Local Events.

New hats at Mrs. Johnson's. C. B. Wilson is still paying cash for produce. Second hand sewing machines at Votaw Bros. Some more new wheels at Johnson's. Call and see them. Don't forget the lawn social tonight at the Baptist church. Over 1000 feet of new '99 hose, fresh from the factory. See F. H. Storey. Good pasture with running water to rent. Near town. COLUMBUS MACKIE. Remember the ladies will serve ice cream and cake at the lawn social tonight. J. H. Miller and H. A. Miller and family left for the Nestucca beach the first of the week. The LaFayette items came too late for last week's issue and consequently are not up to date. We do not claim to be the only Millinery store in the county but you will find a nice stock of up to date hats at reasonable prices at Mrs. Johnson's. Spray with McEain's Carbolic Compound. Death on fruit tree pests, and hoplice. Call for circulars and see sample. W. C. KROGER, Agent. Charley Wilson's, Dr. E. P. Dixon's and Miss Ione Hill left at an early hour on Tuesday morning for Meadow Lake where they intended to spend a few days fishing. Mr and Mrs. B. Lackamp, Elston, Mo., write: "One Minute Cough Cure saved the life of our little boy when nearly dead with the croup." C. F. Moore & Co. Stanley & Bond lost a 60 pound lamb on the place between Newberg and the Ingles place east of town some three weeks ago. Tell them about it if you know where the lamb is. James Johnson, a pioneer of 1844, died at his home in LaFayette on last Saturday at the age of eighty-five years. The funeral services were conducted by Rev. Scott of the Evangelical church on Monday. Stanley & Bond are now in the Newberg Meat Market and are doing business in the best of style. A good supply of fresh meat usually on hand. If you have fat stock to sell you will do well to see them before selling elsewhere. Mrs. Canby Heston, of Dundee, who, with four of the children, recently went to Willhoit springs for rest and recuperation is reported to be improving nicely. This is gratifying news to the family and to Mrs. Heston's Newberg friends as well. John Hash went to Cottage Grove last Monday to look after some business and during his absence Mrs. Hash says she has been as restless as a bride of two months. During a married life of seventeen years they have scarcely ever been separated and this is quite a break for both of them. Miss Edith Ellis, who has been teaching at Balm, Tillamook county, on the Nehalem river arrived in town last Tuesday. The members of the Ellis family are now all back at Newberg—Later—Since writing the above the news comes that the above named lady is married to a gentleman named Coleman who is in town with her. The S. P. Co. on account of the return of the Oregon volunteers (on a date hereafter to be determined upon) will sell round trip tickets to Portland from Newberg at \$1.00. Children between 5 and 12 years of age seventy-five cents. Tickets will be good two days in addition to the day of sale. They are unable to fix on the date of sale at present on account of the uncertainty when the troops will be received in Portland.

The Graphic and the Oregonian for \$2.00. We are now having ideal summer weather. Bud Mills returned home from Arlington last week. Charles Baldwin, of Rosedale, was down last Sunday. Tents for sale or rent by the week or month. C. F. Moore & Co. E. W. Hall has a 2 1/4 inch wagon for sale, or will trade for a heavier one. Piano kindly furnished by Bigelow & Johnson for the lawn social tonight. Born to Mr. and Mrs. Fred Kinney, on Wednesday, July 12, a daughter. If you want a good chicken for Sunday leave your order at Wilson's grocery. Born to Mr. and Mrs. Theodore Kay, of Dundee, on Monday, July 10, a son. Claud Woodward visited with Allen Cravens' at Middleton a few days this week. Mrs. Dunstan, wife of John Dunstan, will teach the West Chehalum school next year. Mr. and Mrs. J. A. Jones were in town Tuesday evening riding in a nice new carriage. Sheet iron stoves suitable for campers at the beach, or hop pickers, for sale by Alfred Wheeler. Oscar Heater carries the mail and drives the delivery wagon in Charley Wilson's absence. Master Chester Walton, of Portland, is visiting with his uncle Howard Walton north of town. President Newlin preached in the Friends church at Sherwood last Sunday night to a full house. Board by the day, week or meal, with or without rooms, at the Winslow house. Mrs. D. H. TURNER. The Albany prohibitionist spent a day or two in town again the first of the week. He is faithful to his trust. L. F. Hall has been unable to attend to his office duties for several days on account of sickness. Mrs. Hall is also sick. Mrs. Mary Baldwin intends to leave here on Wednesday of next week for Douglas, Alaska where she will remain for some time with her daughter, Mrs. Burt Weesner. The report of the death of Frank Liberty who went from here to Colorado a little more than a year ago has not been confirmed and the friends of the family have doubts about the truthfulness of it. DeWitt's Little Early Risers benefit permanently. They lend gentle assistance to nature, causes no pains or weakness, permanently curing constipation and liver ailments. C. F. Moore & Co. Mrs. F. X. McAtee came up from Portland last Saturday evening and remained over Sunday with her husband. They contemplate moving to Newberg soon if they can secure a suitable house.