In almost every neighborhood there is someone whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever opportunity offers, hoping that it may be the means of saving other lives. For sale by C. F. Moore & Co.

Jesse Edwards, Hon. Clarence Butt, J. L. Hoskins, M. M. Edwards and E. H. Woodward went to McMinnville last Tuesday to see Hon. Thomas H. Tongue nominated to succeed himself in congress. It was a good natured contest in which a number of good men were seeking the honor but Tongue captured the prize on the first ballot, receiving ninety-two votes or ten more than the number necessary to give him the nomination.

A local in last week's Graphic speaking of the Hon. Clarence Butt applying a coat of white wash to his fruit trees, was reproduced in the Sunday Oregonian, in a column headed, "In the political arena." We don't quite understand this, but in justice to our honorable fellow townsman, beg leave to state that the "white wash" had in our minds no political significance at all. However we suggest that a man politically inclined should be careful at this season that no action gives "color" to political intentions.

Gideon Hodson, who came to Oregon from Hendricks county, Indiana, in the fall of 1880 and who was well known to many of the people about Newberg died at his home near Holly Springs, Linn county, March 31, at the age of sixty-six years. The deceased was the father of Mrs. Nate Elliott, of Salem, and another daughter and a son who live in the southeastern part of the state. During the period of the John Brown struggle in "Bleeding Kansas" when a war was being waged by the "free soldiers" on the one hand and the slave holding power on the other, Gideon Hodson was on the ground and in the thickest of the fight, he being one of Brown's trusted followers, and he carried to his grave one or more bullets which were fired into his body by the enemy while standing off a force of "border ruffians."

J. L. Myers tried to get his old place back in the barber shop but Bert Terry who took his place was unwilling to give it up. J. L. has rented a shop in Grants Pass for the present.

Newberg prohibitionists were left off easy at the State Prohibition convention held in Portland the first of the week, as all the nominees live at other places. Usually our fellows have had to carry a good share of these burdens.

Lee Smith's big wood shed came down in a heavy gust of wind one day last week with a crash. Lee had rather a narrow escape as he drove under the shed with the wagon and had unhitched the team and just got out of danger when the crash came.

A very heavy frost which made everything white on last Sunday morning caused an uneasy feeling among fruit growers lest the crop might be injured, but from all reports it appears that little injury resulted. A cloud covered the sun until the frost had disappeared and this no doubt saved fruit bloom from injury. Even the tender shoots of some bushes show no signs of injury.

Married—At Sheridan Saturday evening April 7, Miss Rachel F. Evans to Frank H. Champlin. Frank has been in Newberg several months working in the Edwards brick factory, and on Tuesday morning he and his bride came down on the train, with the intention of making this their home. They have rented a cottage in the south part of town near the brick factory for the present. Frank's mother, Mrs. Champlin, is expected to join them at no very distant date.

W. E. Stanton is showing his faith in Newberg by making some additional purchases of real estate in town. He recently bought a half block south of Jonathan Votaw's home on River street and also the Henry Austin property on Second street. It will be a relief to the public to know that this latter property is being improved as the house, which was badly injured by fire, has long been an eye sore to everybody passing that way. Mr. Stanton will rebuild it and put it in shape for renting.

The way in which the fire bell clanged Tuesday afternoon indicated that Newberg is putting on metropolitan airs, as it isn't every town that can sport two fires in the same afternoon. The first blaze occurred in the roof of the Hevland ax handle building. Ab Hoskins was among the first to see it and give the alarm. He, with a few others were soon on the roof with buckets of water, and about the time they had the fire under control, the hose cart appeared on the scene. In about an hour afterwards, the roof of the dwelling occupied by W. S. Mills across from the Evangelical church, caught fire from a defective chimney and the alarm was again rung. The boys did prompt work with the hose cart this time, and within about four minutes were on the ground and had a steady stream of water on the house, which soon quenched the fire. A fire has to get under pretty good headway in Newberg that is not soon taken care of, thanks to our exceptional water system.

The republican county central committee met in McMinnville last Tuesday and got Tuesday, April 24, as the time to hold the republican county nominating convention. The local primaries are to be held on the preceding Saturday, April 21, at 2 o'clock.

Charley Wilson has bought the Wilson grocery of his father. Since completing his course in the college Charley has pushed out into business with a determination to succeed and has worked up a good commission trade which he will continue to work in connection with the grocery business. His numerous friends wish him abundant success.

Lucas, Moses Votaw, Kinley Blair, Matthew Terrell, J. F. Day, Webb Cummins, N. L. Wiley and Amos Graves. Jane Votaw and Howard Williams also attended but not as delegates.

Newberg was honored at the congressional convention held at McMinnville on Tuesday by the election of J. B. David as a delegate to the Republican National Convention to be held at Philadelphia. Mr. David has a business trip to make east about the time of the meeting of the convention so it will come easy to attend the convention and whomp it up for McKinley.

The debate at the college last Friday night resulted in the selection by the judges of Chas. F. Burrows, Otto Pickett and Leon Kenworthy to make up the college team which will meet Monmouth on the last Saturday evening of this month. The judges were Clarence Butt, Prof. Hodson and Pres. Newlin. The judges on the merits of the debate gave the decision in favor of the negative.

The Valley Transcript gives the following account of the marriage of F. H. Storey's brother:

Mr. Ralph E. Storey, professor of English in McMinnville college, was married to Miss Millie Gross, of Athens, at the home of the bride's parents on Sunday, April 8. They arrived in McMinnville Tuesday on the 10 o'clock train and much against their will were driven direct to the college where the student body and faculty had assembled on the front steps to meet them. They were escorted to the chapel amid a shower of rice and old slippers, while the old bell took the part of the wedding bells. An informal reception was held in the chapel, and the students became acquainted with Mrs. Storey.

The fruit and value of the rent will pay for the place after first payment. JESSE HOSKINS, 4-20 Sumpter, Ore.

The Best in the World. We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisement, in our own and other papers we purchased a bottle to see if it would affect us. It cured us before the bottle was more than half used. It is the best medicine out for coughs and colds.—The Herald, Andersonville, Ind. For sale by C. F. Moore & Co.

THE AMERICAN MONTHLY REVIEW OF REVIEWS

THE "NECESSARY" MAGAZINE

The best-informed men and women in the world use the AMERICAN MONTHLY REVIEW OF REVIEWS to keep well informed, and call it the "necessary" and "indispensable" magazine. In the busy rush of to-day ambitious men and women must know about the important questions of the month, and not only this, they want to know about them at the right time. When the whole country is puzzled over the gigantic combination of trusts, a well-informed article is printed in the AMERICAN MONTHLY, giving the facts, and its editor discusses the theory; when the Dreyfus affair is in everyone's mouth, the best story of Dreyfus and the great case comes out in this magazine.

Every month, in "The Progress of the World," Dr. Albert Shaw gives a comprehensive picture of the world's history during the previous thirty days. In the departments, the valuable articles and books that have been published during the past month are reviewed and quoted from, so that the readers of the AMERICAN MONTHLY can get the gist of them. In every issue nearly a hundred pictures are printed, including the portraits of the men and women who are making the history of the month. To be thoroughly well informed helps any man or woman in his or her work. A subscription to the AMERICAN MONTHLY REVIEW OF REVIEWS represents an investment for the best kind of profit, as well as entertainment. One subscriber has just written: "Count me a life subscriber, and when you send me a number beyond the limit of my subscription and secure no renewal from me, consider it a notice of my death." Price 25 cents per number, \$2.50 a year. A sample copy will be sent on receipt of ten cents in stamps.
