Dr. J. S. Stott formerly of Gervais has located at Newberg and can be seen at the Hotel Newberg at present.

The Graphic has been requested to call the attention of property owners to the fact that growing thistles on vacant lots ought to be cut at once.

The new recorder, J. J. Hoskins, has assumed the duties of the recorder as natural as an old shoe. His experience as Co. Assessor especially fits him for the important business.—Transcript.
Master Clinton Bradshaw of The Dalles has been visiting in town with his uncle Dr. Harry Littlefield. His father Judge Bradshaw is expected to join him in a visit here before he returns home.
Fred Groff received a telegram on last Wednesday announcing the death of his son Samuel Groff at Salt Lake City, Utah. The news was not altogether unexpected as he had been sick for two weeks or more.
W. W. Hollingsworth has bought out the Votaw interest in their stock of wall paper, and has reduced the prices on the stock to make room for fall goods. This latest purchase makes him sole owner of the whole business combined.

Leon Kenworthy has evidently already effected an auspicious entrance into public life. He writes from his home in Huntsville, Washington that he delivered the Fourth of July oration at that place. Leon is the boy who can do it.
Mel David who has been up at Sumpster for several weeks is at home again for two or three weeks. He and his brother-in-law Frank Hobson own some mining claims there which they are pretty confident will prove good investments when worked.
Two brothers, C. N. and Henry Ebbert from Canby were in town the first of the week looking for a location for business. Before leaving they rented the A. M. Hoskins store building where they will open out with a stock of dry goods and shoes about the first of September.
Dr. G. W. McConnell of Baker City was in Newberg on business a few days ago. He is about as an enthusiastic man over the prospect of the beet sugar enterprise here as anybody we have seen at home or abroad. He says we can't estimate the value of the advertising which Newberg has received in its efforts for the factory. Whoever he has been he has found that people know something of our aspirations and enterprise in this direction and are anxious to know more.
The Whittier, California, Register is authority for the statement that Prof. Chas. E. Lewis, now of Denver, Colorado, will in the near future be married to Miss Sarah Vore who has been in Whittier for some time. Newberg people will remember the lady as being here in attendance at Oregon Yearly Meeting two years ago in company with M. Z. Kirk, then traveling agent for the American Friend. We don't wish to be pretentious, but Newberg claims the first right in extending the glad hand.
Newberg, along with several other sister towns which could be mentioned, Chicago included, will probably be disappointed when the returns from the census enumeration are made public. We are all prone to claim an exaggerated population, and come to believe it until the census man rudely shows us our error. It must be remembered however that our city limits lack very much of taking in all Newberg, and this will in a great part account for the apparent deficiency—if perchance there is one.

A. M. Hoskins has sold his bicycle business and repair shop to a couple of Salem gentlemen. They intend to enlarge the business, put in a big turning lathe, brazing machine etc., and think that along in the fall they will prepare to manufacture umbrellas. One of the gentlemen has very successfully run a repair shop in Salem for some time.
Our people will naturally feel a little restive at the delay which must necessarily be endured before anything definite can be received from the beet sugar capitalists. Patience is a good old virtue to be cultivated, however, and we will probably find this part of the game to be as wearing as the active canvass for acreage. We have done our part and can only throw ourselves upon the verity of the old proverb "Everything comes to him who waits."
Dr. J. S. Stott, the new doctor who has a local in the columns of the Graphic announcing his temporary place of business, comes to Newberg with the best of recommendations, both as a physician and citizen. He has practiced for seventeen years continuously at Gervais, where he is universally highly spoken of. Many of his old patients over there have signified their intention of coming clear to Newberg for their old doctor when in need of a physician's care.
John Dunstan's parents, who own the old Edmund Robinson place out by the fish pond, suffered quite a serious loss Tuesday, in the burning of their house. The fire took place about eight o'clock in the morning. Mr. Dunstan had gone up to his Dundee place for a load of hay, and his wife was out in the garden, nobody being left in the house, and the fire got under good headway before it was noticed. Very little personal property was saved, and as there was no insurance the loss was quite heavy upon the old people. The origin of the fire is unknown.
H. A. Miller has sold his jewelry business to R. F. and Glenn Winslow who will take possession in a week or ten days. Mr. Miller contemplates going to Cottage Grove where his son has been for some time. R. F. Winslow spent last winter working with one of the best jewelers in Salem and he is well qualified to take up the work. Glenn who is a fine musician is contemplating putting in a line of musical instruments for the trade. Both are energetic and deserving young men who are worthy of the confidence of the public and they will no doubt succeed in business.
Pres. Newlin delivered his farewell sermon at the Friends church Sunday night, and the magnificent audience which greeted him was a fine tribute, and mark of the great appreciation with which he has always been held in the community. The other churches very courteously adjourned their evening services and as a result the large church was crowded, floor and galleries. Pres. Newlin delivered a powerful and inspiring sermon from the text, "Why seek ye the living among the dead?" It is generally considered to be the equal, if not the best sermon he has ever preached in Newberg.
Bert Hoover, a former Newberg lad of the old academy days whom many people will remember, has been, with his wife, located for some time in China, where he is engaged with a large mining syndicate. Their home has been at Tien Tsin, the seat of the present troubles, and much anxiety has been felt for their welfare. Two cablegrams have been received from Bert by relatives on the coast since the trouble began, one of them by Mrs. Van Leavitt of this place, his sister. From these it is learned that all was well with Mr. and Mrs. Hoover up to June 28. Nothing definite has been learned since.

Dr. Clara Davidson has now recovered from her sickness and is ready to attend to her practice.
Mrs. Wm. Manning received word a few days ago of the death of her father at the advanced age of seventy-seven years at his home in Texas.
Mr. and Mrs. Robert Varley of Cornelius, visited in town last Sunday with Wm. Mannings. Mr. Varley is a brother of Mrs. Manning while his wife is a sister to Mr. Manning.
J. L. Hoskins came down from McMinnville to spend Sunday with the family. He said he spent the greater part of last week receiving his friends who came in to offer congratulations over the vote he received in his home precinct but he is getting onto the work in the recorder's office all right.
A notice has been hanging in the postoffice window during the week calling for forty hewers and choppers at \$1.50 a day and board. During the presidential campaign four years ago such calls were not to be found posted up anywhere in the country. Times and conditions have changed since then.
W. F. Edwards who has been working on a salary since going to Portland is about embarking in business on his own account, by entering into partnership with a gentleman who is engaged in business on Third street, handling wagon and carriage material. His Newberg friends wish him abundant success in his new undertaking.
Was it a Miracle?
"The marvellous cure of Mrs. Rena J. Stout of consumption has created intense excitement in Cammack, Ind.," writes Marion Stuart, a leading druggist of Muncie, Ind. "She only weighed 90 pounds when her doctor in Yorktown said she must soon die. Then she began to use Dr. King's New Discovery and gained 37 pounds in weight and was completely cured." It has cured thousands of hopeless cases, and is positively guaranteed to cure all throat, chest and lung diseases. 50c and \$1. Trial bottles free at C. F. Moore & Co.'s drug store.