—Later—they have rented the Newberg hotel building. Hon. Clarence Butt, Rev. W. J. Waltz and Charles A. Deach, with their respective families, and Frank Deach, who is to go along to herd the children, are arranging to go to Yaquina Bay next week. With a lawyer, a preacher and two pedagogues, all that is lacking to make the aggregation complete is a long haired poet to write of the "dark blue sea" and then they would be fixed a plenty. Martin Cook says the whistling of a "Bob White" about his residence on Wynoeki street lately has been a pleasant reminder of his boyhood days in Indiana where quail hunting furnished a good deal of the winter's sport. It has been nearly twenty years since eastern quail were introduced in the Willamette valley but they don't seem to multiply very rapidly along with the native bird which is much more gamey. Some months ago it was announced on the authority of a representative of the Southern Pacific that the custom of the crew running the mixed train which passes Newberg at noon, which is to do all the switching before the mail car and passenger coach is run up to the depot, would be discontinued, but so far no change has been made. On account of this way of handling the business our people are often compelled to wait a half hour or more longer than they otherwise would for their mail. The Chas. K. Spaulding Logging Co. has the largest number of logs now slowly moving down the river that has ever been floated on the Willamette at one time. The company estimates that the total number of feet will aggregate about nine million, which is more than double the number of feet ever before brought down the river at one time. About thirty men are working on the boom and some conception of the amount of work yet before the crew may be formed from the fact that it will probably be the middle of September before Newberg is reached. The Graphic has said over and over again that news items are always gladly received, let them come from the high or low, rich or poor—in fact from anybody who knows of anything that will be of interest to the public. So if babies have been born in the community that have not received mention, or our readers have had friends to come and go without their names being published it is the fault of those who might have given the information while it was new. The Graphic can't afford to pay a man to spend all his time gathering news, and consequently it must depend to some extent, at least, on others to get some news items that ought to appear in the local paper. But let it be remembered that items of this kind should be handed in while they are yet new.

A new line of stationary on sale at the postoffice. Kodak supplies at Portland prices at C. Moore & Co. Lashier's orchestra—a great feature at the Baptist lawn social. New ladies and gent's bicycles for rent at Johnson's bicycle shop. Second hand sewing machine for sale by Votaw Bros., price \$12. Leave orders at Wilson's Grocery for expressing or light hauling. Memorandums, scratch books, pens, inks, pencils for sale at the postoffice. Frank Kerslake, of Portland visited in-town with G. F. Handwick a few days last week. Mr. and Mrs. J. W. Hobbs, of McMinnville, visited with J. L. Hoskins last Sunday. Roy David is working with his father as time keeper on contract work at Seattle this summer. Miss Etta Pittman is up from Portland this week visiting with her sister Mrs. Wm. McCollum. Mrs. R. B. Montague, of Albany, has been in town during the week visiting with Dr. Clara Davidson. Sam Terrell has gone to some point east of the Cascades to engage in construction work on a new railroad line. Charley Cox seems to be very much improved since undergoing an operation for throat trouble at a Portland hospital. President Newlin has commenced the building of an addition to his residence on the east which he will use for a library. Doors, windows, sash, mouldings, lath, lime, shingles and all kinds of building material for sale by Newberg Milling Company. I respectfully solicit the patronage of those in need of repairing and bicycle sundries. Will do my best to please you. C. F. JOHNSON. If you use a fountain pen it will pay you to see the ten cent bottle of writing fluid put up, with filler, especially for fountain pens. For sale at the postoffice. Fred Jackson says the "little folks" had a real nice time at the Sunday school picnic on Chehalum mountain last Saturday and Fred is excellent