ALONG THE COAST.

Items of General Interest Gleaned From the Thriving Pacific States.

F. E. Smith, who is connected with the Goodnough Mercantile & Stock Company at Elgin, was a recent visitor at La Grande. He reports business brisk in his locality. One of the big outputs of the Elgin country is lumber. Mr. Smith states that all the seasoned material as been shipped out, and several of the mills are shipping green sawed lumber direct from the saws, so great is the demand. There are six sawmills in operation in the vicinity of Elgin, and it is estimated that the total shipments of lumber from these mills during the past three months amounts to 3,000,000 feet. Most of the mills will be kept in operation till the latest date possible, in order to keep up with the demand, which comes largely from Utah and other points eastward.

Articles of incorporation for the Cedar River Boom & Logging Company, wit a capital stock of $50,000, were filed last week at New Whatcom, Wash. The object of the corporation is to catch, boom, sort and hold lumber logs, piling, shingle bolts and any and all other timber products. To erect lumber and shingle mills and operate same, to own or acquire tugboats for towing or transportation, etc. The incorporators of this company are Daniel H. De Can, of New Whatcom, who owns several mills on the Sound, and John F. Dufur, recently of Ashland, Wis. The company will erect a large shingle mill at South Bend, with a capacity of 250,000 shingles a day. The plant will be located on either the Siler millsite or the Foye & McCleary site, and work on the erection of the mill will begin some time during the next month. The company has already bought several claims on Cedar river.

Beet Sugar Plant.

There is a strong probability that persons at the head of the Oxnard Beet Sugar Company, in Nebraska, will establish a plant in the Boise valley, Idaho. Mr. Oxnard and associates have secured an option on the stock of the Ridenbaugh canal, the property covering 12,000 acres of land owned by the canal company. The sugar company sent an expert into that region during the past summer, a gentleman named Weinrich. He spent three months in investigating various locations in Idaho, Washington, Oregon and Northern Utah, and reported to his principals that the Boise-Nampa valley was better adapted to the production of sugar beets than any other section he visited. It seems likely that the people will endeavor to colonize the lands owned by the canal company, as it is necessary to have great number of farmers growing beets in order to assure success for a large manufacturing plant. If the factory is built at Nampa it will be a great help to that place, but wherever it may be erected it will become a potential factor in the future development of the entire valley.

Nome Claims.

In view of the wealth of the Cape Nome claims, and the enormous number of would-be claimants, it seems fair and equitable that the size of the claims should be reduced. This is the belief of the majority of Alaska prospectors, and a number of them have signed a petition to be sent to the United States senators and congressmen of Washington asking that legislation be enacted making 500 feet square the legal size of a mining claim in Alaska, and forbidding locating claims by power of attorney. This latter abuse, the petitioners affirm, is particularly detrimental to the prospectors, preventing hundreds of men from getting locations, and enabling others armed with power of attorney, legal or otherwise, to secure valuable ground often miles in extent.

The Hop Market.

The officers of the Oregon Hopgrowers' Association are negotiating for the sale of a 15,000-bale lot of hops at 11 cents a pound. If this is consummated, it will be one of the largest hop sales ever made in the state. It is reported that Lilienthal Bros. have in the past few days bought 500 bales of Oregon hops at 10 cents. A. J. Query, of Puyallup, Wash., is reported to have accepted 9½ cents from McNeff & Sweney for his '99 hops, consisting of 223 bales. Horst Bros. effected the first sale of hops at Chehalis, a 44-bale lot, paying 8¾ cents. Another lot was sold to Neis, at a reported price of 8 cents.

Wheat Coming In Rapidly.

J. H. Vermillion and J. Hoskins, who are receiving sacked wheat for the Pacific Coast Elevator Company, of Tekoa, Wash., at the latter's warehouse on the reservation, report the grain is coming in rapidly and that they will soon have the building, the capacity of which is 14,000 bushels, full. It is stated that this year's crop will be twice as large as that of any former season.

Sheep Sold.

