Fine line of valentines at Moore's. Empty barrels for sale by C. B. Wilson. W. T. Macy was down from the county seat Thursday.

Mrs. H. F. Allen of Portland visited relatives in town last Friday. For sale—Phaeton, single harness and foot cutter. ANDREW PICKETT.

Call in and see that large new stock of picture mouldings at T. B. Cummings'. Whatever you do or don't do, don't forget the contest in Craters hall tonight.

C. W. Hevland and daughter Ella have been visiting relatives in Portland this week. Photographs cheap, but not cheap photographs—twenty-four stamp pictures for twenty-five cents at Smith's photo gallery.

On Tuesday, February 5, a fine daughter, the first born, made his appearance at the home of Dr. and Mrs. H. C. Dixon.

Don't forget the meeting of the Oregon Fire Relief Association in McMinnville, Tuesday February 12, at 10 a. m. All members invited.

Wm. Manning accompanied Mrs. Ed Hodson to Sherwood Thursday morning to assist the latter in transacting some business matters.

Farmers I want your eggs. I will give cash for them. Egg packers furnished free to those wishing them. C. B. WILSON.

Bishop Earl Cranston of the M. E. church is expected to lecture in Newberg Feb. 20, on the Chinese question. Bishop Cranston spent two years in China and understands the situation.

M. E. Harrison and family recently from Indian Territory but formerly from Arkansas have moved to Newberg and are temporarily occupying the cottage near the depot recently vacated by D. R. Jackson.

Mrs. Mabel Douglas goes to Portland today to visit the city High school and the Portland academy and get some new ideas for her work in the college here. Her students no doubt think the trip rather superfluous.

Mrs. H. T. Casa, Yearly Meeting superintendent of Endeavor work in Friends church, organized a society at Springbrook Wednesday evening. Some of the Newberg Endeavorers walked out and lent their encouragement.

An adjourned meeting of the members of the Oregon Fire Relief Association is to be held in McMinnville on Tuesday February 12, at 10 a. m. This meeting is to consider important changes in the constitution and by-laws and all members have a right to vote if present.

The drawings, together with the plans and specifications of the new city reservoir have been made by H. S. Britt, now at Berkeley, California, and were presented at the council meeting Monday night. As an exhibition of expert workmanship and knowledge of such subjects, the city fathers speak of them with much praise.

The college Y.M.C.A. extends a special invitation to all men, young and old, to attend the mens' meeting at the Methodist church next Sunday at 4 p. m. It is the day of prayer observed the world over by student federations in nearly every country. Rev. Herbert T. Cash will speak. Subject, The Attractiveness of Christ. Music by the Methodist male quartet.

Mr. and Mrs. Homer Hubbard came up from Portland Saturday evening and visited until Tuesday with Mr. and Mrs. F. A. Morris and other relatives in town. They have been visiting in Portland for some time with Y. M. C. A. Secretary Stone and wife, the latter being a sister of Mrs. Hubbard, and after a visit with California relatives they will probably return to their old home near Monrovia, Indiana.

The new administration of the city council met Monday evening, and effected what is considered a very successful reorganization, everything starting off very harmoniously. M. J. Jones was elected commissioner in the Third ward to fill the vacancy caused by T. B. Dunne's ineligibility to serve in that capacity. J. J. Woods was re-elected marshal and L. M. Parker was elected acting vice mayor. Mayor C. J. Edwards' message to the council is reproduced in full in another column.

The new committees of the city council have been appointed for the ensuing year, and that the dear people may know where to carry their troubles the appointments are here given. Ways and means—C. A. Hodson, chr., S. A. Mills, L. M. Parker. Health and police—Wm. Stratton, chr., M. J. Jones, C. K. Spaulding. Streets and property—Mills, chr., Hodson, Parker. Judiciary—Spaulding, chr., Jones, Stratton. Fire and water—Parker, chr., Mills, Spaulding. Elections—Jones, chr., Hodson, Stratton.