authority. Rev. Levi D. Barr will hold services at the Friends church in Dundee next Sunday at three o'clock in the afternoon. An invitation is extended to the public to attend. Services at M. E. church next Sunday at the new church. Morning sermon, subject "Trials." Evening sermon "Thorn in the flesh." Good music both morning and evening. You can't cure dyspepsia by dieting. Eat good, wholesome food, and plenty of it,—Kodol Dyspepsia Cure digests food without aid of the stomach, and made to Cure. C. F. Moore & Co. At the regular monthly business meeting of Friends church held last week fourteen members were received into the church, two by letter from the Salem church and twelve by request. C. B. Wilson has been appointed Ag't at Newberg for Multnomah box factory. If you are in need of any fruit boxes, strawberry crates or anything of the kind you can get them of him as cheap as you can in Portland. Hon. F. M. Eddy, congressman from the sixth Minnesota district who is out looking over Oregon with a view of selecting a locality for a Minnesota colony, stopped over here on Friday night of last week and visited with his friend H. Bigelow. John Searles, a retired farmer well along in years, who is taking life easy and who is out from Rockford, Illinois, seeing the country, has been visiting with Thomas Smith north of town for the past two weeks. The two were neighbors for several years and of course they enjoy talking over old times. My friend if you have never given me a call, give me one now. I am in the position of the man who was trying on a pair of boots that were too small for him. An Irishman standing by said: "Boged ye can't get them boots on till ye wear 'em awhile." So it is with me. I can't receive your further business until I get your first order. Please give me a call. C. C. SMITH, Photographer. Albert Heater and family and Alberts mother, the latter being nearly eighty years old and never having seen the ocean, have gone to Nestucca this week where they will look on the waters of the Pacific. There are quite a number of elderly people in the community who have spent forty or more years within two or three days drive of the Pacific without ever having looked out on the great waters. Dr. G. W. McConnell has been down from Baker City during the week having some work done on his Newberg property and looking after other business matters. Just previous to his coming he spent some time at the mineral springs soaking out an attack of the rheumatism and was successful in this. He expressed considerable surprise at seeing so many improvements that have been made in Newberg since he was here a year ago. Good reports came from the work road supervisor Jo Robertson is doing in his district about Dundee. A private road has been opened to a gravel bar on the river and hauling is well under way. Several places in the road that get very bad every winter have been graveled and still the good work goes on. This is the kind of work that tells in the improvement of the public roads and Dundee is fortunate in having a man for supervisor who gets down to work early in the season.

Van Leavitt is back from Astoria again. J. D. Carter was down from McMinnville on Thursday. Dr. Franklin, a young physician of Portland was in town Wednesday night. G. W. Cutts has rented the property opposite the Friends church and will move to town. F. Fuchs went to the city last Saturday and had a sliver of steel taken from one of his eyes. H. D. Fox has tendered his resignation as a member of the city council from the third ward. Mrs. Laura Wilcox is up from Portland visiting with her parents, Mr. and Mrs. Reuben Everest. McAtee the harness maker will do your carriage trimming and also sell you a lap duster cheap. For sale—A glass front book case, lower part clothes press. Must be sold by Monday evening. M. E. BALDWIN. J. C. Porter moved his stock of general merchandise to his new location in the Crater building the first of the week. H. A. Rinehart will retire from the hotel business in Newberg. He has rented a meat shop in LaFayette and will move soon. D. P. Mitchell will furnish ice to keep you cool at three quarters of a cent per pound. Ice cream at 85 cents a gallon. Both delivered. V. U. Nason, of Snow, Wisconsin, who is out taking a look at the great Northwest Coast country is visiting in town with his sister, Mrs. J. M. Barrie. Mrs. Deborah Heater, wife of James Heater died at her home east of town on Thursday Morning at four o'clock after a lingering illness of more than two years. Mrs. Bell Williamson, of Tacoma, daughter of Mr. and Mrs. Jonathan Votaw, arrived here with her son the first of the week, the latter being in poor health. Aunt Rose Grames, as she was known among her neighbors above Dundee, died at her home on Wednesday night. She was one of the early settlers of Oregon. Everett Weesner arrived in town direct from Douglas, Alaska on Wednesday. He reports