Mrs. Calvin Zimmerman, Milesburg, Pa., says, "As a speedy cure for coughs, colds, croup and sore throat One Minute Cough Cure is unequaled. It is pleasant for children to take. I heartily recommend it to mothers." It is the only harmless remedy that produces immediate results. It cures bronchitis, pneumonia, grippe and throat and lung diseases, It will prevent consumption. C. F. Moore & Co.

A regular bona fide Kentucky legislature in embryo has been in existence for some time in the Jaunta literary society at the college. The young "republicans" claimed the right to rule as the free ballot decided, and this great prerogative being as they thought denied them, the cry of "bossism" was raised and ejectment proceedings were begun against the undesirable official, who was finally ousted. In this state of insurrection however, the "administration" showed its hand and has reinstated the deposed official. Mutterings are omnious however and it is claimed that at the coming election the young republicans will sweep everything in sight and vindicate the honor of the young commonwealth.

Woodard Charles has traded his property on Wynooski street to Walter Kirk for a seventeen acre tract on the side of Chehalem mountain just above N. G. Kirk's. This, with the twenty-two acre piece lying next to it which Luther Charles has bargained for, will make a nice sized little ranch and Luther intends building on it soon, preparatory to moving out there with his family.

Dr. Harry Littlefield writes to his brother Dr. H. J. Littlefield that he has returned from North Carolina where he went a short time ago to be with their sister, the wife of Judge Bradshaw, of The Dalles, who went there with lung trouble hoping to get relief. They lost all hope of her recovery and returned home and the prospect of her being able to survive any length of time is very meager.

Mrs. M. E. Baldwin accompanied by her daughter Mrs. A. E. Weesner left on last Monday evening for their former home in Newberg, Ore., where they will reside in the future. During their short stay in our midst they have made many warm friends whose best wishes go with them.—Douglas Island News.

Dr. H. J. Littlefield was called to attend Charles Bartholamew on Wednesday evening who lay at his home eight miles up the valley with a badly crushed skull. The unfortunate young man cut a tree which lodged against another, which he also chopped down, but he failed to get out of the way when the trees fell and one of them struck him on the head, crushing the skull from the forehead to the back of the head. The broken pieces of skull which were pressing on the brain were removed and everything possible done, but when the physician left there at midnight the patient was still unconscious and little hope of his recovery was entertained. Later—Death relieved the sufferer at 1:30 in the morning.

Passengers who have occasion to pass to and from McMinnville make a good deal of complaint about the possibilities of public conveyance since the Southern Pacific has refused to carry passengers on the noon mixed train. The accomodations in the way of making connections were poor enough before and they are worse now. It is the wonder of the public that the railroad people persist in keeping up that six or eight miles of track between LaFayette and Whiteson and an expensive bridge over the Yamhill when all this might be saved by cutting across to Saint Joe, and at the same time giving all the lower part of the county a chance to get to the county seat by rail without change of cars. Somebody might whisper such a suggestion in the ears of the Southern Pacific people and see what effect it would have.

Rev. S. S. Lewis was up from Sherwood for a short visit the first of the week. He contemplates going to Enterprise, Wallowa county next week with a view of trying a higher altitude during the summer season. The members of the Baptist church to the number of about forty gave their pastor Rev. J. F. Day a good old time pound party Monday evening taking him completely by surprise. He seems to have stood the shock quite well however, as his hearty laugh seems to have lost none of its old time ring.

Hypnotic Healing.

Dr. Cornell is now practicing hypnotism and magnetism for the relief of pain and suffering with satisfactory results. I have made a study of this science for the past five years and am competent to practice the same, yet there is much prejudice and superstition among the people to contend with. They look upon it as some great monster or evil spirit, while it is innocent and harmless when properly practiced, yet one of the greatest forces at our command. When under its influence pain and suffering quickly vanish. Where liniments, poultices and plasters could accomplish nothing, neuralgia and headache disappear and an aching tooth is put to sleep. Under this anesthetic teeth can be extracted without pain and leaves no soreness about the gums or face afterwards. Pain is banished from any part of the body. The weakest and most nervous can take this treatment with perfect safety. The tobacco and cigarette habit cured. Bad habits of children broken up and cause them to love their books and home rather than bad company. To any one wishing to quit the cigarette habit you may have a chance if you come and see me. I will cure the first five subjects that offer themselves for treatment, free. Remember every one cannot be influenced on first or even second trial nor against their will, yet a large percentage can be hypnotized on first trial. If one is sick and seeking relief they are more submissive. One can scarcely wonder at the superstition of so many after hearing the sensational stories of those that know nothing about it. I do not wish to deceive anyone and if you are very skeptical come and see me and I will convince you I am in the right. For anything further call on me at my home in Newberg. H. A. CORNELL.

GOOD CITIZENSHIP MEETING.

A Union Meeting of Newberg churches in behalf of good Government and the maintenance of law.

On next Sunday evening, the churches of Newberg will hold union services at the Friends church, in the interests of good, practical, Christian citizenship. This meeting is not only for church members, but everybody in the community is cordially invited to be in attendace. The Christian citizen, Pres. Thomas Newlin.

Repairing the White House.

There is talk of repairing the White House. From the first President McKinley has remained silent, because of due regard to the heavy expenses incident to war. While it necessarily effects him personally, he prefers having the public decide the matter. Colonel Brigham, who has charge of the social functions in the Executive Mansion, is working hard to see the proposed plan carried out, and when the work is finished the official residence of the Chief Magistrate will not be a misleading term.—The National Magazine for March.

Rev. W. E. Sitzer, W. Caton, N. Y., writes, "I had dyspepsia over twenty years, and tried doctors and medicines without benefit. THE AMERICAN MONTHLY REVIEW OF REVIEWS
THE "NECESSARY" MAGAZINE
The best-informed men and women in the world use the AMERICAN MONTHLY REVIEW OF REVIEWS to keep well informed, and call it the "necessary" and "indispensable" magazine. In the busy rush of to-day ambitious men and women must know about the important questions of the month, and not only this, they want to know about them at the right time. When the whole country is puzzled over the gigantic combination of trusts, a well-informed article is printed in the AMERICAN MONTHLY, giving the facts, and its editor discusses the theory; when the Dreyfus affair is in everyone's mouth, the best story of Dreyfus and the great case comes out in this magazine.
Every month, in "The Progress of the World," Dr. Albert Shaw gives a comprehensive picture of the world's history during the previous thirty days. In the departments, the valuable articles and books that have been published during the past month are reviewed and quoted from, so that the readers of the AMERICAN MONTHLY can get the gist of them. In every issue nearly a hundred pictures are printed, including the portraits of the men and women who are making the history of the month.
To be thoroughly well informed helps any man or woman in his or her work. A subscription to the AMERICAN MONTHLY REVIEW OF REVIEWS represents an investment for the best kind of profit, as well as entertainment. One subscriber has just written: "Count me a life subscriber, and when you send me a number beyond the limit of my subscription and secure no renewal from me, consider it a notice of my death."
