Common Sense Talk with Women

If a person is ill and needs a medicine is it not wise to get one that has stood the test of time and has hundreds of thousands of cures to its credit?

A great many women who are ill try everything they hear of in the way of medicine, and this experimenting with unknown drugs is a constant menace to their already impaired health.

This seems to us very unwise, for there are remedies which are no experiments and have been known years and years to be doing only good.

Take for instance Lydia E. Pinkham's Vegetable Compound; for thirty years its record has been one unbroken chain of success. No medicine for female ills the world has ever known has such a record for cures.

It seems so strange that some people will take medicines about which they really know nothing, some of which might be, and are, really harmful; while on the other hand it is easily proved that over one million women have been restored to health by Lydia E. Pinkham's Vegetable Compound.

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine.

All this should, and does, produce a spirit of confidence in the hearts of women which is difficult to dislodge, and when they are asked to take something else they say, "No, we want Lydia E. Pinkham's Vegetable Compound, which has been tried, and never found wanting, whose reliability is established far beyond the experimental stage."

We have thousands of letters like the following addressed to Mrs. Pinkham, showing that

Monthly Suffering is Always Cured by Lydia E. Pinkham's Vegetable Compound, also Backache and Bearing-down pains.

"I suffered untold agony every month and could get no relief until I tried your medicine; your letter of advice and a few bottles of Lydia E. Pinkham's Vegetable Compound have made me the happiest woman alive. I shall bless you as long as I live."—Miss Jodie Saul, Dover, Mich.

"Four years ago I had almost given up hope of ever being well again. I was afflicted with those dreadful headache spells which would sometimes last three or four days. Also had backache, bearing-down pains, leucorrhœa, dizziness, and terrible pains at monthly periods, confining me to my bed. After reading so many testimonials for your medicine, I concluded to try it. I began to pick up after taking the first bottle, and have continued to gain rapidly, and now feel like a different woman. I can recommend Lydia E. Pinkham's Vegetable Compound in the highest terms to all sick women."—Miss Rosa Helden, 126 W. Cleveland Ave., Canton, O.

Two Letters which Prove that Lydia E. Pinkham's Vegetable Compound Will Remove Tumor and Cure Other Female Weakness.

"Two years ago I was a great sufferer from womb trouble and profuse flowing each month, and tumors would form in the womb. I had four tumors in two years. I went through treatment with doctors, but they did me no good, and I thought I would have to resort to morphine.

"The doctor said that all that could help me was to have an operation and have the womb removed, but I had heard of Mrs. Pinkham's medicine and decided to try it, and wrote for her advice, and after taking her Vegetable Compound the tumors were expelled and I began to get stronger right along, and am as well as ever before. Can truly say that I would never had gotten well had it not been for Lydia E. Pinkham's Compound."—Mary A. Stahl, Watsontown, Pa.

"After following the directions given in your kind letter for the treatment of leucorrhea, I can say that I have been entirely cured by the use of Lydia E. Pinkham's remedies, and will gladly recommend them to my friends."—A. B. Davids, Binghamton, N. Y.

Another Case of Womb, Kidney and Bladder Trouble Cured by Lydia E. Pinkham's Vegetable Compound.

"Dear Friend—Two years ago I had child-bed fever and womb trouble in its worst form. For eight months after birth of babe I was not able to sit up. Doctors treated me, but with no help. I had bearing-down pains, burning in stomach, kidney and bladder trouble and my back was stiff and sore, the right ovary was badly affected and everything. I ate distressed me, and there was a bad discharge.

"I was confined to my bed when I wrote to you for advice, and followed your directions faithfully, taking Lydia E. Pinkham's Vegetable Compound, Liver Pills and using the Wash, and am now able to do the most of my housework. I believe I would have died if it had not been for your Compound. I hope this testimonial may be the result of benefiting some other suffering woman. I recommend your Compound to every one."—Mrs. Mary Vaughn, Trimble, Pulaski Co., Ky.

THE FREAKISH RIO GRANDE.

Two Illustrations in One Day of the Queer Things It Can Do.

"To give you some idea of what sort of river the Rio Grande is, I'll tell an experience I had in getting across it with a derrick," said a mining man from New Mexico. "If after that you don't agree with me that it is a freakish river you're easy to suit. I was a contractor in rock work in those days and was taking my derrick from the east side of the river to the Magdalenas, where I had a contract to sink a mine shaft. The derrick was on four wagon wheels, and four mules were hauling it. I had my two helpers along, and one of them, a man named McCartney, drove the mules. He was an old-timer, which was lucky, for I was new to the country, and if I had trusted to my own judgment I might have made a mistake that would have cost me my mules and derrick, if not my life.

"We came to the Rio Grande an hour before sundown, and I saw a wide river bed, but no water, only dry sand, from one bank to the other. That was a new kind of river to me, but McCartney said it was all right; that it was a way the Rio Grande had of doing in places for five or six months in the year. The water was there, only it was flowing through the sands under the channel instead of in it. I, being a tenderfoot, was for camping on the nearer bank where the grass was good, but McCartney said that would never do unless I was willing to take my chances of staying there a week or two; that water sometimes came down the channel, a good deal of it, and it would be well to get across while we were sure we could.

