

"Saying and Doing Are Two Things."

It is not what we say but what Hood's Sarsaparilla does that tells the story of its merit. Its great record of cures of all forms of blood diseases, including scrofula, rheumatism, dyspepsia, catarrh, prove its power to cure you also.

Catarrh—"My throat was in such a condition with catarrh that I could hardly swallow and had no appetite. I found Hood's Sarsaparilla an excellent remedy, and now have a good appetite." Ella J. White, Ennis, Texas.

A Hard Luck Story.
He stood before the police judge a wreck. He suggested an echo of better days. He had been arrested the night before for sleeping in an open doorway.

The judge said that the prisoner had not always been a tramp and questioned him with regard to his past. "Well, your honor, it was this way," the man said, quietly, "I haven't always been as you see me now. I was a stock broker once. When I was a younger man I became interested in copper. Copper is usually solid, you know. Well, I made a little pile, then shifted to iron. Iron is hard to handle and I lost. I withdrew from speculating for a time, but the old fascination drew me again into the maelstrom. I took a flyer in some glittering mining stock, but it was a loser. I said I would try again. I bought a little train of different railway stock, but I didn't tie to it long enough and went nearly broke. Then I shoved all of my remaining fortune into pork. It turned out that pork was on the hog, and here I am."

The judge had listened to the story attentively and at its conclusion discharged the prisoner. "Have you any money?" he inquired, as the man turned to leave the court room. "No, sir," was the reply; "I'm broke now than I ever was."—Detroit Free Press.

Improved Train Equipment.
The O. R. & N. and Oregon Short Line have added a buffet, smoking and library car to their Portland-Chicago through train, and a dining car service has been inaugurated. The train is equipped with the latest chair cars, day coaches and luxurious first-class and ordinary sleepers. Direct connection made at Granger with Union Pacific, and at Ogden with Rio Grande line, from all points in Oregon, Washington and Idaho to all Eastern cities. For information, rates, etc., call on any O. R. & N. agent, or W. H. Hurlbert, General Passenger Agent, Portland.

Liquor in Groceries.
In Connecticut, liquors and groceries cannot now legally be sold on the same premises. For a number of years past many groceries in the state took what is called a package license under which they sold liquors not to be drunk on the premises. The last legislature passed a law prohibiting this and now any grocer who wishes to sell liquors will have to give up his grocery business.

A miner in Colorado, disheartened by hard luck, dug a grave for himself with the intention of getting into it and then blowing his brains out. Three feet under the surface of the ground he struck a "pay streak" and sold it the next day for \$20,000. If you are thinking of self-destruction, try digging your own grave.

One of the farm journals remarks that the Indiana man whose horse ate up his pocketbook containing \$65 may be justified in claiming that it is not always profitable to have money in live stock.

In Germany one newspaper is published for every 12,902 persons.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

PACIFIC COAST NEWS

Commercial and Financial Happenings of Interest in the Growing Western States.

Improvements at Ballard.
A permit has been granted to the Seattle Electric Company to build a new trestle for the Ballard division of the Consolidated Street Railways Company, extending along the shore of the bay between Omaha and Alva streets, and the right was also granted to build another trestle west of the present one along Salmon Bay. It is the intention of the street railway company to expend \$50,000 in the improvement of its line to Ballard to meet the traffic demands created by the growth of that city, and to that end three new motor cars of 160-horse power each have been ordered from Eastern manufacturers. The track will be taken up and laid along the new trestles, and on Western avenue the line will be reconstructed in a modern manner.

Saw Mill to Be Moved.
Patton & Holsches, of Scoggins valley, have leased the old mill site, 12 miles west of Forest Grove, formerly owned by Colonel T. R. Cornelius, and will commence at once the removal of their saw mill from Scoggins valley to that site. The mill at this location will be accessible to a large supply of the very finest yellow fir, and situated 10 miles from Seeghers, where the lumber will be loaded on cars and shipped to Eastern parties, who have placed two large contracts with the mill. There is not an idle saw mill in Washington county, and this year, owing to the demand for lumber outside of the state, will be the best year for the industry in the history of the county.