everything flourishing in the far north country. He will return next week. John Hash has sold 108 acres of his land to Daniel Adolph who recently returned here from Ritzville, Washington, and 72 acres to John Semmler, recently from North Dakota. O. L. Clark, district manager of The Banker's Life association, of Des Moines, Iowa, is opening up an office in this city and will make this place headquarters for the West Side division. Quarterly meeting will be held in the Free Methodist church, commencing Friday evening, July 14, and holding over Sabbath. District Elder, Rev. R. H. Cline will be present. All are cordially invited to be present. Sunday last while D. C. Derby was at church he received a severe attack of paralysis. It attacked him in the left foot and passed up his entire left side. He was carried home, medical aid was summoned and thro' proper treatment he is resting as easy as possible under the circumstances.—Transcript. Preaching at the Baptist church next Sunday morning 11 a. m., theme "The Sword of the Spirit." Evening subject 8 p. m., "No being like God." Good singing both morning and evening. We extend a cordial invitation to all and a special request to non church goers to spend the day with us. We shall try to do you good. Sunday school at 10 a. m. Come one and all. J. F. DAY, Pastor. Sutton, Calkins & Co. have been having some changes made in their store building in order to make more room for goods. The location of the office has been changed and a second floor put in across one end and around one side of the west room where their large stock of shoes will be stored. They have had a big sale of shoes during the spring and summer and they are preparing for a larger one during the fall and winter. W. K. Allen expresses the opinion that the short fruit crop in Oregon is really a blessing in disguise although it may seem a little tough on the growers at present. He thinks that with the hard blow the trees had last winter when the severe cold snap caught the sap flowing, a heavy fruit crop would have finished a very large number of trees in the country. As it is they will have a chance to recuperate during the season. Wm. M. Macning who was down from above McMinnville some time ago looking at Newberg property has traded his farm of a little more than a hundred acres to Phineas Roberts for his acreage property on Wynoeki street. The change is being made as fast as the two parties can move their personal property and the Manning family will soon be residents with us. The farm Mr. Roberts gets is situated seven miles west of McMinnville. Shoes that are shoes. For an up-to-date attractive, serviceable and easy fitting shoe at a medium price none exceeds the J. B. Lewis Co.'s "Wear-Resisters." Over 250 styles. Shoes stamped "Lewis." Get a pair at J. C. Porter's. Lawn Social. The Ladies Aid Society of the Baptist church will give a lawn social on the church grounds Friday night, July 14, for the benefit of the church. Good music will be a feature of the evening. The ladies will serve ice cream and cake at ten cents. All are cordially invited.

Gun-shot wounds and powder-burns, cuts, bruises, sprains, wounds from rusty nails, insect stings and ivy poisoning,—quickly healed by DeWitt's Witch Hazel Salve. Positively prevents blood poisoning. Beware of counterfeits. "DeWitt's Is Safe and sure." C. F. Moore & Co. Ho For Yaquina! G. W. Cutts the S. P. station agent says: Will you please announce in the next issue of the Graphic for the information of parties intending to visit Yaquina and Newport this season that our company will honor tickets reading from or to Newberg between St. Joe, or McMinnville and Whitecon. This will enable parties to have their baggage checked from or to Newberg and allow such as desire to do so to take train or when returning to leave train at either McMinnville or St. Joe if they prefer to do this rather than to lay over night at Whitecon to make connection. Also call attention to the fact that in checking baggage we are allowed to check tents, tent poles, camp stools, folding-chairs, folding-cots, rolls of bedding, (tinware and oil stoves when in boxes with handles for attaching checks only) but we will not check provisions, cooking stoves; folding beds, bedlougings, woven wire mattresses, musical instruments or other bulky articles of furniture but these articles must be shipped as freight. 4 Discovered by a Woman. Another great discovery has been made, and that too, by a lady in this county. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking the first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hannsek & Co., of Shelby M. C. Trial bottle free at C. E. Smith's drug store. Regular size 50c. and \$1.00. Every bottle guaranteed. Barrie's Merchant tailoring coats are made up from Douglas, Alaska on Wednesday. He reports everything flourishing in the far north country. He will return next week.
