FIGHT NEAR MORONG

A Reconnoitering Party At-
tacked by Rebels.

ONE AMERICAN WAS KILLED

Fought Their Way Back to Camp
Through the Enemy-Inflicted
Deaths.

Manila, June 12.—A reconnoitering
party of 25 American soldiers, in the
hills in the vicinity of Morong yester-
day, were attacked by 300 rebels. The
Americans fought their way to camp
through the enemy and inflicted severe
losses on them. The American's chief
was killed. Five insurgents were cap-
tured and taken to Morong.

The rebels are extremely active.
The garrison of cavalry and North Da-
kota infantry are throwing up in-
trenchments.

Ten Thousand Men for Otis.

Washington, June 12.—The solu-
tion of the problem of how to reinforce
General Otis without calling for volun-
teers or reducing below the danger line
the reserve force in the United States,
was reached at a meeting of the cabinet
today. Attorney-General Giggis an-
nounced his opinion that the army re-
organization bill, fixing the maximum
strength of the army at 65,000 men,
did not include the enlisted force of
the hospital corps, and the regular
army can be increased by that number.

As the enlisted hospital corps aggregate
2,000 men, the opinion of the at-
torney-general gives that many more
men to the regular army for Manila.

Major-General Shafter has now at
the Presidio in California, ready for
early shipment to Manila, 3,400 re-
cruits.

Word was received by the war de-
partment today that the Nineteenth in-
fantry, under orders to go to the Philip-
pines, which came back from Porto
Rico only 700 strong, had today been
sailed to its full quota of 1,300 men by
recruits enlisted at Camp Meade.

The regiment will be sent to General
Otis at once. In addition, the Twenty-
fourth and Twenty-fifth infantry reg-
iments, negroes, every company recruit-
ed to its full strength are under orders
to go to the Philippines, which will
give General Otis 2,000 more fighting
men in good condition. The Four-
teenth infantry, also fully recruited,
and part of the Fourth artillery, are at
the Presidio, awaiting orders to sail.

Thus, without issuing a call for volun-
teers, the president can send General
Otis a force slightly in excess of 3,000.

General Otis has been instructed to
organize several skeleton regiments of
volunteers who may accept the propo-
sition to re-enlist for service until July 1,
1901. These skeleton organizations are
to be officered by volunteer officers
to be selected by General Otis from the
14 volunteer regiments now with
him, and are to be increased to the
maximum strength by regulars sent
from here.

No Limit to Enlistments.

Chicago, June 12.—Captain P. H.
Bonas, of the army recruiting station
in this city, has received instructions
from the war department to enlist an
unlimited number of men for service in
the Philippine islands.

LYNCHINGS IN CUBA.

Bandits Disposed of in the Southern
Style.

Santiago de Cuba, June 12.—General
Wood has been notified that Antonio
Garcia, chief of the Holquin
bandits, who was captured by the rural
guards, has been hanged by the citi-
zens. Seven men belonging to Garcia's
band voluntarily surrendered to the
rural, but General Wood has instructed
the commanding officers to accept no
surrenders hereafter, but to capture the
bandits as highwaymen or murderers.

Two robbers were lynched by Cubans
near Puerto Principe, two days ago.

At Sonora, recently, six bandits were
badly beaten by employees of sugar
estates, where they attempted to com-
mit robbery.

Fitz Knocked Out.

New York, June 10.—James J.
Jeffries, another sturdy young giant,
has come out of the West to whip
champion pugilist Alvin Karpis, of the
Coney Island Athletic Club to-
night. He defeated Robert Fitzsimons,
world's champion in two classes—
middle-weight and heavy-weight—in
11 rounds of whirlwind fighting.

He is the acknowledged master of the
man he defeated. He was never at
any time in serious danger, and, after
the size-up in the early rounds of the
contest, took the lead. He had the
Australian whipped from the ninth
round.

Transvaal Dispute.

London, June 12.—The Westminster
Gazette this afternoon says a rumor is
current from a well-informed source
that it has been proposed in a responsi-
ble quarter that the United States
mediate between the Transvaal and
Great Britain. It is added the sugges-
tion is being considered, and that it is
"not even improbable that mediation
may be undertaken."

Slide in White Pass.

Nanaimo, B. C., June 12.—The
steamer Amur, Captain Le Blanc, ar-
rived here this morning from Skag-
way, and reports that on Sunday morn-
ing, June 4, men were at work clear-
ing snow from the White Pass & Yu-
kon railway, just over the summit,
when a terrible slide of rocks and snow
came down the mountain side, killing
one man almost instantly, and seri-
ously, if not fatally, injuring others.

