I don't claim to be the only photographer in the country but I claim to give satisfaction and this claim I desire to make good in each and every instance. "Studies in human nature" will be the subject of Dr. Kellogg's lecture at Friends church this, Friday evening. This will be the second in the course of lectures and none can afford to miss the rare treat that is offered. Dr. Kellogg's lecture which he delivered at the M. A nephew of the Misses Hibbs, named Swett who was on his way to his home in North Dakota from Manila stopped off here a few days the first of the week. He went as a volunteer with a Dakota regiment but was recently discharged on account of continued sickness. When he left Manila he only weighed ninety pounds but he has now so far recovered that he weighs one hundred and forty. His brother Billy who was here two or three years ago is still at the front with his regiment and is in good health. Mr. Swett says the people in this country are a good deal better able to keep posted as to the general trend of affairs in the Philippines than the private soldier is who is there on the ground as he can't know very much only regarding his immediate surroundings.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. W. of W. Entertainment.

The Woodmen of the World held a public meeting last Friday night which was addressed by Geo. K. Rodgers, general organizer from Oakland, Cal. For near two hours he talked Woodcraft to a full house and was listened to with the closest attention. Every one was well pleased with his talk. As a result of his labors here Newberg Camp has twenty new applications, with more to follow. Woodcraft is the strongest fraternal order in Newberg and the strongest in the state. Applications are coming in at the rate of 300 a month in the state of Oregon alone.

Saturday night the Woodmen held a session of their camp that Mr. Rodgers might exemplify the secret work and give us a little family talk. Just as we had settled down to business the sentry cried help, help! But help was of no avail, the ladies circle came against that door in full force, loaded with cake, coffee and other good things and they soon had possession. A very pleasant social evening was spent and the camp honors were extended to the ladies for their very pleasant and agreeable surprise.
