator Fulton had identified some shotgun cartridges in the house as belonging to him, and began questioning Willard as to where he got possession of them. This nettled Willard, al. though he answered that a friend had given them to him, and he began to get ugly.

> Fulton and Miller went inside the cottage, leaving Willard, Sheriff Williams and Lamers standing outside. They had just proceeded to the rear room when two shots were heard in quick succession, and on running to he door, Sheriff Williams was seen to throw up his Lands and fall backwards over the bank. In front of the house were Willard and Lamers, in a desper followed the Botkin trial, and to the ate hand-to hand struggle, although entire dismay of the defendant and her the latter had been shot through the attorneys, Mrs. Cordelia Botkin was right groin and was fast growing faint. tonight found guilty of murder in the and his assailant was fighting with the desperation of a demon. Fulton sprang at Willard's head, and pulling him to the ground jumped on his face. Miller Del. The condemned murderess will wrenched the rifle from his hand, threw it on the ground, and taking out his revolver beat the desperado over the head.

Senator Fulton, in the meantime, picked up the rifle and told Willard to dently awaited by the defense, while remain quiet, or he would kill him. The latter, however, watched his opportunity, and jumping to his feet started to run away, when Fulton fired, missing him the first time, but strikexcitement was caused in mining and smelting circles here today by the aring him in the face the second time, carrying away the greater portion of rival of authentic information of one of the biggest gold strikes yet made in his month and nose. Willard fell, ap-parently dead, and Fulton started to Northern Mexico. E. U. Beauchamp, who arrived today from Bacereac, So obtain help to care for the injured men. noro, by way of Casas Grandes, Chihualeaving Miller on guard with the rifle in hand. Miller stepped back to aid hua, reports the discovery of an immense fissure vein of free milling gold Lamers, who was lying on the ground ore 20 miles south of Bacereac. The desperately wounded, when Willard ore is reported to contain 18 ounces of was noticed to be fumbling with his helt. Quicker than a flash he drew a gold to the ton, and the vein has been revolver and fired three bullets, the first one hitting Miller in the left leg, just below the hip. Miller returned the fire with the rifle, the first bullet inflicting a flesh wound in Willard's shoulder, and the second hitting him in the left side, near the groin, killing him instantly.

By this time help had arrived, and an examination was made of the injured men. Sheriff Williams was found to have been shot through the be started next Sunday between New right breast, and although his pulse was beating feebly when examined, he fastest regular train in the world. showed no further signs of life. Lamers was shot in the right groin, and he lived about 30 minutes after being removed to Grimes' hotel. Miller, the other deputy, was wounded in the leg. but his wound is not of a serious nature.

Discarded Woman's Deed.