As to Issuing School Warrants.
The state superintendent has delivered an opinion to the effect that school district warrants should not be issued by the clerk or signed by the directors until they have first been audited and allowed; nor should the warrants be delivered by the clerk until he has procured the signatures of the directors. "The usual way of doing this is at a meeting of the directors. After the claim is audited, the warrant should be signed as a part of the transactions of the meeting, and the clerk should then deliver the same to the party to whom it is due. It might, however, come under some method of procedure covered by some by-law that the board has adopted."

To Saw More Lumber.
The lumber business is active in Clackamas county, and new machinery is being added to increase the capacity of several mills. Miller Bros., of Eagle creek, are having improvements made that will increase the cutting capacity of their mill to 10,000 feet daily. F. L. S. Bagby, of Bagby Bros., Molalla, came up from Portland, where he had placed orders for machinery that will increase their cutting capacity to 12,000 feet per day. The latter firm is doing considerable business in the way of furnishing oak lumber to boat-builders in Portland.

State Park Infected.
The gardener of the capitol grounds in Salem has found indications of the dreaded San Jose scale on some of the trees. He immediately began spraying, and will spray not only the affected trees but also all the trees and shrubs under his care.

A Eugene man has loaded 100 bales of hops on one car.

Burns intends to build a stone jail, to supply a long felt want.

A Nestucca man has 775 cases of cheese awaiting shipment.

The Spokane exposition is incorporated with a capital stock of \$10,000.

Thirteen knot sawyers at a Fairhaven sawmill went on a strike last Monday morning.

At Endicott a 3-year old child of F. E. Stanfield fell into a watering trough and was drowned.

Fish Commissioner Reed says that the Coos bay salmon hatchery will be built the coming summer.

The superintendent of the Stockton mine, Susanville district, it is reported, will erect a 40-stamp mill.

William Kingsley, a logger, was killed by the north bound passenger at Machias, Snohomish county.

O. Finnigan, a train dispatcher, was found dead in bed at Seattle. Heart disease is the presumed cause of death.

The new militia organization, Company M, of Whatcom, was mustered into the Washington National Guard last week.

Charles Daily, a Coquille City boy, has shipped a box of 23 dozen frogs to San Francisco. He gets 75c to \$1.50 a dozen for them.

Hobart W. McNeill, a well known citizen of Seattle, who died on the 27th at San Jose, Cal., will be buried at Okaloosa, Iowa.

Some ranchers on Poison creek report that in their part of Harney county stock feed is as good in the mountains as it was in April last.

Two citizens of Burns have leased land to the north of the town, for the purpose of constructing a first-class race track and baseball grounds.

In the Silver creek country, Harney county, a week ago, snow was all gone and it was raining.

Edward Marshall Brown is dead in Tacoma as a result of a disease contracted in the Philippines while serving as a member of the First Washington.

J. F. Allen's store in Fox valley was entered last Tuesday night by burglars, who rifled the money drawer, but took nothing else. They got about \$10 in change.

G. K. Hiatt hauled a log at his Edgecomb works on Tuesday which he estimated to be worth \$125, says the Snohomish Tribune. The stick contained enough first-class lumber to build a commodious residence.

The Harney County News says that Burns is by far the most aggressive city in Eastern Oregon, and the present year will witness the erection of many substantial business buildings.

A crowd of young toughs have been disturbing religious services at Free-water. Three of them were arrested and fined last week, and it is thought the annoyance will now stop.

WOOLEN GOODS ACTIVE.

Prove an Exception to Dullness Shown in Other Lines.

Bradstreet's review says: Exceptions to the quiet and even dullness shown by the many lines of trade and speculation are found in the active demand for woolen goods for next fall's delivery, and in the active call for dry goods on spring account. In the latter direction, prices show special strength, and the bulk of the business placed in woolens has been an advance of 25 to 40 per cent. In other lines, notable steadiness is shown in prices. Weather conditions throughout the country part of the week have been against trade in seasonal goods, and there is very general complaint of large stocks of winter goods in the hands of this branch of trade. Another effect of the usually mild weather is that shown in the Northwest lumber business. The lack of snow will probably insure a reduction on the cut of last year, and this, combined with smaller stocks, points to at least a maintenance of present lumber quotations.

