

The Pinkham Record

Is a proud and peerless record. It is a record of cure, of constant conquest over obstinate ills of women; ills that deal out despair, suffering that many women think is woman's natural heritage; disorders and displacements that drive out hope.

Lydia E. Pinkham's Vegetable Compound

cures these troubles of women, and robs menstruation of its terrors.

No woman need be without the safest and surest advice, for Mrs. Pinkham counsels women free of charge. Her address is Lynn, Mass.

Can any woman afford to ignore the medicine and the advice that has cured a million women?

Miss Ella Gates, aged 25, of Ontario, N. Y., had long been subject to fainting spells. While dictating a letter, she suddenly gasped, dropped to the floor and died. A post mortem examination disclosed that she had two perfectly formed hearts.

PARIS IN 1900.

For the benefit of those who intend visiting Paris during the exposition, the Rio Grande Western railway has gotten out an attractive folder illustrative and descriptive of the main features of the exposition. It contains some valuable hints for intending visitors and descriptive articles upon Place de la Concorde, Arc de Triomphe, the Madeleine, the Column of July, the Trocadero, Hotel de Ville, Column Vendome, the Louvre, the Grand opera, the Bourse and the tomb of Napoleon, in addition to a bird's eye view of the exposition grounds. The folder, or pamphlet, is gotten out in handy form, and is written in a pleasant and attractive style. It, in fact, gives in little space everything one going to the exposition would like to know before starting on his journey.

For copies of the Paris exposition folder and other advertising matter descriptive of the Rocky mountains' famous scenery, tributary to the Rio Grande Western railway and its connections, write

Workmen while razing an old house on a farm in the village of Greene, Me., found a pewter cup upon which are the figures "1783." The year in which the house was built is not known, but the barn on the same place was constructed in the "forties."

WEEKLY TRADE REVIEWS.

Appearance of Irregularity in the General Situation.

Bradstreet's says: Backward spring weather conditions have figured considerably in distributive trade reports this week, and in connection with some weakness in prices of leading stocks have imparted an appearance of irregularity to the general situation. Another of those downward swings in the prices of agricultural staples is exhibited this week in slightly lowered prices for the cereals, partly because of the bearish sentiment of immediate supplies and partly because of the better than expected government crop report, which is taken to indicate a possible winter-wheat yield in excess of last year.

Corn and oats have sympathized with the reaction in pork products, which reaction, however, has not been universal, as shown by the fact that lard is at the highest point reached on the present boom.

Evidences accumulate that active missionary work in favor of lower prices for iron and steel is at last bearing fruit.

The strength of raw sugar is a reflection chiefly of the fact that a considerable shortage is looked for in the supplies of cane sugar, not only in Cuba, but in the far East.

A slight upward swing in cotton is to be noted this week, and Southern mills have advanced prices. On the other hand, while the mills are active on old orders, new business is reported of smaller volume.

Wheat, including flour, shipments for the week aggregate 2,896,653 bushels, against 3,836,936 bushels last week.

Business failures for the week number 153, as compared with 182 in the United States last week.

Harrison's Most Famous Case.

"It is doubtful," said an Indianapolis lawyer the other day, "whether Gen. Harrison recalls a certain case which he tried out in Indiana that was more remarkable in its way than the session of the Venezuelan arbitration. Of the four counsel only one had ever been heard outside of his own state, and the judge had merely a local reputation. Yet within 12 years one of the quartette had been elected vice-president of the United States, another one president, still another United States senator, and the judge had risen to the circuit bench and had filled two cabinet posts. It was a political case, and each party chose its most famous representative to represent it. Mr. Harrison aided the United States district attorney, and Senator David Turpie and Vice-President Thomas A. Hendricks appeared for the Democrats. The judge was Walter Q. Gresham, who had been appointed district attorney for Indiana less than nine years before."—Philadelphia Post.

Our Relations to Others.

We are not Robinson Crusoes, living each one on his own little island alone. There are other people and they are all about us. Their lives touch ours on many points and their interests interlace with ours. In seeking to live out our own life to its utmost, we soon become aware of limitations caused by duties to others. In a sense, the whole world has its claim upon us; and there is no man, woman, or child anywhere whom we are not to consider, to whom we are not a debtor. The law of love to our neighbor leaves nobody out. The wounded man by the wayside, whoever he may be, we must not pass by. This relation to others is one which must be considered in every true life. We may not think of self only, ignoring the whole world and devoting all our thought and energy to the culture of our own character, the making of our own career.—Forward.

