

NEWBERG GRAPHIC.

E. H. WOODWARD, EDITOR & PUBLISHER.
W. C. WOODWARD, ASSOCIATE EDITOR.

ISSUED EVERY FRIDAY MORNING.

Entered as second-class matter at the postoffice at Newberg, Oregon.

FRIDAY, APRIL 19, 1901.

Secretary of State Dunbar has made out a list of the clerks which served their state patriotically at the last session of the legislature, which shows that an army of one hundred and thirty-three clerks received an aggregate salary of \$22,000. We suppose the state may now congratulate itself on being better served than it knew.

Upon the close of a hard fought municipal election in Woodburn the editor of the Independent gives some seasonable remarks on taking defeat gracefully, adding that apparently the happiest man right after the recent senatorial fight at Salem was the defeated Mr. Corbett. If our memory serves us well, that open letter to the "stalwart 28" would not indicate to the casual reader that the old man was wildly bubbling over even with apparent joy and enthusiasm.

An article from the pen of Moses Votaw on the army canteen question will be found in this issue. The Graphic grants the right of every man to hold and express an honest opinion and it only asks the same privilege at the hands of others. If it be proven by experience that conditions are bettered by the banishing of the canteen the Graphic will be glad to note the change. The influence that surround our soldiers are little else but evil and anything that will lessen the evil in any way should be welcomed by all good citizens.

It is observed by a contemporary that there are numerous ways of getting the bible into the hands of the people, and the various Christian missionary societies have spent vast sums to this end. But a firm in Toronto, Canada, is engaged in circulating the good book and making a pile of money by a clever advertising dodge. They advertised, "On receipt of \$1 we will send, securely sealed, a beautiful bound book of 400 pages, full of good things. Every sport should have one. The most wonderful book ever written. French and English translation. Prohibited in some countries. Write at once." The detective department of Canada, seeing the circulation of improper literature, sent a dollar and received a 15-cent bible. They have not interfered with the sales, not caring to curtail the propagation of the gospel.

In the unveiling of the granite shaft at Champoug, on May 2, in commemoration of the historic day when Colonel Joe Meek dramatically called for a "divide" on the question of provisional government our people will have the opportunity of attending at their own doors an event of state if not national significance. The ceremony and attending addresses will be of special interest to old pioneers, and should be to those of a newer generation, whose pride and study should be the history of our grand state, not richer in natural resources than in the heritage of that hardy, sturdy pioneer character which makes a commonwealth called great. Governor Geer is taking personal management of the unveiling ceremonies, and preparations are on foot to make the day one of great historical interest. Among the great throng of visitors which will be present on this occasion, Newberg should have a large representation.

Under the editorial caption of "Short-sightedness" the Eugene Register takes the Salem Journal to task for intimating that our sister state of Washington is securing the great majority of eastern immigrants because the railroads discriminate against Oregon in giving their passenger rates. The Register maintains, and we believe rightly, that the wide awake people of Washington have more to do with this state affairs than have the railroad people, and further suggests that a tour of observation through one of these immigrant trains would disclose a lot of Washington advertising literature in the hands of the new comers, while Oregon would not be represented for the simple but effective reason that we haven't the literature. The fact that Oregon's resources are ahead of Washington's, does not help matters with us any as long as people in the East are ignorant in this respect or are made to believe by enterprising Washingtonians that there is nothing worth considering out in this direction south of the Columbia anyway. Instead of growling at the railroads for carrying people where they want to go, it would be the better part of wisdom to display a little enterprise in telling people about Oregon.

Pullman Ordinary Sleepers.
The tourist travel between the East and the Pacific Coast has reached enormous proportions in the last few years, and calls for a special class of equipment. To meet this demand the Pullman Co. has issued from its shops what is technically the "Pullman Ordinary Sleeper." These cars appear similar to the regular sleepers being built on the same plan, but not furnished with the same elegance. They are equipped with mattresses, blankets, sheets, pillow cases, towels, combs, brushes, etc., requiring nothing of the kind to be furnished by the passenger. Each car has a stove for making tea or coffee, and doing light housekeeping, and each section can be fitted with an adjustable table. A uniformed porter accompanies each car, his business being to make

upberths, keep the car clean, and look after the wants and comforts of the passengers. In each of the trains which are dispatched daily from Portland by the O. R. & N. Co., is to be found one of these Pullman Ordinary Sleepers. The car attached to the "Chicago-Portland Special" goes through to Chicago without change, and the one in the "Atlantic Express" runs to Kansas City without change. Passengers in this car for Chicago change to a similar car at Granger.

