The Newberg hotel under the management of F. X. McAtee, was opened up to the general public, under very auspicious circumstances, on Wednesday of this week. The event was celebrated by the serving of a sumptuous chicken dinner, which was entirely satisfactory from all points of view, if the favorable reports given count for anything. One participant was heard to remark with a self-satisfied feeling that "it was out of sight," referring very truly no doubt to the chicken, after about thirty guests had availed themselves of "the chance of a lifetime." The hotel has been gone over thoroughly and refitted, and Mr. McAtee can be depended on to do the proper thing by the public if he receives the support of the public, such as he is entitled to.
