And the independent lashing by such papers as the Oregonian has no little influence in keeping an administration from being forgetful of its past pledges and future responsibilities and duties.

"Wherever the flag is assailed, it will be carried, at any sacrifice, to triumphant peace." Is there any uncertain sound here in this expression by McKinley? Let all those ponder this, who have been agonizing over the president's lack of policy.

What's this? Why, it's John C. Young, of Baker City, speaking in this wise: "Do I think the populists of Oregon will come up smiling next year? I do not know what they will do. I am plumb out of it. I am not even in the ranks. I don't know that there will be any in opposing the republican party, and I don't think Bryan will stand the ghost of a show. In fact, I don't think Bryan will be nominated. The free silver cause is dead." This is John C. Young, yes; John C. Young, the whilom leader of the populists of Oregon. Is there no balm in Gilead? Is there no hope in the valley of the shadow?—Statesman.

It is almost impossible to keep from showing a distinction between the regular and the volunteers and a preference for the latter. This is largely caused by the difference of motive of the two organizations in entering the service. From this standpoint Oregon has reason to be especially proud of her volunteers. From statistics given by Chaplain Gilbert of the Second Oregon, it is seen that that regiment was made up of a very intelligent class of men, the great majority of whom left well paying positions to answer the country's call. Such men always make the bravest and most conscientious soldiers. The statistics given are as follows: Total number of officers and enlisted men 1331; average age 24.98 years; average weight 148 1/2 pounds; married, 89; students, 156; clerks, 141; lawyers, 15; book-keepers, 15; carpenters, 29; farmers, 123; laborers, 175; mechanics, 66; teachers, 28; merchants, 34; college graduates, 114; employed when enlisted, 1190; members of church, 531.

Our baby was sick for a month with severe cough and catarrhal fever. Although we tried many remedies she kept getting worse until we used One Minute Cough Cure,—it relieved at once and cured her in a few days.—H. L. Nance, Prin. High School, Bluffdale, Texas. C. F. Moore & Co.

Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one 50-cent bottle and the chills, cold and grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by C. F. Moore & Co.

Rev. J. Bowersox who was on a visit to the East several weeks, returned home last Friday. He was accompanied by Mrs. Bowersox, having been married to Miss Mary Horner, at Berryburg, Pa., while away. The young friends of the Reverend gentleman, of whom there is a host, welcomed him and his bride with a rapturous, to which Mr. Bowersox generously responded. The citizens of Dayton, and especially members of the Evangelical church, of which he is pastor, heartily welcome Mr. and Mrs. Bowersox home.—Dayton Herald.

The pall of smoke from burning for ests which usually hangs over a great part of Oregon at this season, and which has been the only drawback to the glorious summers of this region, has not been in evidence this summer, and is not likely to be. Its absence is attributable in part to the efforts of forest rangers, who have put out many incipient fires, and by their watchfulness prevented many from being started. The "early and the later rains," or perhaps more properly the late rains of spring and the early rains of fall, have also tended to prevent forest fires, and it is to be hoped that in future the forest rangers may be able to keep the atmosphere clear of smoke.—Telephone-Register.

Rain or Shine,

The station agent is on duty. On his exact communication of train orders depends thousands of lives, and millions of dollars in property, each day. In his haste he runs out in the rain or the snow, unprotected. Then comes the sequel—bronchitis, or some other disease of the respiratory organs. The most effective remedy for bronchitis or pulmonary disease is Doctor Pierce's Golden Medical Discovery. Almost all remedies prescribed for such diseases contain opium or some narcotic which soothes by stupefaction. "Golden Medical Discovery" contains neither narcotics nor alcohol. It stops coughs by curing their cause. It heals weak lungs, builds up wasted tissues, and promotes the health of every organ of the body.

"I am a railroad agent," writes E. Staples, Sec. of Barclay, Orange County, Kans. "and four years ago my work keeping me in a warm room and stepping out frequently into the cold air gave me bronchitis, which became chronic. I tried many remedies, but failed to reach my case and advised me to try a higher air. I tried Dr. Pierce's medicine. I commenced taking your Golden Medical Discovery, and by the time I had taken the first bottle I was better, and after taking four bottles my cough was entirely gone. I have found no necessity for seeking another climate." Dr. Pierce's Pleasant Pellets regulate the stomach, liver and bowels.

For La Grippe. Thomas Whitefield & Co., 240 Wash-av., Jackson st., one of Chicago's oldest and most prominent druggists, recommend Chamberlain's Cough Remedy for a gripp, as it not only gives a prompt and complete relief, but also counteracts any tendency of the gripp to result in pneumonia. For sale by C. F. Moore & Co.

For the past week the returned volunteers have, to a certain extent, been dividing honors with F. A. Diehschneider. The cause of which is the fact that last week the young man killed a fine four point buck on Snap point, near Meadow Lake. It was no accident, he intended to kill the deer.—Telephone-Register.

That Throbbing Headache. Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by C. E. Smith, druggist.

Tuesday afternoon the 20 months-old son of Mr. and Mrs. Charles Howe, of this city, was playing with a carpenter's chisel, and fell upon the edge of the tool in such a manner as to cut a frightful gash from a point between the eyes down the side of the nose to the mouth. Dr. Goucher dressed the wound, and predicts that the little fellow will get along all right, and that no scar will result.—Telephone-Register.

NEARLY FIFTY-EIGHT YEARS OLD!

It's a long life, but devotion to the true interests and prosperity of the American People has won for it new friends as the years rolled by and the original members of its family passed to their reward, and these admirers are loyal and steadfast today, with faith in its teachings, and confidence in the information which it brings to their homes and firesides.

As a natural consequence it enjoys in its old age all the vitality and vigor of youth, strengthened and ripened by the experiences of over half a century. It is "The New-York Weekly Tribune," acknowledged the country over as the leading National Family Newspaper. Recognizing its value to those who desire all the news of the State and Nation, the publisher of "The Graphic" (your own favorite home paper) has entered into an alliance with "The New-York Weekly Tribune" which enables him to furnish both papers at the trifling cost of \$1.50 per year. Every farmer and every villager owes to himself, to his family, and to the community in which he lives a cordial support of his local newspaper, as it works constantly and unflinchingly for his interests in every way, brings to his home all the news and happenings of his neighborhood, the doings of his friends, the condition and prospects for different crops, the prices in home markets, and, in fact, is a weekly visitor which should be found in every wide awake, progressive family. Just think of it! Both these papers for \$1.50 a year. Send all subscriptions to
