

"Evil Dispositions Are Early Shown."

Just so evil in the blood comes out in shape of scrofula, pimples, etc., in children and young people. Taken in time it can be eradicated by using Hood's Sarsaparilla. In older people, the aftermath of irregular living shows itself in bilious conditions, a heavy head, a foul mouth, a general bad feeling.

It is the blood, the impure blood, friends, which is the real cause. Purify that with Hood's Sarsaparilla and happiness will reign in your family.

Blood Poison—If lived in a bed of fire for years owing to blood poisoning that followed small pox. It broke out all over my body, itching intensely. Tried doctors and hospitals in vain. I tried Hood's Sarsaparilla. It helped. I kept at it and was entirely cured. I could go to the house-top and shout about it. —Mrs. J. T. Williams, Carbondale, Pa.

Scrofula Sores—My baby at two and a half years old had scrofula sores on neck and arms. Local applications and physicians' medicine did little or no good. Hood's Sarsaparilla cured him permanently. He is now four, with smooth skin. —Mrs. S. S. Wooten, Farmington, Del.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills, the most irritating and only cathartic to take with Hood's Sarsaparilla.

It is estimated that thirty or forty thousand Russians visit the Holy Land each year.

THEY WANT TO TELL

These Grateful Women Who Have Been Helped by Mrs. Pinkham.

Women who have suffered severely and been relieved of their ills by Mrs. Pinkham's advice and medicine are constantly urging publication of their statements for the benefit of other women. Here are two such letters:

Mrs. Lizzie Hevly, 258 Merrimac St., Lowell, Mass., writes:

"It affords me great pleasure to tell all suffering women of the benefit I have received from taking Lydia E. Pinkham's Vegetable Compound. I can hardly find words to express my gratitude for what she has done for me. My trouble was ulceration of the womb. I was under the doctor's care. Upon examination he found fifteen very large ulcers, but he failed to do me good. I took several bottles of Lydia E. Pinkham's Vegetable Compound, also used the Sanative Wash, and am cured. Mrs. Pinkham's medicine saved my life, and I would recommend it to all suffering women."

Mrs. Anna Trombley, Ellenburgh Ctr., N. Y., writes:

"I took cold at the time my baby was born, causing me to have milk legs, and was sick in bed for eight weeks. Doctors did me no good. I surely thought I would die. I was also troubled with falling of the womb. I could not eat, had faint spells as often as ten times a day. One day a lady came to see me and told me of the benefit she had derived from taking Lydia E. Pinkham's medicine, and advised me to try it. I did so, and had taken only half a bottle before I was able to sit in a chair. After taking three bottles I could do my own work. I am now in perfect health."

Aunt Diana Heard From.

"Rastus," yelled Aunt Diana in a loud voice, "yo' en Miami Snowflake cum in heah dis berry intestine to stop playin' wif dem white folks' chollun. All de wants is 'learn a lot o' lumb. B'gans on den dey wout had nuthin' mo' 'd' do wif yo'—Ohio State Journal.

The Modern Battle.

Said the famous general to his chief of staff: "Are the correspondents ready?"

"They are, sir!"

"Have they been informed that I have a new uniform on?"

"Yes, general."

"Have the photographers done their duty?"

"They have, sir."

"Then let the battle go on,"—Boston Transcript.

NEWS OF NORTHWEST

A Budget of General News Gathered in Several Pacific Coast States.

Pacific Northwest Producers.

At Pendleton, Or., there is on foot a plan for the formation of what will be called the Pacific Northwest Producers' Association, which will before long make itself a strong factor in the industrial life of this section. Thus far, the membership secured consists only of farmers and grain producers, but it is hoped that the wool men and sheep-breeders will come in. The members sign the following agreement:

"We, the undersigned producers of the county of _____ and state of _____, do hereby agree to unite ourselves in a non-political body for the purpose of providing for ourselves protection against the trusts that have been formed, and which dictate to the producers the prices of the commodities which we produce; and to further provide ourselves with a place to meet and transact business and receive the telegraphic market reports of the world; and to place ourselves in direct communication with the consumers of the world; and to unite ourselves in one grand body and to promote harmony and work for the general welfare of the community at large, and for the producer."

The association will in no manner touch the mercantile portion of the business of the community, but will exist solely for the purpose of enabling the producers of wheat, wool and livestock to keep more closely in touch with the markets of the world, and to the more intelligently handle them. It will be the particular tenet of the association that there shall be no politics in the conduct of the affairs. It is less than 10 days since the effort began to form the association, and already there are on the lists of prospective members 158 farmers, wheat-growers, and among them some of the most prominent and solidest of the Northwest.

Survived the Great Flood.

