Mr. and Mrs. C. H. Cox drove up to McMinnville Tuesday and visited with county recorder J. L. Hoskins and family with whom they were acquainted in Indiana over twenty years ago.

Mrs. Wm. McLaughlin and daughters left on the boat Thursday morning for Kings Valley near where they will spend the summer with Mr. McLaughlin in the logging camp. They will in all probability not return until the public school opens in the fall.

Will Statter returned from Gold Hill a few days ago where he found Al Hoskins rivaling the traditional small boy who goes about with his pockets loaded with rocks. He can't talk about anything but "prospects" and as a mining expert he is making a reputation.

Prof. R. W. and Mrs. Kelsey left here on Thursday morning for Richmond, Indiana, where they will attend Earlham College Commencement, after which they will spend a few weeks visiting relatives at different points in the state. They will return in time to do some outside work for Pacific College previous to the opening in the fall.

O. H. Irvine, of McMinnville, well known to many Newberg citizens died last Saturday at the home of his mother in Albany. Mr. Irvine of the law firm, McCall, Irvine & Vinton, was an attorney of considerable ability and was prominent in political circles of this county and district. The deceased was an Oregon Native Son, being born in Oakville, Linn county, May 3, 1829.

Dr. Woods Hutchinson wheeled it over to Netarts on the coast last Saturday where he was to join the Hadley boys of Dayton in an amateur naturalists' expedition. There is said to be a huge rock out there upon which all kinds of sea birds nest, and the boys were intending to make a raid in the hope of securing some choice egg specimens.

Prof. J. H. Douglas has on exhibit in his show window a few snap shots taken of some of the athletic contests at McMinnville last Friday. The most interesting is the one taken of the high hurdles, which shows Dwight Coulson far in the lead of his competitors, preparing to leap the last hurdle—upon which he tripped and fell.

Rev. Jos. Hall takes the premium so far on the display of big, luscious Oregon strawberries. He was showing one berry the other day which measured ten inches one way and seven the other. He also had sixteen strawberries that to gether weighed one pound. This is the most practical and profitable application of 16 to 1 principles that has yet been demonstrated.

The Decoration Day services held in Craters hall were very appropriate and well given and the great number of people present and the generous display of beautiful flowers were a fitting tribute to the devotion and self-sacrifice of our honored soldier dead. The address of the day was given by Hon. Clarence Butt, and is spoken of on all sides as being a fine effort and Mr. Butt's masterpiece.

The president of the Southern Pacific came through Newberg Wednesday, his special car being hitched on to the noon cannonball. We don't wish the great Mogul any serious harm, but do hope that he got such a general shaking up that he will recommend that this part of the road be fixed up so passengers can ride as far as from here to Portland without having to experience all the topsy turvey pangs of a rough ocean voyage.

The decision as to who bears off the honors in the inter-state oratorical contest held at Walls Walla, is still in the balance, as the third judge on thought and composition, Prof. Flaherty of the University of California, is off on a vacation somewhere and up to date, communication with him has been impossible. Either some one has blundered or there is something wrong some place, and in either case the friends of Oregon's orator will not rest satisfied until the problem is satisfactorily solved and the issue of the contest made public.

C. B. Wilson is still paying cash for produce.

"There's nothing new under the sun," so come tonight and hear the old songs over again.

From present indications, Dayton-on-the-Yamhill is to be the Mecca of Fourth of July enthusiasts hereabouts this year.

Much joy has come into another Newberg home in the way of a baby boy. Mr. and Mrs. W. E. Terrell are the favored ones this time.

Pres. H. E. McGrew will preach the annual Baccalaureate sermon in the Friends church Sunday morning. Everybody is cordially invited to attend, and the church should be well filled on this occasion.

During the week of June 17 to 24 Rev. Seth Rees, holiness evangelist, will hold meetings in Newberg to which all are invited. Any one wishing special information relative to his work will enquire of Dr. E. P. Dixon.

Since the entertainment planned by Prof. Kantner had to be given up, some of the students have volunteered to help raise the piano fund by giving an old fashioned concert. Reserved seat tickets on sale at Post Office.

A freight car loaded with about two hundred cases of eggs from Newberg merchants was pulled out from here Thursday morning. The Chelalem valley hen has evidently concluded to bear her share in diversifying industry.

Miss Sadie Brouillette who has been attending school in San Francisco is expected home this week. Her sister, Mrs. Millie Whitten, who resides in San Francisco will come with her with a view of remaining with her parents during the summer.

The new company proposes to engage in cutting and rafting logs and lumber of all kinds. The capital stock is fixed at \$5000, divided into shares valued at \$100 each—Observer.

Morris Heacock was showing a limb the other day which had broken from a Hungarian prune tree, from the excessive weight of the green fruit, which indicated that this is scarcely an off year from a prune standpoint. In a length of about twelve inches on a tender young sprig, fifty well formed prunes were counted.

