"He That Stays Does the Business."

All the world admires "staying power." On this quality success depends. The blood is the best friend the heart has. Hood's Sarsaparilla is the best friend the blood ever had; cleanses it of everything, gives perfect health and strength.

Hood's Sarsaparilla
Never Disappoints

INDUSTRIAL NOTES.

The whistle on the new Atlanta Milling Company's mill has been constructed to be audible at Macon, 40 miles distant.

The glove industry, which was first settled in Gloversville, N. Y., in 1809, now represents an investment of no less than $15,000,000. The operators earn on an average $2 a day.

Mechanics and laborers will do well to shun the Philippines. Skilled artisans are paid an equivalent of $15 per month in gold. Accountants, bookkeepers and clerical employes get from $30 to $60 per month, and the common laborer about $4 per month in gold.

Buffalo's new Union railroad station, to cost $6,000,000, is to have a waiting room 80x235 feet, said to be the largest in the world. The other accessories and the train shed arrangement are on the same liberal scale.

The most important iron and machinery works in Brazil is the National Rolling Mill of Rio de Janeiro, having a harbor front and railway siding. These works have a combined power of 250 horse power, with electric installation, and employ about 400 operatives.

A new industry in Kansas is the manufacture of salt. A large deposit has been discovered on the line of the Santa Fe railroad, near the town of Hutchinson, in the central part of the state, the largest in the world. More than $3,000,000 has already been invested in plants to purify it, and the output last year reached nearly 2,000,000 barrels.

There was a young man from Lenore,
Who boldly went off to the war;
The "beef" made him sick,
He recovered quite quick
By the prompt use of old Jesse Moore.

Letters pass between Paris and Berlin, a distance of 750 miles, in 35 minutes. Pneumatic tubes are used.

MARCH OF PROGRESS.

What Is Being Done in the Way of Railroad Building in the Northwest.

Railroad building in the West is being pushed with vigor. Idaho, Washington and Oregon are literally swarming with surveyors. On a number of roads grade has already been broken. The Burlington proposes to start soon to build west from Billings, Mont. The activity of the Northern Pacific and O. R. & N. into the Clearwater valley, where considerable grading has already been done, is well known. The Northwestern road has broken grade from Huntington, with the Seven Devils district as the objective point. Another road to tap the same district is in about the same direction. It is proposed to run this line from Weiser, Idaho, along the Snake river through the Seven Devils country and on to Spokane.

And there are others.

The California, Nevada & Oregon road, which has its terminus at Amilec, Cal., is advertising for graders. Its purpose is to push nothward into Southern Oregon near Goose lake. Its progress thereafter is problematical. It is said however, that it will push notheasterly past Burns and towards Huntington or Baker City.

There is certainly plenty of territory in Southern and Central Oregon for several railroads. In fact, those sections of the state are entirely barren of anything except rough stage lines. Such is the condition of Malheur county, Harney county, Lake county, Klamath, Grant, Crook and Wasco, each of which is as large as several Eastern states. The railroads are all along the northern, eastern and western borders.

The Columbia Southern, now pushing southward from Antelope to Prineville, will reach the heart of one part of Oregon, and with a system of feeders could drain a large area of country. There is also talk of extending the Corvallis & Eastern east from Albany into the heart of the state. Then there is the proposed road of W. T. Burney and Charles H. Scott to build through Multnomah, Clackamas, Marion and Linn counties, with a branch to Mount Hood.

Nor does that cover all the actual and proposed railroad improvement in Oregon even. The Nehalem road from Astoria must not be lost sight of, and the proposed road to Tillamook. Considerable already has been said about the activity of surveyors along the north side of the Columbia, but the fact remains that lines are being run, rights of way secured and grade stakes set, which looks like business.

The year of 1900 will witness rapid strides in railroad development.

Oregon Wheat Crop in Good Condition.

Oregon will have an abundant wheat crop this year. From the most trustworthy reports received at the weather bureau it is plain that the stand is good, the growth substantial, and the acreage sufficiently large to insure a great harvest of grain this year.

In addition to these reports, well-known citizens from various sections bring the news that the crop outlook, so far as wheat is concerned, is good

Bids Will Be Rejected.