There were others who survived the flood besides Noah and his family. Thinker Peter Johnson, an intelligent Alaskan Indian, who is preparing to write a book in defense of his theory. Peter has been in Portland for nearly a month on business connected with the disposal of a quartz mine at Johnson's inlet, on the Alaskan coast, and he has succeeded in unloading it on a company of Americans for the neat sum of \$20,000. Part of this he intends to spend in obtaining data for his proposed work, which will treat on Alaskan tradition and contain half-tone photos of the higher mountains which the Aleuts of 4,000 years ago ascended while the waters in the Far East were gradually raising the ark. He feels confident that he can prove to the world that a goodly family of his forefathers did keep high and dry, and afterwards lived to people that portion of the earth near the northern pole with Eskimo and Alaskan Indians, who have written a history of the affair on their totum poles.

Klondike Gold Yield.

The latest estimates of the Klondike gold yield this season range from \$2,000,000 to \$20,000,000. The Klondike Nugget says: "The output has not been more than doubled, so that it is not probable that royalty will this year be paid on more than \$8,000,000. Exemptions and evasions will give about double that amount, as the production of the territory for the year ending in the summer of 1899. The primitive methods used in working the claims make it very unlikely that the washup will give more than \$2,000,000 to \$12,000,000 on the outside."

As compiled by the Midnight Sun this season's yield will be \$20,000,000, distributed among the various creeks, including branches, as follows:

Eldorado.....\$5,000,000
Bonanza.....5,000,000
Huntley.....5,000,000
Dunsmuir.....3,700,000
Gold Butte.....3,000,000
Sulphur.....2,500,000
Quartz.....2,500,000
Eureka.....2,500,000
All other creeks, including Stewart River.....1,000,000

Must Keep Off Reservation.

Forest Superintendent W. T. S. May has received notice from Commissioner Hermann, of the land department, that sheep must be kept off the Uintah forest reservation north of the divide between the Uintah and the Grand. The sheep have been pastured upon this reservation every summer, but Superintendent May has reported that the practice is injurious to the timber, and Commissioner Hermann's order is the result. Superintendent May has notified the flock owners by telegraph.

The Short Line to Build.

The Short Line has awarded the contract for a number of sidetracks and the widening of its grade in a number of places to the Corey Bros., of Ogden. The contract aggregates something like \$40,000 and covers all extensions and buildings connected with the present system from Milford to Butte and from Granger to Huntington and all branch lines.

Trans-Mississippi Congress.

Governor Geiss has been asked to appoint 12 delegates to the trans-Mississippi congress, north will meet at Wichita, Kan., May 31. Those who desire to attend will be appointed.

Washington Supreme Court.

In the case of the Washington Iron Works vs. King county, the supreme court of Washington, holds that the state must keep its tideland contracts cleared of a county's tax liens if it would prevent clouds from gathering over its title to the lands prior to the time of making of the final payment on the contract. It is thought that this opinion can be modified by a proper proceeding, so that it will not apply to school land contracts.

The largest brewery in the state of Washington is to be built at Port Angeles by Chicago capitalists, who will invest \$300,000 in the plant. This place has been selected on account of the excellent water to be found there, which is an important item.

A large number of the sea lions at the Point Reyes rookeries, near San Francisco, have been killed since last Friday by subordinates of the state board of fish and game commissioners. It is hoped to so reduce the herds that they will no longer be a menace to the fisheries of the coast.

To Bring Congressmen to the Coast.

Senator Addison J. Foster is working hard to bring a delegation of Eastern senators and congressmen to the coast to visit Washington and Alaska. On their return East the senator would have them visit other points of interest and growing communities about which little is known in the East. The most influential men of both houses, men who are on the committees which have to deal with affairs of the West, and particularly of Puget sound, Alaska and the Pacific islands, are the ones Senator Foster desires to bring to the West.

Cloutrie's Body Found.

The party that went in search of the body of A. J. Cloutrie has returned to Seaside and reports having found the remains about a mile and a half in the back trail from where the bodies of Radir and Heikmann were found. Cloutrie was evidently the first of the party to die, as his body had been dragged down the side of a hill for over 100 yards and placed under a log in a sheltered place. The body was well preserved.

Sheepmen Dissatisfied.

Yakima county sheepmen are not satisfied with the situation at the present time. The winter and spring were unusually productive of loss. The sheepmen's loss amounted to 5 or 10 per cent. The increase, instead of being 95 per cent and upward, as it is ordinarily, runs from 75 to 85 per cent.

Indorsed Pure Food Law.

The Spokane Retail Grocers' Association has given its indorsement to the pure food law.

To Teach Economy.

A savings bank system is to be introduced in the public schools at Everett.

PACIFIC COAST TRADE.

Seattle Markets.

Onions, 80c@1.10 per 100 pounds. Potatoes, 35c@40c. Beets, per sack, \$1@1.25. Turnips, per sack, 50c@75c. Carrots, per sack, 75c. Parsnips, per sack, 85c@1. Cauliflower, \$1.00 per doz. Tropical fruits—Bananas, \$1.50@2.00 per bunch; pineapples, \$2.50@4.50; Persian dates, 6c@1c per pound.

FRANCES WILLARD HOSPITAL USES PE-RU-NA FOR CATARRH OF THE STOMACH

The Frances Willard Hospital, Chicago, Ill.

