My friend if you have never given me a call, give me one now. I am in the position of the man who was trying on a pair of boots that were too small for him. An Irishman standing by said: "Begad ye can't get them boots on till ye wear 'em awhile." So it is with me. I can't receive your further business until I get your first order. Please give me a call. C. C. SMITH, Photographer.

The children's day exercises at Friends church on last Sunday evening were interesting and highly entertaining. The little ones sang and talked of roses and summer weather and just see the change that has been wrought already. From dark, cool, cloudy days, the elements have faced about and we are now having beautiful June weather—perfectly clear and just warm enough to be pleasant.

J. C. Sawyer who has been appointed superintendent of bicycle path construction for Newberg has had a force of men, under the supervision of E. B. Colhard, at work on the path running toward McMinnville, for the past few days and very good progress is reported. Andy Johnson got in some work on the path running toward West Chehalis last week, but a lot of cows went "wild with delight" over it just after a heavy rain and it needed pretty heavy doctoring to put it in shape again.

S. M. Calkins and little son arrived home from New York last week after an absence of six weeks spent in visiting his parents and numerous associates of his boyhood days. Sherry says he had a most excellent time but to his sorrow he found, that, after an absence of twelve years, he was compelled to go to the old churchyard in order to find a very large number of those who grew up with him. He says in fact he got so that when he called on a family of former acquaintances he was afraid to inquire for absent ones. Dean's parents made it so pleasant until fall. The farms are highly improved in that country and there is such a rivalry to see who can have the best buildings that many impoverished themselves in order to avoid being outdistanced. Sherry thinks the man of ordinary means has a much better chance in Oregon.

Moving Pictures. Cook & Forbes are billed to give their moving picture show at Armory hall on next Monday evening. The press comments respecting the character of the show they put up are very favorable. The Heppner Leader says: The exhibition given by the Edison Company Thursday evening at the Opera House was well attended and was certainly a very creditable and interesting affair. The scenes were true to life and very distinct and the changes were rapidly made from one scene to another, thus completely eliminating the tedium of waiting. It is worth more than the price of admission to see any one of the several leading scenes, such as the charge of the Rough Riders, battle of San Juan Hill, The Bombardment, Battleships in Action, War Scenes, etc., saying nothing of the Graphophone Grand which is truly a show of itself. The entertainment surely deserves praise as they have what they advertise and such shows are very scarce nowadays.