F. H. Goss, the Tacoma contractor who built the buildings at the United States naval station at Bremerton, and who is the lowest bidder on the new repair shop to be erected, has received advices from the navy department that all bids will probably be rejected. The appropriation made by the last congress for the repair shop at the Puget sound naval station is only $55,000, while the bids range up to nearly $76,000.

The Steilacoom Asylum.

At the Steilacoom asylum some old buildings are being removed and the excavating is being done for the new three-story wing to be built. The preliminary work is all being done by the patients able to labor, thus resulting in a big saving to the state. The new wing, complete, will cost $40,000. It is expected that the contractors will commence work upon the superstructure about June 20.

Minister's Remarkable Record.

Rev. L. A. Smith, who died at Colville, Sunday, had a most remarkable record of having preached for 50 years without missing a Sunday, and it was his earnest desire to die in harness, but it was to be otherwise. For more than a year he had been a hopeless invalid. He was born in Ohio, and was 79 years old.

Northwest News Notes.

Skagway is considering local option.

Chinese pheasants are going to be scarce this fall.

Weather has been most unfavorable to corn planting.

Pendleton is showing some four-foot wheat of 1899 raising.

Upper Santiam country is to have a large wood-pulp mill.

Astoria wants the A. & C. railroad extended to Tillamook.

Gilliam county has paid all her state tax, excepting 20 cents.

Dawson City will have a new daily paper, Dawson Daily News.

The city treasury of New Whatcom has $21,763.25 cash on hand.

Skagway has filed a petition with the Alaska boundary commission.

Spokane millmen are preparing for a big strike; 3,500 men are involved.

A young man named Fred Baur was shot near Atlin City for a boyish prank.

Only one-third of the vessels on this coast have been properly inspected, it is said.

Southern Pacific has ordered that no liquor be sold at the station restaurants on their line.

Spokane capital has bought the Shelton mine, near Baker City.

Courts hold that Seattle's eight-hour labor ordinance is in conflict with the city charter.

Northern Pacific assistant engineer of construction, H. C. Relf, was drowned near Horse Plains, Mont.

Skagway calls Dyea and Juneau blackmailers. The Alaska towns are having a great fight for superiority.

Baker City chamber of commerce will present the Editorial Association members with valuable mine specimens.

Bonds Sold.

At a recent meeting of the council of the city of Wallace, Idaho, bids were opened for the sewerage bonds which were advertised for. Three bids were received. The bid of C. F. Kimball, of Cleveland, was accepted. He agrees to pay par and accrued interest from the date of delivery of bonds and a premium of $450 for the $18,000 sewer bonds, bearing interest at the rate of 6 per cent per annum from the first day of July, 1889, payable semi-annually on the first day of January and the first day of July each year.

Prospects for Wool.

Mr. E. H. Clarke, the well-known wool-buyer, was in Elgin recently looking up the wool situation. The gentleman reports a very favorable outlook for prices this year and the market will now stand a price of 10 to 11 cents a pound. Elgin is the shipping point for Wallowa county and with the local output of that immediate vicinity there will be a total of about 1,000,000 pounds of wool handled at that point this year.

To Construct Waterworks.

An election will be held soon at Vernon, B. C., for the purpose of voting on a by-law to raise $30,000 upon the credit of the municipality of the city of Vernon, for 50 years, with interest thereon at the rate of 5 per cent per annum, the money to be expended in the construction of a system of waterworks.

Sugar Crop.

Reports from Oxnard, Cal., state that there are 17,000 acres in that district planted to sugar beets. The factory there is nearly in complete order to crush 2000 tons of beets a day. When in full blast the factory will pay out to farmers $10,000 a day for beets.

PACIFIC COAST TRADE.

Tropical fruits—Bananas, $1.50@2.50 per bunch; pineapples, $2.50@4.50; Persian dates, 6@6½c per pound.

UPPER YUKON OPEN

Rivers Clear of Ice From Dawson to the Lakes.

SEASON SOMEWHAT BACKWARD

Business Booming at the Klondike Metropolis—Sawmills Running Day and Night.

Port Townsend, June 16.—The Upper Yukon river is open for navigation, and the steamer Flora, which left Dawson May 25, arrived at White Horse June 8. One of her passengers, William P. Allen, of Seattle, who arrived here tonight on the steamner Al-Ki, reports the Yukon river opened for navigation at Dawson May 17, nine days later than last year. The trip was made with difficulty until Lake Marsh was reached, where the ice had to be cut in order to get through. He reports 42 loaded scows at Tagish. Between Tagish and Bennett, 50 more were passed, all loaded and bound for Dawson.