Woolen manufacturers have constituted an exception to the general quiet. They opened their order books this week, and an unusually heavy volume of business is reported to have been recorded. Cotton goods are reported in good demand in nearly all markets, and the confidence as to spring business in dry goods and clothing is a notable feature, in sharp contrast, in fact, with the reports received from retailers as to the present season's business in winter goods. Scarcity of water is complained of as limiting the output of New England cotton mills, which are reported as backward in deliveries.

Business failures for the week number 252, as compared with 255 last week, 248 in the week a year ago, 288 in 1898, 328 in 1897, and 393 in 1896. Canadian failures for the week number 39.

Enthusiastic Old Wheelman.

There is an old adage to the effect that it is never too late to mend, and that seems to apply to the bicycle, or, rather, to the people who ride it. A Peoria (Ill.) man learned to ride at the age of 61 years and now is 72. During these 11 years he has ridden 80,000 miles, and is still going. To commemorate his career as a cyclist he has erected a monument over the spot where he is to be buried, and on the shaft the figure of a bicycle is carved.

In the Boone county (Mo.) circuit court a saloonkeeper was fined \$150 for selling to a minor. This is the first case ever tried in Boone county, under the law, by which damages assessed in such cases go to the party making complaint.

Our Increased Trade With China.
England can no longer compete with us in the shipment of many products to China. This is merely natural. The best win in everything. For a like reason, Hostetter's Stomach Bitters has for fifty years acknowledged no superior, because there is nothing better to cure constipation, indigestion, dyspepsia and biliousness.

What Was Lacking.
"That waiter of yours is the slowest I ever struck," said a fat customer. "Well, if you had a wagon, and the wheels didn't work to suit you, what would you do?" asked the restaurant proprietor.

"Well, I'd grease 'em." "Well, why don't you 'grease' the waiter?"—Yonkers Statesman.

The Months of Madness.

Contrary to the general opinion, more people go mad during the summer months than in the usually gloomy and dull months of November, December and January, when times are bad and the general conditions appear more conducive to insanity. Not only in this country, but also in many others, it is found more people go mad during May, June and July than during any other portion of the year, and that suicide—which is due to some form of insanity—is also more prevalent during the summer.

He Threw Away the Wine.
Three dozen bottles of old wine were unearthed in the village of Southampton, L. I., by workmen who were digging a furnace pit in the cellar of Edward P. Hunting's house. The house was formerly occupied by Mr. Hunting's father and it is supposed the wine had been buried there for more than 60 years. Mr. Hunting is a teetotaler and the wine was thrown away.

SALT LAKE CITY.

An Important Factor in Transcontinental Travel.

No one crossing the continent can afford to cut Salt Lake City from his route. The attractions of the place, including the Mormon Temple, Tabernacle and Church institutions, the Great Salt Lake—deader than the Dead Sea in the Holy Land—the picturesque environment and the warm sulphur and hot springs, are greater to the square yard than any locality on the American continent.

The Rio Grande Western Railway, connecting on the East with the Denver & Rio Grande and Colorado Midland Railways and on the West with the Southern Pacific (Central Route) and Oregon Short Line, is the only transcontinental line passing directly through Salt Lake City. The route through Salt Lake City via the Rio Grande Western Railway is famous all the year round. On account of the equable climate of Utah and Colorado it is just as popular in winter as in summer. BOWEL BAY-WINDOWS

When a man gets one, he becomes a slave to his bowels. Every person ought to have control over the different parts of the body, and it is the easiest thing in the world to educate the bowels, make them do their duty naturally and regularly, and keep them from becoming a source of misery and a deformity as well.

Educate your bowels! Don't neglect the slightest sign of irregularity but see that you have at least one natural easy movement a day. Pills, salts and black draughts are dangerous because they strain and weaken the bowels. What you want is a mild but sure laxative, that tones and strengthens the bowels and stimulates their movements. Such a laxative is CASCARETS, and when you try them, you will find that it is the easiest thing in the world to make and keep your bowels clean and regular, strong and healthy. By keeping the bowels clean, all serious disorders are
