

Catarrh

Is a constitutional disease. It originates in a scrofulous condition of the blood and depends on that condition. It often causes headache and dizziness, impairs the taste, smell and hearing, affects the vocal organs, disturbs the stomach. It is always radically and permanently cured by the blood-purifying, alterative and tonic action of

Rheumatism

Rheumatism is due to an excess of acid in the blood. When this escapes through the pores of the skin, as it often does, it produces some form of skin eruption—some itching disease like Eczema or Tetter—but when these little tubes or sweat glands are suddenly closed by exposure to cold and chilling of the body, then the poisons thrown off by the blood, finding no outlet, settle in membranes, muscles, tissues and nerves. These parts become greatly inflamed, feverish and hot; dagger-like, maddening pains follow in quick succession, the muscles become extremely tender, the nerves break down and the sufferer is soon reduced to a state of helplessness and misery. This acid poison penetrates the joints and seems to dry out the natural oils, and the legs, arms and fingers become so stiff and sore that every movement is attended with excruciating pains.

Liniments, plasters, electricity and baths, while their use may give temporary ease, cannot be called cures, for the disease returns with every change of the weather.

S. S. S. cures Rheumatism by working a complete change in the blood; the acids are neutralized, the circulation purified and the rich, healthy blood that is carried to the irritated, aching muscles and joints, soothes and heals them. S. S. S. cures Rheumatism even when inherited or brought on by the excessive use of mercury. Opium, in some form, is the basis of nearly all so-called Rheumatic Cures, which deaden the pain but do not touch the disease and lead to ruinous habits. Alkalies and the potash and mineral remedies so often prescribed, affect the tender lining of the stomach and weaken the digestion, thus adding another burden to the already weak and impoverished blood. S. S. S. contains no mineral or dangerous drug of any kind, but is a simple, vegetable remedy and the most perfect blood purifier known. Send for our book on Rheumatism and write our physicians if you wish any information or advice. We would be glad to mail you a book free; we charge nothing whatever for medical advice.

The New Bicycle.

Bicycle manufacturers state that the bicycle for this year will be practically the same as the 1900, a improvement seems to be impossible. Precisely the same is true of Hostetter's Stomach Bitters. It represents the limits of science, and it is impossible to make a better medicine for the stomach, liver, kidneys and blood. Try it for dyspepsia, indigestion, constipation, flatulency, sour stomach, and you will be convinced. Never take a substitute.

SINKING SPELLS.

ALARMING SYMPTOMS DESCRIBED IN A SWORN STATEMENT.

Mrs. W. T. Clark, of Home, N. Y. Tells Why She is Now Recommending a Wellknown Remedy to Her Friends.

Indigestion and stomach trouble have many results that are not always readily traced to their real cause. Sometimes the kidneys are apparently affected but more often an irregularity of the heart's action produces a far more alarming symptom. The cause is easily explained and is removed when the stomach trouble is cured. A case in point is that of Mrs. W. T. Clark, of 318 West Thomas street, Rome, N. Y. She says:

"To begin with, I had gastritis, which brought on sinking spells for about an hour every morning. I was very weak and nervous and finally was compelled to take to my bed. My illness began in the spring of 1897, and continued for about four months. For about half this time I was confined to my bed. I suffered greatly from the stomach trouble and nervousness, but what alarmed me most was the sinking feeling at the heart. "I had read about Dr. Williams' Pink Pills for Pale People and when some of my friends recommended the pills very highly, I decided to give them a trial. I bought one box and by the time this was used up the sinking spells had ceased. I felt better but continued taking the pills until I had used 12 boxes. I still keep the pills in the house for I believe that they are a splendid medicine. I always recommend Dr. Williams' Pink Pills to my friends who are ailing for I know that they will do all that is claimed for them."

Signed, MRS. W. T. CLARK. Subscribed and sworn to before me this 9th day of April, 1900.

Benj. S. Brown, Notary Public.

No discovery of modern times has proved such a blessing to women as Dr. Williams' Pink Pills for Pale People. Acting directly on the blood and nerves, invigorating the body, regulating the functions, they restore the strength and health in the exhausted patient when every effort of the physician proves unavailing. These pills are sold in boxes at 50 cents a box or six boxes for \$2.50, and may be had at all druggists, or direct by mail from Dr. Williams Medicine Co., Schenectady, N. Y.

The Duty of Mothers.

What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to properly instruct her daughter! Tradition says "woman must suffer," and young women are so taught. There is little truth and a great deal of exaggeration in this. If a young woman suffers severely she needs treatment, and her mother should see that she gets it.

