

Something Very Soothing.
There is something very soothing in the use of St. Jacobs Oil for the cure of Neuralgia. It soothes the pain, while it strengthens and restores the weak nerves to a natural condition. It is prompt and sure.

Curiosities of Lakes.
If lakes have no overflow to the sea the water always becomes salty, particularly if there is small rainfall and much evaporation. The Caspian sea is properly a salt lake. So is the Dead sea. There are several lakes of considerable size in Canada which have no visible inlets, being fed entirely from subterranean sources.—Chicago Chronicle.

True Greatness In Medicine

Is proved by the health of the people who have taken it. More people have been made well, more cases of disease and sickness have been cured by Hood's Sarsaparilla than by any other medicine in the world. The peculiar combination, proportion and process in its preparation make Hood's Sarsaparilla peculiar to itself and unequalled by any other.

DRIFT WOOD.

Bullets of stone were used as late as 1814.
Breeches among the Greeks were a sign of slavery.
The topaz was the second stone in the breast of the Hebrew high priests.
Chicena, from which quinine is made, was called "Jesus' bark" by the Spaniards.
If all the tunnels of the world were placed end to end they would reach a distance of 514 miles. They number about 1,142.
The largest gold coin in existence is worth about \$315. It is the ingot or "loaf" of Annam, and its value is written on the coin with India ink.

Schilling's Best money-back tea and baking powder at Your Grocer's

PERSONAL AND LITERARY.

There have been 27 cases of insanity in the Bavarian royal family during the last 100 years.
It is curious fact that there are no direct descendants of Napoleon, Wellington, Washington or Walter Scott.
Each of the 33 cities in Massachusetts has one or more public libraries and only 18 of the 321 towns are so supplied.
Henry Norman says it is calculated that Kipling made \$75,000 by the serial book rights of his latest volume of stories, "The Day's Work."
King Oscar of Sweden and Norway has conferred the Order of Vasa on August Peterson, of Washington, in recognition of his services in founding colonies of his countrymen in America.
Mrs. Oliphant has written 74 novels and six biographies; Miss Braden has produced 55 novels; Miss Yonge, 63; "Ouida," 35; William Black, 30; Sir Walter Besant, 27; and Rider Haggard, 16.

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guarantee of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

CALIFORNIA FIG SYRUP CO.
SAN FRANCISCO, CAL.
LOUISVILLE, KY. NEW YORK, N. Y.

PISO'S CURE FOR CONSUMPTION

ALONG THE COAST.

Items of General Interest gleaned From the Thriving Pacific States.

Railroad Extension.

Considerable excitement prevails from Lakeview, Lake county, Oregon, all along the line to Reno, Nev., owing to the recent authorized report of the extension of the Nevada & California railroad from Amedu, Cal., north. The news of the purchase of over 3,000 tons of steel rails in New York by the owners of this road was sent out last week, and the material will be shipped immediately to Amedu, preparatory to beginning of extension work in the spring. This is a narrow-gauge road now terminating at Amedu, and it is concluded that the next terminus will be Van Loan, 65 miles north, and nearly crossing over the great Madeline plains. It will place Lakeview within 105 miles of railroad transportation, and will make a considerable difference in stock shipping, freighting and passenger travel. The object of the proposed extension is to head off the Southern Pacific Company, which is now extending its line from Upton through the great McCloud timber belt to Fall River.

Speedy Mail Carriers.

All records of ice travel on the Yukon have been broken by the recent fact of the mounted police of the Northwest territory in bringing a big shipment of mail from Dawson to Skagway in nine days and 19 hours. The mail left Dawson on the morning of January 15 and was in Skagway before noon on January 31. The record was made by the Canadian officials, it is said, to show that they could greatly reduce the time being made by the United States mail contractors.

Big Sale of Wheat.

With the sale of about 500,000 bushels of wheat on a basis of 50 cents for No. 1 club, net, to the farmers, the wheat market has taken on a quieter tone at Pendleton, Or., and no sales are being recorded. The distribution of \$250,000 of ready money in this community has given considerable impetus to retail business, which had become somewhat stagnant from the failure of the producers to realize either on wheat or wool.

Schooner Sander Libeled.

The schooner Fred E. Sander, at the Tacoma mill loading lumber for Vallejo Junction, has been libeled by James Gillespie, formerly a cook on her, for \$318. The suit was brought while the ship was on the lower Sound. The case will be heard in Seattle. Since coming to Tacoma the captain and all of the crew who were in her before, with the exception of a Mexican, who speaks no English, have left her.

Farming Operations Resumed.

Farming operations are in active progress in the country south and west of Colfax, Wash., and last week hundreds of acres were plowed for spring seeding. Farmers in the Alkali flat country are seeding, and many are well along with sowing their spring grain. Squirrels are out by hundreds, the country bears the marks of spring, the hills are becoming green, and farmers are busy with their spring work.

A Girl Attacked.

On Sunday, an unknown man attacked the 14-year-old daughter of O. L. Morris, of Turner, Or., while she was in a stubble field, rounding up cows. The man jumped from behind a clump of brush, threw the girl on the ground, took off one of her shoes and ordered her to skip. Mr. Morris heard the screams of his daughter, and ran to her rescue, but the assailant was nowhere to be found.

No Hids Received.

The steamship City of Columbia was put up for sale at San Francisco at the upset price of \$32,000. There was no purchaser. The police department will now endorse the petition of the seamen of the Columbia, that the vessel be put up for as much as she will bring. The sailors of the vessel are really in a very bad shape. Most of them have not a cent, and have not possessed a dollar in weeks.

