There remain two weeks in which to work for the required amount of acreage to secure the beet sugar factory at Newberg. The time is short and yet much can be accomplished in these two weeks if everybody will get in and drill for all they are worth. At the meeting billed for this, Friday afternoon every man in the community should be present. A special invitation is also extended to the ladies to attend. All are interested in the development of the country and the meeting to be effective must be large and enthusiastic. If you have already subscribed acreage show increased interest by attending this meeting. If you have not subscribed anything yet come out and hear the speaking. Remember that the result of this meeting will have a great bearing on the result at the final show down June 30.

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of acute or inflammatory rheumatism will agree that the infliction is demonic enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by C. F. Moore & Co., druggists.

Last fall I sprained my left hip while handling some heavy boxes. Miss Alderson's Concert.

On Thursday evening, June 7, Miss Alderson, assisted by Miss Gertrude Stahley of Salem, pianist, and by Sig. Dominique Boffa of Portland, violinist gave a concert in the Friends church. A good audience was present, and was delighted with the exceptionally good entertainment which was given. Both Miss Alderson and Miss Stahley are thorough in their instrumental work, and are well trained in the technique of the art. Miss Stahley showed herself to be a very accurate accompanist. Miss Alderson was up to her usual high standard in her vocal numbers. The audience was simply captivated by Sig. Boffa's playing on the violin, and each of his numbers was encored. Such playing had never been heard in Newberg, and should be ever come again, a large and appreciative audience will greet him.

PROGRAM.

Sonata, Op. 13, Gertrude Stahley. Stabat Mater, Sig. Boffa. Sing, Smile, Slumber (Viola Obligato) Marguerite Alderson.

The Son of the Psuzta, Sig. Boffa. (a) The Lass with the Delicate Air, (b) I Cannot Help Loving Thee, Marguerite Alderson.

Public School Graduation.

On last Friday evening Crater's hall was filled with a large audience gathered to see six young people graduate from the course of study of Newberg public school and receive their diplomas. The exercises went off very nicely. The productions of the young graduates were good, and all acquitted themselves with credit. The floral display was quite elaborate.

The invocation and benediction were given by Rev. Levi D. Barr. The music of the evening was very good, and consisted of a piano duet by the Misses Alderson and Stahley, and a very pretty vocal duet by Alberta Meata and Cozy Hadley. One of the pleasing features of the evening was the club singing by a class of girls trained by Prof. Jackson. The little girls were heartily encouraged and repeated the performance.

The names of the graduates with their subjects were, Charley Morris—Glass; Lulu Giles—The Backwoodsman; Laura Blair—The Uses of the Hand; Grace Moriarty—Secrets of Success; May Hall—National Characteristics; Jessie Christenson—Water.

The address to the class was given by Prof. J. C. Hodson, and as usual with his inspiring talks, contained much helpful advice and encouragement to the young people who had graduated under his care. As this closes the last of ten years faithful service on the part of Prof. Hodson as principal, he took occasion to address some practical remarks to the patrons of the school before closing. He showed some of the weak points in our school system and some places where we have lost instead of gained by our boasted modern methods. Students have lost in thoroughness, by the cramming and scattering process now employed. There are some benefits however to offset the disadvantages. One of the drawbacks to good work is found in the fact that students waste too much energy in social pleasures while in school. Probably the greatest danger however is found in the physical degeneracy of the children as a result of the "cramming" system. More pure, fresh air and less of school room confinement is needed. Prof. Hodson backed up his ideas with statistics which he had taken personally.

Chehalum Center Picnic.

The two schools in Dist. No. 9 which have been taught for the past three months by Misses Annie and Grace Dudley closed on last Friday with a picnic in the grove near the Chehalum Center school house. The forenoon was occupied by songs, recitations and essays, by the north school, of which Grace Dud-

ley was teacher. Though her scholars were few in number the exercises were highly commendable, showing much care in preparation and delivery. The entire company then turned their attention to an exercise in which all could take a part and showed to a marked degree their appreciation of such a dinner as the ladies of Chehalum Center know how to prepare. After all had eaten to their fullest capacity there were taken up more than twelve baskets full. The afternoon was taken up with exercises by the south school. Especially to be commended in this was a flag drill by ten boys and girls. This was most perfect in its execution, not a break or misstep in the entire drill. An hour was spent by the young people in playing games when the company dispersed, voting the day a success in every particular.

Would Not Suffer So Again for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me alright. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G. H. Wilson, liveryman, Burgettstown, Washington Co., Pa. This remedy is for sale by C. F. Moore & Co., druggists.
