Mrs. Pinkham

The one thing that qualifies a person to give advice on any subject is experience — experience creates knowledge.

No other person has so wide an experience with female ills nor such a record of success as Mrs. Pinkham has had.

Over a hundred thousand cases come before her each year. Some personally, others by mail. And this has been going on for 20 years, day after day and day after day.

Twenty years of constant success — think of the knowledge thus gained! Surely women are wise in seeking advice from a woman with such an experience, especially when it is free.

If you are ill get a bottle of Lydia E. Pinkham's Vegetable Compound at once—then write Mrs. Pinkham, Lynn, Mass.

According to a return of the imperial customs authorities the total number of foreigners resident in the open ports of China, was 13,421 at the end of the year 1898.

Lieutenant Robert S. Clarke, of the Ninth regiment, now in China, is probably the richest officer in the United States army. Mr. Clarke, grandson and principal heir of the late Alfred Corning Clarke, is still in his early twenties, is a graduate of Yale and commands a fortune of millions.

The tripping feet—the sparkling eye—the graceful movement—belong not alone to the budding maiden.

These graces are the right—aye *duty of every woman* until the hair whitens—and regal dignity replaces them.

The mother who guards her strength has so much more to devote to the care and education of her dear ones. She should be a comfort—a cheer—always.

Yet how many feel that they have the strength to properly balance the home? The world is listless, weary and morbid. Its blood moves sluggishly and is full of impurities. It needs a kindling, invigorating tonic to set it afire—it needs Pe-ru-na,

THE ONE MEDICINE

in the world which women may rely upon positively. Pe-ru-na is good for everyone, but particularly for women. The various weaknesses which afflict their delicate organism spring from inflammation or catarrh of the mucous lining, and Pe-ru-na is a specific for catarrh in any organ of the body. Any congestion of a mucous membrane simply means catarrh of the organ affected. This is why Pe-ru-na cures all sorts of troubles where other remedies fail. If there is a catarrhal affection the matter with you anywhere Pe-ru-na will cure you.

BUYING FOR FALL TRADE.

An Immense Business in Steel Reported From the West.

Bradstreet's says: Trade is still exhibiting many of the irregularities incident to the transition period between mid-summer and early fall trade. Despite the hot wave, with its effect on the growing distributive demand, and also because of the reports of damage to the corn crop which it has incited, a more cheerful feeling is perceptible in general trade, and the booking of fall orders for dry goods, clothing and hardware at leading Western centers, and heavy engagements in iron and steel products, though at lower prices, are of encouraging proportions. Prices are not showing the precipitate declines noted some time ago, and among the really encouraging features is the advance in wheat, mainly based on improved export inquiry.

Wool is rather firmer than of late because of the better inquiry, though it must be admitted that this steadiness is somewhat at the expense of new business.

Cotton goods partake of the strength of raw material, and while weakness is still perceptible, brown cottons, print cloths and wide sheetings, the natural corrective of reduced production, are being increasingly sought.

While the dry goods demand as a whole is still classed as backward for the season, hot weather is credited with some of the responsibility and trade attitude as a rule is one of hopeful expectancy.

An immense business in steel products is reported booked at Pittsburg and Chicago, and steel bars are really firmer with an advance of $4 per ton announced by Western manufacturers who have sold their output up to the close of the year.

Failures for the week were 177 in the United States, against 136 last year, and 23 in Canada, against 29 last year.

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

Eternal vigilance is the price of a beautiful complexion when such remedies are relied on.

Mr. H. T. Shobe, 3704 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disfiguring eruption on her face, which resisted all treatment. She was taken to two celebrated health springs, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."

S. S. S. is a positive, unfailing cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bad complexions.

SSS purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

SWIFT SPECIFIC COMPANY, ATLANTA, GA.

Cape Nome is situated on the shore of Behring sea at the mouth of Snake river, Seward peninsula, central-western Alaska, U. S. A., 65 degrees north latitude and 166 degrees west longtitude, and, by ocean route, distant from its base of supply, Seattle, 2,700 miles. In making the ocean trip from Seattle one steams westward for 1,900 miles across the North Pacific ocean to Dutch Harbor, on the Aleutian archipelago, and thence northward 800 miles to the land of gold, passing en route the government's sealrookeries on the Pribyloff islands.