At the time the Amur left, the
names of the men were not obtainable.

Flood in Kansas.

Wichita, Kan., June 12.—One hun-
dred and thirty feet of track on the
Santa Fe was washed out north of this
city, and trains are stalled. Five thou-
sand acres of lowland are under water.
The Arkansas river is the highest since
1877, and is still rising, and a flood is
predicted within 24 hours.

jected in the West Point examination

PASSENGER TRAIN DERAILED.

Midnight Adds Horror to the Sufferings
of the Injured.

Kansas City, June 12.—Forty-eight
passengers were more or less seriously
three perhaps fatally injured by the de-
railing of train No. 4, south bound on
the Kansas City, Pittsburg & Gulf
railroad, two miles south of Granview,
Mo., at 9:30 last night. The injured
were brought to this city this morning
and the seriously hurt were taken to
St. Joseph's hospital and others to the
Savoy hotel. Those considered fatally
injured are Mrs. C. B. Chandler, Ju-
dson, Mo.; A. J. Gorgneson, news
agent, Kansas City; G. I. Crawford,
Drexel, Mo. Nearly all the injured
are Missouri people.

The wrecked train left Kansas City
last night at 8 o'clock. Two miles
south of Kansas City, the train was
derailed by spreading rails, the track
having been damaged by recent severe
rains. The smoker which contained
most of the injured, and the chair car
immediately following, were turned on
their side into a ditch. The Pullman
left the track, but remained upright.
The engine and combination baggage
and mail car remained on the track.

The accident occurred during a
heavy downpour of rain. The crew
went to work with a will to rescue pas-
sengers. Women and children were
dragged from the windows of the chair
car and attended to as well as possible
under the circumstances. Before all
had been taken out fire started in the
rear car.

The porter of this car earned great
praise by his presence of mind in cut-
ting a hole through the roof, quenching
the fire and rescuing several women
in imminent danger.

As soon as possible the news of the
wreck was sent to Granview and a re-
lief train was started from Kansas
City. The train moved at 3 A. M. and
took back to Kansas City all of the in-
jured.

CUBANS GIVE UP THEIR ARMS.

Then Buy New With \$75—Many Things
to Anger Them.

New York, June 12.—The Rev. Al-
fred de Barritt, who four months ago
founded the Congregational church in
the city of Havana, has returned to
this country for aid in his religious
and educational work in Cuba. Dr. de
Barritt spoke today about present con-
ditions in Cuba and the possibility of
an outbreak against the Americans.

"If this occurs," he said, "it will
be the fault of the Americans. The
Cubans are a peaceful people, but they
are also proud and sensitive, and many
things have been done recently to anger
them. The Cubans feel that they are
being treated very much as though they
had been conquered by us. At any
rate, the Washington authorities should
do away with the present military gov-
ernment. It is worse than unsuccess-
ful; it is doing an immense deal of
harm. A great many of the American
officers do not like Cubans and don't
scruple to let this be known. How
can you expect the Cubans to love
them? General Brooke and General
Lee are liked and trusted, but their in-
fluence for good is nullified by the at-
titude of other officers."

"The payment of the Cuban troops
and requiring them to lay down their
arms was a mistake. The disarming
was a great humiliation to the men,
and the first thing a good many of them
did with their \$75 each was to buy
new guns and machetes. There is a
very distinct idea in the minds of
the majority of people as to what they
really want, whether annexation or in-
dependence. But they obtain their
ideas of the United States government
from the American officers and these
ideas are not favorable."

President Names Canal Commission.

Washington, June 12.—The presi-
dent today appointed the following
commission to determine the most fea-
sible and practicable route for a canal
across the isthmus of Panama: Rear-
Admiral John G. Walker, United
States navy; Hon. Samuel Pasco, of
Florida; Alfred Noble, civil engineer,
of Illinois; George S. Morrison, civil
engineer, of New York; Colonel Peter
Haines, United States navy; Professor
William H. Burr, of Connecticut;
Lieutenant-Colonel Oswald Ernest,
United States army; Lewis M. Haupt,
civil engineer, of Pennsylvania; Pro-
fessor Emory R. Johnson, of Pennsylv-
ania.

London, June 12.—The Times says
the British government has consented

Pacific cable project as a result of
urgent representations from Canada
and the colonies, and is now inclined
to utilize British credit in providing
the necessary capital.