The basket ball game played in Armory hall last Friday night between Sherwood and the college boys here, was hard fought and exciting from start to finish—much more so than the score would indicate. The home team took the lead from the beginning however, and at the end of the game the score stood Newberg 12—Sherwood 2. The game was rough, but very good natured throughout. Chapman was the star player of the visitors, and was always in the play. The college boys had the best team they ever played, the members being Marvin Blair and John Weed, forwards, Mark Wolfe, center, and Dwight Coulson and George Day, guards. By way of postscript it may be noticed that our boys administered a worse defeat to Sherwood than did the first team of the Portland Y. M. C. A.

C. B. Wilson is still paying cash for produce.

Get your best girl a valentine. Some nice ones at Moore's.

Leave orders at Wilson's Grocery for expressing or light hauling.

Cap. Smith, of the steamer Eugene, moved into the Spaulding house on River street the first of the week.

T. B. Dunne is opening up the bicycle season with a line of new wheels. They are beauties. Call and see them.

A new stock of bankrupt shoes on hand at bed rock prices; also a line of wool socks. W. H. MONMUS.

Carl Stanley came up from Portland Saturday evening and has been visiting in town with old acquaintances this week.

The principal event of the college year takes place in Craters hall tonight. Don't miss it. General admission only 15 cents.

Mrs. Lydia Gardner came up from Portland Wednesday evening and is visiting with her parents Rev. and Mrs. Martin Cook.

Mrs. Nellie Abbe and baby of Wenatchee, Washington, who had been in Newberg during the last days of her mother's sickness, returned home the latter part of last week.

Mrs. Sarah Elliott of Vermillion Grove, Illinois, arrived here Monday evening for an extended visit in Oregon. She is now visiting her son Orange and family out at Springbrook.

The revival meetings in progress at the Friends church are being well attended and the interest being taken is very encouraging. Many definite results have already been reached.

Hear Rev. Kellogg at the Friends church next Friday evening on "The Methods of a Wizard." Rev. Kellogg is always an interesting and delightful speaker and this lecture is said to be his best.

Acker's Dyspepsia Tablets are sold on a positive guarantee. Cures heartburn, raising of the food, distress after eating or any form of dyspepsia. One little tablet gives immediate relief. 25c and Soc. C. F. Moore & Co.

Rev. Geo. W. Hill, of Japan, former pastor at Portland and Albany, will be in Newberg next Tuesday evening to speak in the Baptist church at 7:30, upon what he has experienced, seen and known of the great work of missions in Japan and China. His lecture will be free and a cordial invitation is extended to all.

C. F. Moore & Co. guarantees every bottle of Chamberlain's Cough Remedy and will refund the money to anyone who is not satisfied after using two thirds of the contents. This is the best remedy in the world for la grippe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia.

Herbert Coffin of Dayton, son of Webb Coffin, sawyer in the Newberg sawmill, was installed Monday as clerk in C. F. Moore's drugstore, having acted in that capacity in R. L. Harris' drugstore in his home town for two or three years. He comes with the highest recommendations both as to his ability in his profession and to his rectitude in character. The family will move to Newberg in about two months, until which time Mr. Coffin will return to Dayton Saturday evenings to spend Sunday at home.

Wm. G. Gregg who left here for the Oregon Soldiers' Home several days ago writes back to the Graphic as follows: "I arrived at the Oregon Soldiers Home Jan. 29, and found it fully as good, or even better than I expected. Everything is pleasant, clean, and comfortable and the inmates are sociable and pleasant so far as I am acquainted as yet. The officers are good natured and kind. The fare is as good as any reasonable man could expect. The grounds are beautifully located, one mile from Roseburg."

Interested parties here have written to Dr. Withcombe of Corvallis and he has answered that he and his able staff of workers will assist in holding a farmers' conference here probably about March 6 and 7. Such meetings are always very comprehensive, taking into consideration the interests of fruit growers, dairymen, and grain farmers, and the farmers of this vicinity should give the matter immediate attention. A meeting is called at the city hall tomorrow, Saturday, afternoon to arrange program, etc. A full attendance is strongly solicited.

