Charles H. Marks, while acting in the capacity of nurse at the Second Division Hospital of the Fifth Army Corps at Santiago de Cuba, used a few bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea and found it to work like a charm. For sale by C. F. Moore & Co.

A letter received from W. P. Samms, Enterprise, contains the following which will be read with interest and satisfaction by many Newberg people. "Perhaps the readers of the Graphic would be pleased to learn that Bro. S. S. Lewis is giving the very best of satisfaction as pastor of the Alder church, that his congregations are constantly increasing in numbers from week to week, and that he will have a five room parsonage of modern style finished throughout, by the first day of July without a dollar of debt against it; and his health is much improved."

Some farmers about Newberg who refuse to help the beet sugar enterprise along in the way of subscribing acreage use very poor logic when they offer as an excuse the only reason that they want to sell their land. With the prosperity that the beet sugar business is sure to bring to the community there will be a dozen chances to sell land where there is one now, and anything that helps to make a market for land is not likely to prove to be an encumbrance; but then of course there are always some people who are ready to shy at the sight of their own shadow.

Mrs. J. H. Douglas' mother, Mrs. Elizabeth Hutchinson and her son Dr. Woods Hutchinson arrived here from Des Moines, Iowa, last Saturday evening and will remain for some time. Mrs. Hutchinson has been here before and she has many friends in Newberg who are glad to see her back again. Dr. Hutchinson recently returned from a two years stay in Europe where he took a special course in certain lines of his profession. He is pretty well worked down and he will take some time off in which to rest up and regain his usual strength.

Day, Prof. J. C. Hodson, George C. Sears and Jesse Edwards. Another public meeting is announced for this, Friday afternoon at the same place for further consideration of this important question.

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demonic enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by C. F. Moore & Co., druggists.

The next ten days will be a war to a finish on the beet sugar proposition and every farmer in reach of Newberg will be given an opportunity to line up for the acceptance of the best offer that has ever been made to any town and farming community in the country. The citizens of Newberg are thoroughly in earnest and the farmers who have moderate sized places are coming up nobly with acreage. The same may be said of a number of the owners of large farms across the river in Marion county, but with a few exceptions the large farmers on this side shake their heads and say "yes I think it would be a good thing, but—" In spite of this discouraging feature we are determined to succeed for such a word as fail must not for a moment be considered. A large number of new recruits will no doubt get into the band wagon at the meeting at Crater's hall to-day.

Announcement. The present owners and managers of the Newberg Flouring Mills desire to say to the general public that the manufacture of flour is in the hands of Mr. Keller who has 28 years of experience to his credit as miller and has no doubt of his ability to sustain the present high grade of our goods. Come and try us. GRAFF & KELLER. 6-29

Rev. Andrew F. Mitchell of Whittier, California, writes to his brother G. W. Mitchell that he will start for Newberg June 28. He is a fine speaker and those who attend Friends Yearly Meeting will have an opportunity to hear good preaching.

Mrs. Martha Vestal and her daughter Mrs. Emma Hill returned home the first of the week from Whittier, California, where they went on a visit early in the spring. "Uncle Jimmy" remained behind to attend Friends Yearly Meeting at Long Beach but he will be home soon.

Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said at first it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. It continued to grow worse and I could hardly get around to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one half of a 50c bottle cured me entirely. I now recommend it to all my friends.—F. A. Babcock, Erie, Pa. It is for sale by C. F. Moore & Co., druggists.

Another public meeting will be held at Crater's hall this afternoon in the interest of the beet sugar proposition. Rev. George C. Carl who returned last week from a trip through California and a number of the middle states, where beet sugar plants are in operation, will be the principal speaker. Rev. Carl is a close observer as well as a very forcible speaker and he will be well worth hearing. As the time for the close of the canvass approaches the interest in the result increases. This ought to be one of the largest meetings that has been held in the interest of this enterprise and a large number of farmers who have been holding back ought to make up their minds to come forward with a liberal acreage on this occasion. Failure means disaster while success means everything.

A Life And Death Fight. Mr. W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery which wholly cured me. Hundreds have used it on my advice and all say it never fails to cure throat, chest and lung troubles." Regular size 50c and \$1. Trial bottles free at C. F. Moore & Co.'s drug store.

A special feature of this year's gathering will be the presence of Rev. David Hadley, General Superintendent of Evangelistic work amongst the Friends in Indiana, who will contribute much to the devotional meetings, held morning and evening. Other ministers from a distance are expected.

Thomas Newlin, Clerk of the Yearly meeting, will give a series of addresses during the week on the following subjects: 1 "Quakerism: Its spirit and power." 2 "Our meetings for worship." 3 "The adjustment of the Quaker Ideal to our age."

The Christian Endeavorers of the Yearly meeting are planning a rally for Friday night June 29, at which Rev. Dr. Atchison of Portland will give the address.

A cordial invitation is extended to the public to participate in these meetings and to come into touch with the work and aims of the Friends church.

Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." WILLAMETTE VALLEY CHAUTAQUA.

The Seventh Annual Assembly Begins July 14th and closes July 21st.

The Willamette Valley Chautauqua this year has been exceedingly fortunate in securing star singers, lecturers, humorists, cartoonists, readers and elocutionists. In such a galaxy it is difficult to name the chief attraction; to many it will be the Metropolitan Jubilee Singers of Chicago, who rank at the top of the justly popular jubilee singers of this country; the lover of art will come many miles to hear the famed Alton Packard of Ohio, whose cartoons have brought laughter and merriment to newspapers throughout the country; the lover of humor, lit with wisdom, will award the palm to Thomas McClary, the greatest pulpit orator in Minnesota; the lover of dramatic genius will choose Clarence Kemp the Shakespearean scholar. At the special request of his numerous admirers, Roland D. Grant of New Hampshire has been recalled to speak for the fifth time at this assembly. The annual chautauqua address on Recognition Day, Thursday, July 19th, will be given by President Strong of the State University, who has already made such a favorable impression upon the state of Oregon.