C. F. Mills was lately the recipient of a copy of a Manila newspaper, the New American, sent by his friend Robt. B. Mitchell, who is a lieutenant in the 4th regiment U. S. Volunteers. Among the items of the campaign in the Philippines the paper states that there were 1036 natives at Santo Thomas who took the oath of allegiance on a certain day, and that the surrender of implements of war are frequent. This confirms the press reports as regards the cessation of hostilities in our new territory.—Reporter.

The lecture given by C. L. Smith Monday evening on "Home-Making" was straight, solid, common sense all through, and is spoken of in the highest terms by everybody who heard it. We say everybody, but there was an exception or so, and a pretty strong exception too, for some truths were very plainly and pungently stated, and judging from one man's temper next morning, they must have gone home. We can say this confidentially, and without danger of hurting any one's feelings, for the man in question doesn't take the home paper, not he, and of course he won't see this.

Edmund Robinson and family arrived home the first of the week from their outing at Hood River where they had been picking strawberries. Newberg is well represented there this season, there being between thirty and forty pickers on hand from this place and vicinity.

R. S. Annis and wife of Mapleton, Minnesota, who are making a tour of the coast have been in town during the week visiting with former Minnesota friends. Mr. Annis and B. B. Cornell were comrades in the civil war and they are still as frisky as boys when they get together.

Friends of the curfew law will be glad to know that the bell, so long silent, will again be heard reminding the youthful citizens of Newberg that they must not be found upon the streets after 9 p. m., for the summer months and 8 p. m., for the winter, without the written consent of parents or guardians.

Newberg has a real live ghost. It is a tall one—probably 10 or 12 feet in height. Newberg also has a college, and it is proverbial of the college student that they are full of—Old Nick and while the students at the college in Newberg have the name of being model youth, it is possible there may be a "freak" among them.—Dayton Herald.

First Meet of Oregon Athletic League.

The first field meet of the smaller colleges of Oregon, held at McMinnville last Friday, was certainly a very successful one, and demonstrated the wisdom of forming the new league. The competing colleges were those of Albany, McMinnville, Dallas, and Newberg, Monmouth failing to appear with her team. The day was all that the most sanguine enthusiast could ask, and as a result a large crowd was on hand to witness the sports, the different institutions being liberally represented.

Early in the day it was seen that the contest for supremacy would be between Albany and McMinnville, and much interest was centered in the outcome. Both teams were liberally rooted, and given due incentive for victory. When the points were counted up Albany had 57 to her credit, while McMinnville gracefully contented herself with 44. As for Newberg, well she was forced to be contented with considerably less still, falling down to 10, and could only keep up a brave front by reiterating resignedly what she could have done if she had not lost Heater, and no one doubted that that would have been a plenty. Newberg boys who won points were Daily and Weed, who took second and third in the pole vault, Coulson who took second in the low hurdles, and Newhouse who took second in the quarter. The most disappointing incident of the day, to the Newbergers, was in the high hurdles. Coulson was leading the whole bunch with a good margin and would have won easily, but tripped and fell flat on the very last hurdle. Such are the heart-breaking disappointments of a field meet. With more conscientious training next year, the boys

can safely promise a better showing.

Throughout the meet the McMinnville people showed themselves very gracious to their visitors, and in the evening gave a reception and banquet to the contesting athletes and to the officials of the day, when the spirit of good fellowship flowed freely. The place for holding next year's meet has not been decided upon.

Dyspepsia can be cured by using Acker's Dyspepsia Tablets. One little tablet will give immediate relief or none refunded. Sold in handsome tin boxes at 25c. C. F. Moore & Co.

A Timely Admonition.

Through the columns of this valuable paper attention is called to the fact that the Oregon state law concerning the giving away or selling to, and the buying or using of tobacco in any of its forms, by minors under 18 years of age, has not been repealed or annulled but still remains unchanged, although it is so continually and openly broken and defied in Newberg that an observer might suppose no such law existed at the present time. Many boys of tender age whose names are known and might be given here did we not forbear to do so now, may be seen frequently in the vicinity of the postoffice, on the highway, and in other places of public resort smoking and spitting in a most disgusting manner. Such things we consider a disgrace to our fair town and think our splendid tobacco law should be rigidly enforced by the proper authorities. A ZEALOUS CITIZEN.

Lars Gregerson without doubt has the best milk cow in this section of the country if not in the state. Recently a half pound of butter was made from a half gallon of milk, by Mrs. Phil Withycombe. This cow's milk has a rating at the local creamery of .925 butter fat, which is far ahead of anything else ever tested at this creamery. It is quite possible that with careful attention this cow could be made to carry the world's record as a butter producer if she is not already entitled to it. She is a member of the Shorthorn Durham family.—North Yamhill Record.

A Terrible Explosion.

"Of a gasoline stove burned a lady here rightfully" writes N. E. Palmer, of Kirkman, Ia. "The best doctors couldn't heal the running sore that followed, but Bucklen's Arnica Salve entirely cured her." Intallible for cuts, corns, sores, boils, bruises, skin diseases and piles. 25c at C. F. Moore's.

Woodmen Memorial Day.

