The Indianapolis News, at the time of the death of General Harrison the other day, gave some interesting facts and reminiscences concerning the war record of the revered ex-president. Among other things it gave the names and addresses of the survivors of the famous 70th Indiana regiment of which he was colonel, the only representative in Oregon being Rees Craven who lives a mile west of town. When President Harrison was on his western tour a few years ago Mr. Craven went to Portland to see him and was at once recognized and warmly greeted by his old commander.

Another business enterprise has taken definite shape this week which will mean much for the industrial prosperity of our town. Nels Christenson and F. F. Seelye of Wilsonville have gone into partnership for the erection of a new flouring mill at a cost of about \$14,000, the work to be begun at once. The mill will be up to date in every respect and will have a capacity of one hundred barrels per day, the dimensions of the building being 30x42 feet and 40 feet high. The site chosen for its location is on the railroad, on the east side of the Christenson warehouse and elevator. All such stable enterprises as this give stability to a town, and the fact of two such here will speak well for Newberg.

In this issue of his paper he says: "Mr. Minchin surely is a wonder and deserves all the praises showered upon him."

The West Side voices the sentiments of every country editor when it says that a hundred things happen every week that the newspaper man never sees. He does the best he can, keeps his eyes and ears open, but he is only a human being, neither omniscient nor omnipresent. You often wonder why this thing or that thing was not published, and maybe you say the newspaper has favorites, and it has. They are the people who are thoughtful enough to send what news they have to the newspaper. We would be pleased to hear from you.

Prof. Morrison is an excellent all round man as well as a good college professor and Newberg will lose a good citizen in the change.

It is quite probable that never in the history of this country has there been so much draining of land as during the past winter, and it is still going on. Messrs. Heath & Taylor started in with a large amount of tiling last fall, but the supply has been exhausted and there is call for more. Much land here formerly considered useless is being brought out through this means.—Transcript.

Though not much stir is being made in the matter, the Newberg cannery proposition is still to the front and has every indication of being a sure go. The directors have met once or twice this week, and have opened up negotiations in a direction to place the proposition on a firm business basis. It is evident that with a new cannery, a new four story flouring mill, to say nothing of that sugar factory we still hope to get, Newberg intends to keep to the front as the banner manufacturing town of Yamhill.

The following is the generous size up of our town as given by Editor Harbaugh in his paper, the McMinnville News: "For a nice clean and attractive town go to Newberg. No saloons, no gambling dens and no drug stores to sell whiskey and in fact nothing to degrade man. College, churches and everything for the advancement of higher manhood and womanhood. This is the town best adapted to the rearing of a family. We think McMinnville is a good town to live in, but Newberg must be the most moral of the two and deserves great credit for being next to the biggest city in the county, yet has no saloons or gambling dens." Our local real estate dealers will please copy.

The Newberg Land Company wishes to call the attention of the people of Yamhill county, Newberg and vicinity to the fact that the managers are now prepared to locate immigrants that will be a credit to our community and who will help to build up and more fully develop the resources of our locality. We also ask the business men of the town and in fact all good citizens of Newberg to assist us in getting and locating a good class of people in our locality. The managers of the company have the good of Newberg and the industrial and business interest of every nature at heart and wish everybody to prosper. They also ask that the people have a good word of cheer for the strangers that come to settle among us.

For Nearly Two Years Unable to Lay in Bed

"In my capacity as druggist, in Buffalo, N. Y., I have the best opportunity to judge of the merits of many different remedies. I am in close touch with the sick, who come into my store for medicines, and most of them tell me how they are getting along. Of all the hundreds of preparations which I sell, not a single one begins to give as much satisfaction as Acker's English Remedy for Coughs, Colds, Bronchitis, Asthma, Pleurisy and Consumption. I sell it on a distinct guarantee that it will cure, or the purchaser's money will be returned. This is a perfectly safe guarantee, because the remedy does cure. Nobody wants his money returned. Its cures are nothing short of marvelous. Take the case of Mr. A. H. Gilbert, for instance. He lives at No. 5 Carey street, Buffalo, N. Y. For more than three years he had a bad case of asthma, and had been unable to lie down in bed for nearly two years. He came to my store and asked me what to do. I said: 'Take Acker's English Remedy.' He said he had tried other remedies and didn't think this would help him. But he thinks differently now. Three bottles fixed his asthma all right. He could sleep and eat after taking them, as well as when a boy. He was cured several months ago, and is well yet, so I am certain his trouble is gone for good. You can write to Mr. Gilbert himself, if you doubt my word. He will go further than I in praising Acker's English Remedy." (Signed) S. B. THOMAS, druggist, Buffalo, N. Y.

Sold at 25c., 50c. and \$1 a bottle, throughout the United States and Canada; and in England, at 1s., 2s., 3s., 4s., 6s. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.

We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York.