L. G. Thomas, of Chewaucan, last week made a sale of his bunch of sheep to W. A. Wilshire, of Lakeview. The band consisted of 1,000 ewes and 461 lambs, and the price paid was $4,000, or about $2.75 per head bunched.

O. R. & N. Cut-Off Finished.

It is officially announced that the O. R. & N. Wallula-Grange City cut-off is practically finished. This cut-off will do away with the necessity of handling freight and passengers over Alton hill. However, a special service will be maintained over the hill for the benefit of Walla Walla and other cities along the old route. The only difference will be that all points between Starbuck and Spokane will be reached one hour and 40 minutes sooner. The distance covered by the cut-off is 66 miles.

Bonds Will Be Sold.

The board of trustees of school district No. 28, Bingham county, Idaho, is offering for sale coupon bonds of that district to the amount of $400, bearing interest at the rate of 8 per cent per annum, payable annually, and redeemable 10 years from date.

New Bank to Be Opened.

A new bank, to be known as the Scandinavian American bank, is about to be opened in New Whatcom, Wash. Frank Oleson, secretary of the board of works, Seattle, will be manager of the new institution.

BRADSTREETS' REVIEW.

General Trade Continues at a Maximum Volume for the Year.

Bradstreet's review of trade for the week says: General trade and industry continue at a maximum volume for this season of the year, while prices, as a whole, manifest a strength unapproached in recent years.

Strength on values is still most notable among manufactured textiles, but cereals, hides and leather and the manufactures thereof have also strengthened slightly. On the other hand, pork products and tin are slightly lower. The great majority of prices, however, remain firm at unchanged quotations. An active consumptive demand for wool is reported at leading markets, accompanied by a fair export demand, and a further reduction in stocks.

Cereals do not manifest any striking change this week, but the resisting power of the market is appraently greater, more moderate receipts of wheat at the West inducing some covering, and corn is sympathetically stronger. Another feature naturally attracting attention at this time of the year is the demand for but generally reported small stocks of coal available, both East and West.

Lumber displays continued strength, and advices are of an expected very heavy cut this winter, both in the Northwest and at the South.

Wheat, including flour, shipments for the week aggregated 4,540,007 bushels, against 4,750,842 bushels last week; 5,679,141 bushels in the corresponding week of 1898. Corn exports for the week aggregate 4,603,718 bushels against 4,581,447 bushels last week; 3,731,724 bushels in this week a year ago; 3,208,790 bushels in 1897; 2,975,721 bushels in 1896, and 1,743,167 bushels in 1895.

Business failures in the United States number 189 for the week.

PACIFIC COAST TRADE.

Seattle Markets.

Onions, new, $1.00@1.25 per sack.
Potatoes, new, $16@18.
Beets, per sack, 85c.

A striking eivdence of the scarcity of workingmen is a great placard which has been hung out in front of the postoffice, Ottawa, Canada, by one of the lumber companies asking for 1,000 laborers and 300 shantymen.

When hat is wet with rain it should be dried with a silk handkerchief, brushed with a soft brush and when it is nearly dry with a harder brush.

The Waiter Knew 'Em.

A downtown restaurant was in the turmoil of the busy dinner hour. Careworn business men rushed in and swallowed a lunch as though millions depended on their haste. Waiters balanced steaming platers on the tips of their little fingers with the ease of Japanese jugglers, and everythig seemed confusion. Yet there was a certain degree of discipline among the waiters and they seemed to know their customers and their usual choice of dishes. For instance, when a pair of lantern-jawed actors without an engagement entered, the waiter that listened to the order yelled to the cook: "Two soups and a Ham-omelet!"—Detroit Free Press.

Electricity for Brain.

A scientist has discovered an apparatus which will stimulate the brain. It consists of an electric band. While scientists have been inventing unnatural ways of making the brain work, Hostetter's Stomach Bitters has for fifty years been doing it naturally. It cures dyspepsia and all stomach troubles and builds up the system.

Out of 1,100,000 in Massachusetts engaged in gainful occupations, only 37,000 are employed on Sundays.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that can not be cured by Hall's Catarrh Cure.

Hall's Family Pills are the best.