The census returns, giving the population of Oregon's incorporated towns were made public the first of the week, and of course every newspaper in the country will be kept busy the next few days showing how its town would have shown at least twice the number of inhabitants if the "suburbs" had all been included. Newberg lines up with a population of 945, while McMinnville, our county seat is credited with 1420. "Considering the extent of our corporate limits," this is even a little better than we had hoped for, and we can conscientiously continue to write in advertising supplements that "Newberg, the city of churches and no saloons, is a town of 1200 inhabitant, pleasantly situated thirty miles south of Portland," etc. etc. The population of other Yamhill county towns is given as follows: Amity 292, Carlton 345, Dayton 293, Dundee 124, Lafayette 259, North Yamhill 354, Sherwood 465.

Fresh vegetables at Wilson's grocery. Mr. and Mrs. W. G. Allen of Salem came down Saturday morning and visited with relatives until Tuesday morning.

The best of fresh and salt meats the market affords will be found at the Newberg Meat Market. The highest prices paid for butcher's stock.

Rev. Elwood Armstrong, a minister in the United Brethren church from Tillamook county, has been visiting here this week with his brother Elmer and family.

A son of E. B. Frost arrived here the first of the week from Colorado, with the expectation of making his home in Newberg. He is thinking of entering Pacific College.

Sick headache absolutely and permanently cured by using Moki Tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work, and happy. Satisfaction guaranteed or money back. 25c and 50c. C. F. Moore & Co.

The location of Spaulding & Co.'s new lumber yard, which will open next month, will be the vacant lots of Geo. Bentley just east of W. J. Loughery's residence. A new office will be constructed fronting on Third street near the railroad, and there will be a drive way from Third to Fourth streets.

Spaulding & Co.'s mill is the old Dorrance mill on the river at Newberg, and their supply of logs is obtained from a tract of timber on the Luckiamute, and from tracts adjacent to the North Yamhill. Several million feet have been floated down the latter river this winter. To give them direct rail connection with this part of the country they contemplate extending the switch now running to the brick factory at Newberg on to the mill, thus saving a transfer charge at that point. This is the same firm which furnishes the balm logs to the paper mill at Oregon City.—Reporter.

Considering the fact there has been so little of such entertainment in Newberg this winter, the public will doubtless learn with satisfaction that the ladies of the Friends church have prepared a course of lectures to be given soon which promises to outshine any ever before given here. There will be five numbers in the course, each one a special treat in itself. The first number will be given in the Friends church next Friday evening, Feb. 15, and will consist in a lecture by Rev. Kellogg of Portland on the subject, "Methods of a Wizard." The second number, Feb. 22, will be given by Miss Lulu Mae Bude-maer, Portland's most popular reader; the third, March 5, by Mr. and Mrs. Hodgins, of Portland, the former a noted musician and the latter an able reader; the fourth, March 12, a reproduction of the far famed Passion Play by stereopticon; and last, March 19, a lecture by Dr. Stephen S. Wise, Rabbi of the Beth Israel Temple, Portland, and one of the ablest young divines of the Jewish church. His subject will be along the line of his religion. All this constitutes an array of talent seldom equaled and the price of season tickets has been put down to one dollar, which puts the literary and educational treat within the reach of all. Tickets will be on sale at the postoffice.

From the College. Class spirit is getting higher and higher. This is the time for people to show their colors. And they're doing it.

Orations, oratory, orators, class yells, crowds, fights, secret meetings, any old thing; just so you can make the people think you know what they know!

Mrs. Allen the traveling secretary of the Y.W.C.A. for the Pacific Northwest has been with us again this week. She brings with her an uplifting spirit and an inspiration which is characteristic of her. We are glad to welcome her among us, and all feel the benefit of association with such a person.

The greatest contest that Pacific College has ever held, will be given at Craters hall this evening. No loyal citizen of Newberg can afford to miss it. The training that these orators have been undergoing means something and it is going to mean something in the state oratorical. Come and hear the one orator who will represent us there.