Much of the first class travel is being carried in these cars, the rates being lower, and the service nearly equal to that in the palace sleepers.

For rates and full information, including folders, write to A. L. Craig, general passenger agent, O. R. & N. Co., Portland, Oregon.

MARRIAGE LICENSES.
Edith A Dunn 20, to James J Potter 21.
Irene Jenkins 26, to Geo C Gates 27.

From Scotts Mills.
Saturday evening, March 6, was the occasion of a complete surprise to our friends, Mordecai White and family, by a party of more than fifty of their friends gathering at their home, now owned by W. C. and Sarah Hammer who have taken possession as their future home. The evening was filled with social enjoyment and good music, with a repast of good things gathered from the lunch baskets brought by the company. Mordecai and family having been with us for two years, and now about to return to California to make it their future home, they have endeared themselves to us by their kind genial and social qualities, and we shall miss them much in church work and in the social circles. He is a prominent worker in the temperance cause, and by his continued efforts has established a club at this place which by united work may accomplish much good in the cause.

We closed by singing the good old hymn "God be with you till we meet again" and a prayer by Rev. J. E. Coulson, for God's blessings through life and a fervent desire that we may at last meet on the other shore.

A Raging, Roaring Flood.
Washed down a telegraph line which Chas C. Ellis, of Lisbon, Ia., had to repair, "standing waist deep in icy water" he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles." Positively guaranteed for coughs, colds, and all throat and lung troubles by C. F. Moore & Co. Price 50 cents and \$1.

It is doubtful whether even the saloon porcupine as it is, is doing as much to ruin the people of the present as the cigarette habit. Many of those who use cigarettes become addicted to the habit when they are small children. Consequently, they are incapable of appreciating the danger until they are victims. Thoughtful people who have observed the effects of cigarette smoking know that the habit is destructive of health, morals, intellect and will power—in other words, of all that constitutes manhood.—Ex.

The Tribune tells of a liquor trial in Holton, where men swore they knew not what they drank. One man said he called for "slop" and got it, which elicited this comment from a lady spectator: "That proves he's a hog as well as a liar."

A Testimonial From Old England.
"I consider Chamberlain's Cough Remedy the best in the world for bronchitis," says Wm Savory, of Warrington, England. "It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well." It is a great pleasure to the manufacturers of Chamberlain's Cough Remedy to be able to publish testimonials of this character. They show that great good is being done, pain and suffering relieved and valuable lives restored to health and happiness by this remedy. It is for sale by C. F. Moore & Co., druggists.

An Ohio man, aged 112 years, is now threatened with nervous prostration. His physician attributes his dangerous condition to the excessive use of tobacco during the last ninety seven years.

Women Dread

The disfigurement caused by skin disease, even more than the tormenting irritation which is so commonly associated with it. The use of Dr. Pierce's Golden Medical Discovery generally results in a complete cure of eczema, pimples, eruptions and other forms of disease which have their cause in an impure condition of the blood.

"I was troubled with eczema from the crown of my head to the soles of my feet," writes Mrs. Ella Quirk, of Cass City, Tuscola Co., Mich. "Could not walk at times nor wear my shoes. Thought there was no help for me—at least the doctor said there was none. I went to see friends at Christmas time and there heard of the good that Dr. Pierce's Golden Medical Discovery had done for them, and was advised to try it at once. For fear that I might neglect it my friends sent to the village and got a bottle and made me promise that I would take it. I had been getting worse all the time. I took the medicine of the 'Golden Medical Discovery' and ten vials of Dr. Pierce's Pleasant Pellets, and used the 'All Healing Salve,' which made a complete cure. It was slow, but sure. I was taking the medicine about eight months. 'I would say to all who read this: Try Dr. Pierce's Golden Medical Discovery before wasting time and money.'"

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery."

For Malaria, Chills and Fever

THE BEST PRESCRIPTION IS Grove's Tasteless Chill Tonic.

The formula is plainly printed on every bottle—hence you know just what you are taking when you take Grove's. Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the **Original** and that all other so-called Tasteless Chill Tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's—its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of the United States. No Cure, No Pay. Price, 50c.
