The Newberg Dairyman Association deserves credit for the self-sacrificing perseverance its members show in endeavoring to place the dairy interests of the community before the farmers of this neighborhood. They are now arranging to have public meetings held at outlying points with the intention of getting the farmers interested in the industry. It is certainly a very good sign that those who are now patronizing the creamery have an abiding faith in its future, and they are certainly to be commended for their persevering efforts toward persuading others to act for their own interests, as well as for those of the community.

From no other community, either, will he receive a heartier greeting should he conclude to cast his lot among us again. Dundee now sports an amateur troupe under the firm name of Vance, Hagey and Co, and has posters out announcing that the first "play" will be given this evening in Dundee. We presume that a specialty of comic opera will be introduced as the "first man" is solemnly obligated to "make his audience laugh as it has never laughed before." Score one for Dundee.

J. W. Smith goes up into Washington, next week, in the neighborhood of Olympia, to work as agent of the Pacific Coast Installment Library Association, the same company which has a library in Newberg, with headquarters at the Willamette Valley Telephone office. Andy Johnson of West Chehalis says the election in their precinct resulted in the republican ticket coming out ahead by just one quarter of a vote. He figures this out by the fact that the republicans voted straight 64 for each elector while the democratic vote ran 62, 65, 65, 63, making one vote ahead for the republican ticket, to be divided among four electors. In the future it would seem that West Chehalis might well be called a "doubtful" precinct.

The republican victory was appropriately celebrated in Newberg last Friday night with torch light procession and bonfire. Some features of the parade were particularly apt; for instance, the submissive little donkey laden with huge sacks of straw labeled "16 to 1," "trusts," "coal strikes," and "imperialism," and stridden by Will Dond carrying a banner inscribed, "Paramount issues for sale—cheap," would have done credit to any procession. And as for the bonfire, the hatters in town will testify as to what a success it was.

Alpheus and Seth Mills got back last Friday from their Alaska trip, after enduring many perils by land and by sea during the few weeks in which they have been gone. When, with one other man they were traveling out in the open sea in a little sail boat, a terrible storm arose which came near swamping them, and with a few other such experiences, Seth says he began to wonder very seriously whether his insurance policy was paid up. They spent most of the time on the way up and back, spending but two or three days at Kake Village, the location of the Friends mission, and vicinity. In a day and a half's hunt they got three deer, which they say are as plentiful there as sheep are here.

The public meeting of the anti-saloon league held in the Friends' church Tuesday evening, was well attended. Addresses were made by Pres. McGrew, Rev. Gould and Rev. Day, while good music was furnished in the way of vocal solos by Mrs. Grace Barrie, Miss Mabel Edwards, and of a quartet composed of the Misses Edna Hobson, Lucy Gause, Dwight Coulson and Emmor Newby. Pres. McGrew gave a good address, drawing a sharp distinction between the two classes of people which the saloon on the one hand, and the church and school on the other bid for. Rev. Gould spoke on the effects of the saloon. Rev. Day gave an interesting talk on local conditions and pointed out some avenues for needed work at home.

A Village Blacksmith Saved His Little Son's Life.

Mrs. H. H. Black, the well known village blacksmith at Grahamsville, Sullivan Co., N. Y., says: "Our little son five years old, has always been subject to croup, and so had have the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the dreaded croup is cured before it gets settled. There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by C. F. Moore & Co. druggist.

Fire! Fire!!

When that cry sounds how people rush to help and sympathize! And when some fireman rescues a woman from the flames, the streets echo with applauding shouts.

And yet if that woman had perished in the flames it is possible that she would have suffered less than she suffers almost daily from the inflammation which disease has lighted in the delicate womanly organism.

That fire of inflammation can be put out. The gnawing ulcer can be cured. Dr. Pierce's Favorite Prescription not only establishes womanly regularity and dries entangling drains, but it heals inflammation and ulcerations and cures female weakness. It makes weak women strong and sick women well.

"I suffered for four years with what four physicians pronounced ulceration and proptosis of the uterus," writes Mrs. Ada Brooks, of Kirbyville, Tazewell Co., Missouri. "Also inflammation of bladder and urethra. My case was chronic and complicated. Had several good physicians, but kept getting worse. Had been confined to my bed five months when I wrote to you. I received your reply very soon and then I dismissed my physician and began taking Dr. Pierce's medicine. I took eight bottles of his 'Favorite Erection' and 'Golden Medical Discovery,' and began to get better at once. In two months I could sit up in a chair, and kept getting better. In four months could do all my house work, including washing and sewing."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Southern California.

Notable among the pleasures afforded by the Shasta Route is the winter trip to Southern California and Arizona. Renewed acquaintance with this section will ever develop fresh points of interest and added sources of enjoyment, under its sunny skies, in the varieties of its industries, in its prolific vegetation and among its numberless resorts of mountain, shore, valley and plain. The two daily Shasta trains from Portland to California have been recently equipped with the most approved pattern of standard and tourist sleeping cars, but the low rates of fare will still continue in effect. Illustrated guides to the winter resorts of California and Arizona may be had on application to C. H. MARKHAM, G. P. A., Portland, Oregon.
