Since their partnership they have conducted a big business, and one alike satisfactory to themselves and all their patrons. They are not the boys to lag behind.—Reporter. The David boys on Chehalis mountain have been looking into the dairying proposition for some time and having come to the conclusion that their farm is well calculated for supporting that industry, intend to begin operations accordingly this fall. It is their intention to purchase at first ten or fifteen good cows, and if the trial seems a success they will gradually branch out on a larger scale, as they become familiar with the business. They believe their farm is capable of supporting seventy-five to one hundred cows. In a business directory of the Willamette Valley towns recently gotten out in Portland it appears that one of Newberg's substantial citizens has been hiding his light under a bushel. The casual observer on casting his eye carelessly down the Newberg directory, was brought up with a sudden stop on reading in bold type—N. E. Britt, clergyman. Now there is nothing at all unreasonable about this, stranger things do happen—sometimes. But the intelligence conveyed was rather unexpected, owing to the fact that all N. E. Britt's extreme modesty had caused this talent to remain hidden. As soon as all important questions as to orthodoxy can be satisfactorily settled, an expectant public will look forward eagerly to Rev. Britt's maiden effort in the pulpit.

McGrew was elected missionary superintendent of the Friends Inter-National Christian Endeavor Union. Cuts and bruises are healed by Chamberlain's Pain Balm in about one third the time any other treatment would require because of its antiseptic qualities which cause the parts to heal without maturation. The Sheridan cheese factory received 2,540 pounds of milk last Monday and is receiving on an average, 1,800 pounds of milk daily. During the month of June the factory turned out 3,226 pounds of as good cheese as can be made in Oregon. We are informed that the average amount of milk received last year was only 900 pounds per day, while this year the factory receives double the amount. The farmers see the benefit of the factory and we believe that the amount of milk to be delivered next year will be much greater than this year.—Sheridan Sun. The short wheat crop last year caused the rates charged by threshers to go up to 5c for oats and 7c for wheat. It follows that the good crop this year will bring them back to the old figures of 3 and 5. Henry Fletcher says that a thresherman's hourly expense is about \$6, and he must therefore thresh over 100 bushels of wheat per hour to make anything. No inconsiderable item of expense is the bill for meat. The ordinary crew requires about 40 pounds of meat per day, which at last year's figures cost \$5.20 daily.—Reporter. Joseph Cook, aged seventy-six years, died at Canby on last Monday and was buried here on Wednesday, the funeral being conducted by Rev. B. F. Hinshaw, of Marion, and Pres. McGrew. The deceased had only recently bought a home in Newberg and had gone to Canby with his wife to arrange for the removal of their personal effects. He had not been well for some time and an attack of pneumonia which came on at Canby was too much for one of his age. The deceased leaves a widow and several children of mature age to mourn his loss.

The owners claim that in a good, steady day's run they can thresh three thousand bushels of grain. A Brother Editor Candidly Expresses Himself on the Charivari. It is a pleasure at all times to see young—and old—enjoy themselves and have their sports, but when, in order to "enjoy" themselves, and have their sports, they infringe on the rights of their neighbors, or cause any one annoyance or disturb the peace, in any way, then their sport ceases to be such, and they become amenable to the law. There is a practice, which probably, originated in the dark ages—wherever it originated matters not, for it is one of the devil's own devices, and has caused the breaking up of former friendly ties, and death in many communities, and—no good results in any instance. We refer to the "shivaree." Last Monday night Dayton had a most disgraceful exhibition of this heathenish custom, which certainly did not speak well, or for the credit of the city strangers who were here. It was simply paudemonium and all of Satan'simps let loose. The noise and confusion made by the average heathen Chinese on the occasion of their New Year celebration was no comparison to the noise made by the mob on Monday

night. And it turned out that the noise and confusion was only a disturbance of the peace. There was no wedding, as the mob was informed by Mr. Armstrong, at whose place the heathen orgies were performed.—Dayton Herald. "Where Rolls The Oregon." Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes and he suffered terribly. His malady was yellow jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful stomach and liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all stomach, liver and kidney troubles. Only 50c. Sold by C. F. Moore & Co., druggists. Free trial bottles. To The Public. For Nearly Two Years Unable to Lay in Bed. "In my capacity as druggist, in Buffalo, N. Y., I have the best opportunity to judge of the merits of many different remedies. I am in close touch with the sick, who come into my store for medicines, and most of them tell me how they are getting along. Of all the hundreds of preparations which I sell, not a single one begins to give as much satisfaction as Acker's English Remedy for Coughs, Colds, Bronchitis, Asthma, Pleurisy and Consumption. I sell it on a distinct guarantee that it will cure, or the purchaser's money will be returned. This is a perfectly safe guarantee, because the remedy does cure. Nobody wants his money returned. Its cures are nothing short of marvelous. Take the case of Mr. A. H. Gilbert, for instance. He lives at No. 5 Carey street, Buffalo, N. Y. For more than three years he had a bad case of asthma, and had been unable to lie down in bed for nearly two years. He came to my store and asked me what to do. I said: 'Take Acker's English Remedy.' He said he had tried other remedies and didn't think this would help him. But he thinks differently now. Three bottles fixed his asthma all right. He could sleep and eat after taking them, as well as when a boy. He was cured several months ago, and is well yet, so I am certain his trouble is gone for good. You can write to Mr. Gilbert himself, if you doubt my word. He will go further than me in praising Acker's English Remedy." (Signed) S. B. TROSKA, druggist, Buffalo, N. Y.
