Women, Remember This Fact

That in addressing Mrs. Pinkham you are communicating with a woman—a woman whose experience in treating woman's ills is greater than that of any living person—male or female.

A woman can talk freely to a woman when it is revolting to relate her private troubles to a man.

Many women suffer in silence and drift along from bad to worse, knowing full well that they should have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examination of even their family physician. It is unnecessary. Without money or price you can consult a woman, whose knowledge from actual experience is unequaled.

Women suffering from any form of female weakness are invited to freely communicate with Mrs. Pinkham at Lynn, Mass.

All letters are received, opened, *read and answered by women only.*

This is a positive fact—not a mere statement. It is certified to by the mayor and postmaster of Lynn and others whose letters, all in a little book, Mrs. Pinkham has just published. Write for a copy, it is free. Thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken and has induced more than 100,000 sufferers to write her for advice during the last few months.

Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Here are some of the cases we refer to:

Mrs. Pinkham Helps Two Women Through Change of Life and Cures Another of Sterility. Read Their Letters.

"DEAR MRS. PINKHAM—I feel that it is owing to Lydia E. Pinkham's Vegetable Compound that I am alive today. It has taken me out of a sick bed where I had lain for six weeks with a good doctor to tend me twice a day. My trouble was change of life, had frequent hemorrhages. Your medicine checked the flow right away. I am now able to do all my work, and backache is unknown. I am forty-three years of age and enjoying good health."—MRS. ANNIE FOSTER, Cascade Locks, Oregon.

"DEAR MRS. PINKHAM—When I first wrote to you, I was in a very bad condition. I was passing through the change of life, and the doctors said I had bladder and liver trouble. I had suffered for nine years. Doctors failed to do me any good. Since I have taken Lydia E. Pinkham's Vegetable Compound my health has improved very much. *I will gladly recommend your* medicine to others and am sure that it will prove as great a blessing to them as it has to me."—MRS. GEO. H. JUNE, 901 De Kalb Ave., Brooklyn, N. Y.

"DEAR MRS. PINKHAM—It was my ardent desire to have a child. I had been married three years and could not become a mother, so wrote to you to find out the reason. After following your kind advice and taking Lydia E. Pinkham's Vegetable Compound, I became the mother of a beautiful baby boy, the joy of our home. He is a fat, healthy baby, thanks to your medicine."—MRS. MINDA FINKLE, Roscoe, N. Y.

Two More Women Who Acknowledge the Help they Have Received from Mrs. Pinkham.

"DEAR MRS. PINKHAM—The doctor says I have congestion of the womb, and cannot help me. There is aching in the right side of abdomen, hip, leg, and back. If you can do me any good, please write."—MRS. NINA CHASE, Fulton, N. Y., December 20, 1897.

"DEAR MRS. PINKHAM—I followed your instructions, and now I want every woman suffering from female trouble to know how good your advice and medicine is. The doctor advised an operation. I could not bear to think of that, so followed your advice. I got better right off. I took six bottles of Lydia E. Pinkham's Vegetable Compound and used three packages of Sanative Wash; also took your Liver Pills, and am cured."—MRS. NINA CHASE, Fulton, N. Y., December 12, 1898.

"DEAR MRS. PINKHAM—Have been suffering for over a year and had three doctors. At time of menstruation I suffer terrible pains in back and ovaries. I have headache nearly every day, and feel tired all the time. The doctor said my womb was out of place. Would be so glad if you could help me."—MRS. CARL VOSS, Sac City, Iowa, August 1, 1898.

"Please accept my sincere thanks for the good your advice and Lydia E. Pinkham's Vegetable Compound has done me. I did everything you told me to do, and used only three bottles, and feel better in every respect."—MRS. CARL VOSS, Sac City, Iowa, March 23, 1899.

CONSUMPTION

STRIKE AFFECTS TRADE.

Prices, However, Still Have an Upward Tendency.

Bradstreet's says: The unfavorable turn given the general industrial situation by the strike of anthracite coal miners and the possibility of wage disputs in the iron trade, with rather less activity in the latter industry, and some increase of weakness in the prices of cruder forms, have given an appearance of irregularity to the general trade and business situation. On the other hand, the course of staple prices has been very generally upward this week, fall distribution of dry goods, clothing, hats and millinery have been of large volume at nearly all markets; there is a decidedly better tone noted in the boot and shoe and kindred trades, and the strength of cotton goods, though apparently in excess of that shown by the raw material, has been regarded as indicative of confidence on the part of manufacturers.

The premature ripening due to the hot dry weather is responsible for part of the heavy movements of cotton to market, but back of this, of course, is the desire to profit by the exceedingly good prices ruling. The rush of receipts has been too much for the bull movement, however, and the prices are materially lower on the week.

Reports of damage of grain in shock in the Northwest and reinforced by Northwestern buying at Chicago, furnished the key to the advance of nearly 2 cents in wheat this week.

Wheat, including flour shipments, for the week aggregate 3,535,857 bushels, against 4,655,982 bushels last week.

Business failures for the week in the United States number 183 as against 167 last week.

