CANCER

The diseases most feared are those which are inherited—handed down from generation to generation, and family to family. By far the most destructive of these is Cancer, which finds the greatest number of its victims among the children and grand-children of those whose blood was tainted with this dreadful malady. You may carry this poison in the blood for years, but as the vital powers begin to wane a slight bruise or cut, wart or mole, sore, or the slumbering poison is most apt to break out, a sore of the face, or ulcerating into Cancer, and Tumors become more progressive and ulcerate through the skin, the sharp, shooting pains causing the most intense suffering.

The Cancer patient naturally grows despondent as one after another of the usual remedies fail, and the sore shows no sign of healing. The impurities that have been accumulating in the system, perhaps for generations, cannot be eliminated nor the poisoned blood made pure by salves, washes and plasters. The proper treatment is to purify and build up the blood, remove the cause, when the sore or ulcer heals.

Mr. J. B. Arnold, of Greenwood, S. C., writes: "A tiny ulcer came, just under the left eye. It began spreading, and grew worse rapidly, destroying the flesh as it went. As Cancer is hereditary in my family I became thoroughly alarmed, consulting the best physicians and taking many blood medicines, none of which did me any good, when one of our leading druggists advised me to try S. S. S., and by the time I had taken the second bottle the Cancer began to show signs of healing, the discharge grew gradually less and finally ceased altogether, the sore dried up and nothing remains but a slight scar. I feel that I owe my life to S. S. S."

Will be the greatest this country has ever seen. The entire machinery will be run by power furnished from Niagara Falls. There is no medicine in the world so good for dyspepsia, indigestion, constipation, flatulency and nervousness. Try it.

AWFUL AGONY

The Story of a Stricken Woman Whom Doctors Were Not Able to Help.

From the News, Connersville, Indiana.
The story of Mrs. Nellie M. Hedden, of No. 621 Summit avenue, Connersville, Ind., contains an important lesson for many American women who suffer in silence rather than face the ordeal that the usual treatment of their troubles entail. It is a story that rings with honest gratitude and does not tell half the misery that the narrator endured. Other women who are suffering as Mrs. Hedden did will know how to understand and appreciate much that cannot be told in a newspaper article. Mrs. Hedden's experience is best given in her own words. She says:

"For nearly a year I endured terrible agony caused by a general breaking down of the nervous system, female weakness and suppression of the period. I suffered greatly with bearing down pains and was very weak and short of breath. My circulation was very bad, causing numbness of limbs, dizziness and headache all the time. My heart would sometimes feel as if there was a heavy weight on it. I had never been healthy and strong, so you can readily see that I was in no condition to withstand such a combination of ailments."

"I continued the treatment for several weeks, using six boxes in all. In conclusion I will say that if any one, who is suffering the same as I was, will take Dr. Williams' Pink Pills as directed they will be rewarded."

Signed, ELLIE M. HEDDEN.

A Strange Flower.
One of the strangest botanical curiosities in the world is the "Wonder-Wonder" flower found in the Malay peninsula. It is simply a blossom without leaves, vine, or stem, and grows as a parasite on decayed wood.

The extraordinary flower is something like a yard in diameter, and has a globular cup in the middle with a capacity of five or six quarts.

Begin in time, don't wait until the blood is so polluted and the system so thoroughly saturated with the poison that no medicine, however efficacious, can check the progress of the disease. If there is a taint in your blood get it out at once, don't wait for some external evidence of it, the appearance of a tumor or ulcer. We have prepared a special book on Cancer which we will mail free. Our physicians are ready to help you by their advice and such direction as your case requires.
