It digests what you eat and cures all forms of stomach trouble. It never fails to give immediate relief in the worst cases. C. F. Moore & Co.

That familiar classic about Mary's little lamb is all well enough when you have nothing better in real life. But when a spotted, stumpy little "dudish" canine very knowingly trots collegeward in the wake of one of the seniors,—well, there's a joke loose somewhere, and we want to know whether it is on the guileless pup, the senior, or the fair owner of the canine.

Mrs. Groff writes from Salt Lake City that after a pleasant journey over snow covered mountains, they reached their destination on Thursday, Dec. 14. She says that though it was cold and blustery in Salt Lake, and the ground covered with snow, yet she and Mr. Groff are enjoying themselves very much, as the jingle of the sleigh bells and the merry laughter of the children as they go skating down the wide streets, remind them of happy childhood days. Mrs. Groff thinks the dry climate there will be beneficial to her health.

Smith who has been engaged at Spaulding's logging camp at Berry, some fifty miles east of Albany, since last June, came home Wednesday to spend the holidays with Mrs. Smith and shake with his friends. He expects to do considerable work on his claims next season.

The recent beet sugar meeting held in Newberg was attended by about two hundred farmers and others interested in the enterprise. It seems favorable. If we do not look out Newberg will be the larger town.—Telephone-Register.

As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. Dr. B. Johnston of Richmond, Ind., has been troubled with that ailment since 1862. The Oregon Agriculturalist is authority for the statement that Z. T. Davis, of Dundee, Oregon, sold a large crop of Italian prunes of this year's crop at 6 1/2 c. net in sacks f. o. b. at Dundee.

"I was nearly dead with dyspepsia, tried doctors, visited mineral springs, and grew worse. I used Kodol Dyspepsia Cure. That cured me." It digests what you eat. Cures indigestion, sour stomach, heartburn and all forms of dyspepsia. C. F. Moore & Co.

On last Friday evening, President Newlin gave the second lecture in a course being given before the state agricultural college at Corvallis. His subject was "An Italian tour" and he reports a very good audience. On his way up Friday morning he attended chapel exercises at the state normal of Monmouth.

Miss Alderson writes from Salem that the quarantine on account of small pox was lifted from their home Monday and that her sister will be pronounced well today. This comes as good news to the college, for it insures Miss Alderson's return at the beginning of the next term to take up the work of the music department again.

The first holiday treat of the season was given to the children of the Loyal Temperance Legion, by the superintendent and teachers which consisted of popcorn balls and taffy candy. They dispensed with the regular lessons and had a short literary program. Also short talks by Miss Newby and others. It was a complete surprise and all seemed to enjoy it, there being between fifty and sixty children present.

President Newlin says that the prospects are exceptionally good for the next term's work in college. Almost without exception, all the students now enrolled will continue in school, and several new ones will be in, which will put the enrollment above the one hundred mark, exclusive of music students.

A very successful term's work is just being brought to a close, the last of the examinations being given today. Of the three terms work, the next will be the best, special attention having been given to arranging one term courses for those who cannot attend college for a longer time. There are a number of young people in and about Newberg, who should by all means take advantage of the opportunities offered them at their very door. Young men in particular can find some very helpful work along practical lines, book keeping especially. Every young person desiring to make an effort in this direction can rest assured of the sympathetic help and encouragement of the college faculty.

My son has been troubled for years with chronic diarrhoea. Sometimes ago I persuaded him to take some of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using two bottles of the 25 cent size he was cured. I give this testimonial, hoping some one similarly afflicted may read it and be benefited.—Thomas C. Bower, Gloucester, O. For sale by C. F. Moore & Co.

College News.

Rev. S. S. Lewis, of Sherwood, conducted the chapel exercises on Tuesday morning.

Bertha Cox was absent from college the first of the week on account of illness but has returned in time to take the examinations.

Did you ever see the morning parade of the "white caps"? If not, look out for it along the college walk at about 7:30. They are entirely harmless.

