When the population of Newberg is reported from the new census returns we will probably be short something like Salem is, on account of the corporation lines failing to take in a large number who are always considered as a part of the population of the town. Watt Henderson who was down from the county seat the first of the week said that the heavy rains had packed the roads so they were in pretty fair condition. Oliver receives a shipment of maple sugar from Vermont every season and it is reported that it is put up by a Yankee girl who knows Oliver's weakness for sweet things, but be that as it may the Oregon girls enjoy the wax just the same. John Schilling who at one time owned a good farm on Chehalis mountain is now left penniless as a result of poor management on the part of relatives in whom he placed confidence, and as he is old and infirm it seems that the county must care for him.

Will Clemenson seems to be getting to the front over in Washington after the most approved style of the average Yamhiller when he strikes out for himself. Besides holding the office of post master at Clarkston he is now holding down a fat position at Olympia during the session of the legislature, he being clerk of the committee on engrossed and enrolled bills, labor and labor statistics.

Fait the great world-renowned hypnotist and mind reader at Craters hall Friday and Saturday evenings. Come and see his wonderful transformation of a quiet, unassuming, bashful youth into a polished orator; the indifferent country fiddler into a musical genius; the confirmed old bachelor into an ardent lover; the busy, energetic merchant or lawyer into a lone fisherman; the weak made strong and the strong made weak, at the will of the operator; the hypnotic balloon ride, ball game, bicycle race, hunting expedition, the circus, and some of the suggestions placed by the professor.

The family came here from Kiowa county, Kansas, a few years ago and have since made their home in Newberg. The deceased was a devoted wife and mother and never tired of doing little acts of kindness to those about her. She was a devoted Christian and in her death the Friends church loses a loyal member. The funeral will be held today at 2 p. m. from the residence.

Miss Alderson Married.

The item of news given below which is taken from last Sunday's Statesman will be read with interest by many Newberg people.

"A quiet and pretty home wedding was celebrated in this city last Thursday evening, at the home of the bride's parents, Rev. and Mrs. C. Alderson, of this city, when Miss Margarette Alderson became the wife of Robert L. Burkhardt, of Albany. The father of the bride officiated at the ceremony.

The bride is the second daughter of Rev. and Mrs. C. Alderson, of this city, and is a most popular and accomplished young woman. She is a musician of rare education and ability, being not only a beautiful singer but an accomplished performer on the piano. She is a graduate of the Willamette University College of Music and has taught her profession in this city, Albany, Corvallis, and Newberg, very capably filling the chair of musical instructor of Pacific College at the latter place.

The groom is a member of the drug firm of Burkhart & Lee, of Albany, and is one of the prominent citizens of that city, where the happy young couple have taken up their residence."

The Graphic extends congratulations.

From the College.

The Crescent literary society regrets to lose one of its most able members, Mr. Deach.

Rev. Barr never fails to give us a talk on Monday morning, and the teachers are always glad if some one will relieve them of that duty.

The honorable members of the faculty met Friday evening, and as a result of this, on Monday morning a plan for a rousing college social was put before the school. It was met with great approval and Mrs. Douglas has promised that the entertainment will be something entirely new—for Newberg, at least.

It seems to be the general wish of the school and especially the orators, to have the local contest held in the church. This has not been the custom of the past, still it is reasonable to believe that it would be a much pleasanter affair if held in a large building. There the orators would have more room for their gestures which they are so fond of making.

The Crescent literary society is now the proud possessor of a gilded frame in which are to be kept the programs. The Junta people have been very domineering, in the way of placing their programs over those of the Crescent's. It is hoped they will now see their place, and tuck theirs lower on the bulletin board.

Public School Notes.

Miss Inglis' room had an extended playtime Wednesday on account of the school meeting. They are healthy children, judging by their lung power.

Our diphtheria scare is about over. The children who had been exposed to the disease, were allowed to return to school again Wednesday afternoon. The doctor says there is no danger of contagion now.

The date for our entertainment has been set for Feb. 22. Among other things arrangements are being made for two beautiful drills.

The nice weather of last week emptied the school room and gave a healthy glow to the cheeks of the boys and girls.

Their doctor did them no good. A Deep Mystery.

It is a mystery why women endure Backache, Headache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe Cherley, of Patterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me, and although 73 years old, I am now able to do all my household work." It overcomes Constipation, improves appetite, gives perfect health. Only 50c at C. F. Moore & Co's drugstore.

The high water of this week, placed the Yamhill locks 25 feet under water. If they would remain there, and the present stage of water continue, the capital of Yamhill county would have uninterrupted communication with the outside world. As it is, there is an uncertainty about it.—Dayton Herald.

Best out of an Increase of His Pension.

A Mexican war veteran and prominent editor writes: "Seeing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy, I am reminded that as a soldier in Mexico in '47 and '48, I contracted Mexican diarrhoea and this remedy has kept me from getting an increase in my pension for on every renewal a dose of it restores me." It is unequalled as a quick cure for diarrhoea and is pleasant and safe to take. For sale by C. F. Moore & Co. druggists.

Dayton is now experiencing one of the greatest revival meetings ever known in the history of the town. There has been a number of conversions and re-conversions. The meetings are conducted by Rev. T. L. Jones, pastor of the M. E. church, and Mrs. Barrett, the well known evangelist, in the M. E. church. There appears to be a feeling of unity on the part of members of all churches, and interest in the meetings is general.—Dayton Herald.

The Mother's Favorite.

Chamberlain's Cough Remedy is the mother's favorite. It is pleasant and safe for children to take and always cures. It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine made for these diseases. There is not the least danger in giving it to children for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by C. F. Moore & Co. druggists.