In Utica, N. Y., a block of new apartment houses has just been furnished with a complete installation of electric cooking utensils in each flat. The electric kitchen furniture consists of three round platters or "stoves," an oven and a broiler. It is declared that meats broiled on the electric gridiron are much more palatable than those scorched and charred over red hot coals. The electric "stoves" are placed on an ordinary kitchen table when in use, and when their work is over, they are stowed away in a drawer or on a shelf.

A new use for the phonograph has been found in New South Wales. A candidate for office found it impossible to visit all parts of the sparsely settled region he wished to represent in the legislature, dictated his speech into a phonograph, had an orchestra play a few pieces into the machine, and then sent a number of the machines out over the country in the hands of political workers. He sent a picture of himself with each machine, and had the workers give the people a description of his life and his ability. That man deserves success.

Siberia is not such a desert as you may think. The limited trains on the Siberian railway have most everything one could ask for in the way of comforts. They have a library, a piano, a barber shop, a gymnasium, hot water as well as ice water, double windows to protect the passengers from dust, heat and cold, a writing room with all necessary materials, and an observation car at the end of the train. Each train has a doctor, who remains aboard to administer to the care of passengers free of charge. The time from Irkutsk to St. Petersburg is seven days.

A vagrant lad was arrested in Philadelphia the other day for some misdemeanor, and in response to the questions of the police justice, he declared that he was 14 years of age and an orphan. "How long have your parents been dead?" asked the sympathetic justice. "Over 20 years," was the prompt reply of the little liar.

The police force in London is an army in itself. An official report issued by the city shows that the force numbers 13,564 men. That is 19 policemen to the square mile.

It is impossible to please your friends; if you can say agreeable things to them you are accused of insincerity; if you say disagreeable things they get mad.

Cats sometimes prove worthless in the destruction of rats, but it is due to the feeding of the cats. Not being compelled to work, they will not do so. The best cats are those that are not allowed to come to the house, being given a little milk once a day at the barn. They will then spend a large portion of their time seeking rats and will work industriously.

The first essential in the keeping of livestock for market is never to allow any animal to lose flesh. A pound lost means two pounds to be gained. It is not the most food that makes the greatest gain, but the kind. Variety of food promotes digestion and will give better results when concentrated foods are used exclusively.

Supreme Court Sustains the Foot-Ease Trade-Mark.

Justice Laughlin, in Supreme Court, Buffalo, has ordered a permanent injunction, with costs, and a full accounting of sales, to issue against Paul B. Hudson, the manufacturer, of the foot powder called "Dr. Clark's Foot Powder," and also against a retail dealer of Brooklyn, restraining them from making or selling the Dr. Clark's Foot Powder, which is declared, in the decision of the court, an imitation and infringement of "Foot-Ease," the powder for tired, aching feet to shake into your shoes, now so largely advertised and sold all over the country. Allen S. Olmstead, of Le Roy, N. Y., is the owner of the trade-mark "Foot-Ease," and he is the first individual who ever advertised a foot powder extensively over the country. He will send a sample Free to any one who writes him for it. The decision in this case upholds his trade-mark and renders all parties liable who fraudently attempt to profit by the extensive "Foot-Ease" advertising, in placing upon the market a spurious and similar appearing preparation, labeled and put up in envelopes and boxes like Foot-Ease. Similar suits will be brought against others who are now infringing on the Foot-Ease trade-mark and common law rights.

CURE SICK HEADACHE.

In the course of a speech at the recent general council of the Reformed Episcopal church at Baltimore, Bishop Stevens rather astonished his coworkers by declaring his fondness for tobacco. "I smoke," he said, "and I shall continue to smoke. I don't believe the use of tobacco is as bad as it has been described; I believe it is all a piece of will worship. God has never said anywhere that we shall not be ministers of His Gospel if we do use it. God provided for every need in nature, and I thank God for my cigar."