Since the big fire, Dawson has been the scene of business activity. Sawmills have been running day and night, but have been unable to supply the demand for lumber. Every man who can drive a nail has secured employment.

The season is somewhat backward this year and as a result the clean-up did not commence until a short time before Allen started out. He says what little was known of the results of the clean-up was most satisfactory and claim owners were jubilant. Many predict that the output of gold this year will far exceed the expectations of the most sanguine.

Allen says the reported exodus from Dawson for Cape Nome is mythical, as the news of the strike at that place had not reached Dawson when he left.

The latest news from Atlin brought down on the Al-Ki states that the open mining season has again been postponed from June 15 to July 1. Gold commissioner Graham gives as a reason for causing the delay that a large number of claims are in dispute and that he will not undertake the settlement of the question of title until the arrival of the minister of mines or his representative, who will hear the cases and pass upon them. The delay in settlement causes a stagnation of business, as many of the best claims are tied up.

RETREATED TO IMUS.

Filipinos Driven to the Fortified Inland Town.

Manila, June 16.—The Filipinos retreated several miles southward after yesterday's engagement, to the strongly fortified town of Imus. The shelling of the American warships drove the rebels from Bacoor. The Americans control several more miles of the coast.

General Lawton, with his staff, and a troop of the Fourth cavalry, started to ascertain the nature of the insurgents' position. The general rode five miles along the coast to Bacoor without discovering the enemy. He found the town full of white flags, but there were no soldiers there. The women and children, who had fled to the woods during the bombardment, were camping in the ruins of their homes.

The shells had almost knocked the town to pieces. The big church was wrecked, and many buildings were ruined. Even the trees and shrubbery were torn, as if by a hail storm.

Several hundred women and children came into the American lines for refuge, and the road from Bacoor was covered all day with processions of them on foot and in carts, driving animals and carrying goods on their heads.

The appearance of the battle-field testified to the fierceness of yesterday's fighting. The trees along the river, between the lines, are almost torn down by bullets. The American officers estimate that 100 insurgents were killed and that 300 were wounded during the engagement.

The next battle will probably be fought at Imus.

The American troops will soon control the coast to Cavite.

Ten Killed, Forty Wounded.

Washington, June 16.—The following was received at the war department today:

"Manila, June 16.—Adjutant-General, Washington: Lawton's troops under Wheaton and Ovenshine occupy the country south to Bacoor. They have scouted westward and some distance southward on the line of the Zapote river and the Bacoor road. The enemy appears to have retired on the isthmus, abandoning the bay country. The fighting yesterday was severe. Our loss was 10 killed and 40 wounded, a majority at the crossing of Zapote river. The enemy was driven from heavy and well-constructed intrenchments, to which they held tenaciously. Their loss is several hundred, of whom 50 were buried this morning. They will not probably make any determined future stand in the southern provinces. OTIS."

Search for the body of Senator Reed, drowned in the Umpqua, has been abandoned. It is thought to be covered with sand and debris.

Belgian Capital for Philippines.

Brussels, June 16.—Belgian capitalists will develop the Philippines. A company was formed this afternoon with a capital of 3,000,000 francs. The board of directors includes M. Melot Burgo, Namur de Brocqueville and M. Thienpont, members of the Belgian chamber, and M. Andre, Belgian consul-general at Manila.

Hood River box factory has sold 32,000 strawberry crates thus far this season.

Dreyfus Will Land at Brest.

Brest, France, June 16.—It has been definitely settled that Captain Alfred Dreyfus, who left the waters of French Guiana June 10 on the French cruiser Sfax, will disembark here. The military authorities of this port have been notified to this effect.

Paris, June 16.—A preliminary and informal meeting of the counsel engaged in the Venezuela arbitration case took place at the ministry of foreign affairs this morning. The formal meeting of the commissioners will take place Thursday.

A Skilled Workman.

Lady (to tramp)—What do you do for a living?

Tramp (between mouthfuls)—I eat.

"Well, you ought to command good wages."—Harlem Life.

Resemble Postage Stamps.

Some men resemble postage stamps; they stick to one thing until they get there—but you've got to lick them first. —Chicago Daily News.