PARANAGUE AND LAS PINAS FALL

Hardest Day's Work Yet Done by Otis
Men—Filipinos Again Es-
cape Capture.

Manila, June 13.—The Filipino oc-
cupation of the province of Cavite has
been broken, and, as the result of the
present movement, the Americans now
control the important coast towns of
Paranague and Las Pinas, while a long
line of insurgent trenches facing our
south lines has been cleared.

The insurgents have again proved
their ability as dodgers. Between
3,000 and 4,000 warriors who seemed
destined to be captured, have dis-
appeared, the majority sliding away
under cover of the night after fighting
the Americans all day. Some others
came to meet our troops with protesta-
tions of friendship.

The Thirtieth infantry lost one man
killed and six wounded; the Ninth in-
fantry one man killed and five wound-
ed; the Fourteenth infantry three
wounded and the First Colorado volun-
teer regiment 11 wounded.

Yesterday's work was the hardest our
army has seen. The battlefield
stretched out across the entire isthmus
from Laguna de Bay to the harbor.
While the troops were advancing, the
army gunboat Napidan, in the river
near Taguig, shelled the enemy, killing
several of them. The monitor Monad-
nock and the gunboat Helena shelled
Paranague and Las Pinas all day with
the full power of their batteries.

The rebel sharpshooters kept in hid-
ing until the American lines had
passed, and then attempted to pot
stragglers from the trees. Thanks to
their poor marksmanship, this was
without result. The whole country
proved to be a succession of small hills,
with boggy ground between the high,
thick grass and bushes in the hollows,
which greatly added to the difficulty
of the advance, but gave shelter that
saved many from the enemy's bullets.

Our men threw away their blankets, coats
and even haversacks, stripping to the
waist and trusting to luck for food.
Water could not be obtained, and there
was much discomfort after the canteens
were emptied.

White Flags Flying.

At 6 A. M. today, General Wheaton
advanced upon Las Pinas with a troop
of cavalry, the Twenty-first infantry,
the Colorado regiment, part of the
Ninth infantry, and two mountain
guns, crossing two streams and entering
the town without firing a shot.

He then advanced upon Paranague.
The women and children, and, for that
matter, many men remained in the
towns. No houses were destroyed,
though many were torn by the shells
from the warships. Everywhere the
Americans found white flags flying.

So far as can be ascertained, the Philip-
pines loss is about 50 killed, about
350 wounded, and 20 taken prisoners.
The whole country is networked with
trenches and the enemy scurried from
shelter to shelter.

Today long trains of commissary
wagons are carrying provisions to the
United States troops along the road
which only yesterday was the strong-
hold of the enemy, and the natives who
yesterday were probably carrying guns
are today doffing their hats and greet-
ing before the Americans with effusive
greetings of welcome.

BIG MAN-HUNT PLANNED.

Criminals to Be Routed Out of "Hole-
in-the-Wall."

Casper, Wyo., June 13.—The Hole-
in-the-Wall, for years the refuge of
outlaws, promises to be cleansed of its
desperate inhabitants. The daring rob-
ber band which looted the Union Pa-
cific express at Rock Creek recently and
escaped to the fastnesses of their dens
in the fact that they were closely pur-
sued over plain and mountain, are to be
systematically hunted to their death. To
this purpose the several railway man-
agers with interests in this state are
organizing posses, and the outlaws will
be given no rest. It is expected 200
men will be engaged in the big man
hunt.

The state and the express and rail-
road companies have offered an aggre-
gate of \$3,000 each for the heads of the
members of the band. In addition to
this head money, in event of success,
the men who are arranging for this
chase will be armed and fed by the cor-
porations and big cattle companies of
this section during the time they are
engaged.

No Men to Be Had.

Vancouver, B. C., June 13.—The
eight-hour law goes into operation to-
morrow. Reports from Nelson and Slo-
can indicate that the strike situation
is unchanged. The attempt of the
Duncan mines to employ Italians has
failed. The management of the Ymir
mine is trying to secure miners. Non-
union men are unwilling to work for
\$3 when union men are holding out
for \$3.50.

Kroger's Proposals.

Bloomington, Orange Free State,
June 13.—It is stated in official circles
here that President Kruger will pro-
pose to the Transvaal parliament the aboli-
tion of the dynamite monopoly.

While the Orange Free State is using
its influence at Pretoria to obtain re-
forms for the uitlanders in the Trans-
vaal, the railway company has sent all
its available rolling stock to Johannes-
burg, to be in readiness for a possible
excitement.