Sorry Now He Was Honest.

Master—Yes, boys, "Honesty is the best policy." It will surely bring its reward. I am glad to have a good example of honesty among your own number. William Williams, stand up. W. W. rises. "Now, William, when I was coming to school this morning I happened to drop a quarter out of my pocket without the slightest knowledge of the fact, and you, like an honest boy, returned it to me. Tell the boys what prompted you to do such an act when you might have kept it for yourself." W. W.—Please, I thought it was a bad man.—Stray Stories.

Called His bluff.

One of the boys was bragging of his manifold accomplishments, until one of the company at the round table lost patience and said, in a gruff voice: "Now, we've heard enough about what you can do. Come, tell us what there is you can't do, and I'll undertake to do it myself." "Well," replied the student, with a yawn, "I can't pay my account here. So glad to find you're the man to do it."—Collier's Weekly.

He Was Too Dark.

Photographer—Is there any particular way in which you would like to be taken? "Negro—Yes, sah. If there's no detention, I'd like to be taken in light cream color."—Tit-Bits.

Millions for Baseball.

A million of dollars are spent every year upon the game of baseball, but large as this sum is, it cannot begin to equal the amount spent by people in search of health. There is a sure method of obtaining strength, and it is not a costly one. We urge those who have spent much and lost hope to try Hood's Sarsaparilla. It strengthens the stomach, makes digestion easy and natural, and cures dyspepsia, constipation, biliousness and weak kidneys.

A couple of talking machines occupied the pulpit of Zion tabernacle, Chicago, on a recent Sabbath.

Through them the Rev. John A. Dowie conducted services and preached, gave out the hymns, etc., although he was several miles distant, resting himself at White Lake, Mich. His voice was distinctly heard all over the church.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that can not be cured by Hood's Catarrh Cure.

A St. Petersburg paper has the following interesting item concerning railroads in the British army:

"The English have plenty of food for their soldiers, but like the Malays, they feed their men on tiger's flesh to make them more courageous and bloodthirsty."

Ernest Carhart, a barber in the mining camp of Chemung, Idaho, after removing the beard of a customer, recognized him as Christopher Manning, who had obtained his wife's affections years before, in Dresden, Me. The barber procured a pistol and shot Manning dead as he sat in the chair.

Spring Humors of the Blood

Come to a certain percentage of all the people. Probably 75 per cent. of these people are cured every year by Hood's Sarsaparilla, and we hope by this advertisement to get the other 25 per cent. to take Hood's Sarsaparilla. It has made more people well, effected more wonderful cures than any other medicine in the world. Its strength as a blood purifier is demonstrated by its nauseous cures of

Scrofula Salt Rheum
Scald Head Boils, Pimples
All kinds of Humor Psoriasis
Blood Poisoning Rheumatism
Catarrh Malaria, Etc.

All of which are prevalent at this season. You need Hood's Sarsaparilla now. It will do you wonderful good.

FAIR WOMEN SPEAK.

Pe-ru-na Works Wonders for the Gentler Sex in Catarrhal Ailments.

MRS. COLONEL HAMILTON.

That Pe-ru-na has become a household remedy in the home of Mrs. Colonel Hamilton is well attested by a letter from her, which says: "I can give my testimony as to the merits of your remedy, Pe-ru-na. I have been taking the same for some time, and an enjoying better health now than I have for some years. I attribute the change to Pe-ru-na, and recommend Pe-ru-na to every woman, believing it to be especially beneficial to them." Mrs. Hamilton's residence is 259 Goodale street, Columbus, Ohio.

MISS ANNIE WYANDOTTE.

Miss Annie Wyandotte, queen of the operatic stage and dramatic soprano, says: "Fifteenth St. and Jackson ave., Kansas City, Mo. 'Dr. Hartman: 'Dear Sir—Pe-ru-na has been my salvation. It has given me back a beautiful voice, a gift of God; it has brought me once more to my old profession. I can talk now, and sing, where before, I could scarcely whisper. Can you wonder at my delight? I wish every person who is suffering as I suffered might know Pe-ru-na. Only those who have been afflicted can ever know the intense satisfaction and gratitude that comes with a complete cure. My voice was completely gone. April 15 I felt so elated over the restoration of my voice that I inserted an advertisement in The Star for vocal pupils. The advertisement, which cost me 65 cents, brought me five pupils, and that was the beginning of my present large class. Yours gratefully,

ANNIE WYANDOTTE. A congestion, inflammation or ulceration of the mucous membrane, whether of the head, stomach, kidneys, or other organ, is known to the medical profession as catarrh. It is known by different names, such as dyspepsia, Bright's disease, female complaint, diarrhoea, bronchitis, consumption and a host of other names. Wherever there is a congested mucous membrane there is catarrh, acute or chronic.

