"Better Be Wise Than Rich."

Wise people are also rich when they know a perfect remedy for all annoying diseases of the blood, kidneys, liver and bowels. It is Hood's Sarsaparilla, which is perfect in its action. It so regulates the entire system as to bring vigorous health. It never disappoints.

Cure—"For 42 years I had gotit, or swellings on my neck, which was disgusting and troublesome. Rheumatism also annoyed me. Hood's Sarsaparilla cured me completely and the swelling has entirely disappeared. A lady in Michigan saw my previous testimonial and used Hood's and was entirely cured of the same trouble. She thanked me for recommending it."—Mrs. ANNA STUBBINS, 406 Louisville, Kalamazoo, Mich.

Poor Health—"Had poor health for years, pains in shoulders, back and hips with constant headache, nervousness and no appetite. Used Hood's Sarsaparilla, gained strength and can work hard all day; eat heartily and sleep well. I took it because it helped my husband."—Mrs. ELIZABETH J. GIFFELS, Moose Lake, Minn.

Makes Weak Strong—"I would give \$5 a bottle for Hood's Sarsaparilla if I could not get it for less. It is the best spring medicine. It makes the weak strong."—ALBERT A. JAGNOW, Douglas town, N. Y.

"I DO MY OWN WORK."

So Says Mrs. Mary Rochette of London, New Jersey, in this Letter to Mrs. Pinkham.

"I was bothered with a flow which would be quite annoying at times, and at others would almost stop. I used prescriptions given me by my physician, but the same state of affairs continued. After a time I was taken with a flooding, that I was obliged to keep my bed. Finally, in despair, I gave up my doctor, and began taking your medicine, and have certainly been greatly benefited by its use."

"Lydia E. Pinkham's Vegetable Compound has indeed been a friend to me. I am now able to do my own work, thanks to your wonderful medicine. I was as near death I believe as I could be, so weak that my pulse scarcely beat, and my heart had almost given out. I could not have stood it one week more, I am sure. I never thought I would be so grateful to any medicine."

"I shall use my influence with any one suffering as I did, to have them use Lydia E. Pinkham's Vegetable Compound."

Every woman that is puzzled about her condition should secure the sympathetic advice of a woman who understands. Write to Mrs. Pinkham at Lynn, Mass., and tell her your ills.

THE FAR NORTHLAND

Porcupine Creek Still Continues to Draw the Goldseekers—Along the Coast.

Colonel Frank Grygla, special agent of the land department, has returned to Juneau from an extensive trip into the Porcupine creek country. He investigated reports that the Dalton Trail Company had appropriated to its own use the old India trail up the Chilcat river, and found them to be unfounded in fact. He had a pow-wow with quite a number of the leading men of the Chilcat tribe.

Colonel Grygla took a gold pan and thrashed out nearly a handful of nuggets and coarse gold on Discovery and other claims on Porcupine creek, and if seeing is believing, he thinks there are oodles of the golden flecks where the samples he carries were washed from the native earth.

The town of Haines Mission is having a steady, solid growth. A sign of "keep off the grass" could not thrive there. Lot-jumping is the principal pastime and it is going on all over town. There are some people at Haines who would jump a cook stove and run off with it, provided it wasn't too hot. Porcupine City has the advantage of a level site at the mouth of one of the best gold-bearing creeks in the district, and the outlook is that it will become quite a camp. It is growing. Travel between Haines and Porcupine is steady and on the increase. The trail on the snow is hard and in fine condition. A large number of prospectors are stopping either temporarily or permanently at Walkerville, on Salmon.

Colonel Grygla's party counted about 80 men on the trail to Porcupine in nine hours. The Dalton trail will be in good condition for summer travel. Jack Dalton's teams are taking in large quantities of supplies over the snow trail.

The "diggings" already located in the Chilcat and Klobrena river country are ground for confidence, and the future of that section of Alaska, and its growing towns may be considered bright.

Only a Few Days' Grace.
Norman Rant, who was formerly recorder for the Atlin district, and son of the present recorder, has made the statement to reliable parties that all the locators who have not got a leave of absence, which must be filed in the recorder's books, had to be on their claims in Atlin on the 1st of April. This order also applies to parties owning interests in claims, which, under the British Columbia mining laws, makes them either be present or represent their claims.

In the Klondike.
Fred Trumbull, of Dawson, says the richest bench claims are on Gold Hill, opposite 1 and 2, Eldorado. Dominion creek also will give a good account of itself at next spring's washup, and there are already big dumps out from 10 above upper discovery down to 33 below, and as low down as 180 below. Hunker is turning out fine dumps, starting in at 40 below and running to 25 above. Good-sized nuggets, averaging \$25, are plenty. Gold Run will also turn out well.

He is a graduate of West Point, and came as second lieutenant to the Northwest in time to take part in the Nez Perce war of '77 and the Bannock war of '78. He went with the Twenty-first to Colorado and took part in the campaigns against the Utes.

Ostrich-Raising in British Columbia.
Ostriches may yet be raised in British Columbia. J. M.