Many mothers hesitate to take their daughters to a physician for examination; but no mother need hesitate to write freely about her daughter or herself to Mrs. Pinkham's Laboratory at Lynn, Mass., and secure from a woman the most efficient advice with out charge.

Mrs. August Palzgraf, of South Byron, Wis., mother of the young lady whose portrait we here publish, wrote in January, 1899, saying her daughter had suffered for two years with irregular menstruation—had headache all the time, and pain in her side, feet swelled, and was generally miserable. She received an answer promptly with advice, and under date of March, 1899, the mother writes again that Lydia E. Pinkham's Vegetable Compound cured her daughter of all pains and irregularities.

Nothing in the world equals Lydia E. Pinkham's great medicine for regulating woman's peculiar monthly troubles.

Determination.

"It's the only toime on earth," said Mr. Dolan, who was struggling with a balky horse, "that I wish for an ottymobile."

"Would yez sell the horse?"

"No, sir. I'd never give in like that. I'd hitch the animal up in front of the machine, and then I'd see whether he'd go or not."

AFRICAN HORSES ARE HARDY.

Possess Remarkable Endurance and Power to Travel.

One of the very things that strike the wanderer in the great expanses of the southern hemisphere is the strength and endurance of the horse. Though to look at they are the sorriest scraggs I ever set eyes on, yet they appear to be possessed of a power of getting-over the ground that is little short of miraculous and so astonishing in its persistence as to seem automatic. A very striking instance came under my notice only a few days after landing in Cape Town in 1893. I was sitting one Saturday afternoon on the stoop of Park's Hotel, which occupied the corner of Adderley and Strand streets, when a dust-covered horseman stopped and dismounted. His horse was taken to the stables and in the course of conversation in the bar I learned that he was a member of a legislative assembly for an up-country district. There was no railway communication with the interior in those days and he had ridden in from his home at Coleberg in less than six days, having started the previous Monday.

Now Coleberg is more than 500 miles from Cape Town and the country is very rough going, much of it being sand and other parts very mountainous. No English-bred horse could get according to English methods, could have accomplished such a ride as this, more especially when we consider the temperature of the Cape Colony. I went to look at the animal on which the journey had been performed and found it to be a little roan schimmel barely fourteen hands and apparently as fresh as paint. Another very remarkable ride that came under my notice was performed by a Boer who lived a few miles from Graytown. His wife was taken ill and a particular medicine, not to be obtained in Graytown, was imperative. So in the early hours of the night he started for Maritzburg, fifty-five miles distant, through an extremely hilly country and was back on his farm in sixteen hours. The remarkable thing in this ride was that this Boer weighed over seventeen stone.

In my own experience many instances of the wonderful staying powers of African horses have occurred. To mention one, in 1890, I had been appointed honorable secretary of the first athletic sports held in the Umbott country of Natal. They were to be held in Graytown on boxing day, which fell on a Monday. All preparations, etc., were concluded early in December, when I received an urgent request to go to the Transvaal to look after a friend who was lying very ill in his wagon with no attendants but a couple of raw kaffers. I rode as hard as I could and found him among the kopjes of the Krakenberg, between Lydenberg and Wakarusa, very bad with fever, which he had contracted somewhere in the low country to the northwest. I tended him for some days until he was clearly out of danger and then suddenly remembered that I had to be in Graytown on Monday morning. I was then sitting on the wagon box drinking my morning coffee at 6 o'clock Saturday morning. Graytown was 220 miles away, but I was at my post there at 10 a. m. and in addition took a second prize both in running and jumping competitions.—African Life.

A CONGRESSMAN

Cured of Catarrh of Long Standing.

Ex-Congressman A. T. Goodwyn, from Alabama writes the following letter:

The Peruna Medicine Co., Columbus, Ohio:

Gentlemen—"I have now used two bottles of Peruna, and am a well man today. I could feel the good effects of your medicine before I had used it a week, after suffering with catarrh for over a year." Respectfully, A. T. Goodwyn.

Catarrh in its various forms is rapidly becoming a national curse. An undoubted remedy has been discovered by Dr. Hartman. This remedy has been thoroughly tested during the past 40 years. Prominent men have come to know of its virtues and are making public utterances on the subject. To save the country we must save the people. To save the people we must protect them from disease. The disease that is at once the most prevalent and stubborn of cure is catarrh. Public men of all parties recognize in Peruna a national catarrh remedy of unequalled merit.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