Rubbers and umbrellas still have a mysterious fashion of disappearing from their owners in the cloak rooms—it must be that the "nymphs" are still at work.

There is some talk of a foot ball game with Sherwood during the holidays. Let us hope the weather will be more propitious than on the occasion of the Thanksgiving game.

Oscar Cox, '98, was a visitor at the hall Monday night, and Wednesday morning he gave a chapel talk at the college which was very interesting, as coming from an old student who looking back on his college life could see where in the special advantages and opportunities lay.

The last week of school vacation is here and examinations are the order of the day. These began Wednesday afternoon and will continue the remainder of the week but after that—the holidays. Christmas with its joy and good cheer, and New Year's day with its merry greetings. Most of the students who live at a distance expect to return home to spend the vacation, to return, let us hope, with many good resolutions which will make the coming year even better than the past has been.

The operation is very severe as the eye ball has to be removed from its socket, the film or growth removed and the ball replaced. These operations are necessary to prevent total blindness.—Telephone-Register.

THE AMERICAN MONTHLY REVIEW OF REVIEWS
THE "NECESSARY" MAGAZINE
The best-informed men and women in the world use the AMERICAN MONTHLY REVIEW OF REVIEWS to keep well informed, and call it the "necessary" and "indispensable" magazine. In the busy rush of to-day ambitious men and women must know about the important questions of the month, and not only this, they want to know about them at the right time. When the whole country is puzzled over the gigantic combination of trusts, a well-informed article is printed in the AMERICAN MONTHLY, giving the facts, and its editor discusses the theory; when the Dreyfus affair is in everyone's mouth, the best story of Dreyfus and the great case comes out in this magazine.
Every month, in "The Progress of the World," Dr. Albert Shaw gives a comprehensive picture of the world's history during the previous thirty days. In the departments, the valuable articles and books that have been published during the past month are reviewed and quoted from, so that the readers of the AMERICAN MONTHLY can get the gist of them. In every issue nearly a hundred pictures are printed, including the portraits of the men and women who are making the history of the month.
To be thoroughly well informed helps any man or woman in his or her work. A subscription to the AMERICAN MONTHLY REVIEW OF REVIEWS represents an investment for the best kind of profit, as well as entertainment. One subscriber has just written: "Count me a life subscriber, and when you send me a number beyond the limit of my subscription and secure no renewal from me, consider it a notice of my death."
Price 25 cents per number, \$2 50 a year.
A sample copy will be sent on receipt of ten cents in stamps.

For You to Read
"What puzzled me in the beginning was that I kept losing flesh without any cause for it that I could see. I had a little trouble with my stomach, too, and after a while began to grow weaker and to cough. The cough, I thought, would soon go away and cure itself, but it didn't. It grew worse, and then I began to spit up a peculiar looking substance. I never thought of consumption, but one day I had a hemorrhage, and then was frightened in earnest and did just what you would do. I rushed to the doctor. He was either too busy, or something else, for he didn't do me any good. I kept going on town bill, and the outlook was bad. Things took a different turn, however, when I heard of Acker's English Remedy for Consumption, for I took it, and it not only cured my coughing and spitting, but also built up my whole system. I took on permanent flesh, and today am just as healthy a man as you can find in a week's travel. You may be sure I always keep Acker's English Remedy in the house, and it is a good thing I do so, for one night my youngest child was seized with croup. That hoarse, wheezy cough was the first signal, and I lost no time in giving the poor little sufferer proper doses of this grand medicine. In almost no time the disease was under control, and my child was saved. I advise every parent to have a bottle handy all the time. It serves the same purpose in keeping croup out of the house that a good lock and key serve to keep burglars out. It is both an expectorant and a tonic. It cured me of consumption and my child of croup, and I know what I am talking about." (Signed) Hon. M. Hogan, picture frame manufacturer, 245 Center Street, New York.
Acker's English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure. 25c. 50c. and \$1.00 bottles in U. S. and Canada. In England, 1s. 6d., 2s. 6d., and 5s. 6d. bottles.
We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York.
