

After the Cooling Process.
Don't cool off too quickly after being in an overheated room. If you do, you will need St. Jacobs Oil to cure Lambo, which sets in very often after the cooling process. It relaxes the stiffened muscles.

"Evil Dispositions Are Early Shown."

Just so evil in the blood comes out in shape of scrofula, pimples, etc., in children and young people. Taken in time it can be eradicated by using Hood's Sarsaparilla. In older people, the aftermath of irregular living shows itself in bilious conditions, a heavy head, a foul mouth, a general bad feeling.

It is the blood, the impure blood, friends, which is the real cause. Purify that with Hood's Sarsaparilla and happiness will reign in your family.

Blood Poison.—I lived in a bed of fire for years owing to blood poisoning that followed small pox. It broke out all over my body, itching intensely. Tried doctors and hospitals. I tried Hood's Sarsaparilla. It helped. I kept at it and was entirely cured. I could go on the house-top and about about it.—Mrs. J. T. Williams, Carbondale, Pa.

Scrofula Sores.—My baby at two months had scrofula sores on cheek and arm. Local applications and physicians' medicine did little or no good. Hood's Sarsaparilla cured him permanently. He is now four, with smooth, fair skin.—Mrs. B. S. Wooten, Farmington, Del.

Rice Cultivation in Russia.
While rice has been grown in Persia and the Trans-Caucasus, it was almost unknown in the interior of Russia up to 1886, the supply being imported from India, and as it was subjected to high duty, its use was naturally confined to the wealthier classes. Russia all first commenced the cultivation of rice in the early 80s, and in 1888 the first steam rice-cleaning factory was opened at Baku, and 1,612 tons were produced the first year. There has been a steady increase in the production of rice, and there are now five rice-cleaning factories in operation, and the annual product is more than 48,000 tons. The demand for rice has increased, and it is now generally used by the peasants throughout the empire. The quality of the native product is equal to that of the imported article. The residue is utilized, the broken grain being made into starch and the flour is given to hogs.—Scientific American.

AN OPERATION AVOIDED.

Mrs. Rosa Gaum Writes to Mrs. Pinkham About It. She Says:

DEAR MRS. PINKHAM:—I take pleasure in writing you a few lines to inform you of the good your Vegetable Compound has done me. I cannot thank you enough for what your medicine has done for me; it has, indeed, helped me wonderfully. For years I was troubled with an ovarian tumor, each year growing worse, until at last I was compelled to consult with a physician. He said nothing could be done for me but to go under an operation. In speaking with a friend of mine about it, he recommended Lydia E. Pinkham's Vegetable Compound, saying she knew it would cure me. I then sent for your medicine, and after taking three bottles of it, the tumor disappeared. Oh! you do not know how much good your medicine has done me. I shall recommend it to all suffering women.—Mrs. ROSA GAUM, 730 Wall St., Los Angeles, Cal.

The great and unvarying success of Lydia E. Pinkham's Vegetable Compound in relieving every derangement of the female organs, demonstrates it to be the modern safeguard of woman's happiness and bodily strength. More than a million women have been benefited by it.

Every woman who needs advice about her health is invited to write to Mrs. Pinkham at Lynn, Mass.

NEWS OF NORTHWEST

A Budget of General News Gathered in Several Pacific Coast States.

Abandoned by Their Guides.
Francis A. Holterman, who has arrived at Seattle from Copper River, Alaska, tells a story of the fortunate rescue of himself and son by a missionary after they had been abandoned by Indians whom they had employed to guide them to the coast. Holterman, with his son, Bernard, James Morris and Anglo Jenkins, were prospecting on the Alsek river. Their provisions were reduced to a six days' supply, and they arranged with a party of Indians to guide them to Yakutat, about 50 miles down the coast. The Indians compelled them to leave their baggage behind. It was appropriated by the Indians. After taking Holterman and his party down the coast a short distance the Indian guides deserted them in the expectation that they would perish.

Mementos of Manila Bay.
The Spanish battle-flag and pennant presented to Olympia, Wash., by the United States cruiser Olympia have at length arrived at Washington's capital city. The flag is made of heavy buttoning, and is 10x7 feet in dimensions. In the center is the coat-of-arms of Spain. It formerly flew from the mast of one of the Spanish vessels sunk in the harbor of Manila, on May 1 last by Admiral Dewey's fleet, and bears a card with the inscription: "Compliments of the gunners of the United States flagship Olympia, May 1, 1898, to G. B. Lane, mayor, from T. P. Toohy." The pennant is 30 feet in length, and varies in width from half an inch to seven inches.

