It may become chronic. It may cover the body with large, inflamed, burning, itching, scaling patches and cause intense suffering. It has been known to do so.

Do not delay treatment.

Thoroughly cleanse the system of the humors on which this ailment depends and prevent their return.

The medicine taken by Mrs. Ida E. Ward, Cove Point, Md., was Hood's Sarsaparilla. She writes: "I had a disagreeable itching on my arms which I concluded was salt rheum. I began taking Hood's Sarsaparilla and in two days felt better. It was not long before I was cured, and I have never had any skin disease since."

The Ice Habit in England. The English have long laughed at the American "ice habit," but they are now falling victims to it themselves. Not very long ago the attendants of public places in England, where nearly everything except ice was provided, would be insulted if one complained because ice could not be had. Today all first-class places have a few small lumps swimming in a glass dish, and you pick these out with sugar tongs. And in country inns and even in second-class houses they apologize for not having it.

At San Francisco the board of supervisors has passed an ordinance reducing the hours that laundries may be in operation each day, which is designed to reduce the hours of labor of the over-worked employees of these concerns from 15 to 12 hours.

### Forewarned, Forearmed.

The liability to disease is greatly lessened when the blood is in good condition, and the circulation healthy and vigorous. For then all refuse matter is promptly carried out of the system; otherwise it would rapidly accumulate—fermentation would take place, the blood become polluted and the constitution so weakened that a simple malady might result seriously.

A healthy, active circulation means good digestion and strong, healthy nerves.

As a blood purifier and tonic S. S. S. has no equal. It is the safest and best remedy for old people and children because it contains no minerals, but is made exclusively of roots and herbs.

No other remedy so thoroughly and effectively cleanses the blood of impurities. At the same time it builds up the weak and debilitated, and renovates the entire system. It cures permanently all manner of blood and skin troubles.

Mr. E. E. Kelly, of Urbana, O., writes: "I had sores on my face and nose for five years. I would break out in little white pustules on my face, which would drop off, leaving the skin red and inflamed. The doctors did me no good. I used all the medicated soaps and salves without benefit. S. S. S. cured me, and my skin is as clear and smooth as any one's."

Mrs. Henry Siegfried, of Cape May, N. J., says that twenty-one bottles of S. S. S. cured her of Cancer of the breast. Doctors and friends thought her case hopeless.

Richard T. Gardner, Florence, S. C., suffered for years with Boils. Two bottles of S. S. S. put his blood in good condition and the Boils disappeared.

### HOW A JAP WROTE ENGLISH.

Specimen of the Language as Exemplified by a Writer.

The following letter, written by a young Japanese student to one of the members of a Washington club in which he is a waiter, is an excellent example of English as "she" is written by the orientals who seek to master "her."

"Sir: The spirit of pride and the esteem of honor which characterize our countrymen oblige me to write a few words to you regardless of the penalty for the obtrusive intrusion upon your precious attention.

"To-day I went at the club to get my wages, and met with the steward, Mr. John, at the entrance. He stepped back a few paces, and checking my way, ordered me to leave with many repetitions of almonate on the which a man of some honor can't restrain his passion from revolt on such a violent shower of curse.

"Anger was beyond my control, and involuntarily I returned my share of compliments; upon which he snatched the potato masher and was brutal enough to give me two severe blows on my person and inflicting quite painful injury.

"Through all this affair I was never offended when I went there to demand the money to which I am entitled; he unjustly enjoined me to get out; that is an unreasonable movement, and cannot fall to hurt a man's feelings.

"What? without being satisfied with that insult made my blood boil and the veins burst with successive onslaught of ignominious swear. My returning was completely excusable, for to be different to such an ignoble treatment deserves the one is a stranger to the sense of honor; and so he ought to have realized it with abashed submission. And what again? the tongue, the countenance that was not capable enough to wreak his savage fury, and then resorted to the final step of violence as though I was a mass of clay insensible to disgrace and pain.

"I could not reconcile to forgive him for such a cruel assault, and would have avenged the injury with the same weapon he wielded to my full gratification. If otherwise a bystander meddled in and forced my highly strung nerves to ordinary coolness.

"However, I have no thought to let his brutality hide from the eye of the right and just, and so I have taken some trouble to write these lines, and ask you please to glance over it at once. Very respectfully, your obedient servant. J. N."