All Woodmen and members of the Ladies' Circle are requested to meet at Masonic hall on Sunday, June 9, at 2 o'clock p. m., for the purpose of proceeding to the cemetery to decorate the graves of deceased members. Please bring flowers with you.

"If I should see A brother languishing in sore distress And I should turn and leave him comfortless What I should be A messenger of hope and happiness How could I ask to see what I desired In my own hour of happiness applied?"

Acker's Dyspepsia Tablets are sold on a positive guarantee. Cures heartburn raising of the foot, distress after eating or any form of dyspepsia. One little tablet gives immediate relief. 25c and Soc. C. F. Moore & Co.

Wonderful if True.

Cats come back, sinners sometimes return, curses and chickens come home to roost, and a homing pigeon finds its way to its cote from afar; but the homing instinct of all these animals, including the cures, is, according to the Astorian, thrown in the shade by that of the chinook salmon. Chickens hatched in California from eggs laid in Oregon never come to Oregon to roost, nor would a kitten born in Alaska to a cat raised in Oregon come back within a thousand miles of Oregon. The Astorian states that chinook salmon hatched in a hatchery on the headwaters of the Sacramento River from eggs collected in Oregon, and marked by cutting off the dorsal fin, have made their way "back" to this state and are now being caught in the Columbia River. This would be wonderful if true, but it is only a joke. As the headwaters of the Sacramento are not far from the Oregon line, it would be easier to believe that the marked fish came overland to the Columbia than by the roundabout water route.—Oregon City Enterprise.

Seven Years in Bed.

"Will wonders ever cease?" Inquire the friends of Mrs. L. Pease, of Lawrence Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but, "but three bottles of Electric Bitters enabled me to walk she" writes, "and in three months felt like a new person." Women suffering from headache, backache, nervousness, sleeplessness, melancholy, fainting and dizzy spells will find it a priceless blessing. Try it. Satisfaction guaranteed by C. F. Moore. Only 50c. Free trial bottles.

Distinguished Testimony

No secret society in the world stands higher in noble aims and charitable accomplishments than the Knights of Pythias. That order is doing great good, and one of its finest institutions is the Ohio Pythian Home, at Springfield, Ohio, which is ably presided over by Superintendent Le Fevre and his wife, Mrs. Callie L. Le Fevre, the matron. The latter has recently written a letter, which will command widespread attention because of the prominence of the writer. It is as follows:—

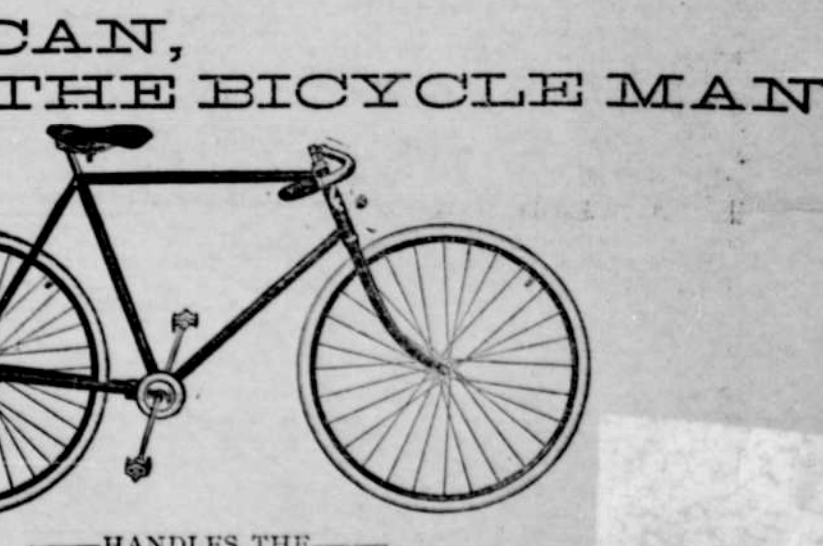

"Messrs. W. H. Hooker & Co., New York: Last year I used Acker's English Remedy at the suggestion of a friend, for a serious, long-standing throat difficulty and extremely hard cough. Had used many well-spoken preparations without relief. I can honestly say that Acker's English Remedy removed the difficulty and stopped the cough. I did not purchase or use more than three bottles, and at least one-half of the last is still on hand. I also consulted physicians with no permanent results." (Signed) CALLIE L. LE FEVRE.

The friend to whom Mrs. Le Fevre refers as having suggested Acker's English Remedy is Mrs. W. B. Chilton, wife of the president of the Troy Transfer Co., of Troy, Ohio, where this remedy has accomplished many other cures in Throat and Lung Troubles. In conversation with an acquaintance Mrs. Le Fevre also said: "If you will call on Mr. W. H. Schauss, a prominent china and art merchant of Springfield, Ohio, you will find that he, too, has had many amounts of experience with Acker's English Remedy in his family, and thinks they cannot keep house without it."

Acker's English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure, 50c. per bottle in United States and Canada. In England, 1s. 6d. per bottle and 6s. 6d. per dozen. We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York.