Invalid Warrant Indebtedness.
Recently the local city officials and property-owners of Cheney, Wash., were greatly stirred up over threats made by owners of Cheney warrants to ask that a receiver be appointed for the city. Attorney F. C. Robertson, of Spokane, has been engaged to furnish an opinion concerning the validity of the city's obligations. His report was made to the city officials. He contends that the \$10,000 bonded debt and about \$5,000 of the \$34,000 warrant debt is valid. He further asserts that under the constitution of the state the \$29,000 invalid warrant indebtedness cannot be validated at a special election, as it would be beyond the constitutional limit.

Bluestem vs. Fife Wheat.
Some years ago, says the Walla Walla Statesman, the raising of Fife wheat was all the rage among farmers, and many carloads were imported from Dakota, as No. 1 Fife always held the top price in the market, as it contained a larger percentage of gluten than our wheat. But of late years millers do not care for it, and winter Fife is quoted 1 cent below club or bluestem; still it is a good winter wheat, as there is little danger of its freezing out. Scotch Fife is still used as a mixture for export.

To Receive Baptists.
Tacoma, Wash., Baptists are making preparations to receive the returning delegates to the San Francisco meeting in May. A reception committee has been named and an effort is to be made to induce a large portion of the Eastern delegations to return by way of Tacoma. E. E. Rosling and Rev. William E. Randall, who are named on the reception committee, will go to San Francisco and endeavor to induce the delegates to come home by way of the Sound. It is believed many of them will do so.

Close Season on the Columbia.
Fish Commissioner McGuire, of Oregon, has received a letter from Commissioner Little, of Washington, stating that he had reconsidered his intention not to aid in enforcing the closed season law on the Columbia river, and would use every possible means to see that the provisions of the law were carried out. This undoubtedly means that he will put a patrol-boat on the river. If not, Mr. McGuire, whose authority under the decisions of the courts extends from shore to shore, will enforce the law on both sides of the river.

A Washington Invention.
L. Harding, of Colfax, Wash., inventor of the Harding differential rolls system, has been successful in inventing the big machinery firm of Edward P. Allis Company in his patent. A 2,000-barrel mill is being manufactured using these rolls, for which a good royalty is paid. The system has had a thorough and successful test in the Colfax mills, of which Mr. Harding is head miller, and the prospects are bright for the success of the process.

Last Note Paid.
The last of many long-standing promissory notes against the First Methodist church of Spokane, has been settled. Within 15 minutes during a Sunday morning service, recently, \$200 was collected with which to meet the obligation. With the exception of the church mortgage and a few trifling current accounts the church is now entirely out of debt.

Klamath's Means of Transportation.
Klamath county, Or., has three steamboats and one naphtha launch and no railroad, except a logging road.

Decrease in Registration.
The Tacoma registration book shows a total registration of 4,354, a notable decrease over the figures for 1898 and 1897. A year ago there were 5,454 voters registered for the spring election, and at the commencement election two years ago, the total vote was 4,559.

A Mountain Lion was killed recently four miles from Prairie City, Grant county, Or., the savage beast measuring 7 1/2 feet from the nose to tip of the tail.

A Smelter Near Bossburg.
It is announced that a small smelter is soon to be erected on the Uncle Sam mine, near Bossburg, Wash. This smelter is to be built by the capitalists owning and operating the mine, and probably will cost between \$15,000 and \$20,000. The smelter will be of sufficient capacity to handle 100 tons per day. It is suggested by the owners that the day is coming when every mine will have a smelter.

Kicked Against the Price.

A license to marry was issued to David Hull and Mrs. Ella Young, at Colfax. Mr. Hull is a farmer, and has undoubtedly passed "three score years and ten." He created much amusement among the clerks in the auditor's office when told that he would have to have a witness to testify to his age, and that of the prospective bride, by declaring: "They didn't have to do that 50 years ago." When called upon to pay \$3 for the license he kicked and declared: "They only cost \$2.50 years ago."

To Guard National Parks.
At the request of the secretary of the interior, the secretary of war has directed General Shafter, commanding the department of California, to send one troop of cavalry to the Yosemite park and one to the Sequoia and General Grant parks in California, to protect from destruction or injury by preventing trespassing either by cattle or sheep herders or timber thieves. Two troops of the Fourth cavalry, now at the Presidio, San Francisco, have been selected for this duty.

Old Alaskan Boundary.
News has reached Seattle that five Finlanders claim to have discovered evidence of the original Russian boundary line inscribed on a series of old mounds, which, if established, will place the Klondike country within the United States. It is stated that United States Commissioner McCook, at Dawson, will communicate with the Washington authorities regarding the matter.