A smoking tree has been found in the village of Ono, Japan. It smokes only in the evening, just after sunset, and the smoke issues from the top of the trunk. The tree is 60 feet high.

An old man named Gregor Berds of Erlau, in South Hungary, committed suicide because a little grandson had broken his favorite pipe. Near his body was found a note on which was written: "My pipe is dead; I will die, too."

Epictetus: We do not choose our own parts in life and have nothing to do with those parts. Our duty is confined to playing them well.

Exhibits at Paris.

There will be a large exhibit from this country at the Paris exposition in 1900, which will prove very interesting to all, but no more so than the news that the famous American remedy, Hostetter's Stomach Bitters, will cure dyspepsia, indigestion and constipation. To all sufferers a trial is recommended.

The fishing industry of Maryland gives employment to 42,812 persons.

Two bottles of Piso's Cure for Consumption cured me of a bad lung trouble.—Mrs. J. Nichols, Princeton, Ind., March 26, 1895.

When one of her friends is sick Mrs. McKinley sends her a basket of flowers daily from the White House conservatory.

A London omnibus earns on an average $11 per day from passengers and $25 per day from advertisers.

STORIES OF RELIEF.

Two Letters to Mrs. Pinkham.

Mrs. JOHN WILLIAMS, Englishtown, N. J., writes:

"DEAR MRS. PINKHAM:—I cannot begin to tell you how I suffered before taking your remedies. I was so weak that I could hardly walk across the floor without falling. I had womb trouble and such a bearing-down feeling; also suffered with my back and limbs, pain in womb, inflammation of the bladder, piles and indigestion. Before I had taken one bottle of Lydia E. Pinkham's Vegetable Compound I felt a great deal better, and after taking two and one-half bottles and half a box of your Liver Pills I was cured. If more would take your medicine they would not have to suffer so much."

Mrs. JOSEPH PETERSON, 513 East St., Warren, Pa., writes:

"DEAR MRS. PINKHAM:—I have suffered with womb trouble over fifteen years. I had inflammation, enlargement and displacement of the womb. I had the backache constantly, also headache, and was so dizzy. I had heart trouble, it seemed as though my heart was in my throat at times choking me. I could not walk around and I could not lie down, for then my heart would beat so fast I would feel as though I was smothering. I had to sit up in bed nights in order to breathe. I was so weak I could not do anything.

"I have now taken several bottles of Lydia E. Pinkham's Vegetable Compound, and used three packages of Sanative Wash, and can say I am perfectly cured. I do not think I could have lived long if Mrs. Pinkham's medicine had not helped me."

Encouraging.

Author—You have noticed, of course, that the suffering of the heroine is intended to be terrible in the first act.

Critic (who has just read the play)—Still, it'll be as naught in comparison with the suffering of the audience along toward the last act.—Chicago Daily News.

Epileptic FITS CAN BE CURED.

If you suffer from Epilepsy, Fits, Spasms, Spells, Falling Sickness, St. Vitus' Dance, &c., have children, relatives, friends or neighbors that do so, or know people that are afflicted, my New Discovery, Epileptacide, will give immediate relief and PERMANENTLY CURE them, and all you are asked to do is to send for a FREE BOTTLE and try it. It has cured thousands where everything else failed. My 90-page illustrated Book, "Epilepsy Permanently Cured," FREE.

When writing please mention reading this in this paper, and give name, AGE and full address. All correspondence professionally confidential.

GREAT TAMMANY LEADER

[The Catarrh of Summer.]

Congressman Amos J. Cummings.

New York, Oct. 11th, 1898.

Pe-ru-na Drug M'fg Co., Columbus, O.:

Gentlemen—Pe-ru-na is good for catarrh. I have tried it and know it. It relieved me immensely on my trip to Cuba, and I always have a bottle in reserve. Since my return I have not suffered from catarrh, but if I do I shall use Pe-ru-na again. Meantime you might send me another bottle.

Yours, Amos J. Cummings, M. C.

Summer catarrh assumes various forms. It produces dyspepsia and bowel complaint. It causes biliousness and diseases of the liver. It deranges the kidneys and bladder. Summer catarrh may derange the whole nervous system, when it is known to the medical profession as systemic catarrh. Pe-ru-na is a specific for all these forms of catarrh. Pe-ru-na never disappoints. Address Dr. Hartman, Columbus, Ohio, for a free book on summer catarrh.