Canadian failures number 21, as against 24 last week.

Many a woman, sick and weary of life, dragged down by weakening drains, painful irregularities, depression, and the hundred and one ailments which affect women only, has found in Pe-ru-na a bright star of hope, which has changed her misery to joy, her suffering to health.

No woman need suffer from the derangements peculiar to her sex, if she will give Pe-ru-na a fair trial.

The majority of weaknesses which make woman's life a burden, spring from a simple cause. The mucous membrane which lines the pelvic organs becomes weakened and inflamed owing to strain, cold, overwork, etc. This causes catarrhal congestion, inflammation, painful irregularities, depression of spirits, irritability, weakness and suffering. It shows in the haggard lines of the face, the dull eyes, the sallow complexion and angular form.

For the prompt cure of such ailments try Pe-ru-na. It drives away "the blues," clears the complexion, brightens the eyes, changes thinness to plumpness, and cures pains, aches and drains, because it immediately strikes at the root of such troubles and removes the cause.

Russia expects to spend $100,000,000, in addition to the $40,000,000 already paid out, to complete and equip the Trans-Siberian road, and M. Boutfsky, a vice-minister, who is at present in San Francisco, is authority for the statement that a considerable part of this immense sum will come to this country, it being the Russian governments' intention to patronize American manufacturers very largely.

After all, we know but little about this world of ours. Sven Anders Hedin, the famous Scandinavian geographer, who has been making extensive explorations in Thibet, has found the ruins of an ancient city of great size. There are great broad roads intersecting the ruins—roads such as China cannot show today—and Hedin says that everything in the city was built upon a grand scale.

A Mechanical Resuscitation.

Professor Laborde, of the Academy of Medicine, Paris, and M. Auguste Mouchel have devised a little machine for restoring persons in a state of suspended animation to life by the method of "lingual traction," a method now used with great success in cases of drowning, lightning stroke, electric shock and suffocation. The tongue is drawn out rythmically, so as to stimulate the breathing organs, and this method has been effective in cases given up as hopeless, but only after a very long application. The friction sometimes needs to be kept up for three hours before reanimation, and, as the new machine is worked by an electric motor and quite automatic, it saves much laborious exertion, and can save life where the usual methods would fail.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Croquet Still Popular.

It was generally supposed that croquet had gone altogether out of fashion, but on many lawns of country homes where formerly tennis nets were stretched croquet wickets and hoops are once more seen. It has been foun that tennis is too violent a game for the majority of women and golf makes a greater demand on the time and patience of women than most of them can afford. Croquet is found to be a more suitable and conveient relaxation.

An Exclusive Order.

Metric System in Russia.

It is probable that the metric system will be introduced before long in Russia; the bill which has been prepared to this effect by the minister of finance has received the approbation of the state council, with the understanding that the university and the various scientific societies will give their assistance in the verification of the weights and measures necessary for commercial use. The details have been nearly all deicded on, and will be submitted to the council in the near future. Since 1896 the metric system has been used by the medical service of the army in the compounding of formulas, this having been made obligatory.

King as a Father.

King George, of Greece, as the father of a family, may serve as a model. The first thing he thinks of is the education and welfare of his children. At the time of the departure of Prince George for Crete, about a year ago, there was a painful scene at the palace. The king, notwithstanding the efforts he made to hide his emotion, could not withhold his tears, and when his son threw himself into his arms, asking if he had any orders to give him, King George replied in a voice full of affection: "I have no orders to give you, my child. Providence will guide you. Go, and rely on the grace of God."

Pigeon Pie at Sea.

An old tar on a sailing vessel says that sailors on ships in the regular line between Europe and New York are always sure of pigeon pie the day after the carrier pigeon service leaves this port. He added that pigeons flying at sea soon get tired, and settle on the first craft that comes in their way. The impression is gaining that pigeons are not so useful for long ocean flight as has been believed.

Eruptions

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous,

The thing to do is to help the system discharge the humors, and to strengthen it against their return.

Hood's Sarsaparilla permanently cured J. G. Hines, Franks, Ill., of eczema, from which he had suffered for some time; and Miss Alvina Wolter, Box 212, Algona, Wis., of pimples on her face and back and chafed skin on her body, by which she had been greatly troubled. There are more testimonials in favor of this great medicine than can be published.

No External Symptoms.

The blood may be in bad condition, yet with no external signs, no skin eruption or sores to indicate it. The symptoms in such cases being a variable appetite, poor digestion, an indescribable weakness and nervousness, loss of flesh and a general run-down condition of the system—clearly showing the blood has lost its nutritive qualities, has become thin and watery. It is in just such cases that S. S. S. has done some of its quickest and most effective work by building up the blood and supplying the elements lacking to make it strong and vigorous.

"My wife used several bottles of S. S. S. as a blood purifier and to tone up a weak and emaciated system, with very marked effect by way of improvement. "We regard it a great tonic and blood purifier."—J. F. DUFF, Princeton, Mo.

SSS is the greatest of all tonics, and you will find the appetite improves at once, strength returns, and nervousness vanishes as new rich pure blood once more circulates through all parts of the system.