The Freshmen and Juniors were very pleasantly entertained at the home of Miss Norvia Wright on Tuesday evening. The musical members of the class furnished entertainment in the line of coon songs, cake walks, and hymns. Those who were not gifted with musical talent, played games to their hearts content, and drank deep from love's crystal fountain—for the hostess had kindly hung a bunch of mistletoe under the lamp—so every bouncing lass as she stood innocently under the fatal light was immediately transformed into a radiant rose. Very delicate refreshments were served after which the party broke up. Miss Wright is to be thanked for a very pleasant evening. And chivalry was not wanting, for no maiden trod alone the single foot-board on the bridge.

Danger of Colds and La Grippe. The greatest danger from colds and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be averted. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous malady. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by C. F. Moore & Co. druggists.

To the Deaf. A rich lady cured of her Deafness and Noise in the Head by Dr. Nicholson's Artificial Ear Drums, gave \$10,000 to his institute, so that deaf people unable to procure the Ear Drums may have them free. Address: No. 1913 E. The Nicholson Institute, 79, Eighth Avenue, New York, U. S. A.

Mayor Edwards' Inaugural Message. To the Honorable Common Council of the City of Newberg, Oregon.

Gentlemen:—In pursuance of the requirements of the city charter I present herewith my annual message, including a statement of our financial condition as I have been able to find it. The estimate that I make for the future expenses will be based on figures taken from the Recorder's books and the city records.

The city now stands obligated to the amount of \$19,300 for the gravity water system, \$15,000 of these bonds falling due in 1917, \$1000 in 1904, the above bonds bearing 6 per cent interest payable semi-annually. The remaining \$3300 is past due, or the time has been extended for one year from last August. These bonds draw 8 per cent interest which I believe should be reduced to 6 per cent, at least, per year.

The interest we have to raise each year as the bonds now stand is \$1,221. This plus the \$750 which is set aside for the payment of the \$15,000 bonds and \$252, or the amount that should be set aside to pay the \$4,300 that will fall due this year and in 1904 will make a total of \$2,223. To this we should add \$131.73 the amount paid the superintendent of water works over and above the return from taps which makes a total of \$1,357.73. This is what would be necessary provide we receive nothing from interest on the sinking funds, and did not take up any of the \$19,300 bill 1917.

To meet this the water system should be made to pay as near as possible this amount of \$2,357.73, and it will not be paying expenses till it does this for we cannot expect the system to last much longer than till 1917, and the probabilities are that some of the pipe will have to be replaced before that date.

The revenue of the water system for the coming year should be \$1,622.80 taking the average of the last five months for a basis of calculation. This is aside from the \$42 per month which the city pays from the general fund for rent on fire hydrants, which would amount to \$504 or a total of \$2,126.80.

I find that for the last three months of 1899 and 1900 the revenue was as follows:

Table with 4 columns: Year, Oct, Nov, Dec. 1899— Oct. \$191.31, Nov. \$113.60, Dec. \$111.85. 1900— Oct. \$141.02, Nov. \$153.93, Dec. \$161.10.

This shows an increase in the average for these three months of \$108.92 to \$152.02 or \$43.10 per month increase. Provided we take \$161.10 as the basis for our calculation, or the revenue for Dec. 1900 as an average for the coming year we would have \$1,933.20 plus the \$504 for rent on fire hydrants the city pays. This would be \$2,437.20 which would a little more than pay expenses clearing a balance of \$79.47, subtracting \$2,357.73 the estimates on expenses for the water system from \$2,439.20. Let us say however, that the above gains in 1900 over 1899 are not due wholly to the increase use of water but partially to the increased rates, which took effect about the middle of last year.

Under the general expenses for last year I find warrants have been issued as follows:

Table with 2 columns: Item, Amount. Recorder's fees, \$193.45. Marshal's salary, \$352.50. General expense, \$87.58. Legal services, \$7.29. Rent for hydrants, \$504.00.