Miss Georgiana Dean was for three years missionary in Liberia until she was sent from the training school in Chicago. After her return she studied nursing, graduating from the present Frances E. Willard National Temperance Hospital of Chicago. She is an enthusiastic friend of Pe-Ru-na, as is evident from the following letter:

Chicago, Ill., Jan. 20, 1899.
Pe-Ru-na Drug Manufacturing Co., Columbus, O.:

Gentlemen—You will be glad to know of the happy results obtained from the use of Pe-Ru-na among the patients under my care whenever prescribed by the physician. I have seen some very remarkable cures of cases of very obstinate catarrh of the stomach, where Pe-Ru-na was the only medicine used. I consider it a reliable medicine.

Georgiana Dean.

The symptoms of catarrh of the stomach are: Coated tongue, pain or heavy feeling in the stomach, belching of gas, dizzy head, sometimes headache, dependent feelings, loss of appetite, palpitation of the heart and irregularity of the bowels.

Send for a free book written by Dr. Hartman, entitled "Health and Beauty." Address Dr. Hartman, Columbus, O.

"What Do You Want?"

An old Irishman was on the stand in one of the circuit courtrooms one day, and the attorney cross examining him had a hard time to elicit any information. He worked around one particular point, and plied the witness with about a dozen questions. At last, growing tired of his fruitless examination, he asked, rather impatiently:

"Well, can't you tell me something?"

"Well, would you like me to tell you?" asked the witness, blandly, and that floored the attorney.—Detroit Free Press.

Gold has been found by some Minnesota soldiers in the streams of the San Juan and Monte Blanc mountains near Manila. Our volunteers are anxious for peace, so that they can turn miners.

BAD BLOOD

"CASCARETS do all claimed for them and are a truly wonderful medicine. I have often wished for a medicine that would not only cure but also prevent. Since taking them, my blood is pure and I feel much better in every way."—SUSAN E. SELLERS, Lowell, Mass.

Paris has a museum of objects relating to the ballet. It includes everything, from an old ballet skirt to jewels worn by famous dancers. There are also casts of the feet of these terpsichoreans, among them being one of Marie Vestris' feet. It was made for Lord Life at a cost of £1,000, and sold after his death for a couple of shillings.

More than 2,000,000 trees have been planted along the line of the Northern Pacific Railroad in North Dakota, to serve as protection from snow drifts.

It is estimated that the potato crop of Aristook county, Me., will reach 5,000,000 bushels, and 8,000 tons of starch will be made.

\$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is **CANCER**. The **NEW** is the only positive cure known to the medical fraternity. Cancer, being a constitutional disease, requires a constitutional treatment. Hall's Cathartic Cure is internally acting, and it cleanses the blood, purifies the system, and gives the patient strength by building up constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Sold by DR. J. C. HENRY & CO., Toledo, O. Hall's Family Pills are the best.

The broze harp attached to the tomb of Shelley at Rome has been stolen—possibly by some admirer.

LABASTINE is the original and only reliable wall coating entirely different from all kalsomines. Ready for use in white or any color. It is a beautiful tint by adding cold water.

ADIES naturally prefer ALABASTINE for walls and ceilings, because it is pure, clean, durable. Put up in dry powder form, in five-pound packages, with full directions.

LL kalsomines are cheap, temporary preparations made from whitening, chalk, lime, etc., and stuck on walls with decaying animal glue. ALABASTINE is not a kalsomine.

BEWARE of the dealer who says he can sell you the "same thing" as ALABASTINE or "something just as good." He is either not posted or is trying to deceive you.

ND IN OFFERING something he has bought cheap and tries to sell on ALABASTINE'S name, he may not realize the damage you will suffer by a kalsomine on your walls.

ENSEMBLE dealers will not buy a kalsomine, but they will sell and consumers' use by infringement. ALABASTINE Co. own right to make wall coating to mix with cold water.

HE INTERIOR WALLS of every schoolhouse should be coated only with pure, durable ALABASTINE. It safeguards health. Hundreds of tons are used annually for this work.

N BUYING ALABASTINE, see that packages are properly labeled. Beware of large five-pound packages light kalsomine, offered to customers as a five-pound package.

USAGE of wall paper is obviated by ALABASTINE. It can be used on plastered walls, wood ceilings, brick or canvas. A child can brush it on. It does not rub or scale off.

STABLISHED in favor. Shun all imitations. Ask paint dealer or druggist for tint card. Write for "Alabastine Era," free, to ALABASTINE CO., Grand Rapids, Michigan.

Plunder's OREGON BLOOD PURIFIER. HEALTH RESTORER. USE IT!

PISO'S CURE FOR CURS WHERE ALL ELSE FAILS. Best Cough Syrup. Use in time. Sold by druggists.

SURE CURE FOR PILES. This is the only medicine which will cure each and every case. No case known to have ever failed to cure. It neither hurts nor causes any of the long standing, itching, burning, and smarting, and can be taken without inconvenience and without detention from business. Price, 25c. For sale by all reliable druggists, or sent by express, prepaid, wrapped, on receipt of price, to F. H. BURNETT, Chicago, Ill.