Jerome K. Jerome declares the beginning of his good fortune was when the inundation of his father's mines at Cannon Chase, England, sent him out into the world in search of work.

Pilo's Cure for Consumption is an infallible medicine for coughs and colds.—N. W. SAMUEL, Ocean Grove, N. J., Feb. 17, 1900.

In Waukegan, Wis., there is an old church which for 38 years has been without a steeple. A storm struck the steeple in 1862 and it fell upon an adjoining house, wrecking it. The owner of the house obtained an injunction restraining the church trustees from erecting another steeple.

A Newark bride, after her return from the honeymoon, persuaded her husband to accompany her to church. He had not been in church for 10 years, and he reluctantly consented. Imagine the bride's humor when she saw him enter the pew with a cigar in his mouth, at which he was contentedly puffing.

The death of James Parson, of Devonshire, England, is announced. He was known as "The Singing Machine" because he had memorized and could sing about 4,000 songs. One evening he made and won a bet that he could go on singing until daylight without repeating any song.

We wish to call the attention of our readers to the particular merits of "Five Drops," an actual cure for rheumatism, manufactured by the Swanson Rheumatic Cure Co., 160 Lake Street, Chicago. This remedy is successfully used by both the Boers and British-Americans in Africa today, and has been the means of laying much pain and distress on both sides. There is no better remedy, no surer cure for those who are troubled with rheumatism. Sample bottle 10 cents. Write for it today.

Competent authorities state that South America has greater undeveloped resources than any other section of the world. Any crop grown elsewhere can be duplicated there, and the country abounds in mines of coal, silver and gold, most of which have only been slightly developed.

Squirrels are numerous in Madison, Wis. They are so tame that they sit on the park benches besides the human sojourners, and they are often seen dodging the trolley cars. There is an unwritten law that they must not be harmed by any one, and even the boys respect this law.

MISS CLARA STOECKER.

Miss Clara Stoecker says: "I had chronic catarrh for over a year. I tried many remedies, but found no relief until I saw an advertisement in the paper of your treatment for chronic catarrh. I tried it and I think I am now well. I recommend Pe-ru-na to all my friends who are afflicted with catarrh." Miss Stoecker lives at Pittsburgh, Pa.

Mrs. Margaret Frits, Wilcox, Okla., writes: "I extend my sincere thanks for the good advice you have given me. I do not believe I would be living now if it were not for you. I had suffered with flow of blood for four months, and the doctors could help me but little. They operated on me three times. It was very painful and I only obtained little relief. I was so weak I could not turn in bed. Then I applied to Dr. Hartman. I did not know whether he could help me or not, but I followed his advice, and used only three bottles of Pe-ru-na and Man-a-lin. Now I am well and strong as I ever was, thanks to your remedies." Pelvic catarrh has become so frequent that most women are more or less afflicted with it. It is usually called female disease.

ALABASTINE

Is a durable and natural cement, containing base wall coating, in white and fourteen beautiful tints by mixing with cold water. It is a cement that goes through a process of setting, hardens with age, and can be coated and recoated without washing off its old coat before reworking.

ALABASTINE is entirely different from all the various cements on the market, being durable and not stuck on the wall with glue. Alabastine customers should insist on having the goods in packages properly labeled. There is nothing just as good.

ALABASTINE Prevents much sickness, particularly throat and lung difficulties, attributable to unsanitary coatings on walls. It has been recommended in a paper published by the Michigan State Board of Health on account of its sanitary features; which paper strongly condemned salinities. Alabastine can be used on either plastered walls, wood ceilings, brick or canvas, and any one can brush it on. It admits of radical changes from wall paper decorations, the securing at reasonable expense the latest and best effects. Alabastine is manufactured by the Alabastine Company of Grand Rapids, Michigan.