Total, \$1594.73. Interest on crossings, \$292.00. Gravel for crossings, \$435.00. The total of \$1,594.73 of warrants issued last year is the total expense for the general fund aside from interest which should be met by the water system, and the amount paid for gravel. This will leave \$333.59 as a balance for gravel and meeting the deficit in the water revenue provided it should fall below \$2,357.73. The above statement is made on the basis that all the expenses above mentioned other than interest on water bonds and gravel will be the same this year as in 1900. These expenses I believe can be reduced.

As to the work for the coming year great care must be used in order that we may not incur greater indebtedness than we have at present. It will not be necessary to spend so much money in gravelling the coming year. I would suggest however that Meridian street be gravelled from First street south to Eighth and that Eighth street be gravelled from Meridian to River street, thus relieving the necessity of so much travel on River street; also that a part of Fifth street be gravelled.

I would recommend that an ordinance be passed requiring all candidates for office to qualify as to eligibility to hold that office at least 5 days before election, and that no candidate's name be placed on the ticket until he has qualified.

I would further recommend that the committee on ways and means present some plan whereby the \$4300 water bonds not already provided for by the sinking fund, can be paid either at present or in the future and investigate the possibilities of reducing the interest on the \$5300.

The steps that have already been taken by the former council in regard to a permanent reservoir and a more satisfactory public light should be carried forward. I suggest that steps be taken as to fire

escapes from public buildings where large audiences are liable to gather, and that if there is no ordinance that will cover what is needed in this line, a proper ordinance be drafted, and the marshal ordered to see that such ordinances are complied with.

Last, but of the greatest importance is the health of the city which should be carefully looked after. In this line I would suggest that all old sidewalks that are out of repair, where it is not necessary to replace them, be ordered cleaned from the streets; and that the sides of the streets be cleaned of all decaying wood or rubbish. This will not only add to the health, but the beauty of the city, that an investigation be made and that all seeps, privies and other places that are liable to create disease germs be ordered cleaned and placed in the most healthful condition.

C. J. EDWARDS, Mayor. Newberg, Or., Feb. 4, 1901.

Will Boom His Business. S. Laval, a merchant of Dallas, Texas, writes: "I thought I would have to give up business, after two years of suffering from general debility brought on by overwork and long hours, but four bottles of Electric Bitters gave me new life. I can now eat anything, sleep well and feel like working all the time. Its the best medicine on earth." It's a wonderful tonic and health builder for tired, weak, sickly and run-down people. Try it. Satisfaction guaranteed. Only 50c at C. F. Moore & Co's drugstore.

A Mother's Plain Words. "I suppose you will be astonished when I tell you that six years ago I was in a most dangerous condition with bronchitis and lung trouble, because you can see how well and strong I am now. The attack at that time caused terrible pain in my chest and lungs, I could hardly move, and to stoop caused intense suffering. Someone advised Acker's English Remedy, and I thought I would try it, although I confess that down in my heart I had little faith in it. The first bottle gave great relief, and the second bottle made me the healthy woman I am today. My husband's lungs are weak also, and he cured himself with the same grand old remedy. Our boy and girl have both been saved by it from death by croup. I know this is so, for when they were attacked in the night I had a bottle in the closet, and by acting quickly that fatal malady was easily overcome. We always give it to the children when they have a cough or cold, and we would not be without it for anything. My sister will tell you also, if you ask her, that it is a medicine that can always be depended upon for all the troubles of the breathing organs. I tell all our neighbors about Acker's English Remedy whenever I get a chance, and there are plenty of people around Mechanicville, N. Y., where I live, who would no more think of going to bed at night without a bottle of it in the house than they would of leaving their doors wide open. As I look at it, parents are criminally responsible when they allow their children to die under their very eyes with croup, because here is a certain remedy that will conquer the terrible monster every time." (Signed) Mrs. FLOYD FOWLER.

Acker's English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure, 25c. per bottle and \$1 a bottle in United States and Canada. In England, 2s. 6d. per bottle, and 5s. and 10s. elsewhere.

We analyze in the above guarantee. W. H. BROWN & CO., Proprietors, New York.