"We started across over the dry sands, and I was thinking what an easy way it was of fording a river when of a sudden the two lead mules were floundering in a quicksand and the whole outfit came near being drawn in. We got the two leaders clear of the harness and then the other two mules drew them out, one at a time. We hitched them up again, and by making a long circuit got past the quicksand and to the other bank. By that time it was 10 o'clock and the moon had just risen. The mules had just begun to climb the bank, when we heard a roaring noise up the channel. It came from a wall of water that stretched from bank to bank, and was traveling toward us fast. It looked in the moonlight to be four feet high, and there was higher water behind sending it on. We didn't need to holler to the mules. They heard what was coming and clawed up the bank like cats. We got out all right, derrick and all—and there were not three minutes to spare. Before we had finished our supper the river bed was full, bank high, with a current that eddied and roared as it rushed past our camping place as if it had been sorry to miss us and would like to get up where we were. There wasn't a cloud in the sky, or sign of rain anywhere, and the flood may have come from a cloudburst in Colorado 200 miles away. But it came near getting us. I had learned one lesson, and that was, in traveling by wagon, always to camp on the further side of a stream. And I had learned to put no trust in the Rio Grande."

DETACHED BY THE TOE.

Automatic Device by Which Skates Are Easily Removed.

Edwin R. Knapp, of Red Bank, N. J., has patented a very handy and simple arrangement for adjusting the skates on the feet and removing them automatically. As will be seen by a glance at the accompanying picture, the foot plate is pivoted to the toe of the skate, with a locking spring catch at the heel. The skate is also provided with the usual clamps, which are in this case operated by the movement of the foot plate in conjunction with the runner, the operating lever being attached to the runner in proximity to the pivot pin of the foot plate, in order that the action of tilting the plate in either direction will open or close the clamps. To place the skates on the feet when the clamps are once properly adjusted the foot plate is fitted to the shoe and the skater then rests his weight on the runner, which causes the spring catch to engage the plate and lock it securely. To detach the skate the toe of the shoe is pressed against the catch and the foot is lifted, which tilts the foot plate and loosens the clamps.

AUTOMATIC DETACHING DEVICE.

Lids of Fruit Jars.

The lids of fruit jars taken from the top shelf of the kitchen closet, where they may have lain long in retirement, should be sterilized before using. Put them into cold water and bring the water to the boiling point; take them out one by one with a clean skimmer and slip each upon its jar. They should not be handled with the fingers except to screw quickly into place, nor should they be left on the table nor wiped with towels that have been hanging in the kitchen. Any of these acts make the sterilizing process useless, as germs may be picked up in this way after it has been accomplished.

Cause for Alarm.

"Gee whizz!" exclaimed the giraffe in the menagerie tent, "is this horseless business going to strike us next?"

"What's the matter?" inquired his mate.

"That matinee girl just passed by on the arm of a bum actor, and I'm sure I heard her say she's be tickled to death if he'd give her his auto-giraffe."—Philadelphia Press.

A little man living in town occasionally marries a woman who is small, but a little man in the country always marries a tall woman.

KILL THE GERMS!

Spread of Germs Through the Human System Instantly Checked by "5 DROPS."

"5 DROPS" is a germ killer; a preventive of disease; a builder of nerve force; a maker of pure blood; of healthy tissue. Where it is used there can be no disease. It is a natural foe to germ life. Left to themselves, without adequate measures of prevention, the germs which enter the weak human system multiply so rapidly that their numbers become beyond human comprehension, destroying the structures of the body until death comes to the victim's relief. "5 DROPS," if taken in time, is an absolute preventive of disease. IT is the only absolute cure for Rheumatism, driving out of the system forever the uric acid and other impurities which cause it in its various forms. It is taken up at once by the blood. Hence its Work is quicker, surer and many times more effective. You should never be without it. Secure a bottle today. You will then be on the safe side. "5 Drops" is harmless and can be used by a child as well as by an adult. It is used with unfailing effect in the following diseases: Rheumatism, Sciatica, Backache, Neuralgia, Gout, Dyspepsia, Asthma, Hay Fever, Catarrh, Croup, La Grippe, Liver and Kidney Troubles, Sleeplessness, Nervousness, Nervous and Neuralgic Headaches, Earache, Toothache, Heart Weakness, Paralysis, Creeping Numbness, Etc.

I WAS AT DEATH'S DOOR.

Gentlemen: I want to tell you what your "5 Drops" has done for me. I was for two years a sufferer of untold misery. My feet were swollen so I could not wear shoes and my hands were drawn so I could not open them, nor could I shut them. They cramped half shut. My husband had me try every medicine he could hear of and I still suffered untold agonies. Nothing I could get would ease my pain, until last November one of my neighbors had Rheumatism so bad he could not walk. He told my husband about "5 Drops" curing him, so he got me a dollar bottle, and in three weeks I walked without a cane and could use my hands, something I had not done for two years. I give all the praise to "5 Drops." My neighbors know that I was at death's door. Now I have used four bottles of "5 Drops" and can do my work with ease. I am still taking it sometimes. If this will do any good toward getting suffering people to use "5 Drops," use this as you please. If any one doubts this, send them to my friends and neighbors. ELISABETH C. FINN, 2057 North Lyon St. Springfield, Mo.
