The opportunity has been most excellent during the week for "looting" the fellows who desire to shield anyone who engages in the sale of intoxicants in Newberg in defiance of law. No need for asking questions for the "faithful" have been doing the talking. Some who generally keep "mum" have grown indignant to think the thing had suddenly been given away. Smoking Stunts the Growth of Boys.

Whatever difference of opinion there may be upon the advisability of smoking for men, there is none as to its pernicious effect upon boys. It affects the action of the heart and reduces the capacity of the lungs. Young men who are being trained for athletics are not permitted to smoke by their trainers as they say, "It is bad for the wind."

The argument that will appeal most forcibly to your boy is that smoking will stunt his growth. It has been proved that youthful smokers are shorter and weigh less than their comrades who do not smoke. Cigarettes are particularly injurious. Nicotine, the active principle of tobacco, is said by chemists to be, next to prussic acid, the most rapidly fatal poison known. The tender tissues of a growing boy cannot absorb even a very small quantity of it without most injurious results.—February, Ladies' Home Journal.

"After doctors failed to cure me of pneumonia I used One Minute Cough Cure and three bottles of it cured me. It is also the best remedy on earth for whooping cough. It cured my grandchildren of the worst cases," writes Jao. Berry, Loganston, Pa. It is the only harmless remedy that gives immediate results. Cures coughs, colds, croup and throat and lung troubles. It prevents consumption. Children always like it. Mothers endorse it. C. F. Moore & Co.

With a clubbing rate of only \$2 a year for the Graphic and the Oregonian you get all the news, both local and general, at a very low figure. Now is the time to subscribe.

"I had bronchitis every winter for years and no medicine gave me permanent relief till I began to take One Minute Cough Cure. I know it is the best cough medicine made," says J. Kountz, Corry, Pa.