Great Greed for Lands. It is said that the flag follows the trade, but in the Russian case it is the trade which follows the flag. Russia has never made a movement from which she has gone back; her great land-grabber and her great Cecil Rhodes was called Yanaak, and he penetrated and annexed the great part of Siberia for the czar of the day, and Russia within the last few months has christened her most powerful ironclad after this great explorer.

The count of Mouravieff, uncle of the late minister of foreign affairs in the present czar, are known in history one as the man who annexed the greater part of the Caucasus for the czar of his day, and the other completed the Siberian annexation; and their successor, the late Count Mouravieff, was following in the footsteps of his ancestors.

The Sixth Michigan cavalry, of the famous Custer brigade, was commanded by a colonel who had formerly been a member of the Michigan bar. In the early morning of the last day at Gettysburg his regiment, with others, was in line awaiting orders. The men grew impatient and excited, and gradually became noisy in their talk and laughter. The colonel bore it for a few moments, and then, turning to his men with a nervous gesture, he called: "Keep silence there!" Instantly quiet in an apologetic tone: "Not that I care, but it will sound better!"

### Vanity of Syrian Women.

A medical missionary in Syria writes that the vanity of Syrian women is sometimes most amusingly exemplified. A short time ago a patient in the hospital at Beirut succeeded in having her friends smuggle in to her a number of forbidden articles of food and numerous toilet accessories. In her locker were discovered a piece of looking-glass, a small quantity of French chalk and a minute supply of rouge, all intended to aid in the decoration of her person for the impending operation. She protested tearfully when the cosmetics were confiscated, and refused to be comforted, saying that she did not like to look so pale.

Kaiser Said to Wear a Corset.

A story is current in Berlin to the effect that ever since the murder of King Humbert the German emperor has worn a corset of finely tempered steel. It is also said that when passing through Rome to embark for China Count von Waldersee presented to King Victor Emanuel a corset of identical manufacture as a present from the kaiser.

\$100 REWARD \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

KILL THE GERMS! Spread of Germs Through the Human System Instantly Checked by "5 DROPS."

"5 DROPS" is a germ killer; a preventive of disease; a nerve force; a maker of pure blood; of healthy tissue. Where it is used there can be no disease. It is a natural foe to germ life. Left to themselves, without adequate measures of prevention, the germs which enter the weak human system multiply so rapidly that their numbers become beyond human comprehension, destroying the structure of the body until death comes to the victim's relief. "5 DROPS," if taken in time, is an absolute preventive of disease. It is the only absolute cure for rheumatism, driving out of the system forever the uric acid and other impurities which cause it in its various forms. It is taken up at once by the blood. Hence its work is quicker, surer and many times more effective. You should never be without it. Secure a bottle today. You will then be able to say: "5 DROPS" is my health and can be used by a child as well as by an adult. It is used with unflinching effect in the following diseases: Rheumatism, Sciatica, Backache, Neuralgia, Gout, Dyspepsia, Headache, Hay Fever, Catarrh, Gravel, Neuritis, Nervous Troubles, Sleeplessness, Nervousness, Nervous and Neuritic Headaches, Earache, Toothache, Heart Weakness, Paralysis, Creeping Numbness, Etc.

I WAS AT DEATH'S DOOR. Gentlemen: I want to tell you what your "5 Drops" has done for me. I was for two years a sufferer of untold misery. My feet were swollen so I could not wear shoes and my hands were drawn so I could not open them, nor could I shut them. They cramped and ached. My husband had me try every medicine he could hear of and I still suffered untold agonies. Nothing I could get would ease my pain, until last November one of my neighbors had Rheumatism so bad he could not walk. He told my husband about "5 Drops" curing him, so he got me a bottle of "5 Drops" and three weeks walked without a cane and could use my hands, something I had not done for two years. I give all the praise to "5 Drops." My neighbors know that I was at death's door. I will send you a bottle of "5 Drops" and can do my work with ease. I am still taking it sometimes. If this will do any good toward setting suffering people to use "5 Drops," use this as you please. If any one else suffers from Rheumatism, Sciatica, Neuralgia, Paralysis, Creeping Numbness, Etc., write to SWANSON'S "5 DROPS," is sold by us as a guarantee. In some places the Druggists are our agents. If the remedy is not obtainable in your town, order of us direct. Large size bottle, 50c. Small size, 25c. Prepaid by express or mail, or for the next 30 days, to enable all who are suffering, to at least have an opportunity to try the most wonderful of all remedies, we will send SAMPLER FREE upon receipt of 10c. per post office. Agents wanted in new territory. Write to SWANSON'S REMEDY CO., 104 Lake Street, Chicago.