The wages of every employe of the United Salt Company, of Cleveland, have been increased voluntarily.

Town Farthest Removed From Sea.

Kuldja, which is said to be the center of Asia, is claimed to be the farthest removed town from the sea in the world. This town, which formed part of the ancient kingdom of Dzoungaria, is between 1,800 and 1,900 miles from the sea. Kuldja is the point from which numerous races have migrated to the low and arid steppes of the Aralo Caspian depression, and the still more distant and better favored regions of the west. On the fertile banks of the Ili and Irtish, the migrating hordes lingered for a time, loth, as it were, to venture out into the unknown plain before them, stretching far away into sandy deserts that separate Europe from Asia, until a new tide of popular migration forced them at last to strike their tents and depart westward from their mountainous halting ground.

Los Angeles, Cal., is distinguished for the number of pretrolium oil wells it possesses. The output for 1898 approximated 1,100,000 barrels, and that for 1899 is estimated to be about the same.

SALT LAKE CITY.

An Important Factor in Transcontinental Travel.

No one crossing the continent can afford to cut Salt Lake City from his route. The attractions of the place, including the Mormon Temple, Tabernacle and Church institutions, the Great Salt Lake—deader and denser than the Dead Sea in the Holy Land—the picturesque environment and the warm sulphur and hot springs, are greater to the square yard than any locality on the American continent.

The Rio Grande Western Railway, connecting on the East with the Denver & Rio Grande and Colorado Midland Railways and on the West with the Southern Pacific (Central Route) and Oregon Short Line, is the only transcontinetnal line passing directly through Salt Lake City. The route through Salt Lake City via the Rio Grande Western Railway is famous all the year round. On account of the equable climate of Utah and Colorado it is just as popular in winter as in summer. Send 2c to J. D. Mansfield, 253 Washington St., Portland, or Geo. W. Heintz, Acting General Passenger Agent, Salt Lake City, for a copy of "Salt Lake City—the City of the Saints."

Climate, Scenery and Nature's Sanitarium.

Scenery, altitude, sunshine and air, constitute the factors which are rapidly making Colorado the health and pleasure grounds of the world.

Here the sun shines 357 days of the average year, and it blends with the crisp, electric mountain air to produce a climate matchless in the known world. No pen can portray, no brush can picture the majestic grandeur of the scenery along the line of the Denver & Rio Grande Railroad in Colorado. Parties going East should travel via this line which is known all over the world as the Scenic Line of the world. For any information regarding rates, time tables, etc., call on or address R. C. Nichol, general agent, 251 Washington street, Portland, Or., or any agent of the O. R. & N. Co., or Southern Pacific Company.

Are You Going East?

Great Rock Island Route

If so, you should see that your ticket reads via the Great Rock Island route, and you will get the best. Pullman palace sleeping cars, elegant reclining chair cars "free," and library buffet cars on all through trains. Best dining car service in the world. Popular personally conducted excursions once a week to all points East. For full particulars call on or address any ticket agent, or A. E. COOPER, G. A. P. D., C. R. I. & P. Ry., 246 Washington street, Portland, Or.

For the turn of the stairs, that ugly place in the old city houses, tall silver taper holders of Russian workmanship or the old Dutch candlesticks four feet high will be found effective adjuncts.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

Babies

Hush! Don't you hear your baby cry? Babies often grow peevish, fretful, restless and feel bad, poor little things, without being able to tell you why. How much the little innocents suffer, unable to tell the cause of their distress! It is almost always some trouble in their little insides, sour curd on the stomach, indigestion, wind-colic, bowel complaints, that start the ills of childhood. CASCARETS make mother's milk mildly purgative, and increase the flow of milk in nursing mothers. Mamma takes a Cascaret, baby gets the benefit.

In this way, Cascarets afford the only safe laxative for babes in arms.

"I shall never be without CASCARETS. My children are always delighted when I give them a portion of a tablet, and cry for more. They are the most pleasant medicine I have ever tried. They have found a permanent place in my home." MRS. JOHN FLAGEL, Box 683, Michigan City, Ind.