Overhauling a Nail Plant.

The report published in the Port Townsend Leader a few days ago to the effect that the nail works plant was being wrecked for the purpose of shipping the machinery elsewhere, was a mistake. It originated from the fact that several workmen were basely engaged in overhauling the machinery. When the plant will resume work has not been definitely settled.

Income From Claims.

According to the Astorian, C. N. Carnahan, as a result of a personal investigation of the subject, finds that the estimate of value of the claim product of Clatsop county contained in Fish Commissioner McGuire's report is wrong. Mr. McGuire puts the annual value of Clatsop county claims at \$900. Mr. Carnahan states that it is very close to \$10,000.

Boy Pirates at San Francisco.

John Hallin and Arthur Daught have been arrested at San Francisco on a charge of stealing copper and brass from the Mare island navy-yard. They were formerly wreckers, but of late have been veritable bay pirates, using a whaleboat and a skiff to commit their depredations.

General Land Office Reversed.

In the case of the Northern Pacific Railroad Company against James B. Gaines, involving lands in the Walla Walla land district, Washington, the secretary has reversed the decision of the general land office, which held for cancellation the selection of the railroad company and allowed the application of Gaines to make homestead entry of the disputed tract. The company's right was prior and indisputable, and Gaines has been notified to transfer his claim to other lands.

Lien Lands Approved.

Notice of the approval by the general land office of lien lands list No. 52, embracing 17,177.77 acres of swamp and overflowed lands in the Lakewick district, incuring to and selected by the state under an act of congress, approved March 2, 1860, has been received at the executive office of Oregon. The governor has asked for the immediate issuance of a patent.

Mrs. Victorian Blanchard, 56 years old, of Holyoke, Mass., is the youngest living daughter of a revolutionary soldier.

Vice-Consul Advanced.

Wellesley Moore, British vice-consul in San Francisco, has been advanced to the consulship at Porto Rico, W. I., to succeed George W. Crawford, who died at Saen, France, recently. Mr. Moore's head clerk, Montague Hankin, has been advanced to the position of vice consul at Buenos Ayres.

Government Control of Locks.

The preliminary proceedings looking to the purchase by the government of the locks at Oregon City have been taken by the secretary of war, under whose jurisdiction the matter comes. He has been authorized to report to congress, after making a thorough investigation, as to the amount of money needed for this entire enterprise.

Lower Rate on Prunes.

Fruitraisers in the vicinity of Spokane are asking for lower rates on green prunes to St. Paul. The present rate on apples is 75 cents, and on mixed fruit \$1.12 1/2. The fruit men want the rate on mixed fruit reduced to 37 1/2 cents, and they state that the prune industry cannot live unless this reduction is made.

Settling an Estate.

Transfer to the amount of \$18,000 in deeds made in connection with the estate of Henry Buckman, at Portland, this past week. It was simply the settling up and division of the state of the deceased, who died intestate.

Increase in Insurance Business.

Insurance Commissioner Clinie, of San Francisco, has made a report showing that the amount of insurance written on the Pacific coast in 1898 was \$606,057,005, an increase over 1897 in the former total of \$160,000,000, and in the latter of \$2,400,000. The coast losses amounted to \$5,628,021 last year, and \$4,040,541 in 1897.

PACIFIC COAST TRADE.

Seattle Markets.

Onions, 85¢@90¢ per 100 pounds.
Potatoes, 15¢@20¢.
Beets, per sack, 75¢.
Turnips, per sack, 50¢@75¢.
Carrots, per sack, 45¢@60¢.

Tropical Fruits—Bananas, \$1.25@2.50 per bunch; pineapples, \$2.50@4.50; Persian dates, 6¢@6 1/2¢ per pound.

BEECHER ON ADVERTISING DOCTORS.

San Francisco Chronicle.

"I am glad that the doctor cured him; I am glad that the doctor put it into the paper that he could cure him. And if any doctor is certain he can cure such diseases and don't put it into the paper, I am sorry. What a pity it would have been had this doctor come to town, with his wealth of science and experience and gone away leaving him uncured! What a pity it would have been if he had been so prejudiced against advertising as to read the responsible certificates of the doctor and gave him the go-by as a quack! What are newspapers for, if not to circulate information? What more valuable information can a newspaper give than to tell a sick man where he can be cured? If a man has devoted his life and labor to the study of a special class of diseases, the necessity of his saying so becomes all the more pressing. His duty to advertise becomes imperative. A really able man, whatever be his gifts, makes a great mistake in not using those gifts through want of advertising."

The above extract from an article by the Rev. Mr. Beecher, published in a sound view of the subject of advertising. Suppose Dr. Darrin, at 265 Morrison street, this city, had done this and not advertised, who would know his presence? Who would know of the following almost miraculous cure he performed in 1872, had not Mr. Beecher put it in the paper?

Mr. Editor: In 1872 my daughter was taken with the membranous croup, and upon her recovery was left totally deaf. I called on two eminent physicians, who said they could do nothing for her. As a last resort, I took her to Dr. Darrin, who cured her, and she has never been troubled with deafness since. I consider it one of the greatest cures of electrical treatment on record, and of great satisfaction give this testimonial. I reside in Berkeley, Alameda county, Cal., and will take great pleasure in any article you may publish concerning this remarkable cure. Yours respectfully, WILLIAM S. DIBBLE.

Good and Sufficient.

Teacher—Have you any good excuse for your lateness this morning, Johnny?
Johnny (emphatically)—Yes, ma'am.
Teacher—Well, what was it?
Johnny (beaming)—First buckwheat cakes this year, ma'am.—N. Y. World.
